Jefferson's Birthday
Three On An Island

By ARTHUR BRISBANE

(Copyright, 1935, by King Features Syndicate Inc., International Copyright and all other rights reserved.)

CHARLOTTESVILLE, Va., April 13.—Richmond was raining, covered with heavy clouds, but cheerful. There has been too much rain since early March, but the number of families on relief has steadily diminished, and on the edge of the city the DuPonts are building a big addition to their rayon and cellophane plant. They employ an army of workmen now and completion of the new addition, costing several millions, will employ more. We learn from the radio and other sources that it is wrong for anybody to have several millions. It is convenient for those that will go on the payrolls, just at this time.

ONE HUNDRED AND ninety-two years ago today, on April 13th, Thomas Jefferson was born, and Virginia, especially proud of him, will celebrate. Mr. Bainbridge Colby, former secretary of state, will praise the great American statesman, speaking at the University of Virginia, which Jefferson founded one hundred and seven years ago. The whole country honors Jefferson and wishes it had more Americans like him.

In addition to writing the Declaration of Independence, concerning the equality of men, Jefferson actually believed in that declaration. He took freedom of belief literally and, when a Mohammedan sultan thought he could not deal with the United States because it was not allowable to deal with a Christian country, Thomas Jefferson in substance told him "go right ahead, all religions, Christian and others, have equal rights in this nation." That statement on behalf of the United States by Thomas Jefferson was dug up, by the way, and used only a few years since in connection with an eastern sultan, although the state department didn't say much about it.

Jefferson, the best advocate of real temperance that any country ever had, imported good light wines from France before the United States knew how to make such wines. He shipped the skeleton of a gigantic moose to Paris to prove that the United States possessed really big land animals, and most important of all, to his last day he thought, studied and worked.

THREE INTERESTING FACES, two of the Latin race, Mussolini and the French Premier Flandin, one Anglo Celt, MacDonald, are now looking at each other and talking on a pretty little island in beautiful Lake Maggiore, Italy, trying to make up their minds about Germany. Different are these three faces, MacDonald, patient, tired from long responsibility, Mussolini's full of energy and determination, Flandin's cool, calculating, reflecting the logical intelligence that has carried France through so many crises. That any permanent useful decision will be reached seems doubtful.

England wishes to avoid further trouble. She has had enough business to attend to. France is ready for

ABERNATHY'S BODY IS FOUND IN RIVER

LAKE PROVIDENCE, La., April 13.—(Special)—The body of W. G. Abernathy, 32, who lost his life when a houseboat capsized in the tornado that visited this section a week ago, was found today in the river not far from where the accident occurred. It was badly decomposed. Interment took place here four hours after it was recovered.

Abernathy leaves his widow and three small children who left tonight for Weakly county, Tennessee, where Mrs. Abernathy's parents reside.

Two more bodies have yet to be recovered, victims of the storm of April 6. They are those of W. B. Hogue, 66, and E. Park, 28.

DO YOU

Know the Traffic REGULATIONS?

(In cooperation with the Twin City Safety Council, sections of the Monroe City Traffic Regulations will be printed each day, to permit the public an opportunity of becoming more familiar with their provisions.)

Roller Skates, Toy Wagons, Etc.:

Section 23. It shall be unlawful for any person to skate, ride on roller skates, or on a toy wagon, tricycle, or other similar toy or contrivance, in the traffic roadway of any street within the city of Monroe, except when crossing a street at a street intersection.

Keep to Right:

Section 24. The driver of each and every vehicle shall, in driving, except on a one-way street, keep always to the right of the center line of the street on which the vehicle is traveling, and as near to the right hand curb as possible, except when passing another vehicle traveling in the same direction; provided, that when turning to the left at street intersections which are being controlled by automatic signal lights, it shall be lawful for the driver to draw the vehicle to the center of the street.

SOLONS TO URGE VITAL REVISIONS OF FLOOD PLANS

Abandonment Of Eudora And Boeuf Floodways Will Be Asked

RESERVOIRS FAVORED

To Insist That Fuse-Plug Levee Be Built Up Immediately

WASHINGTON, April 13.—(Special)—A vastly different program for completion of the lower Mississippi flood control project than that proposed by Major General Edward M. Markham, chief of army engineers, will be recommended by the house flood control committee, it appeared certain today.

As the committee concluded two weeks of hearings upon the proposed modification plan of the army engineers, it was virtually certain that abandonment of both the Eudora and Boeuf floodways in Louisiana and Arkansas will be insisted upon.

In lieu of these floodways, it is likely that recommendation will be included in the legislation reported by the committee that all or part of the reservoir systems in the Arkansas and White river basins be constructed.

Other major changes in the Markham plan will be insistence that the fuse-plug levee of 32 miles now in existence at the head of the Boeuf basin be built up to 1928 grade and section at once.

In other respects, the army engineers' plan for giving the lower valley complete flood protection is expected to be approved by the committee. This includes a $16,000,000 program for the St. Francis basin, through levees and perhaps reservoirs; a $50,000,000 program for the Yazoo basin; straightening of the channel of the Mississippi river below Greenville to provide a greater flood flow; construction of the Morganza floodway at the head of the Atchafalaya basin in Louisiana; and channelization of the Atchafalaya river in order that it might carry 1,500,000 second feet of water during a super-flood.

General Markham had estimated the cost of his originally proposed program at $265,000,000 over the existing authorization for the Jadwin plan. Whether the revised program to be

TRADE THREAT IS ISSUED BY JAPAN

U. S. Actions In Latin America May Endanger Cotton Exports

TOKYO, April 13.—(AP)—Japan hinted plainly today that the United States' reported efforts to deprive her of her Latin American markets might cost the American cotton grower some of his big market in Japan.

A statement the foreign office handed to the Japanese press said United States commercial interests were agitating to exclude Japanese products from Central and South America.

If Nippon's exports to those markets are restricted, the statement added, "it will affect our purchasing power, especially with reference to United States cotton, and will consequently react unfavorably upon America's export trade to Japan."

United States cotton sales to Japan average some $100,000,000 annually. They constitute the largest single item in America's agricultural export trade. Sales last year totaled slightly more than all Japan's exports to the United States—401,000,000 yen against 399,000,000 yen (the yen is currently quoted at about 28.3 United States cents).

Lending point to the foreign office's hint is the fact that Japanese commercial and industrial leaders are seeking to improve trade with Brazil, buying larger quantities of Brazilian

Sharpest Rise In Business In 25 Years Predicted In Dun And Bradstreet Review

SPECIAL SESSION LOOMS

NEW ORLEANS, April 13.—(AP)—The Times Picayune says it learned definitely today that the Louisiana legislature will convene in special session at Baton Rouge at 8 p.m. Monday to enact into law a Huey P. Long proposal which would empower the governor to create a board to expend money obtained from the federal government through the ERA and PWA.

In discussing plans for the session with New Orleans members of the legislature, the paper says Senator Long mentioned only the one subject for proposed legislation.

The proposed legislation, the paper said it learned, is the result of the recent appointment by Federal Relief Administrator Harry L. Hopkins of Frank H. Peterman, of Alexandria, anti-Long state senator, to succeed Harry J. Early as ERA administrator for Louisiana.

Senator Long could not be reached for comment on the report. He was tied up on the radio in a three-hour address on the local political situation until midnight.

STRESA MEETING ENDS WITH PLAN MADE FOR PEACE

3 Nations Reach Agreement On Ways To Save Europe From War

(Copyright, 1935, by Associated Press).

STRESA, April 13.—Italy, France and England closed tonight their history-making conference, asserting they had reached full agreement on ways to save Europe from war.

The tri-power parley was called after Adolf Hitler's dramatic decision to rearm the reich which France, in an appeal to the League of Nations, declared perilous to peace.

For the first time since the Paris peace conference the heads of the three great western European powers—Benito Mussolini of Italy, Pierre-Etienne Flandin of France, Ramsay MacDonald of England—met face-to-face to talk over Europe's prospects for peace.

After 18 busy hours at the conference table, these were the authoritatively reported results:

1. A German offer to enter an eastern non-aggression pact provided she is exempt from any mutual military assistance clause.

2. Decision to call Danubian nations into conference at Rome May 20 to discuss ways of keeping little Austria independent.

3. United support for France's appeal to Geneva against Germany's treaty violation in rearming.

4. Approval of the principle of an air pact for immediate aerial assistance against an aggressor in western Europe.

5. Approval of Austrian, Hungarian and Bulgarian rearmament to some degree yet unspecified.

The conferees also were reported agreed, although official confirmation was lacking, on:

1. A general European conference after the Danubian parley.

2. A proposed eastern Mediterranean pact linking Italy, Greece, Turkey and Yugoslavia.

Furthermore, France agreed to soften her arraignment of Germany at the League of Nations council session opening Monday, this in return for Britain's tacit approval of the bi-lateral mutual assistance pacts she feels should reenforce any general security system.

Flood Control Is National Obligation, Hudson Asserts

A warning that one of the proposed amendments to the flood control act, now being considered by the house flood control committee at Washington, will, if adopted, have "the legal effect of repealing altogether the principle of national responsibility," was sounded by Attorney Fred M. Hudson Saturday, on his return from the national capital, where he testified at the hearing on the proposed changes in the flood control measure.

Two amendments to the flood control act are before the congress, Mr. Hudson said. One provides for the unqualified adoption of the report of Major General E. M. Markham, chief of engineers, which recommends that "no part of the Eudora floodway be constructed until the states or other qualified agency furnish the United States the right to improve flow conditions over the lands included within such part and to overflow such part when deemed necessary to relieve floods in the Mississippi river." The report also provides that "the United States shall reimburse the state or other qualified agency furnishing said rights for the reasonable cost thereof, approved by the chief of engineers, and not exceeding in the aggregate one and one-half times the assessed valuation of such lands."

The other amending bill provides that "the United States directly or through the states, or other qualified agencies it may designate, shall provide flowage rights for flood waters that will pass by reason of intentional diversions from the main channel of the Mississippi river as contemplated in the adopted project or as the same is modified hereby."

The latter amendment is the only one, Mr. Hudson told the flood control committee, which will assure to the property owners in the flood affected districts their constitutional protection. The adoption of the Markham report, so far as it affects the legal rights of the property owners, would have the effect of repealing the provisions of the flood control

(Continued on Seventh Page)

Past Week Saw Complete Change In Sentiment, Says Report

NEW YORK, April 13.—(AP)—The sharpest business rise in 25 years is forecast for the immediate future in the Weekly Business Review by Dun and Bradstreet.

"More convincing proof has come forward that the passing of March left behind the lows for the year," the review stated.

"During the week there was a complete transformation of sentiment, as the hopes for a rather far-removed improvement were replaced by a realization that the immediate future is to bring the sharpest rise that has been witnessed in business in the past quarter of a century."

The review added that the rise "will be fortified adequately to prevent the interrupting recessions which followed the spurts of the last two years."

It continued: "Potential benefits of the $5,000,000,000 appropriated by the government have provided stimulus needed to dispel the impatience which had appeared in some branches because of the let-down in business toward the close of the first quarter.

"All of the reports received were more decisive than at any time this year in the confident attitude taken regarding a more even tempo.

"Encouragment also was provided by the fact that, in spite of rain, cold, snowfall and recurrent dust storms, consumer demand was sufficiently strong to carry retail distribution to a larger total than for the week preceding."

Wholesalers were rushed with reorders, the review said, and many retailers lost sales because of delays incident to the rush.

"General industry continues at the year's peak, with the gains being extended in the output of the products for national consumption," it reported.

"Industries in most parts of the country now are advancing at the most orderly pace in the last two months, as all of the strikes have been settled and threats of walkouts have been dissipated."

ROBBERY SUSPECT NABBED BY POLICE

Merrill Anthony, 18, Accused Of Burglarizing Three Stores

Following the arrest of Merril Anthony, 18, of Monroe, here yesterday afternoon, L. V. Tarver, superintendent of police, revealed that the youth had been allegedly implicated in the robbery of three local stores.

The superintendent was continuing his investigation of young Anthony's activities and said the youth possibly will be implicated in other robberies.

Police had been trailing the youth for the past several weeks in an effort to obtain evidence against him. Saturday night, April 6, Capt. Frank Pettit and Officer Ed Harper attempted to arrest Anthony in an alley immediately north of DeSiard street, as the youth was carrying a bundle, but he dropped the bundle and escaped, the officers said. The bundle contained 106 packages of cigarettes which an investigation revealed had been stolen in the local stores, Superintendent Tarver said.

The police observation of the youth's activities was continued for another week, and he was arrested yesterday afternoon by the two officers whom he eluded on the previous Saturday night.

Stores from which Superintendent Tarver said the recovered tobacco had been stolen were the North Side pharmacy, 402 Stubbs avenue, the Serv-U grocery, 1806 North Third street, and Clark's pharmacy, 820 Jackson street.

The North Side pharmacy was robbed of 37 cartons of cigarettes and between $10 and $12 on the night of March 5. The Serv-U grocery was robbed of four or five cartons of cigarettes, between $2 and $2.50 in pen-

TOWNSEND PENSION PLAN IS CHANGED

WASHINGTON, April 13.—(AP)—Half way through its 20 hours of debate on the administration's social security program, the house was told today the Townsend old pension plan, to be offered as a substitute, had been radically changed.

Representative Buck, Democrat, California, a member of the ways and means committee, said he was informed the Townsend plan to be offered as an amendment to the pending bill would call only for a $50 payment to those more than 60. Originally, the Townsend program was $200 a month.

Democratic leaders already had said they were confident of defeating the Townsend old age pension idea. They said they would clear the way for a "showdown vote" if the proposal were offered as a substitute to the administration bill—as appeared probable.

Leaders said the change in the McGroarty bill—the original Townsend bill—made the defeat of the proposition almost certain and predicted there would be only a half hundred votes for it.

WALLACE ISSUES WARNING AGAINST ENEMIES OF AAA

'Something More Extreme' May Occur If Program Is Smashed

FARMERS ADDRESSED

Secretary Says Cotton Processing Tax Will Be Continued

ATLANTA, April 13.—(AP)—Secretary of Agriculture Wallace today warned processors and handlers of farm commodities that they might face "something more extreme" if they succeed in destroying the agricultural adjustment program.

Reiterating that the cotton processing tax would be continued, the secretary charged that "the effort of certain textile manufacturers to get rid of the processing tax is the spearhead of the movement," against the cotton program.

Addressing farmers from Georgia and surrounding states in the Wesley Memorial church auditorium here, he said:

"The current resistance to the pending amendments to the agricultural adjustment is really an attack on the entire program. The forces that have been set in motion could become so intense and so powerful as to destroy the whole broad program of agricultural adjustment.

"My own feeling is that the very groups who are fighting the agricul-

DEFENSE WITNESS SPRINGS SURPRISE AT FISHER TRIAL

Attorneys Open Efforts To Tear Down Government Evidence

NEW ORLEANS, April 13.—(AP)—Counsel for State Representative Joseph Fisher, on trial in Federal Court here on charges of evasion of income tax, today met a "surprise" in the two-hour session opening their efforts to tear down government testimony seeking to show that Fisher owed more than $4,000 in taxes for the years 1929-32, inclusive, which he failed to pay.

Hugh Wilkinson, counsel for the defendant, expressed "surprise" over testimony given by Ellis Irwin, an attorney and witness for the defense, on the disposition of a check amounting to $8,808 from the Gulf Crushing Company, Inc., which the government had charged to "Fisher income."

Irwin testified that he had paid $2,478 of the money to Jules and Joe Fisher" on the same day he received the check. Jules Fisher, state senator and uncle of Representative Joseph Fisher, is also under federal indictment, charged with attempted evasion of income tax payments.

Wilkinson produced documents, purporting to be a transcript of questions asked Irwin by government agents. He read from the documents statements attributed to Irwin, to the effect that Irwin had paid the $2,478 as "payments to laborers."

Irwin testified he had "to rely on his memory" at the time he was questioned by government agents and that "subsequently, refreshed my memory and changed some of the answers."

Irwin said he had paid income tax on the check of $880 which was made out to his name, but that he had turned over the bulk of the check, $6,322, to Jules Fisher.

Irwin testified Senator Fisher had reimbursed him for the income tax he had paid on the check.

Irwin explained that he, "Joe, Jules and Carl Fisher" had rented an office in the Canal Bank Building and said that he had made the transaction in that office.

Irwin explained that five checks to-

(Continued on Eighth Page)

YOUTH NABBED IN EXTORTION SCHEME

ARCADIA, April 13.—(AP)—Albert Richard Burns, 24, of Fryeburg, La., Saturday confessed to a department of justice agent and Bienville parish sheriff's officers here that he wrote an extortion note April 5 demanding $1,500 from Sam L. Carter, wealthy planter of Heflin near Ringgold, officers revealed tonight.

Burns was re-arrested shortly after 7:30 p. m. Friday when he went to a sign post on the Black Lake-Fryeburg road, two and one-half miles due east of Fryeburg, where his scribbled note had specified that Carter leave the $1,500 in bills of $1, $5, and $10 denominations.

Less than 10 minutes after the planter and Deputy Sheriff Prentiss Oakley stopped their car at the sign post, threw a dummy package to the ground and sped away, the young farmer emerged from nearby deserted farmhouse and picked up the package, according to officers.

The part open bag in his hand, Carter, shaking from the thrill of unexpected "wealth," was surprised by Federal Agent Leslie Kindell, the mild-mannered sleuth who played an important part in the extinction of Clyde Barrow and Bonnie Parker.

68,000 Acre Game Preserve Is Set Aside In Morehouse Parish To Honor Local Man

Huge Wild Life Sanctuary Is Named For Late Theo F. Terzia

In a proclamation issued Friday and made public Saturday, Governor Oscar K. Allen established and named a 68,000-acre game preserve in Morehouse parish in memory of the late Theodore F. Terzia of Monroe, a prominent figure in Louisiana politics for several years prior to his death on May 27, 1932.

The preserve, which was made possible through a lease to the state of tracts by the Crossett Timber and Development company, Inc., the Southern Carbon company, the Morehouse parish school board and others, was officially designated "Theo Terzia Game preserve." It will be maintained and operated as a sanctuary and for breeding, feeding and propagating grounds for wild birds and quadrupeds for a period of 10 years.

It was considered particularly fitting that the preserve named for Mr. Terzia should be located in Morehouse parish. Although he rose to prominence in Monroe, he was born in Bastrop, the parish seat of Morehouse. A business and civic leader for many years prior to his death, Mr. Terzia was, for a period of years, a member of the Ouachita parish police jury, serving one term as president of that body.

Moreover, it was largely by the efforts of State Senator Leo Terzia of Bastrop, a brother of Theo, that the preserve was established. It was through him that the governor's proclamation was announced.

In making public the proclamation, Senator Terzia said that much credit for the establishment of the preserve should go to Smith Stevenson, formerly a special agent of the state conservation department. Mr. Stevenson started work on the project, the senator said, about five years ago. He obtained the necessary legal papers in connection with the leases, but they were filed away and allowed to lie dormant.

It was not until recently, when Senator Terzia determined to push the

MAN JAILED HERE ON CHECK CHARGE

West Carroll Parish Resident Brought To Monroe Saturday

Wanted here to answer charges of passing two forged checks, Troy Ragus, of Pioneer, West Carroll parish, was brought here Saturday from Oak Grove after his arrest for the Ouachita parish sheriff's department, and was placed in the local parish jail, it was revealed by Sheriff Milton Coverdale.

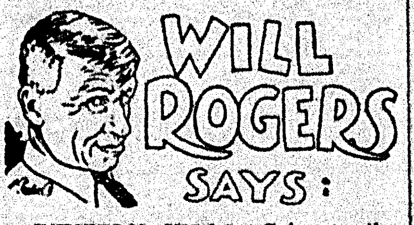
The sheriff also revealed that his department Saturday arrested Ventrus Thompson, 19, who resides about six miles south of Calhoun, for the alleged theft of the automobile of H. L. Lineback, of Splane addition, in West Monroe on the night of March 31.

Ike Lowe, negro, was arrested at Alexandria for the local sheriff's department, and is expected to be returned here to serve out the remainder of a two-year sentence on the parish roads. The negro had served about four months of the sentence at the time he escaped, it was stated.

E. G. Pringle was arrested by the sheriff's department Saturday in West Monroe for authorities at Pensacola, Fla., where he is wanted to answer a charge of disposing of chattel mortgaged property, an automobile.

The Pioneer resident brought here yesterday is accused of passing a forged check for $90 at the Hunt and Whitaker store, and is accused of passing a forged check for $12 at the West Monroe State bank. The former check bore the signature of W. A.

(Continued on Seventh Page)



BEVERLY HILLS, Cal., April 13.—(Special)—Among my mail was a telegram marked urgent. It says, "The Democratic postmasters of Los Angeles county are getting together." It says very specifically that it's the "Democratic" postmasters. I would love to see a dinner given by the Republican postmasters; I think these boys are kinder getting together to draw up ways and means of prolonging their stay. You see, their employment calls for four years (with an option). Well, I think it's this option that they want a little rough and tumble advice from me on. I am suggesting that they deliver no mail to anyone of Republican faith. Why should hard-working, deserving Democrats take up their valuable time handing out what is no doubt anti-Democratic propaganda and I am so advising 'em.

2 BLOWS SWUNG BY LONG FORCES AT NEW ORLEANS

Court Actions Involve Millions Of Dollars Of City's Funds

NEW ORLEANS, April 13.—(AP)—Senator Huey P. Long's state administration today struck twice at its most formidable foe, the present city administration of New Orleans, in separate court actions involving millions of dollars of the municipality's funds.

While First Assistant Attorney General George M. Wallace was seeking dismissal in federal district court of the city's application to readjust its finances under the Fletcher-Wilcox bill passed by congress in May, 1934, Governor Oscar K. Allen filed an application in civil district court for a preliminary injunction to restrain the city from disbursing $1,800,000 obtained by the sewerage and water board from the Public Works administration through issuance of bonds.

The governor's application went unsigned today since it was filed after the civil clerk's office closed at noon, but it will be considered Monday by the court's five judges.

The application is directed against members of the sewerage and water board, composed of Mayor T. Semmes Walmsley, arch enemy of Senator Long, and 12 other city officials.

It sets out that the "old" sewerage and water board was abolished under an act of the second special session of the 1934 legislature, but that the present members "still are claiming

(Continued on Third Page)

HOODLUM SHOT ON CHICAGO STREET

CHICAGO, April 13.—(AP)—A hoodlum's gun, reminiscent of gang war days, barked on the fringe of the downtown "Loop" today and Sanford "Gimpy" Rosenbaum, bodyguard of Edward "Slike" O'Donnell, fell dangerously wounded.

Double-parking his sedan for a quick get-away on Wells street, rim of the Loop, the gunman strolled across the street and accosted Rosenbaum. They chatted a moment, then the stranger pulled his revolver and fired three times.

The gunner jumped into his car and sped away.

Physicians said Rosenbaum probably would recover.

He refused to talk.

Woman Confesses She Made Error In Harboring Bandit

PRENTISS, Miss., April 13.—(AP)—Bergie Honeycut Johnson, native Mississippi woman who carved her home from a wilderness, admitted before a three-judge magistrates court here today that she committed a "grave social error" in "harboring the bandit Raymond Hamilton and his friends."

But she denied the formal charge of the state of Mississippi that she conspired to rob the Bank of Blountville at Prentiss in the outlaw's recent invasion of Mississippi.

Arraigned on a charge of "robbery with fire arms" and accused as an accomplice of Hamilton and Ralph Fults, a fugitive from justice, Mrs. Johnson entered a plea of not guilty, and at the conclusion of her hearing, bond was fixed at $10,000. Her attorneys said no attempt would be made to supply bail before next week.

Bergie told her story from the witness stand, and at times overruled even her own counsel because "I want to tell it all," she said.

District Attorney Toxie Hall of Columbia, who prosecuted the case, charged that the 40-year-old Jeff Davis county farm woman not only harbored and concealed Hamilton and his companions upon their recent reign of robbery and terror in Mississippi, but also piloted them "in and about Prentiss" on the "very morning of the robbery."

The district attorney charged her with "conspiracy to commit a capital crime," and said he would demand the death penalty before a jury if she goes to trial.

Attorney G. L. Martin, of Prentiss, counsel for Mrs. Johnson, pointed his finger at the district attorney as he arose to begin his argument for bail for his client, and said: "I want to ask the district attorney one question Are you going to hang that woman?"

Hall replied "I am going to ask a jury to do it."

The defense contended that the charge against Mrs. Johnson is not a "capital" crime, and read a statute stating that robbery with a fire arm

(Continued on Eighth Page)

CITY WILL SEEK ELIMINATION OF GRADE CROSSINGS

Bernstein To Ask Government To Do Away With Local Hazards

PLANS NOT COMPLETED

Viaducts May Be Constructed At Two Intersections Of I. C.

Mayor Arnold Bernstein said last night that he was planning to seek funds from the United States government to eliminate grade crossing hazards in the city of Monroe. The funds sought will be in addition to $1,588,000 already proposed for building projects here.

Mr. Bernstein said that although he had not yet taken the matter up with proper officials, he had given it considerable thought and was planning to go forward with the plan as soon as possible.

He asserted that the most desired crossing elimination was at the Walnut street crossing of the Illinois Central railroad. Next, he said, would be another elimination project at either North Second or North Third streets. Efforts also will be made, he stated, to do something about the situation at Five Points, where the Illinois Central crosses the city's main thoroughfare, DeSiard street.

Another crossing elimination project would be at Thomas street, where the Missouri Pacific passes over the thoroughfare. This is important, the mayor pointed out, because Thomas is the main street that leads to Bernstein park.

The exact nature of the proposed projects has not been determined, but it was thought that the Illinois Central crossings would be constructed underground and the one at Thomas street would be either over or under the Missouri Pacific tracks.

Mr. Bernstein called attention to the fact that the "traffic situation is serious enough now and it will be even more so when the new river bridge is finished."

President Roosevelt has shown that he is greatly interested in the elimination of grade crossings and plans are being pushed to carry out this work. On Friday he outlined four basic principles to govern the spending of money for grade crossings.

They are:

The states or localities shall provide the land for doing away with the crossings.

The crossings eliminated shall be on main line roads.

The federal government will pay the full cost of the work.

The work that can be done shall be completed before July 1, 1936.

NATIONAL PLANNING AGENCY IS ENVISAGED

WASHINGTON, April 13.—(AP)—The creation of a permanent national planning agency to chart the course for a continuing public works program was reported authoritatively today to be envisaged by President Roosevelt in shaping his four billion dollar relief work plan.

This disclosure came while the unofficial house Democratic steering committee was seeking a conference with the president to ask that members of congress be allowed some say about the projects to be undertaken in their districts. They hoped to see Mr. Roosevelt Monday.

Other developments of the day included:

Allocation by Harry L. Hopkins, the relief administrator, of $113,661,384 for April relief. Georgia was given no funds and Pennsylvania only half a month's supply, they being among the states which Hopkins has said had not made arrangements to furnish their share of the cost.

Bureau of public roads officials said states were ready to go ahead with a grade crossing elimination program costing between $100,000,000 and $200,000,000.

Robert Fechner, director of the civilian conservation corps, said 20,000 members of the corps would be sent to Kansas, Oklahoma, Texas, New Mexico and Colorado to broaden the soil erosion prevention program.

Secretary Ickes reported that 17,000 of 19,000 public works projects under the old fund had been completed or were under construction and that employment at different times had been provided 2,000,000 persons. He said $2,506,050,000 had gone into construction and $1,200,000,000 to the financing of other government agencies.

CHARLOTTESVILLE, Va., April 13.—Richmond was raining, covered with heavy clouds, but cheerful. There has been too much rain since early March, but the number of families on relief has steadily diminished, and on the edge of the city the DuPonts are building a big addition to their rayon and cellophane plant. They employ an army of workmen now and completion of the new addition, costing several millions, will employ more. We learn from the radio and other sources that it is wrong for anybody to have several millions. It is convenient for those that will go on the payrolls, just at this time.

ONE HUNDRED AND ninety-two years ago today, on April 13th, Thomas Jefferson was born, and Virginia, especially proud of him, will celebrate. Mr. Bainbridge Colby, former secretary of state, will praise the great American statesman, speaking at the University of Virginia, which Jefferson founded one hundred and seven years ago. The whole country honors Jefferson and wishes it had more Americans like him.

In addition to writing the Declaration of Independence, concerning the equality of men, Jefferson actually believed in that declaration. He took freedom of belief literally and, when a Mohammedan sultan thought he could not deal with the United States because it was not allowable to deal with a Christian country, Thomas Jefferson in substance told him "go right ahead, all religions, Christian and others, have equal rights in this nation." That statement on behalf of the United States by Thomas Jefferson was dug up, by the way, and used only a few years since in connection with an eastern sultan, although the state department didn't say much about it.

Jefferson, the best advocate of real temperance that any country ever had, imported good light wines from France before the United States knew how to make such wines. He shipped the skeleton of a gigantic moose to Paris to prove that the United States possessed really big land animals, and most important of all, to his last day he thought, studied and worked.

THREE INTERESTING FACES, two of the Latin race, Mussolini and the French Premier Flandin, one Anglo Celt, MacDonald, are now looking at each other and talking on a pretty little island in beautiful Lake Maggiore, Italy, trying to make up their minds about Germany. Different are these three faces, MacDonald, patient, tired from long responsibility, Mussolini's full of energy and determination, Flandin's cool, calculating, reflecting the logical intelligence that has carried France through so many crises. That any permanent useful decision will be reached seems doubtful.

England wishes to avoid further trouble. She has had enough business to attend to. France is ready for

ABERNATHY'S BODY IS FOUND IN RIVER

LAKE PROVIDENCE, La., April 13.—(Special)—The body of W. G. Abernathy, 32, who lost his life when a houseboat capsized in the tornado that visited this section a week ago, was found today in the river not far from where the accident occurred. It was badly decomposed. Interment took place here four hours after it was recovered.

Abernathy leaves his widow and three small children who left tonight for Weakly county, Tennessee, where Mrs. Abernathy's parents reside.

Two more bodies have yet to be recovered, victims of the storm of April 6. They are those of W. B. Hogue, 66, and E. Park, 28.

DO YOU

Know the Traffic REGULATIONS?

(In cooperation with the Twin City Safety Council, sections of the Monroe City Traffic Regulations will be printed each day, to permit the public an opportunity of becoming more familiar with their provisions.)

Roller Skates, Toy Wagons, Etc.:

Section 23. It shall be unlawful for any person to skate, ride on roller skates, or on a toy wagon, tricycle, or other similar toy or contrivance, in the traffic roadway of any street within the city of Monroe, except when crossing a street at a street intersection.

Keep to Right:

Section 24. The driver of each and every vehicle shall, in driving, except on a one-way street, keep always to the right of the center line of the street on which the vehicle is traveling, and as near to the right hand curb as possible, except when passing another vehicle traveling in the same direction; provided, that when turning to the left at street intersections which are being controlled by automatic signal lights, it shall be lawful for the driver to draw the vehicle to the center of the street.

SOLONS TO URGE VITAL REVISIONS OF FLOOD PLANS

Abandonment Of Eudora And Boeuf Floodways Will Be Asked

RESERVOIRS FAVORED

To Insist That Fuse-Plug Levee Be Built Up Immediately

WASHINGTON, April 13.—(Special)—A vastly different program for completion of the lower Mississippi flood control project than that proposed by Major General Edward M. Markham, chief of army engineers, will be recommended by the house flood control committee, it appeared certain today.

As the committee concluded two weeks of hearings upon the proposed modification plan of the army engineers, it was virtually certain that abandonment of both the Eudora and Boeuf floodways in Louisiana and Arkansas will be insisted upon.

In lieu of these floodways, it is likely that recommendation will be included in the legislation reported by the committee that all or part of the reservoir systems in the Arkansas and White river basins be constructed.

Other major changes in the Markham plan will be insistence that the fuse-plug levee of 32 miles now in existence at the head of the Boeuf basin be built up to 1928 grade and section at once.

In other respects, the army engineers' plan for giving the lower valley complete flood protection is expected to be approved by the committee. This includes a $16,000,000 program for the St. Francis basin, through levees and perhaps reservoirs; a $50,000,000 program for the Yazoo basin; straightening of the channel of the Mississippi river below Greenville to provide a greater flood flow; construction of the Morganza floodway at the head of the Atchafalaya basin in Louisiana; and channelization of the Atchafalaya river in order that it might carry 1,500,000 second feet of water during a super-flood.

General Markham had estimated the cost of his originally proposed program at $265,000,000 over the existing authorization for the Jadwin plan. Whether the revised program to be

(Continued on Seventh Page)

TRADE THREAT IS ISSUED BY JAPAN

U. S. Actions In Latin America May Endanger Cotton Exports

TOKYO, April 13.—(AP)—Japan hinted plainly today that the United States' reported efforts to deprive her of her Latin American markets might cost the American cotton grower some of his big market in Japan.

A statement the foreign office handed to the Japanese press said United States commercial interests were agitating to exclude Japanese products from Central and South America.

If Nippon's exports to those markets are restricted, the statement added, "it will affect our purchasing power, especially with reference to United States cotton, and will consequently react unfavorably upon America's export trade to Japan."

United States cotton sales to Japan average some $100,000,000 annually. They constitute the largest single item in America's agricultural export trade. Sales last year totaled slightly more than all Japan's exports to the United States—401,000,000 yen against 399,000,000 yen (the yen is currently quoted at about 28.3 United States cents).

Lending point to the foreign office's hint is the fact that Japanese commercial and industrial leaders are seeking to improve trade with Brazil, buying larger quantities of Brazilian

Flood Control Is National Obligation, Hudson Asserts

A warning that one of the proposed amendments to the flood control act, now being considered by the house flood control committee at Washington, will, if adopted, have "the legal effect of repealing altogether the principle of national responsibility," was sounded by Attorney Fred M. Hudson Saturday, on his return from the national capital, where he testified at the hearing on the proposed changes in the flood control measure.

Two amendments to the flood control act are before the congress, Mr. Hudson said. One provides for the unqualified adoption of the report of Major General E. M. Markham, chief of engineers, which recommends that "no part of the Eudora floodway be constructed until the states or other qualified agency furnish the United States the right to improve flow conditions over the lands included within such part and to overflow such part when deemed necessary to relieve floods in the Mississippi river." The report also provides that "the United States shall reimburse the state or other qualified agency furnishing said rights for the reasonable cost thereof, approved by the chief of engineers, and not exceeding in the aggregate one and one-half times the assessed valuation of such lands."

The other amending bill provides that "the United States directly or through the states, or other qualified agencies it may designate, shall provide flowage rights for flood waters that will pass by reason of intentional diversions from the main channel of the Mississippi river as contemplated in the adopted project or as the same is modified hereby."

The latter amendment is the only one, Mr. Hudson told the flood control committee, which will assure to the property owners in the flood affected districts their constitutional protection. The adoption of the Markham report, so far as it affects the legal rights of the property owners, would have the effect of repealing the provisions of the flood control

Sharpest Rise In Business In 25 Years Predicted In Dun And Bradstreet Review

SPECIAL SESSION LOOMS

NEW ORLEANS, April 13.—(AP)—The Times Picayune says it learned definitely today that the Louisiana legislature will convene in special session at Baton Rouge at 8 p.m. Monday to enact into law a Huey P. Long proposal which would empower the governor to create a board to expend money obtained from the federal government through the ERA and PWA.

In discussing plans for the session with New Orleans members of the legislature, the paper says Senator Long mentioned only the one subject for proposed legislation.

The proposed legislation, the paper said it learned, is the result of the recent appointment by Federal Relief Administrator Harry L. Hopkins of Frank H. Peterman, of Alexandria, anti-Long state senator, to succeed Harry J. Early as ERA administrator for Louisiana.

Senator Long could not be reached for comment on the report. He was tied up on the radio in a three-hour address on the local political situation until midnight.

STRESA MEETING ENDS WITH PLAN MADE FOR PEACE

3 Nations Reach Agreement On Ways To Save Europe From War

(Copyright, 1935, by Associated Press)

STRESA, April 13.—Italy, France and England closed tonight their history-making conference, asserting they had reached full agreement on ways to save Europe from war.

The tri-power parley was called after Adolf Hitler's dramatic decision to rearm the reich which France, in an appeal to the League of Nations, declared perilous to peace.

For the first time since the Paris peace conference the heads of the three great western European powers—Benito Mussolini of Italy, Pierre-Etienne Flandin of France, Ramsay MacDonald of England—met face-to-face to talk over Europe's prospects for peace.

After 18 busy hours at the conference table, these were the authoritatively reported results:

1. A German offer to enter an eastern non-aggression pact provided she is exempt from any mutual military assistance clause.

2. Decision to call Danubian nations into conference at Rome May 20 to discuss ways of keeping little Austria independent.

3. United support for France's appeal to Geneva against Germany's treaty violation in rearming.

4. Approval of the principle of an air pact for immediate aerial assistance against an aggressor in western Europe.

5. Approval of Austrian, Hungarian and Bulgarian rearmament to some degree yet unspecified.

The conferees also were reported agreed, although official confirmation was lacking, on:

1. A general European conference after the Danubian parley.

2. A proposed eastern Mediterranean pact linking Italy, Greece, Turkey and Yugoslavia.

Furthermore, France agreed to soften her arraignment of Germany at the League of Nations council session opening Monday, this in return for Britain's tacit approval of the bi-lateral mutual assistance pacts she feels should reenforce any general security system.

Past Week Saw Complete Change In Sentiment, Says Report

NEW YORK, April 13.—(AP)—The sharpest business rise in 25 years is forecast for the immediate future in the Weekly Business Review by Dun and Bradstreet.

"More convincing proof has come forward that the passing of March left behind the lows for the year," the review stated.

"During the week there was a complete transformation of sentiment, as the hopes for a rather far-removed improvement were replaced by a realization that the immediate future is to bring the sharpest rise that has been witnessed in business in the past quarter of a century."

The review added that the rise "will be fortified adequately to prevent the interrupting recessions which followed the spurts of the last two years."

It continued: "Potential benefits of the $5,000,000,000 appropriated by the government have provided stimulus needed to dispel the impatience which had appeared in some branches because of the let-down in business toward the close of the rst quarter.

"All of the reports received were more decisive than at any time this year in the confident attitude taken regarding a more even tempo.

"Encouragment also was provided by the fact that, in spite of rain, cold, snowfall and recurrent dust storms, consumer demand was sufficiently strong to carry retail distribution to a larger total than for the week preceding."

Wholesalers were rushed with reorders, the review said, and many retailers lost sales because of delays incident to the rush.

"General industry continues at the year's peak, with the gains being extended in the output of the products for national consumption," it reported.

"Industries in most parts of the country now are advancing at the most orderly pace in the last two months, as all of the strikes have been settled and threats of walkouts have been dissipated."

ROBBERY SUSPECT NABBED BY POLICE

Merrill Anthony, 18, Accused Of Burglarizing Three Stores

Following the arrest of Merril Anthony, 18, of Monroe, here yesterday afternoon, L. V. Tarver, superintendent of police, revealed that the youth had been allegedly implicated in the robbery of three local stores.

The superintendent was continuing his investigation of young Anthony's activities and said the youth possibly will be implicated in other robberies.

Police had been trailing the youth for the past several weeks in an effort to obtain evidence against him. Saturday night, April 6, Capt. Frank Pettit and Officer Ed Harper attempted to arrest Anthony in an alley immediately north of DeSiard street, as the youth was carrying a bundle, but he dropped the bundle and escaped, the officers said. The bundle contained 106 packages of cigarettes which an investigation revealed had been stolen in the local stores, Superintendent Tarver said.

The police observation of the youth's activities was continued for another week, and he was arrested yesterday afternoon by the two officers whom he eluded on the previous Saturday night.

Stores from which Superintendent Tarver said the recovered tobacco had been stolen were the North Side pharmacy, 402 Stubbs avenue, the Serv-U grocery, 1806 North Third street, and Clark's pharmacy, 820 Jackson street.

The North Side pharmacy was robbed of 37 cartons of cigarettes and between $10 and $12 on the night of March 5. The Serv-U grocery was robbed of four or five cartons of cigarettes, between $2 and $2.50 in pen-

TOWNSEND PENSION PLAN IS CHANGED

WASHINGTON, April 13.—(AP)—Half way through its 20 hours of debate on the administration's social security program, the house was told today the Townsend old pension plan, to be offered as a substitute, had been radically changed.

Representative Buck, Democrat, California, a member of the ways and means committee, said he was informed the Townsend plan to be offered as an amendment to the pending bill would call only for a $50 payment to those more than 60. Originally, the Townsend program was $200 a month.

Democratic leaders already had said they were confident of defeating the Townsend old age pension idea. They said they would clear the way for a "showdown vote" if the proposal were offered as a substitute to the administration bill—as appeared probable.

Leaders said the change in the McGroarty bill—the original Townsend bill—made the defeat of the proposition almost certain and predicted there would be only a half hundred votes for it.

WALLACE ISSUES WARNING AGAINST ENEMIES OF AAA

'Something More Extreme' May Occur If Program Is Smashed

FARMERS ADDRESSED

Secretary Says Cotton Processing Tax Will Be Continued

ATLANTA, April 13.—(AP)—Secretary of Agriculture Wallace today warned processors and handlers of farm commodities that they might face "something more extreme" if they succeed in destroying the agricultural adjustment program.

Reiterating that the cotton processing tax would be continued, the secretary charged that "the effort of certain textile manufacturers to get rid of the processing tax is the spearhead of the movement," against the cotton program.

Addressing farmers from Georgia and surrounding states in the Wesley Memorial church auditorium here, he said:

"The current resistance to the pending amendments to the agricultural adjustment is really an attack on the entire program. The forces that have been set in motion could become so intense and so powerful as to destroy the whole broad program of agricultural adjustment.

"My own feeling is that the very groups who are fighting the agricul-

DEFENSE WITNESS SPRINGS SURPRISE AT FISHER TRIAL

Attorneys Open Efforts To Tear Down Government Evidence

NEW ORLEANS, April 13.—(AP)—Counsel for State Representative Joseph Fisher, on trial in Federal Court here on charges of evasion of income tax, today met a "surprise" in the two-hour session opening their efforts to tear down government testimony seeking to show that Fisher owed more than $4,000 in taxes for the years 1929-32, inclusive, which he failed to pay.

Hugh Wilkinson, counsel for the defendant, expressed "surprise" over testimony given by Ellis Irwin, an attorney and witness for the defense, on the disposition of a check amounting to $8,808 from the Gulf Crushing Company, Inc., which the government had charged to "Fisher income."

Irwin testified that he had paid $2,478 of the money to Jules and Joe Fisher" on the same day he received the check. Jules Fisher, state senator and uncle of Representative Joseph Fisher, is also under federal indictment, charged with attempted evasion of income tax payments.

Wilkinson produced documents, purporting to be a transcript of questions asked Irwin by government agents. He read from the documents statements attributed to Irwin, to the effect that Irwin had paid the $2,478 as "payments to laborers."

Irwin testified he had "to rely on his memory" at the time he was questioned by government agents and that "subsequently, refreshed my memory and changed some of the answers."

Irwin said he had paid income tax on the check of $880 which was made out to his name, but that he had turned over the bulk of the check, $6,322, to Jules Fisher.

Irwin testified Senator Fisher had reimbursed him for the income tax he had paid on the check.

Irwin explained that he, "Joe, Jules and Carl Fisher" had rented an office in the Canal Bank Building and said that he had made the transaction in that office.

Irwin explained that five checks to-

YOUTH NABBED IN EXTORTION SCHEME

ARCADIA, April 13.—(AP)—Albert Richard Burns, 24, of Fryeburg, La., Saturday confessed to a department of justice agent and Bienville parish sheriff's officers here that he wrote an extortion note April 5 demanding $1,500 from Sam L. Carter, wealthy planter of Heflin near Ringgold, officers revealed tonight.

Burns was re-arrested shortly after 7:30 p. m. Friday when he went to a sign post on the Black Lake-Fryeburg road, two and one-half miles due east of Fryeburg, where his scribbled note had specified that Carter leave the $1,500 in bills of $1, $5, and $10 denominations.

Less than 10 minutes after the planter and Deputy Sheriff Prentiss Oakley stopped their car at the sign post, threw a dummy package to the ground and sped away, the young farmer emerged from nearby deserted farmhouse and picked up the package, according to officers.

The part open bag in his hand, Carter, shaking from the thrill of unexpected "wealth," was surprised by Federal Agent Leslie Kindell, the mild-mannered sleuth who played an important part in the extinction of Clyde Barrow and Bonnie Parker.

68,000 Acre Game Preserve Is Set Aside In Morehouse Parish To Honor Local Man

Huge Wild Life Sanctuary Is Named For Late Theo F. Terzia

In a proclamation issued Friday and made public Saturday, Governor Oscar K. Allen established and named a 68,000-acre game preserve in Morehouse parish in memory of the late Theodore F. Terzia of Monroe, a prominent figure in Louisiana politics for several years prior to his death on May 27, 1932.

The preserve, which was made possible through a lease to the state of tracts by the Crossett Timber and Development company, Inc., the Southern Carbon company, the Morehouse parish school board and others, was officially designated "Theo Terzia Game preserve." It will be maintained and operated as a sanctuary and for breeding, feeding and propagating grounds for wild birds and quadrupeds for a period of 10 years.

It was considered particularly fitting that the preserve named for Mr. Terzia should be located in Morehouse parish. Although he rose to prominence in Monroe, he was born in Bastrop, the parish seat of Morehouse. A business and civic leader for many years prior to his death, Mr. Terzia was, for a period of years, a member of the Ouachita parish police jury, serving one term as president of that body.

Moreover, it was largely by the efforts of State Senator Leo Terzia of Bastrop, a brother of Theo, that the preserve was established. It was through him that the governor's proclamation was announced.

In making public the proclamation, Senator Terzia said that much credit for the establishment of the preserve should go to Smith Stevenson, formerly a special agent of the state conservation department. Mr. Stevenson started work on the project, the senator said, about five years ago. He obtained the necessary legal papers in connection with the leases, but they were filed away and allowed to lie dormant.

It was not until recently, when Senator Terzia determined to push the

MAN JAILED HERE ON CHECK CHARGE

West Carroll Parish Resident Brought To Monroe Saturday

Wanted here to answer charges of passing two forged checks, Troy Ragus, of Pioneer, West Carroll parish, was brought here Saturday from Oak Grove after his arrest for the Ouachita parish sheriff's department, and was placed in the local parish jail, it was revealed by Sheriff Milton Coverdale.

The sheriff also revealed that his department Saturday arrested Ventrus Thompson, 19, who resides about six miles south of Calhoun, for the alleged theft of the automobile of H. L. Lineback, of Splane addition, in West Monroe on the night of March 31.

Ike Lowe, negro, was arrested at Alexandria for the local sheriff's department, and is expected to be returned here to serve out the remainder of a two-year sentence on the parish roads. The negro had served about four months of the sentence at the time he escaped, it was stated.

E. G. Pringle was arrested by the sheriff's department Saturday in West Monroe for authorities at Pensacola, Fla., where he is wanted to answer a charge of disposing of chattel mortgaged property, an automobile.

The Pioneer resident brought here yesterday is accused of passing a forged check for $90 at the Hunt and Whitaker store, and is accused of passing a forged check for $12 at the West Monroe State bank. The former check bore the signature of W. A.

BEVERLY HILLS, Cal., April 13.—(Special)—Among my mail was a telegram marked urgent. It says, "The Democratic postmasters of Los Angeles county are getting together." It says very specifically that it's the "Democratic" postmasters. I would love to see a dinner given by the Republican postmasters; I think these boys are kinder getting together to draw up ways and means of prolonging their stay. You see, their employment calls for four years (with an option). Well, I think it's this option that they want a little rough and tumble advice from me on. I am suggesting that they deliver no mail to anyone of Republican faith. 2 BLOWS SWUNG BY LONG FORCES AT NEW ORLEANS

Court Actions Involve Millions Of Dollars Of City's Funds

NEW ORLEANS, April 13.—(AP)—Senator Huey P. Long's state administration today struck twice at its most formidable foe, the present city administration of New Orleans, in separate court actions involving millions of dollars of the municipality's funds.

While First Assistant Attorney General George M. Wallace was seeking dismissal in federal district court of the city's application to readjust its finances under the Fletcher-Wilcox bill passed by congress in May, 1934, Governor Oscar K. Allen filed an application in civil district court for a preliminary injunction to restrain the city from disbursing $1,800,000 obtained by the sewerage and water board from the Public Works administration through issuance of bonds.

The governor's application went unsigned today since it was filed after the civil clerk's office closed at noon, but it will be considered Monday by the court's five judges.

The application is directed against members of the sewerage and water board, composed of Mayor T. Semmes Walmsley, arch enemy of Senator Long, and 12 other city officials.

It sets out that the "old" sewerage and water board was abolished under an act of the second special session of the 1934 legislature, but that the present members "still are claiming

(Continued on Third Page)

HOODLUM SHOT ON CHICAGO STREET

CHICAGO, April 13.—(AP)—A hoodlum's gun, reminiscent of gang war days, barked on the fringe of the downtown "Loop" today and Sanford "Gimpy" Rosenbaum, bodyguard of Edward "Slike" O'Donnell, fell dangerously wounded.

Double-parking his sedan for a quick get-away on Wells street, rim of the Loop, the gunman strolled across the street and accosted Rosenbaum. They chatted a moment, then the stranger pulled his revolver and fired three times.

The gunner jumped into his car and sped away.

Physicians said Rosenbaum probably would recover.

He refused to talk.

Woman Confesses She Made Error In Harboring Bandit

PRENTISS, Miss., April 13.—(AP)—Bergie Honeycut Johnson, native Mississippi woman who carved her home from a wilderness, admitted before a three-judge magistrates court here today that she committed a "grave social error" in "harboring the bandit Raymond Hamilton and his friends."

But she denied the formal charge of the state of Mississippi that she conspired to rob the Bank of Blountville at Prentiss in the outlaw's recent invasion of Mississippi.

Arraigned on a charge of "robbery with fire arms" and accused as an accomplice of Hamilton and Ralph Fults, a fugitive from justice, Mrs. Johnson entered a plea of not guilty, and at the conclusion of her hearing, bond was fixed at $10,000. Her attorneys said no attempt would be made to supply bail before next week.

Bergie told her story from the witness stand, and at times overruled even her own counsel because "I want to tell it all," she said.

District Attorney Toxie Hall of Columbia, who prosecuted the case, charged that the 40-year-old Jeff Davis county farm woman not only harbored and concealed Hamilton and his companions upon their recent reign of robbery and terror in Mississippi, but also piloted them "in and about Prentiss" on the "very morning of the robbery."

The district attorney charged her with "conspiracy to commit a capital crime," and said he would demand the death penalty before a jury if she goes to trial.

Attorney G. L. Martin, of Prentiss, counsel for Mrs. Johnson, pointed his finger at the district attorney as he arose to begin his argument for bail for his client, and said: "I want to ask the district attorney one question Are you going to hang that woman?"

Hall replied "I am going to ask a jury to do it."

The defense contended that the charge against Mrs. Johnson is not a "capital" crime, and read a statute stating that robbery with a fire arm

(Continued on Eighth Page)

CITY WILL SEEK ELIMINATION OF GRADE CROSSINGS

Bernstein To Ask Government To Do Away With Local Hazards

PLANS NOT COMPLETED

Viaducts May Be Constructed At Two Intersections Of I. C.

Mayor Arnold Bernstein said last night that he was planning to seek funds from the United States government to eliminate grade crossing hazards in the city of Monroe. The funds sought will be in addition to $1,588,000 already proposed for building projects here.

Mr. Bernstein said that although he had not yet taken the matter up with proper officials, he had given it considerable thought and was planning to go forward with the plan as soon as possible.

He asserted that the most desired crossing elimination was at the Walnut street crossing of the Illinois Central railroad. Next, he said, would be another elimination project at either North Second or North Third streets. Efforts also will be made, he stated, to do something about the situation at Five Points, where the Illinois Central crosses the city's main thoroughfare, DeSiard street.

Another crossing elimination project would be at Thomas street, where the Missouri Pacific passes over the thoroughfare. This is important, the mayor pointed out, because Thomas is the main street that leads to Bernstein park.

The exact nature of the proposed projects has not been determined, but it was thought that the Illinois Central crossings would be constructed underground and the one at Thomas street would be either over or under the Missouri Pacific tracks.

Mr. Bernstein called attention to the fact that the "traffic situation is serious enough now and it will be even more so when the new river bridge is finished."

President Roosevelt has shown that he is greatly interested in the elimination of grade crossings and plans are being pushed to carry out this work. On Friday he outlined four basic principles to govern the spending of money for grade crossings.

They are:

The states or localities shall provide the land for doing away with the crossings.

The crossings eliminated shall be on main line roads.

The federal government will pay the full cost of the work.

The work that can be done shall be completed before July 1, 1936.

NATIONAL PLANNING AGENCY IS ENVISAGED

WASHINGTON, April 13.—(AP)—The creation of a permanent national planning agency to chart the course for a continuing public works program was reported authoritatively today to be envisaged by President Roosevelt in shaping his four billion dollar relief work plan.

This disclosure came while the unofficial house Democratic steering committee was seeking a conference with the president to ask that members of congress be allowed some say about the projects to be undertaken in their districts. They hoped to see Mr. Roosevelt Monday.

Other developments of the day included:

Allocation by Harry L. Hopkins, the relief administrator, of $113,661,384 for April relief. Georgia was given no funds and Pennsylvania only half a month's supply, they being among the states which Hopkins has said had not made arrangements to furnish their share of the cost.

Bureau of public roads officials said states were ready to go ahead with a grade crossing elimination program costing between $100,000,000 and $200,000,000.

Robert Fechner, director of the civilian conservation corps, said 20,000 members of the corps would be sent to Kansas, Oklahoma, Texas, New Mexico and Colorado to broaden the soil erosion prevention program.

Secretary Ickes reported that 17,000 of 19,000 public works projects under the old fund had been completed or were under construction and that employment at different times had been provided 2,000,000 persons. He said $2,506,050,000 had gone into construction and $1,200,000,000 to the financing of other government agencies.

LABOR COUNCIL HOLDS MEETING

Representative Of Tobacco Union Delivers Address Here

R. D. Roberts, of Louisville, Ky., special representative of the publicity department of the Tobacco Workers' International Union, was the guest speaker at the meeting Friday night of the Monroe Central Trades and Labor council.

After discussing at length certain conditions which face the Tobacco Workers union due to what he described as the "big four" monopoly, Mr. Roberts requested that local union workers ask their congressional delegations to support certain measures now pending in congress which are, he said, of great importance, not only to his organization, but to users of tobacco in general.

The measures, Mr. Roberts said, seek the enactment of a graduated tax scale on cigarettes. At present, the federal tax on the cheaper brands of cigarettes is the same as it is on the more expensive brands, which, in effect, places a tax on the cheaper brands of more than double that assessed against the higher - priced brands.

Unless the measures are passed by congress, Mr. Roberts pointed out, thousands of tobacco workers may be thrown out of employment by the closing of factories.

The council unanimously approved the measures and delegates of the various local unions are to report the matter back to their units for similar action.

The council took favorable action on the proposal of the City of Monroe to borrow over a million dollars for civic improvements. Resolutions to that effect are to be drawn up by a committee and passed on by the council at a later meeting.

Chairman W. S. Adcock presided at the session, which was largely attended by representatives of local crafts.

ERA Pay Checks May Be Late This Week

Miss Rebecca Cassell, ERA director stationed in Monroe, explained Saturday that checks in payment for work may be received slightly late this week. Her statement, which is self-explanatory, is as follows:

"Because of the transfer of the emergency relief administration from a state to a federal basis, there may be some delay in issuing checks to clients of the organization.

"Checks which are due Monday, April 15, may not be ready for distribution before Tuesday and at the latest Wednesday.

"Clients are requested not to come to the office if checks do not reach them on time but to cooperate with the organization in this transfer, as they will be paid immediately on receipt of checks by the parish office.

Jonesboro

The Ruth Brown circle of the Methodist church met with Mrs. R. A. Crowson for a mission study lesson. Mrs. Fred Calaway gave the devotional and taught the lesson from the fifth chapter of the mission study book, "St. Mark's Life of Jesus."

After the lesson Mrs. Julius Briehm gave the introduction of the new study course, "Suzuki Looks at Japan." The hostess served cake and punch. The next meeting will be with Mrs. Neil Thomas.

The Young Women's circle of the Methodist church met in the home of Mrs. Manuel Dickerson. The meeting was opened with prayer by Mrs. Cecil Garrett and Mrs. David Shivley taught the Bible lesson from "St. Mark's Life of Jesus." Mesdames George Littlefield and H. W. Ayers also took part in the lesson. Mrs. Carmen Thomas introduced the new mission study book for the next study course. Those present were Mesdames Carmen Thomas, W. P. Miller, David Shivley, John Dupree, Cecil Garrett, H. W. Ayers and George Littlefield.

Mrs. H. M. Gatlin was hostess to her bridge club in her home on Allen avenue. Pink and red radiance roses were used effectively for the decoration of the reception rooms. For high score Mrs. B. B. Bass was awarded a lovely pottery vase and Mr. Bass received a tie for the gentleman's score. A refreshment course was served on the card tables centered with small vases filled with pink rosebuds, to the following members: Mr. and Mrs. Tom Cox, Mr. and Mrs. Paul Stinson, Mr. and Mrs. S. Kirkland, Mr. and Mrs. S. Lewis, Mr. and Mrs. W. C. McDonald, Mrs. O. A. Gaar, W. Knight, Dr. W. M. McBride and Mr. and Mrs. B. B. Bass.

Miss Marie Myers, daughter of Mr. and Mrs. J. D. Myers of Jonesboro and Namase Dubois of Lake Charles were married Tuesday evening at 7 o'clock in the courthouse, with J. M. Shows, justice of the peace, officiating. Miss Mildred Shows, Miss Helen McKinney and Miss Verda Black, close friends of the bride, were present for the ceremony. The couple will reside in Jonesboro.

Mrs. W. L. Rue of Natchitoches announces the marriage of her daughter, Mary, to Talford Jones, also of Natchitoches, on Wednesday afternoon at 4 o'clock, April 3, at the Baptist parsonage in Winnfield. Rev. B. C. Land officiated. The couple will reside in Natchitoches, where the two are students at the Louisiana State Normal college. Mrs. Jones was at one time a resident of Jonesboro and has many relatives and friends who still live in Jonesboro and wish her a bon voyage in her new venture.

Mr. and Mrs. W. F. Moore of Jonesboro announce the arrival of a baby girl, born on April 5. She weighs 8 pounds and has been christened Gloria Margaret.

The members of the Jonesboro Art club met with Mrs. Tommie Cox. Those present were Mesdames Jefress, Paul Stinson, Pauline Littlefield, W. P. Martin, H. W. Ayers, Carmen Thomas and Stanley Lewis. During the social hour the hostess served chicken sandwiches, pear salad, olives, crackers and tea.

FHA REPRESENTATIVE GOES TO ALEXANDRIA

Charles W. Elam, manager of financial relations of the federal housing administration, who spent three days in Monroe last week giving advice to prospective borrowers, left Saturday for Alexandria where he is to conduct a similar service for the public .

Fully 300 persons thronged the Chamber of Commerce rooms here on Thursday, Friday and Saturday morning to contact Mr. Elam and secure first-hand information as to how to secure federal aid in the erecting of new homes, the repair of homes and in some cases the re-financing of residences.

Mr. Elam stated that the eagerness of Monroe people to secure loans and the cooperation shown by the banks here were highlights of his visit.

2 MEN KILLED BY AUTOMOBILE

Meet Death Near Haynesville While Trying To Extinguish Fire

HAYNESVILLE, La., April 13.—(AP)—A. H. Colvin, 53, automobile salesman, and W. N. Moore, 39, a mechanic, were killed last night when struck by an automobile on the highway a mile and a half south of Haynesville. The two men were attempting to extinguish a blaze of a wrecked car when the accident occurred. Colvin was dragged 75 feet and instantly killed. Moore died a few minutes after he reached the local sanitarium.

S. V. Fyssel, of Haynesville, was the driver of the car which struck the two men, it was reported. One of Colvin's legs was severed from his body and he was badly mangled. Fyssel's car swerved off the road and ran into a ditch, overturning several times, and was completely wrecked. However, the driver and three young women, and a negro, occupants of the car, escaped without serious injuries.

Moore suffered a broken neck and Colvin sustained a fractured skull.

Fyssel said he was blinded by the lights of a car parked by the road at the scene and did not see the two men on the highway until he was on them. A coroner's jury, empaneled by Dr. W. B. Middleton, parish coroner, held it an "unavoidable" accident. No charges were filed.

Shortly after 7 o'clock Miss Nealie Colvin, daughter of A. H. Colvin, and Miss Elizabeth Baucum, were riding on the highway when Miss Colvin's car struck and killed a cow. The car was wrecked and caught fire. They flagged a passing motorist and rode to Haynesville to report the accident. Miss Colvin's father and Moore had gone to the scene with a wrecker to salvage the wrecked car when the tragedy occurred.

FIRE DAMAGES SCHOOL

CLARKS, La., April 13.—(Special)—The Clarks high school building was damaged by fire Friday morning at about 11 o'clock. The fire, which did considerable damage to the roof, will not cause any dismissal of school. A large crew of men was summoned from the mill and was successful in extinguishing the fire.

Royal air force squadrons of Great Britain are undergoing a program of modernization of equipment which will be continued until all units are thoroughly up to date.

Shareholders Will Vote On Issue Of Securities

William Gibson, manager of Swift & Company, of Monroe, said yesterday that more than 50,000 shareholders of Swift & Company had been informed by G. F. Swift, president, that they will have an opportunity to ratify the $43,000,000 issue of securities (recently registered by the securities and exchange commission, in Washington) at a special meeting of shareholders to be held at the general offices of Swift & Company in Chicago on May 10.

The 50,000 shareholders, scattered over the entire United States, are invited to attend the meeting in person, but if unable to do so they are requested in the notice to send in their proxies in time for them to be used for formal ratification of the new refinancing plan, at the meeting.

LABOR COUNCIL HOLDS MEETING

Representative Of Tobacco Union Delivers Address Here

A. D. Roberts, of Louisville, Ky., special representative of the publicity department of the Tobacco Workers' International Union, was the guest speaker at the meeting Friday night of the Monroe Central Trades and Labor council.

After discussing at length certain conditions which face the Tobacco Workers union due to what he described as the "big four" monopoly, Mr. Roberts requested that local union workers ask their congressional delegations to support certain measures now pending in congress which are, he said, of great importance, not only to his organization, but to users of tobacco in general.

The measures, Mr. Roberts said, seek the enactment of a graduated tax scale on cigarettes. At present, the federal tax on the cheaper brands of cigarettes is the same as it is on the more expensive brands, which, in effect, places a tax on the cheaper brands of more than double that assessed against the higher - priced brands.

Unless the measures are passed by congress, Mr. Roberts pointed out, thousands of tobacco workers may be thrown out of employment by the closing of factories.

The council unanimously approved the measures and delegates of the various local unions are to report the matter back to their units for similar action.

The council took favorable action on the proposal of the City of Monroe to borrow over a million dollars for civic improvements. Resolutions to that effect are to be drawn up by a committee and passed on by the council at a later meeting.

Chairman W. S. Adcock presided at the session, which was largely attended by representatives of local crafts.

HURT BY HORSE

JENA, La., April 13.—(Special)—D. L. Jones, 60, residing near Trout, received a fractured skull when thrown and kicked by a horse he was riding. First aid was administered by a physician here. Later he was taken to an Alexandria hospital where it was ascertained he had received a serious but not necessarily fatal injury.

Nearly 6,000,000 gallons of milk have been distributed to pupils in schools of England in three months.

ERA Pay Checks May Be Late This Week

Miss Rebecca Cassell, ERA director stationed in Monroe, explained Saturday that checks in payment for work may be received slightly late this week. Her statement, which is self-explanatory, is as follows:

"Because of the transfer of the emergency relief administration from a state to a federal basis, there may be some delay in issuing checks to clients of the organization.

"Checks which are due Monday, April 15, may not be ready for distribution before Tuesday and at the latest Wednesday.

"Clients are requested not to come to the office if checks do not reach them on time but to cooperate with the organization in this transfer, as they will be paid immediately on receipt of checks by the parish office.

2 BLOWS SWUNG BY LONG FORCES AT NEW ORLEANS

(Continued From First Page)

to be in possession of their offices as members of the old board."

The governor's petition contends that "if the city is permitted to proceed to expend the money, the city under the pretense of using the proceeds exclusively for construction and extension of the sewerage, water and drainage system, will unlawfully and extravagantly expend the same principally and primarily for jobs political henchmen allied with the political faction of the said persons named in article 5 (old sewerage and water board)."

It further asserted that if the city were allowed to spend the money "no substantial construction or extension of the sewerage, water and drainage system of the city of New Orleans will be undertaken and that great injury will result to its citizens and taxpayers and to the state of Louisiana and its taxpayers."

Meanwhile Federal Judge Wayne G. Borah heard arguments on the city's application to readjust its financial obligations under the federal statute. Following the hearing attended by the city's largest creditors, who are supporting the petition for debt readjustment, and representatives of the state attorney general's office, New Orleans firemen and the board of port commissioners of New Orleans, all opposing the plan, Judge Borah took the case under consideration.

Before the federal judge are three questions, namely: Whether parties intervening in the action are secured creditors of the city, whether the congressional act of which the city is seeking to avail itself is constitutional, and if approved, which of two plans submitted shall be executed.

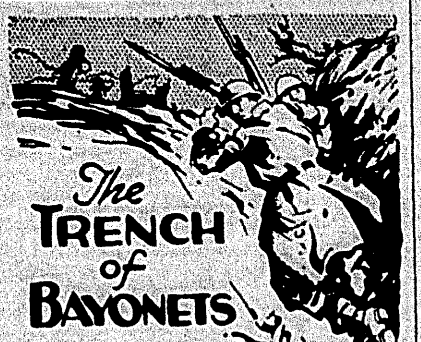
Canes are passing out of style in London.

A STAMPING CORNER

By W. J. KIRBY



RAIN had drenched the fields along the Verdun sector, in the late spring of 1916, and the trenches were sodden with soft mud. In one of these mucky holes waited a company of 100 French soldiers, bayonets fixed, ready to go over the top.

Suddenly the rain-soaked ground above caved in and buried the 100 soldiers alive. Only their bayonets remained sticking above ground.

Today this grim reminder of war is enclosed in a memorial, and the memory of this tragedy is perpetuated in France's charity issue of 1917-19, for the orphans of war.

REPUBLIQUE FRANÇAISE
35c
+25

(Copyright, 1935, NEA Service, Inc.)

By W. J. KIRBY

After months of preparation, the date of issue of the Connecticut Tercentenary stamp has finally been announced. First day of sale will be at Hartford only, April 26. The design features the famous "Charter Oak," and is of horizontal rectangular formation. A Washington correspondent who has seen the design states that it is one of the most distinctive ever designed.

Persons desiring first day covers of the stamp should address the number of envelopes desired, addressing them to themselves, or to the person for whom intended. Mail these, inside a larger envelope, to the postmaster at Hartford, together with cash or money order to pay for the stamps desired—3c for each stamp. Do not order mint stamps from Hartford, but from the Philatelic Agency, Washington. Do not send unused stamps in payment for those you desire.

To commemmorate the 25th anniversary of the reign of King George, Canada will issue a set of six stamps as follows: 1c green, portrait of Princess Elizabeth; 2c brown, portrait of Duke of York; 3c red, portraits of King and Queen; 5c blue, portrait of the Prince of Wales; 10c green, view of Windsor Castle; 13c blue, picture of the royal yacht, "Brittania." The exact date of issue has not yet been announced, but is expected to be about May 6.

The Silver Jubilee issue from Great Britain will comprise four values—1-2d., 1d., and 2 1-2 d. These will be on sale at all postoffices in the British Isles for two months, beginning May 6, during which time these values of the regular issue will be withdrawn from sale, except through vending machines, which are more popular in Britain than in our country.

PALM SUNDAY WILL BE OBSERVED HERE

Services appropriate to Palm Sunday will be held in churches of the Twin Cities today. This will be especially true of St. Matthew's Catholic church and of Grace Episcopal church.

At St. Matthew's church there will be masses held at 6:30, 8 and 9:30 o'clock in the morning. Palms will be blessed and distributed immediately before the 9:30 o'clock high mass.

At Grace church, the Holy Eucharist is to be celebrated at 7:30 a.m. The morning service with preaching will be held at 11 a.m. Palm branches will be blessed and distributed at all services.

The First Baptist church is to present with a choir of 45 voices, "Cross and Crown" an Easter cantata, at the evening service tonight.

2 BLOWS SWUNG BY LONG FORCES AT NEW ORLEANS

(Continued From First Page)

to be in possession of their offices as members of the old board."

The governor's petition contends that "if the city is permitted to proceed to expend the money, the city under the pretense of using the proceeds exclusively for construction and extension of the sewerage, water and drainage system, will unlawfully and extravagantly expend the same principally and primarily for jobs political henchmen allied with the political faction of the said persons named in article 5 (old sewerage and water board)."

It further asserted that if the city were allowed to spend the money "no substantial construction or extension of the sewerage, water and drainage system of the city of New Orleans will be undertaken and that great injury will result to its citizens and taxpayers and to the state of Louisiana and its taxpayers."

Meanwhile Federal Judge Wayne G. Borah heard arguments on the city's application to readjust its financial obligations under the federal statute. Following the hearing attended by the city's largest creditors, who are supporting the petition for debt readjustment, and representatives of the state attorney general's office, New Orleans firemen and the board of port commissioners of New Orleans, all opposing the plan, Judge Borah took the case under consideration.

Before the federal judge are three questions, namely: Whether parties intervening in the action are secured creditors of the city, whether the congressional act of which the city is seeking to avail itself is constitutional, and if approved, which of two plans submitted shall be executed.

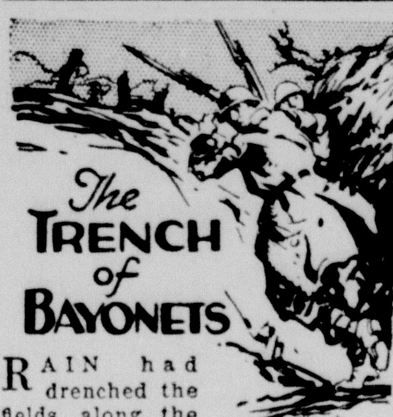
A STAMPING CORNER

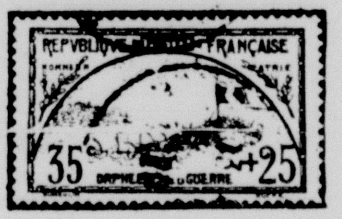
By W. J. KIRBY



RAIN had drenched the fields along the Verdun sector, in the late spring of 1916, and the trenches were sodden with soft mud. In one of these mucky holes waited a company of 100 French soldiers, bayonets fixed, ready to go over the top.

Suddenly the rain-soaked ground above caved in and buried the 100 soldiers alive. Only their bayonets remained sticking above ground.

Today this grim reminder of war is enclosed in a memorial, and the memory of this tragedy is perpetuated in France's charity issue of 1917-19, for the orphans of war.



(Copyright, 1935, NEA Service, Inc.)

By W. J. KIRBY

After months of preparation, the date of issue of the Connecticut Tercentenary stamp has finally been announced. First day of sale will be at Hartford only, April 26. The design features the famous "Charter Oak," and is of horizontal rectangular formation. A Washington correspondent who has seen the design states that it is one of the most distinctive ever designed.

Persons desiring first day covers of the stamp should address the number of envelopes desired, addressing them to themselves, or to the person for whom intended. Mail these, inside a larger envelope, to the postmaster at Hartford, together with cash or money order to pay for the stamps desired —3c for each stamp. Do not order mint stamps from Hartford, but from the Philatelic Agency, Washington. Do not send unused stamps in payment for those you desire.

To commemmorate the 25th anniversary of the reign of King George, Canada will issue a set of six stamps as follows: 1c green, portrait of Princess Elizabeth; 2c brown, portrait of Duke of York; 3c red, portraits of King and Queen; 5c blue, portrait of the Prince of Wales; 10c green, view of Windsor Castle; 13c blue, picture of the royal yacht, "Brittania." The exact date of issue has not yet been announced, but is expected to be about May 6.

The Silver Jubilee issue from Great Britain will comprise four values—1-2d., 1d., and 2 1-2 d. These will be on sale at all postoffices in the British Isles for two months, beginning May 6, during which time these values of the regular issue will be withdrawn from sale, except through vending machines, which are more popular in Britain than in our country.

The Monroe Morning World is an independent newspaper. It prints the news impartially. It supports what it believes to be right. It opposes what it believes to be wrong without regard to party politics.

All Isn't Lost

During the war between the states a federal gunboat was reported to be steaming up a river on a small fort. Realizing that their fortifications could offer but small resistance to the battleship, the soldiers occupying the fort abandoned it. However, one man refused to leave. He said he was going to stay there and take at least one shot at the enemy craft.

As the ship came within range of the fort, it struck a sand bar and swung around stern first to the shore where the fort was located. The man who remained aimed a cannon at the ship and fired a shot that tore away the rudder. The vessel was thus so placed that it could not train its guns on the fort. The man in the fort ran from cannon to cannon firing shot after shot into the gunboat. The commander of the ship, realizing the helplessness of his vessel, and thinking the fort fully manned, surrendered.

You cannot be sure that you cannot win, no matter how great the odds against you. Over and over again courageous persons have accomplished the impossible. Over and over again men single-handed, and small groups of men have won out in the face of what seemed to be an unconquerable adversity. One of our machine gunners in the World war captured single-handed a hundred and twenty-six Germans.

All through history the biggest victories have been won by those who appeared to be coping with overwhelming forces.

A brave soul who will fight on in spite of discouragement and opposition, draws to himself unseen powers.

Whether we realize it or not and whether we see anyone or not, we never fight alone. The greater our faith, the greater our courage, the greater will be the assistance that comes to us.

THE DRIVE FOR JOBS

Recent authenticated figures show that there are between nine and ten million people unemployed in the United States, a reduction from about thirteen million when the depression was most critical. This is a gratifying improvement.

With the final passage and signing of the $4,880,000,000 work-relief bill, further stimulus will be given the employment situation and, while some jobs will be provided immediately, the objective of 3,500,000 jobs by November has been established. Achievement of this goal will mean that real progress has been made toward the solution of the most difficult and vital of all of the numerous problems involved in the depression.

In giving to Harry L. Hopkins, relief administrator, the leading role in the direction of the new works program, the president has gained public confidence in the honesty and competency with which this responsibility will be fulfilled.

Since assuming his present post, Mr. Hopkins has been a relentless and an effective foe of the grasping politician and the grafters who have been responsible for abuses and evils of one sort or another. In so far as it is humanly possible to do so, he will maintain the administration of the new work-relief fund on a scrupulously honest basis.

MEMORIAL TO 'T. R.'

The federal relief administration plans to purchase two sizable tracts in the "bad lands" of North Dakota and turn them into a public recreation area. Some 42,000 acres of land have been optioned, and present plans call for construction of a scenic drive following the Little Missouri river, erection of cabins and hotels, and laying out of camping sites, footpaths, riding trails, and so on.

The interesting thing about this venture is the fact that the park will be named for Theodore Roosevelt, whose old ranch lies right in that neighborhood.

It would be hard to think of a more fitting memorial to "Teddy" than a western park where all the people could enjoy outdoor life. No American did as much to make us conscious of the heart-lifting openness and beauty of our great west as Theodore Roosevelt; nor did anyone do as much to preserve the natural resources of that region for the public good.

Theodore Roosevelt park should be a welcome addition to our recreational resources in more ways than one.

Strange how easily diplomats can avert war when the folks at home aren't in a humor to obey orders.

Funny world! Men think themselves free so long as the boss they must obey isn't the government.

The surest proof of dumbness is the belief that none are smart except those who agree with us.

More Truth Than Poetry

By JAMES J. MONTAGUE

A FEW LINES TO APRIL

The pussy willows hang their heads,
Each day I look around
And not a bloom
Amid the gloom
And bluster can be found.
You're said to be the harbinger
Of soft and gentle spring,
But still the day
Is drear and gray;
No violets star the ground.

I fancied that when March had gone
You'd swiftly come along,
And that the birds,
Though lacking words,
Would all burst into song.
I thought perhaps a lusty trout
Would rise to meet my fly,
And I would feel
A tautened reel,
But nary trout swims by.

You're lavish with your promises;
You always seem to say,
In accents low:
"Come on, let's go
I'm forth and on my way."
And then the breezes bluster past
And chill my cold damp feet,
Once more I find
You've changed your mind;
You're just a fraud and cheat.

BAD TEAM WORK

Congress is just waiting around for the president to ask it to do something, so it can go to work and not do it.

EXPLANATION

A New York board is trying to find out why boys play hookey. Isn't it just possible that it's because they don't like to go to school?

LOOK FOR YOURSELF

Most of the modern girl's polish is on her finger, nails.

(Copyright, 1935, by the Bell Syndicate, Inc.)

Time To Crack Down

By BRUCE CATTON

News that a bench warrant has been issued for the arrest of a defense witness in the Bruno Hauptmann trial, following return of an indictment for perjury, is a timely reminder that the courts too often are lax in dealing with plain and fancy lying in the witness chair.

In this particular case, the man accused is one Benjamin Heier, who was called by the defense to testify that on the night the Lindbergh ransom was paid he sat in a car parked by the famous cemetery wall and saw Isador Fisch cavorting about in the neighborhood.

Whatever impression this testimony might have made on the jury was canceled, however, when the prosecution introduced evidence to show that at the time the ransom was being paid Heier was involved in a traffic accident away off on the other side of town. After the Hauptmann trial was wound up, the prosecutor called the grand jury's attention to the matter, and an indictment was voted.

About the only unusual feature of the case is the fact that the grand jury actually did get busy.

* * *

No one who frequents American courts can be ignorant of the fact that flagrant perjury has become almost as common as grass in recent years. It is an evil that afflicts criminal and civil courts alike. Hardly any criminal is so friendless that he cannot get some kindly soul to come into court and swear that he (the criminal) was many miles away when the crime took place; few participants in civil actions seem to have much trouble finding people willing to swear to anything and everything that seems at the moment to be advisable.

Yet indictments for perjury are rare, and convictions are rarer still.

* * *

You don't need to think very long to see how profoundly the prevalence of such perjured testimony interferes with dispensing justice.

Our whole judicial process is based on the theory that people who come into court will tell the truth to the best of their ability. We have devised an oath calculated to impress upon the devout the supreme importance of sticking to the truth. Our laws provide severe penalties for those immune to such impressions. But perjury continues, and any lawyer or court reporter can tell you that the amount of lying that goes on in our courts is enough to make Ananias look like a piker.

Until judges and prosecutors generally are zealous to crack down on perjured testimony, the courts will be crippled. Nothing would help the dispensing of justice much more than widespread realization that the man who tells a lie on the witness stand is in for a very bad time of it a little later on.

BARBS

Astronomers report that clouds are hiding Mars from view. And behind the clouds, judging by rumblings and reverberations, the old boy is casting shells, oiling his old musket and polishing his sword.

* * *

Europe owes us something like $13,000,000,000, but we're a generous and forgiving people and send over a few millions more each years as investments in lottery tickets.

* * *

Representative Tinkham says the Japanese are as civilized as ourselves and the very latest in statistics shows that we lead the world in the production of criminals.

* * *

Occasionally there is cause for gratification in consequence of an unfulfilled campaign pledge, as in the case of Bilbo of Mississippi, who promised to out-Huey Huey.

* * *

Al Capone has been disciplined for brawling at Alcatraz. Al should be more careful. The impression that he is no gentleman might get around.

* * *

It's beginning to look like the good old days of 1928-29 with Chicago assassins shooting at their prosecuting attorney.

* * *

It is bad sportsmanship to hit a man who is down uness he's on the other team and the referee isn't looking.

* * *

Those dreadful Germans again have everything needed to make war except guns, ships, rations and money.

SO THEY SAY

Few facts are sure, and all attitudes are debatable. And controversy soundly launched is the best possible means of teaching one to think.—John Hays Hammond, famed engineer.

* * *

In no part of the world do workers want war, but dictatorships have made it impossible for them to bring their force to bear to prevent it.—William Green, president of A. F. L.

* * *

I have no comment, but good cannot come of it. My opponents are doomed to hell.—Wilbur Glenn Voliva, after his election defeat.

* * *

I have never been in love with anybody or anything except my work. —Evangeline Booth, Salvation Army head.

* * *

Oh, I am feeling much better, but not in football trim.—Admiral Byrd.

New Deal In Washington

By Rodney Dutcher

WASHINGTON.—You won't find anything about it in the administration's new NRA bill, but there'll be no return to one-man rule in the NRA of the future.

Unless the senate makes an amendment, the form of administration will be left to Roosevelt.

The president and Donald Richberg have discussed the question frequently. They agreed that a gent like General Johnson could get things done a lot faster than a board like the present NIRB.

But they also agreed that no sane, high-grade man would ever take such a job again and that, even if he did, the thousands of inevitable pressures on him would soon knock him off balance.

The chairman of a board can always pass the buck to the full board when a few billion dollars' worth of industry lands on his neck. That's why the revised NRA will be governed by a board—though the supreme NRA power will continue to rest with Roosevelt.

* * *

Why of the Big "Protest"

Chairman Burt Wheeler of the senate interstate commerce committee was startled the day he received more than 3,000 letters, nearly all protesting against the Wheeler-Rayburn holding company bill. Then his clerks began to find among them letters such as the following from Harrisburg, Pa.:

"Dear Sir: Please find enclosed printed matter which is given to all employes of the Pennsylvania Power & Light Co.; also a card which they are asked to have signed by four voters.

"They are also asking all employes to write a letter to each senator and representative on the committees on interstate commerce. This is a total of 50 letters each man must wrtie.

"Then he must bring them all to the Pennsylvania Power & Light company office to be checked. These men resent this very much, but they know they had better do as asked or their jobs will be in danger. I mention this to you so that when you get a flood of letters you will know how and why you received them. . . ."

* * *

Kaiser'll Stay Put

Hitler is trying to get the ex-Kaiser back on German soil, according to confidential advices from a German source usually reliable which arrived here during the peak of the war scare. According to this story:

Wilhelm is virtually broke, unable to collect revenue from his estates back home because of reich currency restrictions, and heavily indebted to Amsterdam bankers. Attempts to have the currency restrictions re-relaxed and to borrow from Sir Henri Deterding, British oil magnate, failed.

Hard times caused members of the small court to intrigue and propagandize abroad toward a royalist restoration—an idea which appeals to at least one strong element in Germany. Hitler's secret police—the Gestapo—decided it would be safer to have the exKaiser at home, where he could be watched.

But the ex-Kaiser wants to stay where he is—and have his income bootlegged out to him, if possible.

* * *

Women Show Power

Female wrath wrecker the lobbyist-inspired rider to the agriculture appropriation bill which threatened to prevent the bureau of home economics from tipping off the citizenry to healthy diets.

The house passed the rider at behest of a lobbyist for flour millers who had persuaded wheat state congressmen that reduced consumption of wheat had been urged.

Evidence indicated the effect of the diets attacked would really be to increase wheat consumption, but had been used to build up the lobby.

Women's organizations protested so furiously that the big millers themselves—remembering that women are their customers—rushed word here that the rider must be killed.

The American Association of University Women, American Diet association, American Home Economics association, National Congress of Parents and Teachers, National League of Women Voters, and National Woman's Trade Union League led the fight.

(Copyright, 1935, NEA Service, Inc.)

NORGE 'ROLLATOR' LINE IS FEATURED

The nationally advertised line of Norge "Rollator" refrigeration, adapted for household and commercial use, is now being featured by the Louisiana Store and Market Equipment company at 240 South Grand street, opposite Hotel Monroe. A first shipment of merchandise has just been received and a variety of these refrigerators is now to be seen on exhibition at the sales rooms.

"After thorough investigation of the many lines of household refrigerators on the market," stated Manager Passman, "I am convinced that Norge 'Rollator' refrigeration is the nearest approach to mechanical perfection, the most economical to operate and will give the least amount of mechanical trouble of any on the market."

Mr. Passman extends a cordial invitation to home-owners to inspect this fine line of merchandise. He states he is sure they will be interested not only in the beautiful line of models, all finished in lifetime porcelain, but also to completely examine the "Rollator" itself and to learn for themselves that the Norge is built for lifetime use.

Associated with Mr. Passman will be C. C. Jones, in charge of retail sales and John Bateman, who has had many years' experience in refrigeration installation and service, Mr. Passman said.

Officers Are Elected By Fraternity At Tech

RUSTON, La., April 13.—(Special)—Theta Kappa Nu, social fraternity at Louisiana Tech, has elected the following officers for next year: J. E. Thompson, McComb, Miss., archon; Robert Sims, Ruston, scribe; Carroll Thomas, Little Rock, Ark., oracle; Billy Tindol, Homer, captain-of-the-guard; and Iley Barnes, Crossett, Ark., chaplain.

The Theta Kappa Nu scholarship key, awarded annually by that fraternity to the student making the highest scholastic average, has been given to Roy Sessums of Ruston. The fraternity activities award for the senior having participated in the most extra-curricular activities, has been presented to A. D. Williams of Gibsland.

EXPLANATION OF LAST SATURDAY'S CARTOON

THE POLISH EDISON—Professor Ognacy Moscicki, who has been president of Poland since 1926, celebrated his 30th anniversary as scientist and inventor last year. President Moscicki was born in Russian Poland, but had to leave his native country in his youth for political reasons. He has occupied professorial chairs in many parts of the world, and has made to date 500 inventions in the field of electro-chemistry and electro physics. Fifty-three of these inventions have been patented so far. While occupying tha highest post within the gift of his country, he has continued to be active in the scientific field and is one of the few outstanding executives of the world. Before he became president of Poland, he was a citizen of Russia and of Switzerland.

Lights Of New York

By Paul Harrison

NEW YORK—One of the nicest things about April is that it marks the waning of the cocktail-party season. By now most of the spring books have been launched in floods of Martinis. And most of the new authors have had their egos baptized in publicity.

Lecturers are drifting back to Manhattan from the midlands, and already have begun to sail in search of fresh material for more lectures. Nobody gives bon voyage parties lecturers, because they might never come back. Foreign actors and actresses are looking up ship schedules or Hollywood time tables. Distinguished musicians are played out as their concert tours come to an end. Even the night clubs are having a hard time finding reasons for giving publicity soirees.

* * *

Great Expectations

It must be that on one occasion or another everybody has gone to a cocktail party (some of the publishing houses still call them literary teas) has had a thoroughly enjoyable time, and keeps on attending them with the conviction that some day history will repeat itself. I go to them, too, whispering to my conscience enroute that no matter how badly they turn out they are still part of my job. The fact is, of course, that afternoon parties are a kind of occupational disease, a Public Menace No. 1.

All invitations to afternoon parties (4 to 7) carry a hopeful little R.S.V.P. in one corner. However, I never have known anyone who ever sent in an acceptance. If you decide to attend, they can't turn you away. If you don't go, you can counter subsequent reproofs by pointing out that you hadn't made any promises.

Usually you go. You go about 5 o'clock, an hour that proves you don't wish to cadge all the cocktails; an hour, also, that may provide a few minutes conversation with the guest of honor. If you are an optimist (and all party-goers must be optimists), your spirits are above par when you enter the room. Maybe it will be fun.

* * *

A Gusher

The first people you see are the 4 o'clock arrivals, waving at waiters. Well, at least there is the consolation of knowing that some of the drunks, bores and rudest people are likely to leave early. As yuo are picking your way among them the hostess catches up with you.

"So GOOD to see you!" says she. "So GOOD of you to come. Just about EVERYBODY is here, but I've been watching the door and hoping YOU would show up. I guess you know NEARLY all these people, but I'll take you around. By the way, do tell me your name so I can introduce you."

You meet the guest of honor, a Mr. Barnaby Grossfuss, and are unable to remember, for the moment, the name of his new book. He shakes hands with well-simulated cordialty and turns on his No. 3-A smile. Just as you are launching a couple of questions he is dragged away by a gushy matron who read his "April Ambush" in 1931, and has brought a first edition (the book never sold more than one edition) to be autographed.

* * *

Casanova

There are a lot of familiar faces at the party. One is the catty, acid female who specializes in insulting personal remarks which convulse her admirers. "It isn't so much what she says," they agree, "as the way she says it." Another is the skinny cynic who swears. He bullies the waiters who are scuttling around with glasses and trays of horse d'oeuvres. He drinks Manhattans until he learns that there isn't any brandy. Then he demands brandy and sulkily refuses to touch anything else. He goes around confiding that this is the worst party he ever attended. He tells each group of people that the other groups in the room comprise the dullest assortment of so-and-sos he ever has encountered.

There's the lady magazine writer who becomes predatory after her second cocktail. Carries on outrageously with one bewildered man after another. Her husband doesn't seem to mind. He is a shy little fellow who sits in a corner at every party, and people whisper that she practically supports him . . . God's gift to unattractive unattached women, is also present—a swarthy young man who evidently is studying to be a Great Lover. He scatters blandishments upon dazed ladies who can only murmur, "Oh, come now; you don't really mean that—do you?"

Pretty soon you decide that the best way to enjoy a dull party is to get into a taxi and go home."

HOUSE SHORTAGE REPORTED

MILWAUKEE—(AP)—Add to signs of returning prosperity a definite housing shortage in this Wisconsin metropolis. In step with the shortage of houses, real estate agencies report an upturn in rents, and movers say more people are moving into the city this year than are leaving.

The Monroe Morning World is an independent newspaper. It prints the news impartially. It supports what it believes to be right. It opposes what it believes to be wrong without regard to party politics.

All Isn't Lost

During the war between the states a federal gunboat was reported to be steaming up a river on a small fort. Realizing that their fortifications could offer but small resistance to the battleship, the soldiers occupying the fort abandoned it. However, one man refused to leave. He said he was going to stay there and take at least one shot at the enemy craft.

As the ship came within range of the fort, it struck a sand bar and swung around stern first to the shore where the fort was located. The man who remained aimed a cannon at the ship and fired a shot that tore away the rudder. The vessel was thus so placed that it could not train its guns on the fort. The man in the fort ran from cannon to cannon firing shot after shot into the gunboat. The commander of the ship, realizing the helplessness of his vessel, and thinking the fort fully manned, surrendered.

You cannot be sure that you cannot win, no matter how great the odds against you. Over and over again courageous persons have accomplished the impossible. Over and over again men single-handed, and small groups of men have won out in the face of what seemed to be an unconquerable adversity. One of our machine gunners in the World war captured single-handed a hundred and twenty-six Germans.

All through history the biggest victories have been won by those who appeared to be coping with overwhelming forces.

A brave soul who will fight on in spite of discouragement and opposition, draws to himself unseen powers.

Whether we realize it or not and whether we see anyone or not, we never fight alone. The greater our faith, the greater our courage, the greater will be the assistance that comes to us.

THE DRIVE FOR JOBS

Recent authenticated figures show that there are between nine and ten million people unemployed in the United States, a reduction from about thirteen million when the depression was most critical. This is a gratifying improvement.

With the final passage and signing of the $4,880,000,000 work-relief bill, further stimulus will be given the employment situation and, while some jobs will be provided immediately, the objective of 3,500,000 jobs by November has been established. Achievement of this goal will mean that real progress has been made toward the solution of the most difficult and vital of all of the numerous problems involved in the depression.

In giving to Harry L. Hopkins, relief administrator, the leading role in the direction of the new works program, the president has gained public confidence in the honesty and competency with which this responsibility will be fulfilled.

Since assuming his present post, Mr. Hopkins has been a relentless and an effective foe of the grasping politician and the grafters who have been responsible for abuses and evils of one sort or another. In so far as it is humanly possible to do so, he will maintain the administration of the new work-relief fund on a scrupulously honest basis.

MEMORIAL TO 'T. R.'

The federal relief administration plans to purchase two sizable tracts in the "bad lands" of North Dakota and turn them into a public recreation area. Some 42,000 acres of land have been optioned, and present plans call for construction of a scenic drive following the Little Missouri river, erection of cabins and hotels, and laying out of camping sites, footpaths, riding trails, and so on.

The interesting thing about this venture is the fact that the park will be named for Theodore Roosevelt, whose old ranch lies right in that neighborhood.

It would be hard to think of a more fitting memorial to "Teddy" than a western park where all the people could enjoy outdoor life. No American did as much to make us conscious of the heart-lifting openness and beauty of our great west as Theodore Roosevelt; nor did anyone do as much to preserve the natural resources of that region for the public good.

Theodore Roosevelt park should be a welcome addition to our recreational resources in more ways than one.

Strange how easily diplomats can avert war when the folks at home aren't in a humor to obey orders.

Funny world! Men think themselves free so long as the boss they must obey isn't the government.

The surest proof of dumbness is the belief that none are smart except those who agree with us

More Truth Than Poetry

By JAMES J. MONTAGUE

A FEW LINES TO APRIL

The pussy willows hang their heads,
  Each day I look around
And not a bloom
Amid the gloom
  And bluster can be found.
You're said to be the harbinger
  Of soft and gentle spring,
But still the day
Is drear and gray;
  No violets star the ground.

I fancied that when March had gone
  You'd swiftly come along,
And that the birds,
Though lacking words,
  Would all burst into song.
I thought perhaps a lusty trout
  Would rise to meet my fly,
And I would feel
A tautened reel,
  But nary trout swims by.

You're lavish with your promises;
  You always seem to say,
In accents low:
"Come on, let's go
  I'm forth and on my way."
And then the breezes bluster past
  And chill my cold damp feet,
Once more I find
You've changed your mind;
  You're just a fraud and cheat.

BAD TEAM WORK

Congress is just waiting around for the president to ask it to do something, so it can go to work and not do it.

EXPLANATION

A New York board is trying to find out why boys play hookey. Isn't it just possible that it's because they don't like to go to school?

LOOK FOR YOURSELF

Most of the modern girl's polish is on her finger nails.

(Copyright, 1935, by the Bell Syndicate, Inc.)

Time To Crack Down

By BRUCE CATTON

News that a bench warrant has been issued for the arrest of a defense witness in the Bruno Hauptmann trial, following return of an indictment for perjury, is a timely reminder that the courts too often are lax in dealing with plain and fancy lying in the witness chair.

In this particular case, the man accused is one Benjamin Heier, who was called by the defense to testify that on the night the Lindbergh ransom was paid he sat in a car parked by the famous cemetery wall and saw Isador Fisch cavorting about in the neighborhood.

Whatever impression this testimony might have made on the jury was canceled, however, when the prosecution introduced evidence to show that at the time the ransom was being paid Heier was involved in a traffic accident away off on the other side of town. After the Hauptmann trial was wound up, the prosecutor called the grand jury's attention to the matter, and an indictment was voted.

About the only unusual feature of the case is the fact that the grand jury actually did get busy.

• • •

No one who frequents American courts can be ignorant of the fact that flagrant perjury has become almost as common as grass in recent years. It is an evil that afflicts criminal and civil courts alike. Hardly any criminal is so friendless that he cannot get some kindly soul to come into court and swear that he (the criminal) was many miles away when the crime took place; few participants in civil actions seem to have much trouble finding people willing to swear to anything and everything that seems at the moment to be advisable.

Yet indictments for perjury are rare, and convictions are rarer still.

• • •

You don't need to think very long to see how profoundly the prevalence of such perjured testimony interferes with dispensing justice.

Our whole judicial process is based on the theory that people who come into court will tell the truth to the best of their ability. We have devised an oath calculated to impress upon the devout the supreme importance of sticking to the truth. Our laws provide severe penalties for those immune to such impressions. But perjury continues, and any lawyer or court reporter can tell you that the amount of lying that goes on in our courts is enough to make Ananias look like a piker.

Until judges and prosecutors generally are zealous to crack down on perjured testimony, the courts will be crippled. Nothing would help the dispensing of justice much more than widespread realization that the man who tells a lie on the witness stand is in for a very bad time of it a little later on.

BARBS

Astronomers report that clouds are hiding Mars from view. And behind the clouds, judging by rumblings and reverberations, the old boy is casting shells, oiling his old musket and polishing his sword.

• • •

Europe owes us something like $13,000,000,000, but we're a generous and forgiving people and send over a few millions more each years as investments in lottery tickets.

• • •

Representative Tinkham says the Japanese are as civilized as ourselves and the very latest in statistics shows that we lead the world in the production of criminals.

• • •

Occasionally there is cause for gratification in consequence of an unfulfilled campaign pledge, as in the case of Bilbo of Mississippi, who promised to out-Huey Huey.

• • •

Al Capone has been disciplined for brawling at Alcatraz. Al should be more careful. The impression that he is no gentleman might get around.

• • •

It's beginning to look like the good old days of 1928-29 with Chicago assassins shooting at their prosecuting attorney.

• • •

It is bad sportsmanship to hit a man who is down uness he's on the other team and the referee isn't looking.

• • •

Those dreadful Germans again have everything needed to make war except guns, ships, rations and money.

SO THEY SAY

Few facts are sure, and all attitudes are debatable. And controversy soundly launched is the best possible means of teaching one to think.—John Hays Hammond, famed engineer.

• • •

In no part of the world do workers want war, but dictatorships have made it impossible for them to bring their force to bear to prevent it.—William Green, president of A. F. L.

• • •

I have no comment, but good cannot come of it. My opponents are doomed to hell.—Wilbur Glenn Voliva, after his election defeat.

• • •

I have never been in love with anybody or anything except my work. —Evangeline Booth, Salvation Army head.

• • •

Oh, I am feeling much better, but not in football trim.—Admiral Byrd.

New Deal In Washington

By Rodney Dutcher

WASHINGTON.—You won't find anything about it in the administration's new NRA bill, but there'll be no return to one-man rule in the NRA of the future.

Unless the senate makes an amendment, the form of administration will be left to Roosevelt.

The president and Donald Richberg have discussed the question frequently. They agreed that a gent like General Johnson could get things done a lot faster than a board like the present NIRB.

But they also agreed that no sane, high-grade man would ever take such a job again and that, even if he did, the thousands of inevitable pressures on him would soon knock him off balance.

The chairman of a board can always pass the buck to the full board when a few billion dollars' worth of industry lands on his neck. That's why the revised NRA will be governed by a board—though the supreme NRA power will continue to rest with Roosevelt.

• • •

Why of the Big "Protest"

Chairman Burt Wheeler of the senate interstate commerce committee was startled the day he received more than 3,000 letters, nearly all protesting against the Wheeler-Rayburn holding company bill. Then his clerks began to find among them letters such as the following from Harrisburg, Pa.:

"Dear Sir: Please find enclosed printed matter which is given to all employes of the Pennsylvania Power & Light Co.; also a card which they are asked to have signed by four voters.

"They are also asking all employes to write a letter to each senator and representative on the committees on interstate commerce. This is a total of 50 letters each man must wrtie.

"Then he must bring them all to the Pennsylvania Power & Light company office to be checked. These men resent this very much, but they know they had better do as asked or their jobs will be in danger. I mention this to you so that when you get a flood of letters you will know how and why you received them. . . ."

• • •

Kaiser'll Stay Put

Hitler is trying to get the ex-Kaiser back on German soil, according to confidential advices from a German source usually reliable which arrived here during the peak of the war scare. According to this story:

Wilhelm is virtually broke, unable to collect revenue from his estates back home because of reich currency restrictions, and heavily indebted to Amsterdam bankers. Attempts to have the currency restrictions re-relaxed and to borrow from Sir Henri Deterding, British oil magnate, failed.

Hard times caused members of the small court to intrigue and propagandize abroad toward a royalist restoration—an idea which appeals to at least one strong element in Germany. Hitler's secret police—the Gestapo—decided it would be safer to have the exKaiser at home, where he could be watched.

But the ex-Kaiser wants to stay where he is—and have his income bootlegged out to him, if possible.

• • •

Women Show Power

Female wrath wrecker the lobbyist-inspired rider to the agriculture appropriation bill which threatened to prevent the bureau of home economics from tipping off the citizenry to healthy diets.

The house passed the rider at behest of a lobbyist for flour millers who had persuaded wheat state congressmen that reduced consumption of wheat had been urged.

Evidence indicated the effect of the diets attacked would really be to increase wheat consumption, but had been used to build up the lobby.

Women's organizations protested so furiously that the big millers themselves—remembering that women are their customers—rushed word here that the rider must be killed.

The American Association of University Women, American Diet association, American Home Economics association, National Congress of Parents and Teachers, National League of Women Voters, and National Woman's Trade Union League led the fight.

(Copyright, 1935, NEA Service, Inc.)

NORGE 'ROLLATOR' LINE IS FEATURED

The nationally advertised line of Norge "Rollator" refrigeration, adapted for household and commercial use, is now being featured by the Louisiana Store and Market Equipment company at 240 South Grand street, opposite Hotel Monroe. A first shipment of merchandise has just been received and a variety of these refrigerators is now to be seen on exhibition at the sales rooms.

"After thorough investigation of the many lines of household refrigerators on the market," stated Manager Passman, "I am convinced that Norge 'Rollator' refrigeration is the nearest approach to mechanical perfection, the most economical to operate and will give the least amount of mechanical trouble of any on the market."

Mr. Passman extends a cordial invitation to home-owners to inspect this fine line of merchandise. He states he is sure they will be interested not only in the beautiful line of models, all finished in lifetime porcelain, but also to completely examine the "Rollator" itself and to learn for themselves that the Norge is built for lifetime use.

Associated with Mr. Passman will be C. C. Jones, in charge of retail sales and John Bateman, who has had many years' experience in refrigeration installation and service, Mr. Passman said.

Officers Are Elected By Fraternity At Tech

RUSTON, La., April 13.—(Special)—Theta Kappa Nu, social fraternity at Louisiana Tech, has elected the following officers for next year: J. E. Thompson, McComb, Miss., archon; Robert Sims, Ruston, scribe; Carroll Thomas, Little Rock, Ark., oracle; Billy Tindol, Homer, captain-of-the-guard; and Iley Barnes, Crossett, Ark., chaplain.

The Theta Kappa Nu scholarship key, awarded annually by that fraternity to the student making the highest scholastic average, has been given to Roy Sessums of Ruston. The fraternity activities award for the senior having participated in the most extra-curricular activities, has been presented to A. D. Williams of Gibsland.

EXPLANATION OF LAST SATURDAY'S CARTOON

THE POLISH EDISON—Professor Ognacy Moscicki, who has been president of Poland since 1926, celebrated his 30th anniversary as scientist and inventor last year. President Moscicki was born in Russian Poland, but had to leave his native country in his youth for political reasons. He has occupied professorial chairs in many parts of the world, and has made to date 500 inventions in the field of electro-chemistry and electro physics. Fifty-three of these inventions have been patented so far. While occupying the highest post within the gift of his country, he has continued to be active in the scientific field and is one of the few outstanding executives of the world. Before he became president of Poland, he was a citizen of Russia and of Switzerland.

Lights Of New York

By Paul Harrison

NEW YORK—One of the nicest things about April is that it marks the waning of the cocktail-party season. By now most of the spring books have been launched in floods of Martinis. And most of the new authors have had their egos baptized in publicity.

Lecturers are drifting back to Manhattan from the midlands, and already have begun to sail in search of fresh material for more lectures. Nobody gives bon voyage parties lecturers, because they might never come back. Foreign actors and actresses are looking up ship schedules or Hollywood time tables. Distinguished musicians are played out as their concert tours come to an end. Even the night clubs are having a hard time finding reasons for giving publicity soirees.

* * *

Great Expectations

It must be that on one occasion or another everybody has gone to a cocktail party (some of the publishing houses still call them literary teas) has had a thoroughly enjoyable time, and keeps on attending them with the conviction that some day history will repeat itself. I go to them, too, whispering to my conscience enroute that no matter how badly they turn out they are still part of my job. The fact is, of course, that afternoon parties are a kind of occupational disease, a Public Menace No. 1.

All invitations to afternoon parties (4 to 7) carry a hopeful little R.S.V.P. in one corner. However, I never have known anyone who ever sent in an acceptance. If you decide to attend, they can't turn you away. If you don't go, you can counter subsequent reproofs by pointing out that you hadn't made any promises.

Usually you go. You go about 5 o'clock, an hour that proves you don't wish to cadge all the cocktails; an hour, also, that may provide a few minutes conversation with the guest of honor. If you are an optimist (and all party-goers must be optimists) your spirits are above par when you enter the room. Maybe it will be fun.

* * *

A Gusher

The first people you see are the 4 o'clock arrivals, waving at waiters. Well, at least there is the consolation of knowing that some of the drunks, bores and rudest people are likely to leave early. As yuo are picking your way among them the hostess catches up with you.

"So GOOD to see you!" says she. "So GOOD of you to come. Just about EVERYBODY is here, but I've been watching the door and hoping YOU would show up. I guess you know NEARLY all these people, but I'll take you around. By the way, do tell me your name so I can introduce you."

You meet the guest of honor, a Mr. Barnaby Grossfuss, and are unable to remember, for the moment, the name of his new book. He shakes hands with well-simulated cordialty and turns on his No. 3-A smile. Just as you are launching a couple of questions he is dragged away by a gushy matron who read his "April Ambush" in 1931, and has brought a first edition (the book never sold more than one edition) to be autographed.

* * *

Casanova

There are a lot of familiar faces at the party. One is the catty, acid female who specializes in insulting personal remarks which convulse her admirers. "It isn't so much what she says," they agree, "as the way she says it." Another is the skinny cynic who swears. He bullies the waiters who are scuttling around with glasses and trays of horse d'oeuvres. He drinks Manhattans until he learns that there isn't any brandy. Then he demands brandy and sulkily refuses to touch anything else. He goes around confiding that this is the worst party he ever attended. He tells each group of people that the other groups in the room comprise the dullest assortment of so-and-sos he ever has encountered.

There's the lady magazine writer who becomes predatory after her second cocktail. Carries on outrageously with one bewildered man after another. Her husband doesn't seem to mind. He is a shy little fellow who sits in a corner at every party, and people whisper that she practically supports him . . . God's gift to unattractive unattached women, is also present—a swarthy young man who evidently is studying to be a Great Lover. He scatters blandishments upon dazed ladies who can only murmur, "Oh, come now; you don't really mean that—do you?"

Pretty soon you decide that the best way to enjoy a dull party is to get into a taxi and go home."

HOUSE SHORTAGE REPORTED

MILWAUKEE—(AP)—Add to signs of returning prosperity a definite housing shortage in this Wisconsin metropolis. In step with the shortage of houses, real estate agencies report an upturn in rents, and movers say more people are moving into the city this year than are leaving.

JOSEPH J. BALES DIES SATURDAY

Heart Disease Is Fatal To War Veteran; To Hold Rites Today

Joseph J. Bales, 35, well known Legionnaire, died at his residence, 603 Catalpa street early Saturday. Death was due to heart disease from which he had been a sufferer for several years.

A full military funeral will be held from the residence this afternoon at 3 o'clock to Riverview burial park. The members of the L. B. Faulk post No. 13, of which he was a member, will be in charge and will act as pallbearers.

Mr. Bales was a native of Sheridan, Ark., but had resided in Monroe for many years. When the World war occurred he enlisted in Monroe on May 6, 1918, as telegraph operator and served in Company B, of the field service. He participated in the expedition in the Toul sector on Aug. 8, 1918, and also was in the St. Mihiel offensive, Sept. 12 to 16, 1918. He also participated in the army of occupation in Germany in 1919. He returned to the United States May 30, 1919, and received his discharge at Fort Sheridan June 12, 1919.

After returning home and receiving his honorable discharge, Bales entered the employ of the Missouri Pacific railroad in Monroe and followed the duties as telegraph operator for a number of years. For the past year or more he has been incapacitated due to an organic disease of the heart.

He leaves his widow and two children, Betty Lou and Joseph J. Bales, Jr., his mother, Mrs. L. M. Bales of Smackover, Ark., and the following brothers and sister: R. H. Bales, Hope, Ark., Lois Bales, Smackover, Ark., William Bales, Smackover, Mrs. H. Y. Bowerman, Aberdeen, Miss.

SECTION FOREMAN INJURED IN CRASH

CLARKS, La., April 13.—(Special)—Robert Smith, section foreman for the Ouachita and Northwestern Railroad Company, was injured and several others escaped injury when two motor car collided head-on Friday near Oakland on the Ouachita and Northwestern tracks. Smith was going west when he met a Louisiana Central Lumber Company motor car coming to Clarks bringing an injured man, Chester Thomas, negro. A curve in the road obstructed their vision until the two cars were too near to stop. Both cars were badly damaged. Thomas, a negro teamster, had received a broken ankle and was being rushed to Clarks for medical aid when the accident occurred.

'MISS MONROE'

Helen Lyda Fernandez, 10, daughter of Mr. and Mrs. Harry Fernandez, was recently awarded the honor of being crowned as "Miss Monroe" and was also given a handsome diamond ring and large bouquet. The honor was accorded due to the fact that she raised the largest sum of money in a popularity contest sponsored by the L. B. Faulk post and auxiliary. A parade through downtown Monroe was held Saturday which was headed by "Miss Monroe" in gala attire.

The money raised is to be used for child welfare work.

◆

'The Paint Fair' Is Brought To This City

Through the cooperation of E. R. Kiper Hardware and Supply company, the Heath and Milligan Paint company, "The Paint Fair" has been brought to Monroe in connection with the federal housing act.

Complete equipment has been installed to show the different kinds of paints and to help the customer satisfactorily select the best paint for the job he intends to use it on. A distinct feature of the exhibition is that it gives the people a chance to actually use the products right in the store and see for themselves its quality before buying.

A booklet is offered which tells you how to enamel and varnish and gives much helpful advice in planning a home.

Engines that have too much valve clearance are noisier and less powerful than those having proper valve adjustment.

P.-T. A. MEETING TO OPEN MONDAY

Twelfth Annual Convention Will Be Held At Alexandria

Monday will witness the opening of the twelfth annual state convention of the Louisiana Parent-Teacher association in Alexandria with the president, Mrs. L. A. Mailhes, presiding. The sessions will be held April 15-17 in the American Legion hall, with convention headquarters at Hotel Bentley.

The three-day program will include such outstanding speakers as Mrs. M. P. Summers of Sioux City, Iowa, national chairman specializing in health and organization. Mrs. Summers is the national delegate to Louisiana. Other national chairmen featured will be Miss Marion Telford of New York City, national safety chairman, and Mrs. Robins Gilman of Minneapolis, Minn., chairman of the national committee on motion pictures. Mrs. Gilman visited the state last fall, and conducted conferences on the motion picture's influence on youth today.

Eswald Pettet of Natchitoches, state chairman of recreation, and Judge Cecil Morgan of Shreveport, state chairman of legislation, are other distinguished speakers on the convention program.

The election of a successor to Mrs. Mailhes, whose term of office as state president expires with the 1935-1936 convention, is the outstanding business to be conducted. Other state offices to be filled include second, fourth and sixth vice-presidents and secretary. Mrs. A. G. Alexander of Natchitoches is the general chairman of the convention and Mrs. S. P. Eggers of Alexandria is the hostess chairman.

Featured on the program will be the selections by the mother singers from all over the state. A special bus will convey a group of Monroe women to Alexandria Tuesday. They will take part in the chorus of mother singers at the banquet Tuesday night.

Monroe women who are planning to motor down to Alexandria during the three-day convention are Mrs. E. P. Cudd, president of the Twin City council; Mrs. Carl Couch, newly elected president of the fifth district; Mrs. Leon McHenry, state secretary; Mrs. Clyde Paine, Mrs. Will D. King, Mrs. H. A. McDonald, past president of the fifth district, Mrs. W. C. Oliver, Mrs. J. W. Myers, Mrs. P. A. Poag, Mrs. C. U. Johnson, Mrs. Nell Grigsby, Mrs. J. E. Kersh, Mrs. J. W. Worthington, Mrs. Minnie Ruffin, Mrs. Henry Haas, Mrs. L. J. Hart, Miss Myrtle Rodgers, Mrs. J. McCarthy, Mrs. Parker McComb, editor of the Bulletin, Mrs. Aden, Mrs. Cooper, Mrs. W. H. Armstrong, Mrs. Fred Keller, Mrs. A. A. Hangstron, Mrs. W. C. Curry, Mrs. Clyde Howard, Mrs. John Lewis, Mrs. U. V. Pickens, Mrs. C. D. Leonard, Mrs. F. Finkbeiner and Mrs. D. L. Cash.

◆

Lake Proiudence

The annual election of officers was held Thursday at the April meeting of the Carroll Woman's club for which Mrs. C. A. Rose and Mrs. D. T. Wilson were hostesses. Mrs. T. H. Estes was chosen president, Mrs. C. A. Rose, first vice-president; Mrs. J. S. Millikin, second vice-president; Mrs. W. F. Bonner, secretary; Mrs. R. K. Howard, re-elected treasurer; Mrs. Grady Wyly, parliamentarian; and Mrs. E. E. Erwin, editor.

Delegates selected to attend the fifth district meeting to be held in Ferriday April 27 were Mrs. Estes and Miss Eunyce Howard, with Mrs. Arthur Crump, Mrs. J. E. Peeler and Mrs. J. B. Erwin as alternates. The Rose home on the lake was the attractive meeting place for the club and chicken salad was served to the following members: Mesdames A. S. Cammack, Arthur Crump, J. B. Erwin, E. E. Erwin, C. E. Hester, R. K. Howard, J. S. Millikin, J. E. Peeler and Miss Eunyce Howard. During the social hour two piano solos, "Vacation Pranks" and "I'll Take You Home Again, Kathleen," were rendered by Vera Frost. Additional guests, other than club members were Mrs. A. W. Warlick and Mrs. Annie Abernethy.

St. Joseph

The Catholic Altar society met at the home of Mrs. Santo Baragona. When all business was concluded, delicious refreshments were served. Those members present at the meeting were Mrs. Salvador Baragona, Mrs. J. D. Brown, Mrs. Samuel G. Manning and Misses Mary and Martha Baragona.

Mrs. Joseph Randle was hostess to the Presbyterian auxiliary, which met at the home of Mrs. Philip Watson. Business discussion took place first, followed by Bible study. Simple refreshments were served at the conclusion of the meeting. Besides the hostess, Mrs. Joseph Randle, and Mrs. Philip Watson, the members attending the meeting included Mrs. Christopher Haddon, Mrs. Bessie Yarborough, Mrs. Ida Jones, Mrs. Curry Macpherson, Mrs. Louis Murdock and Mrs. John Redditt. Mrs. V. B. Post, of Memphis, Tenn., was a guest of the auxiliary for the afternoon.

The Wesley auxiliary met with Mrs. E. H. Biggs. When all business was finished, an interesting program was given. The subject of the program was "Blazing the Trail for the Old and New Gospels." Mrs. Fred Smith contributed a very interesting paper on the lives of the early missionaries, which was followed by other papers on the same subject, read by several members. Mrs. Samuel Yourtee gave a talk about the experiences of the early missionaries compared with the missionaries of today. Mrs. E. H. Biggs and Mrs. Magruder Adams concluded the afternoon's program with an amusing dialogue, "Who Is an American Citizen?" Refreshments were served at the close of the meeting. The members present were Mrs. Holliman Cook, Mrs. Samuel Yourtee, Mrs. Fred Smith, Mrs. Magruder Adams, and the hostess, Mrs. Biggs. Mrs. J. W. Carpenter was the guest of the auxiliary for the meeting.

Mrs. Steve Smith was hostess to the Methodist Missionary society. After business was disposed of, study of the book of Acts occupied some time. When Bible study was concluded, Mrs. White was assisted by Mrs. Howard Wortley in serving refreshments. The members present included Mrs. Howard Wortley, Mrs. W. Wynans Drake, Mrs. German Baker, Mrs. John Lloyd Lee, Mrs. Everett Smith, Mrs. Ed Smith, Mrs. Gasperino Bruno, Mrs. Frank Hornsby, Mrs. Peter Nevil and Mrs. Katie Osborne.

Mr. and Mrs. Peter Hayes were hosts to the Card club at their plantation home. A delicious buffet supper was served during the evening. The guests were, Mrs. William Watson, Mr. and Mrs. John Hughes, Mr. and Mrs. Benjamin Chase, Mrs. Dalton Watson, Miss June McDowell, Dr. J. Claude Earnest, Mr. William Stripling and Mr. Dalton Watson.

Members of the Tensas Garden club enjoyed a very interesting meeting. Mrs. John Blanche, Mrs. Louis Murdock and, Mrs. John Kedditt were the hostesses. A business meeting was held first. Mrs. William Murphy of Tallulah, La., president of the Tallulah Garden club, was a guest of the club for the afternoon.

An interesting talk by Mrs. Murphy was a great addition to the program. "Wild Flowers of the Holy Land" was a pleasant feature. A report on the meeting of the Federated Garden club in New Orleans from Mrs. Samuel T. Yourtee and Mrs. Maury Stanton concluded the program. Refreshments were served in conclusion. The meeting was well attended.

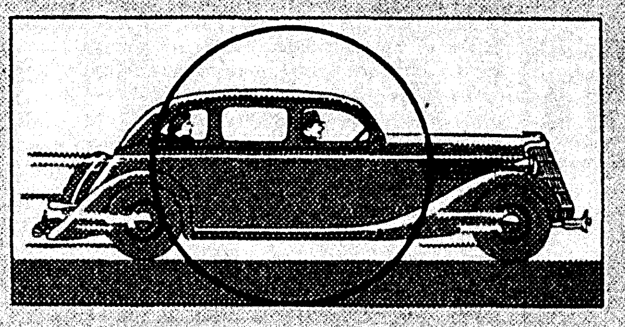
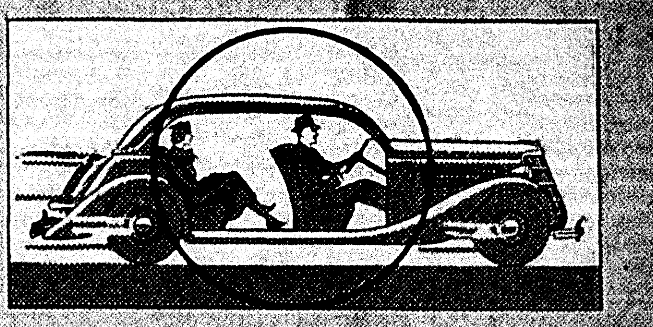
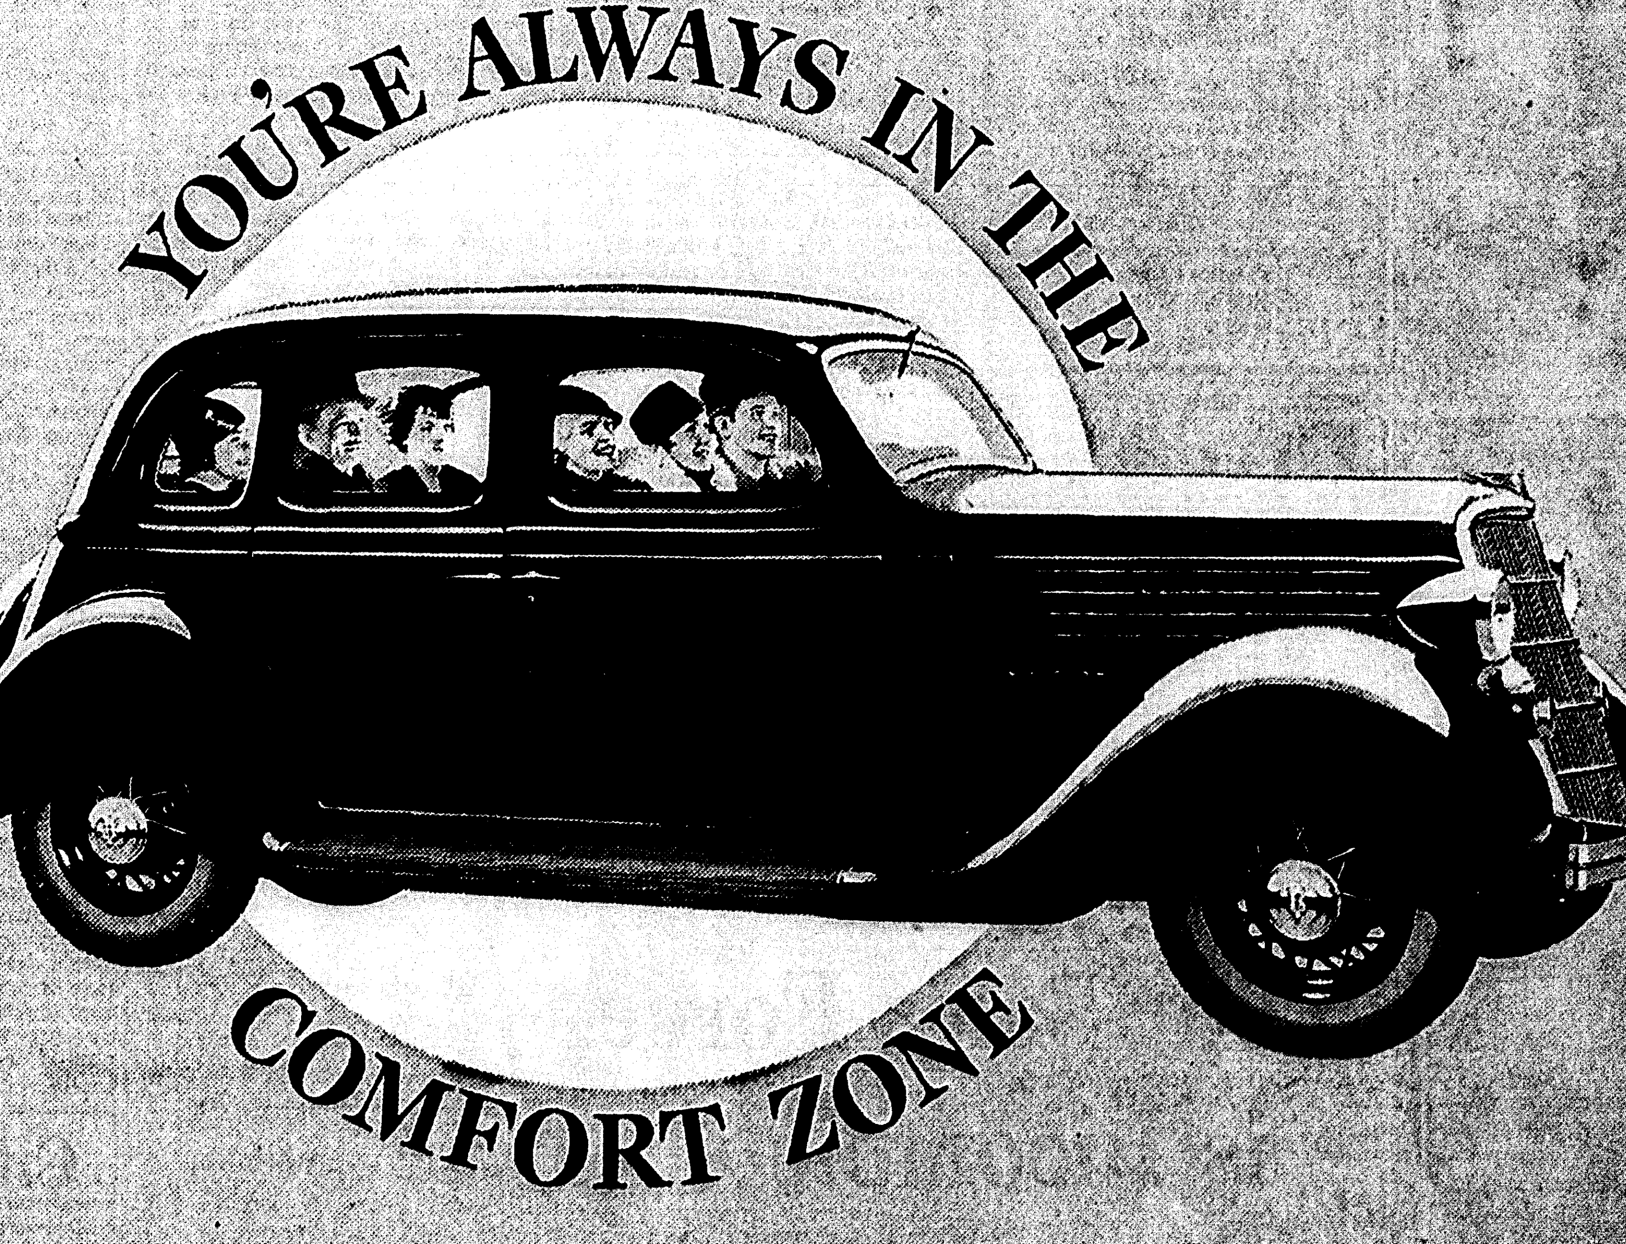
THE ROAD DOESN'T MATTER



THE SPEED IS UNIMPORTANT



SIT WHEREVER YOU WANT



THE Ford conception of an automobile is one that meets every present-day motoring requirement for performance, dependability, style and comfort—*at low cost.*

This is a natural development of a 31-year policy of giving you as much as possible for your automobile dollar.

The 1935 Ford V-8 brings you the most important Ford development since the introduction of the Ford V-8 engine—the new Full-floating Springbase with Comfort Zone Seating.

Wherever you sit in this new Ford V-8, you ride *centerpoised*—between the springs. These springs have been made longer, more flexible, and the springbase increased to 123 inches. The result is "front seat riding comfort" even for back-seat passengers!

Built around the proved V-8 engine, the new Ford V-8 is in *every* respect a car of major improvements. Its new riding ease is matched by new driving ease. Control, steering, parking are easier. Shifting and starting have been made almost effortless. Braking requires less foot pressure—and yet is surer, smoother.

Here is a car that is styled to the minute—inside and outside. It is a car built for the years—with welded, all-steel body and engine and chassis improvements that make it more durable than ever. Safety glass all around and new, larger tires come with your purchase price.

Look to this new Ford V-8 for everything you could want in a modern car. See it at your nearest Ford dealer's—drive it—ride in the back seat—today!

THE NEW FORD V-8
$495 AND UP, F. O. B. DETROIT
Standard accessory group including bumpers and spare tire extra. Easy terms through Universal Credit Co., the Authorized Ford Finance Plan.

JOSEPH J. BALES DIES SATURDAY

Heart Disease Is Fatal To War Veteran; To Hold Rites Today

Joseph J. Bales, 35, well known Legionnaire, died at his residence, 603 Catalpa street early Saturday. Death was due to heart disease from which he had been a sufferer for several years.

A full military funeral will be held from the residence this afternoon at 3 o'clock to Riverview burial park. The members of the L. B. Faulk post No. 13, of which he was a member, will be in charge and will act as pallbearers.

Mr. Bales was a native of Sheridan, Ark., but had resided in Monroe for many years. When the World war occurred he enlisted in Monroe on May 6, 1918, as telegraph operator and served in Company B, of the field service. He participated in the expedition in the Toul sector on Aug. 8, 1918, and also was in the St. Mihiel offensive, Sept. 12 to 16, 1918. He also participated in the army of occupation in Germany in 1919. He returned to the United States May 30, 1919, and received his discharge at Fort Sheridan June 12, 1919.

After returning home and receiving his honorable discharge, Bales entered the employ of the Missouri Pacific railroad in Monroe and followed the duties as telegraph operator for a number of years. For the past year or more he has been incapacitated due to an organic disease of the heart.

He leaves his widow and two children, Betty Lou and Joseph J. Bales, Jr., his mother, Mrs. L. M. Bales of Smackover, Ark., and the following brothers and sister: R. H. Bales, Hope, Ark., Lois Bales, Smackover, Ark., William Bales, Smackover, Mrs. H. Y. Bowerman, Aberdeen, Miss.

SECTION FOREMAN INJURED IN CRASH

CLARKS, La., April 13.—(Special)—Robert Smith, section foreman for the Ouachita and Northwestern Railroad Company, was injured and several others escaped injury when two motor car collided head-on Friday near Oakland on the Ouachita and Northwestern tracks. Smith was going west when he met a Louisiana Central Lumber Company motor car coming to Clarks bringing an injured man, Chester Thomas, negro. A curve in the road obstructed their vision until the two cars were too near to stop. Both cars were badly damaged. Thomas, a negro teamster, had received a broken ankle and was being rushed to Clarks for medical aid when the accident occurred.

'MISS MONROE'

Helen Lyda Fernandez, 10, daughter of Mr. and Mrs. Harry Fernandez, was recently awarded the honor of being crowned as "Miss Monroe" and was also given a handsome diamond ring and large bouquet. The honor was accorded due to the fact that she raised the largest sum of money in a popularity contest sponsored by the L. B. Faulk post and auxiliary. A parade through downtown Monroe was held Saturday which was headed by "Miss Monroe" in gala attire.

The money raised is to be used for child welfare work.

◆

'The Paint Fair' Is Brought To This City

Through the cooperation of E. R. Kiper Hardware and Supply company, the Heath and Milligan Paint company, "The Paint Fair" has been brought to Monroe in connection with the federal housing act.

Complete equipment has been installed to show the different kinds of paints and to help the customer satisfactorily select the best paint for the job he intends to use it on. A distinct feature of the exhibition is that it gives the people a chance to actually use the products right in the store and see for themselves its quality before buying.

A booklet is offered which tells you how to enamel and varnish and gives much helpful advice in planning a home.

Engines that have too much valve clearance are noisier and less powerful than those having proper valve adjustment.

P.-T. A. MEETING TO OPEN MONDAY

Twelfth Annual Convention Will Be Held At Alexandria

Monday will witness the opening of the twelfth annual state convention of the Louisiana Parent-Teacher association in Alexandria with the president, Mrs. L. A. Mailhes, presiding. The sessions will be held April 15-17 in the American Legion hall, with convention headquarters at Hotel Bentley.

The three-day program will include such outstanding speakers as Mrs. M. P. Summers of Sioux City, Iowa, national chairman specializing in health and organization. Mrs. Summers is the national delegate to Louisiana. Other national chairmen featured will be Miss Marion Telford of New York City, national safety chairman, and Mrs. Robins Gilman of Minneapolis, Minn., chairman of the national committee on motion pictures. Mrs. Gilman visited the state last fall, and conducted conferences on the motion picture's influence on youth today.

Eswald Pettet of Natchitoches, state chairman of recreation, and Judge Cecil Morgan of Shreveport, state chairman of legislation, are other distinguished speakers on the convention program.

The election of a successor to Mrs. Mailhes, whose term of office as state president expires with the 1935-1936 convention, is the outstanding business to be conducted. Other state offices to be filled include second, fourth and sixth vice-presidents and secretary. Mrs. A. G. Alexander of Natchitoches is the general chairman of the convention and Mrs. S. P. Eggers of Alexandria is the hostess chairman.

Featured on the program will be the selections by the mother singers from all over the state. A special bus will convey a group of Monroe women to Alexandria Tuesday. They will take part in the chorus of mother singers at the banquet Tuesday night.

Monroe women who are planning to motor down to Alexandria during the three-day convention are Mrs. E. P. Cudd, president of the Twin City council; Mrs. Carl Couch, newly elected president of the fifth district; Mrs. Leon McHenry, state secretary; Mrs. Clyde Paine, Mrs. Will D. King, Mrs. H. A. McDonald, past president of the fifth district, Mrs. W. C. Oliver, Mrs. J. W. Myers, Mrs. P. A. Poag, Mrs. C. U. Johnson, Mrs. Nell Grigsby, Mrs. J. E. Kersh, Mrs. J. W. Worthington, Mrs. Minnie Ruffin, Mrs. Henry Haas, Mrs. L. J. Hart, Miss Myrtle Rodgers, Mrs. J. McCarthy, Mrs. Parker McComb, editor of the Bulletin, Mrs. Aden, Mrs. Cooper, Mrs. W. H. Armstrong, Mrs. Fred Keller, Mrs. A. A. Hangstron, Mrs. W. C. Curry, Mrs. Clyde Howard, Mrs. John Lewis, Mrs. U. V. Pickens, Mrs. C. D. Leonard, Mrs. F. Finkbeiner and Mrs. D. L. Cash.

Lake Providence

The annual election of officers was held Thursday at the April meeting of the Carroll Woman's club for which Mrs. C. A. Rose and Mrs. D. T. Wilson were hostesses. Mrs. T. H. Estes was chosen president, Mrs. C. A. Rose, first vice-president; Mrs. J. S. Millikin, second vice-president; Mrs. W. F. Bonner, secretary; Mrs. R. K. Howard, re-elected treasurer; Mrs. Grady Wyly, parliamentarian; and Mrs. E. E. Erwin, editor.

Delegates selected to attend the fifth district meeting to be held in Ferriday April 27 were Mrs. Estes and Miss Eunyce Howard, with Mrs. Arthur Crump, Mrs. J. E. Peeler and Mrs. J. B. Erwin as alternates. The Rose home on the lake was the attractive meeting place for the club and chicken salad was served to the following members: Mesdames A. S. Cammack, Arthur Crump, J. B. Erwin, E. E. Erwin, C. E. Hester, R. K. Howard, J. S. Millikin, J. E. Peeler and Miss Eunyce Howard. During the social hour two piano solos, "Vacation Pranks" and "I'll Take You Home Again, Kathleen," were rendered by Vera Frost. Additional guests, other than club members were Mrs. A. W. Warlick and Mrs. Annie Abernethy.

◆

The Laredo-Mexico City sector of the Pan American highway employs more than 8,000 men. An effort is being made to have this road ready for motor travel along its entire length by May 1.

P.-T. A. LEADER

The election of a successor to Mrs. L. A. Mailhes, above, of Shreveport, president of the Louisiana Parent-Teacher association, will be the outstanding business matter to be taken up at the organization's annual convention which opens tomorrow at Alexandria.

◆

St. Joseph

The Catholic Altar society met at the home of Mrs. Santo Baragona. When all business was concluded, delicious refreshments were served. Those members present at the meeting were Mrs. Salvador Baragona, Mrs. J. D. Brown, Mrs. Samuel G. Manning and Misses Mary and Martha Baragona.

Mrs. Joseph Randle was hostess to the Presbyterian auxiliary, which met at the home of Mrs. Philip Watson. Business discussion took place first, followed by Bible study. Simple refreshments were served at the conclusion of the meeting. Besides the hostess, Mrs. Joseph Randle, and Mrs. Philip Watson, the members attending the meeting included Mrs. Christopher Haddon, Mrs. Bessie Yarborough, Mrs. Ida Jones, Mrs. Curry Macpherson, Mrs. Louis Murdock and Mrs. John Redditt. Mrs. V. B. Post, of Memphis, Tenn., was a guest of the auxiliary for the afternoon.

The Wesley auxiliary met with Mrs. E. H. Biggs. When all business was finished, an interesting program was given. The subject of the program was "Blazing the Trail for the Old and New Gospels." Mrs. Fred Smith contributed a very interesting paper on the lives of the early missionaries, which was followed by other papers on the same subject, read by several members. Mrs. Samuel Yourtee gave a talk about the experiences of the early missionaries compared with the missionaries of today. Mrs. E. H. Biggs and Mrs. Magruder Adams concluded the afternoon's program with an amusing dialogue, "Who Is an American Citizen?" Refreshments were served at the close of the meeting. The members present were Mrs. Holliman Cook, Mrs. Samuel Yourtee, Mrs. Fred Smith, Mrs. Magruder Adams, and the hostess, Mrs. Biggs. Mrs. J. W. Carpenter was the guest of the auxiliary for the meeting.

Mrs. Steve Smith was hostess to the Methodist Missionary society. After business was disposed of, study of the book of Acts occupied some time. When Bible study was concluded, Mrs. White was assisted by Mrs. Howard Wortley in serving refreshments. The members present included Mrs. Howard Wortley, Mrs. W. Wynans Drake, Mrs. German Baker, Mrs. John Lloyd Lee, Mrs. Everett Smith, Mrs. Ed Smith, Mrs. Gasperino Bruno, Mrs. Frank Hornsby, Mrs. Peter Nevil and Mrs. Katie Osborne.

Mr. and Mrs. Peter Hayes were hosts to the Card club at their plantation home. A delicious buffet supper was served during the evening. The guests were, Mrs. William Watson, Mr. and Mrs. John Hughes, Mr. and Mrs. Benjamin Chase, Mrs. Dalton Watson, Miss June McDowell, Dr. J. Claude Earnest, Mr. William Stripling and Mr. Dalton Watson.

Members of the Tensas Garden club enjoyed a very interesting meeting, Mrs. John Blanche, Mrs. Louis Murdock and, Mrs. John Kedditt were the hostesses. A business meeting was held first, Mrs. William Murphy of Tallulah, La., president of the Tallulah Garden club, was a guest of the club for the afternoon.

An interesting talk by Mrs. Murphy was a great addition to the program. "Wild Flowers of the Holy Land" was a pleasant feature. A report on the meeting of the Federated Garden club in New Orleans from Mrs. Samuel T. Yourtee and Mrs. Maury Stanton concluded the program. Refreshments were served in conclusion. The meeting was well attended.

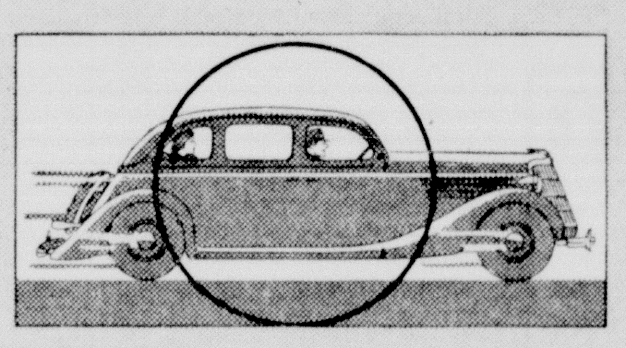
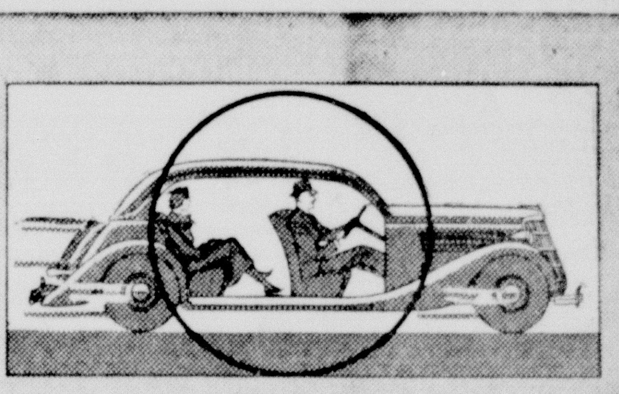
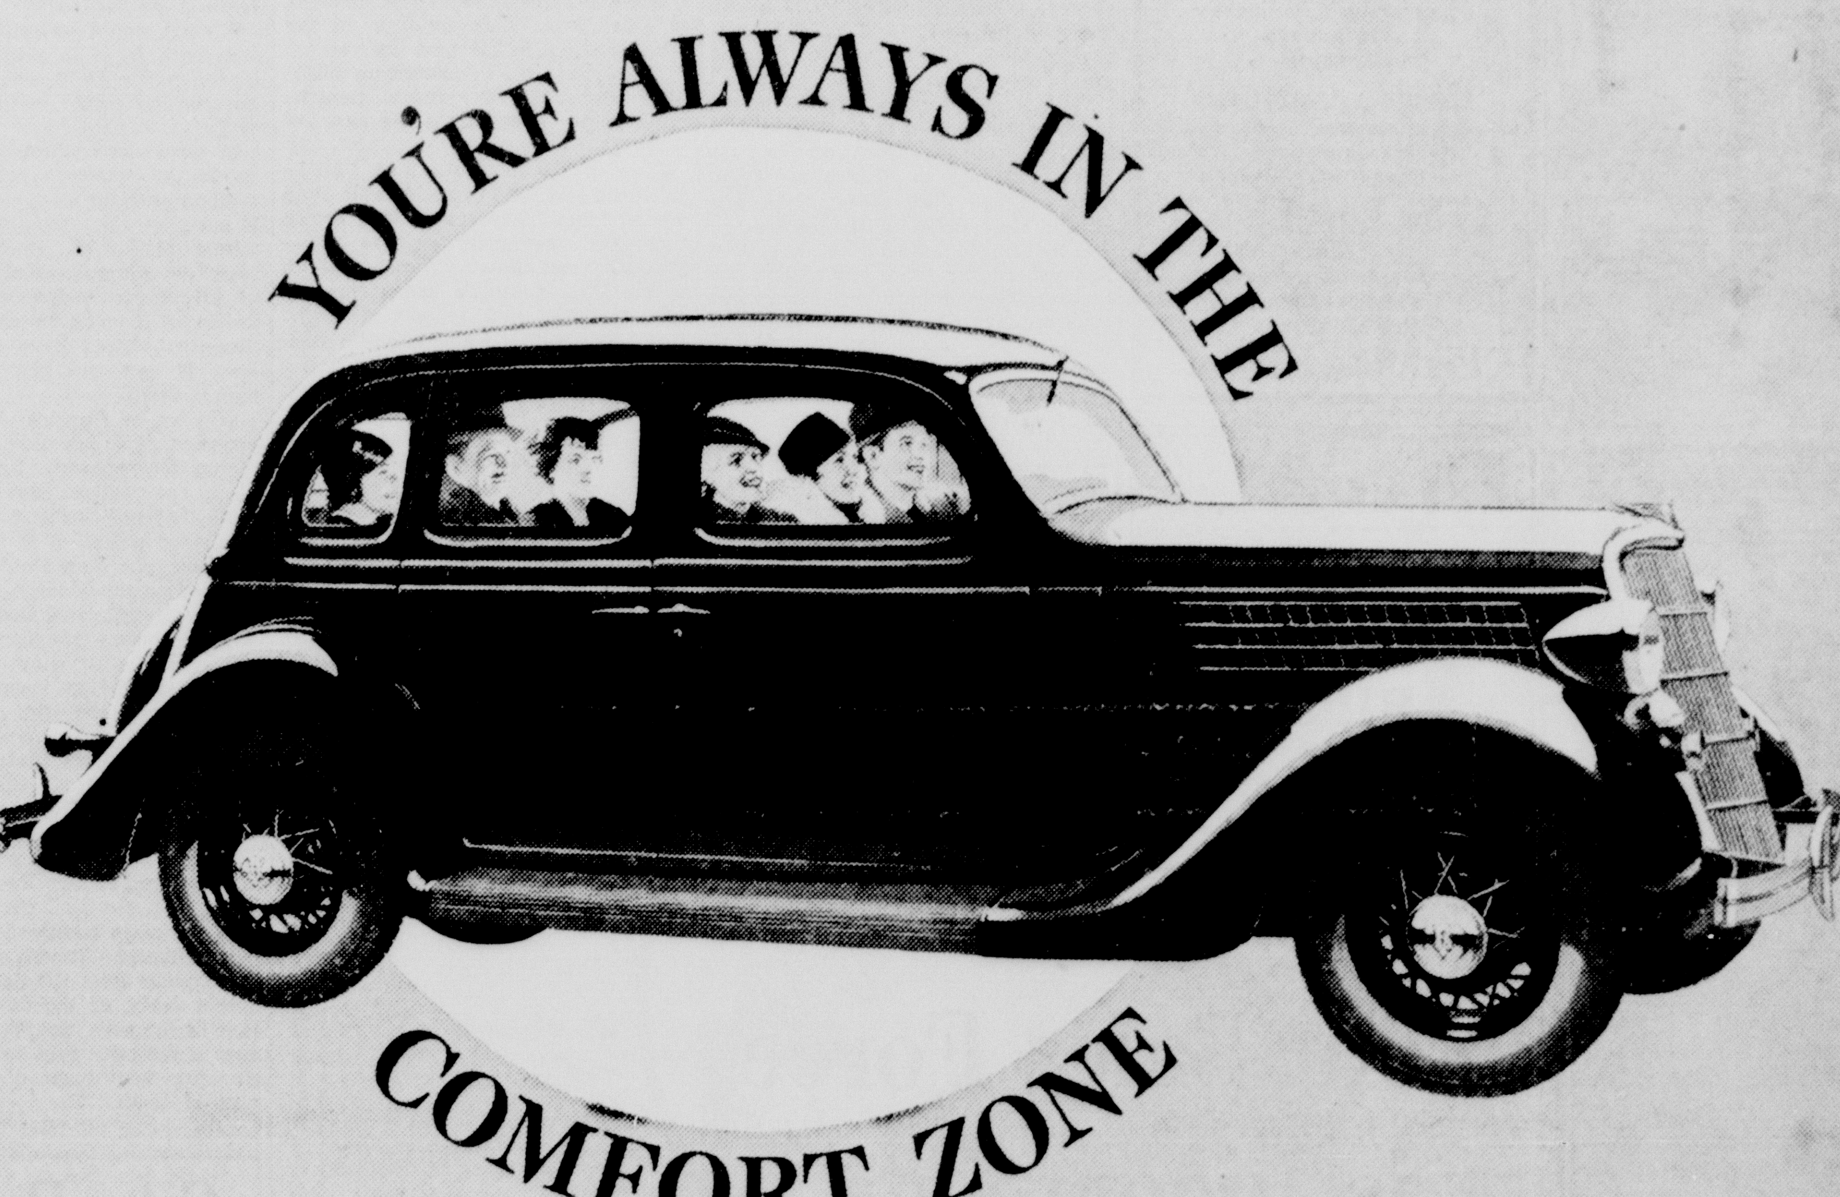
THE ROAD DOESN'T MATTER



THE SPEED IS UNIMPORTANT



SIT WHEREVER YOU WANT



THE Ford conception of an automobile is one that meets every present-day motoring requirement for performance, dependability, style and comfort—*at low cost.*

This is a natural development of a 31-year policy of giving you as much as possible for your automobile dollar.

The 1935 Ford V-8 brings you the most important Ford development since the introduction of the Ford V-8 engine—the new Full-floating Springbase with Comfort Zone Seating.

Wherever you sit in this new Ford V-8, you ride *centerpoised*—between the springs. These springs have been made longer, more flexible, and the springbase increased to 123 inches. The result is "front seat riding comfort" even for back-seat passengers!

Built around the proved V-8 engine, the new Ford V-8 is in *every* respect a car of major improvements. Its new riding ease is matched by new driving ease. Control, steering, parking are easier. Shifting and starting have been made almost effortless. Braking requires less foot pressure—and yet is surer, smoother.

Here is a car that is styled to the minute—inside and outside. It is a car built for the years—with welded, all-steel body and engine and chassis improvements that make it more durable than ever. Safety glass all around and new, larger tires come with your purchase price.

Look to this new Ford V-8 for everything you could want in a modern car. See it at your nearest Ford dealer's—drive it—ride in the back seat—today!

500 WILL ATTEND CONVENTION HERE

Police Jurors From All Over State Will Assemble This Week

No less than 500 men and women are expected here for attendance at the eleventh annual convention of the Police Jury Association of Louisiana, which opens at Hotel Frances on Tuesday for a two-day session. Every parish of the state will be represented.

As a prelude to the convention proper, the resolutions committee is to meet at 7:45 o'clock tonight at Hotel Frances and will be in session on Monday.

Registration for the convention is to start at 8 o'clock Tuesday morning and the convention is to be called to order an hour later by President John M. Breard. The program for this session will be as follows: Invocation, Rev. W. C. Scott, pastor of First Methodist church, Monroe; address of welcome on behalf of the city of Monroe, Mayor Arnold Bernstein; address of welcome on behalf of Ouachita parish, District Attorney Frank W. Hawthorne; response to addresses of welcome, P. O. Benjamin, secretary of the Madison parish police jury; roll call of parishes and delegates present; annual address of president, John M. Breard; address, Gov. O. K. Allen; address, "Beautiful and Romantic Louisiana," Dr. Claybrook Cottingham, president of Louisiana college; address, W. C. Vetsch, parish gas tax co-ordinator, New Orleans; address, W. G. Taggart, assistant director experiment stations at Louisiana State university.

At noon Tuesday a barbecue is to be held at Selman airport. The afternoon session is to start at 1:45 p. m. and there will be a banquet at 8 p. m. in Hotel Frances followed at 10 p. m. by a ball in Hotel Virginia.

Civic organizations and auto dealers furnishing automobiles for use of delegates and their friends who will be here Tuesday and Wednesday for the police jury state convention are as follows: Rotary club, 11 cars; police jury, 13 cars; Monroe Kiwanis club, 10 cars; Y's Men's club, 5 cars; Young Men's Business club, 4 cars; Lee-Rogers Chevrolet company, 4 cars; Columbus Social club, 5 cars; Milner Motor company, 4 cars; Monroe Automobile and Supply company, 4 cars; Twin City Motor company, 3 cars; Northeast Louisiana Motor company, 2 cars; Benoit Nash Motor company, 2 cars; Union Motor company, one car; Lennon Motor company; city of Monroe, 2 buses; Missouri Pacific Transportation company, one bus. All these are to be at the Central grammar school at noon sharp on Tuesday.

On Wednesday noon cars will be available to carry the police jurors and their friends to Sterlington for a luncheon given by the Louisiana Power and Light company. Autos will be available from the following sources: Rotary club, 11 cars; police jury, 13 cars; Kiwanis club of West Monroe, 10 cars; Y's Men's club, 4 cars; Columbus Social club, 5 cars; Young Men's Business club, 4 cars; Lee-Rogers Chevrolet company, 4 cars; Milner Motor company, 4 cars; Monroe Auto and Supply company, 4 cars; Twin City Motor company, 3 cars; Northeast Louisiana Motor company, 2 cars; Benoit Nash Motor company, 2 cars; Union Motor company, one car; Lennon Motor company, one car; city of Monroe, 2 buses; Missouri Pacific Transportation company, one bus.

AT THE CAPITOL

Claude Rains portrays the principal role in "The Mystery of Edwin Drood," based on the half-completed story by Charles Dickens, playing at the Capitol theater today. The picture is a grand concoction of love, romance, intrigue, jealousy and thrilling mystery. Douglass Montgomery, Heather Angel and David Manners have other important roles.

Many Valuable Projects Are Under Way At L. T. I.

Nearly 1,000 trees have been set out on the property of the Louisiana Training institute during the past several months in a program which has for its principal purposes the beautification of the property and cultivation of food crops for use of boys of the institute and for sale, it was learned in an interview in which Judge Charles Schulze, superintendent of the institute, gave a general review of activities of the institute.

Outstanding of the trees planted for the growing of a food and commercial crop are 250 "grafted" pecan trees which Judge Schulze anticipates will produce within 12 to 15 years a crop with a value of $10,000 annually, and within 20 years an annual crop valued at $20,000.

Most of the pecan trees were planted on riparian land, or land on the bank of the Ouachita river, adjacent to the institute. The remainder of the trees were planted on Formossa avenue, which runs through the institute property in an easterly and westerly direction, a distance of about a mile. The trees were planted on both sides of the avenue, about 75 feet apart.

Three varieties of pecan trees, the Money Maker, the Success and the Schley, were planted.

Among the other trees planted were the following: 100 dogwood, 75 holly, 25 youpan, 100 redbuds, 30 crepe myrtle, 15 dwarf sassafras, 4 weeping willows, 2 chinquepin, 75 short-leaf pine, 30 long-leaf pine, 100 oak, 15 wild cherry, 4 haws, 10 mulberry, 3 beech.

About 100 shrubs, 18 wild honeysuckle vines and 15 yellow jasmine plants were also set out.

With the exception of the pecan trees, creye myrtles and weeping willows, all of the trees and shrubs were obtained in Ouachita, Winn, Caldwell and Jackson parishes. The shrubs were obtained at Monroe.

Considerable landscaping has been done about the brick cottages of the institute. Flower beds have been made in circular, diamond and octagonal forms.

Prospects for a successful yield of produce on the institute farm lands are favorable, despite the late freeze and heavy rains which destroyed early plantings, causing a loss estimated at $2,000. The institution at this time, however, is only about 12 days behind its farming schedule.

Producing more foods than can be consumed by boys of the institute, the institute makes no effort to compete with local retailers, but sells its surplus foods to wholesalers.

At this time the construction of the new two-story cottage to be occupied by the superintendent is nearly half completed. The building is ready for the laying of brick.

A "cyclone" wire fence has been constructed along the northern property line of the institute. The fence is made of steel, with steel posts set in concrete.

Construction of a new poultry plant is contemplated.

At this time the institute has between 500 and 600 laying hens, which provide an abundance of fresh eggs for the inmates and for sale to wholesalers.

About 75 hogs are owned by the institute, which also boasts about 100 Jersey and Holstein cows, most of which are registered, and which are quartered in one of the most modern dairies in the state.

In addition to having an abundance of vegetables, eggs and milk, the institute boys are afforded plenty of honey from 100 bee colonies.

A considerable amount of food is canned each year for the winter months. The cannery recently was renovated.

Excellent progress has been made in the institute's school classes during the present school year. The classes will be closed on schedule, at the same time schools of the parish educational system are closed.

Sunday school classes are conducted at the institute each Sunday afternoon, with prominent local business and professional men giving talks to the boys. Leon Hammond is superintendent of the Sunday school.

Plans are under way to send two boys from the institute's Boy Scout troop to the national Boy Scout jamboree to be held at Washington, D. C., in August.

There are 166 boys at the institute at this time. This number is the greatest there in the past six years.

Judge Schulze, in exercising discipline, has reduced corporal punishment 75 per cent within the past six years.

Boys of the institute lead healthful lives, and spend considerable time out of doors. They are allotted ample time for recreation on the playgrounds, and have various athletic teams. The institute's teams compete with teams of high schools of northeast Louisiana, and also compete with "town" teams.

SALES TAX ACT RULED INVALID

New Arkansas Law Sent On Way To Supreme Court For Action

LITTLE ROCK, Ark., April 13.—(AP) The Hall two per cent sales tax act was sent on its way to the State Supreme Court today after Chancellor Frank H. Dodge ruled it invalid.

The chancellor did not rule on all the allegations set out in the suit to test the validity of the act passed for aid of the schools and relief.

Since the suit was slated to go to the Supreme Court, Chancellor Dodge did not go into the full merits of arguments, but overruled the demurrer of State Revenue Commissioner Earl R. Wiseman and enjoined him from attempting to collect the tax.

Attorneys announced they would ask the Supreme Court Monday to advance the case because of its public interest, and both sides hoped for a decision before the act is scheduled to go into effect May 1.

The chancellor ruled the act, if it was a property tax, called for double taxation, and if it was a privilege tax it was still invalid.

Millard Alford, special revenue department attorney, and Louis Talowski, assisting him, contended the sales tax in effect was an excise tax on sales to consumers, and was permitted by the constitution.

◆

WAR VETERANS' SERVICE HELPS

(Editor's note: The following article is the fourth of a series released by H. B. McClendon, Ouachita parish service officer, for publication in the Sunday Morning World. The articles explain benefits available to United States veterans of wars in which this country has participated, and discuss compensations, pensions, hospitalization, funeral expenses and other benefits.)

Form P-5 is used by the widow or child to file claim for benefits as dependents of a World war veteran who died of a non-service connected disability.

Before payments can be authorized it must be shown that the veteran had a directly service connected disability at time of death disabling to an extent of 30 per cent or more. As an illustration, a veteran may be drawing compensation for a heart condition of 30 per cent or more, directly service connected, and the cause of his death may be due to an automobile accident. In such a case, the unremarried widow would be entitled to a pension of $22.50 a month with $8.00 for the first child. She will have to furnish evidence of her marriage to the veteran in the form of a certified copy of marriage record, and it must be shown that she married the veteran prior to July 3, 1931. She must also show that she did not pay an income tax for the previous year. In addition to this, it must be shown that the veteran's death was not due to misconduct on his part.

A child would be entitled to a pension until he is 18 years of age, and in the event he is attending school, the pension would continue until he is 21.

In those cases where a veteran was receiving directly service connected compensation in an amount less than 30 per cent, the widow would be permitted to furnish evidence to the veterans' administration in the form of physicians' statements and affidavits of friends to show that the disability should have been rated at least 30 per cent prior to the veteran's death.

Widows of Spanish American war veterans may use this form in applying for benefits. In cases of this kind, the widow does not have to show that her husband had a service connected disability at time of death. However, she must show that she was married to the veteran prior to September 1, 1922, and that she did not pay an income tax for the previous year. She must show also that the veteran served at least ninety days. In the event he did not enter the service until after August 12, 1898, it must be shown that he served in Cuba, Porto Rico, the Philippines, Guam, or the China relief expedition. In such cases, the application would be considered where the veteran entered the service before July 1, 1902.

In the cases mentioned above, widows of World war veterans have only three years from the date of the veteran's death, or the date of the passage of the act (June 28, 1934), whichever is the later date, to furnish proof showing percentage of disability at time of death.

◆

City Briefs

Members of the Ouachita parish school Junior Hi-Y spent Friday night and Saturday at Camp Ki-Ro-Li, making their headquarters in the Cherokee cabin. Games and photography were included in the amusements. Those attending the outing were: Tommy Wyatt, Florent Hammonds, J. M. Primm, Billy Wright, Beverly Powers, Richard Eason, Phillip Embanato and J. F. Craig, sponsor of the group.

E. R. Greenlaw, editor of the "Louisiana Digest," arrived in Monroe Saturday for attendance at the convention of the Police Jury Association of Louisiana, which opens here this week. Mr. Greenlaw is not only an editor, but is also assistant secretary of the police jury association. He has attended similar conventions for many years and has an unusually large circle of friends.

T. M. Colson, Jr., three-year-old son of Mr. and Mrs. T. M. Colson, of Rayville, is seriously ill with pneumonia at a local clinic.

Scuffling action on the front tires resulting from improper toe-in causes them to wear rapidly, and it is therefore more economical to have front wheel alignment checked frequently than to buy a new set of tires.

A HIT AT THE PARAMOUNT

Clark Gable and Constance Bennett make a real hit in their first co-starring adventure, "After Office Hours," the attraction at the Paramount theater for today and Monday. Here's a romantic, mystery comedy that is filled with thrills and laughter and the supporting cast includes Stuart Erwin, Billie Burke, Katharine Alexander, Harvey Stephens, Hale Hamilton and Henry Armetta.

AT LOCAL THEATERS

AT THE PARAMOUNT—A new and brilliant romantic team is born in "After Office Hours," new Metro-Goldwyn-Mayer picture which opened yesterday at the Paramount theater for a three-day run.

Clark Gable and Constance Bennett, two of the screen's most important stars, are teamed for the first time in a production which warrants the launching of so important a film event.

Gable and Miss Bennett have in common the same brand of comedy needed to put this sparkling society thriller over with a bang, as well as romantic appeal which undoubtedly will win them many new fans.

Directed by Robert Z. Leonard, "After Office Hours" is fast-paced and exciting. It deals with an admixture of Park Avenue and Park Row, which have for their common ground a baffling murder-mystery, solved by Gable in the role of a hard-boiled newspaper editor.

Miss Bennett plays his socialite cub reporter with all the dash and insouciance which has characterized her brilliant film career.

The supporting cast is equally strong, with Billie Burke featured as Miss Bennett's social registerite mother, Stuart Erwin as Gable's pal and ranking photographer, Harvey Stephens as the dark and handsome "other man" in the case. Others correspondingly well cast are Katharine Alexander, Hale Hamilton, Henry Travers, Henry Armetta, Charles Richman and Herbert Bunston.

Gowns, photography, settings and that intangible but important "background" all show the marks of careful and imaginative production at which MGM excels.

AT THE CAPITOL—Thrilling entertainment for the entire family is Universal's new mystery drama, "The Mystery of Edwin Drood," which plays today only at the Capitol theater, with Claude Rains, Douglas Montgomery and a brilliant cast of supporting players.

The story centers round John Jasper, played by Claude Rains, who is choir leader in a cathedral in a little English village. But while he is a respected churchman in public, he is a victim of the opium habit in private life and is a strange dual personality. Jasper is secretly in love with the fiance of his nephew, Edwin Drood. The girl is played by Heather Angel and his nephew is played by David Manners.

Into this strange triangle is injected a fiery youth from Ceylon, Neville Landless, played by Douglass Montgomery. Landless falls in love with Miss Angel and develops a hatred for young Drood, even going so far as to attack him with a knife.

Drood disappears and some of his clothing is found in the nearby river. His uncle yells that he has been murdered. To tell the answer would be to deprive you of some spine tingles.

Rains, Heather Angel, Douglass Montgomery, Valerie Hobson, David Manners and Francis L. Sullivan are truly magnificent.

500 WILL ATTEND CONVENTION HERE

Police Jurors From All Over State Will Assemble This Week

No less than 500 men and women are expected here for attendance at the eleventh annual convention of the Police Jury Association of Louisiana, which opens at Hotel Frances on Tuesday for a two-day session. Every parish of the state will be represented.

As a prelude to the convention proper, the resolutions committee is to meet at 7:45 o'clock tonight at Hotel Frances and will be in session on Monday.

Registration for the convention is to start at 8 o'clock Tuesday morning and the convention is to be called to order an hour later by President John M. Breard. The program for this session will be as follows: Invocation, Rev. W. C. Scott, pastor of First Methodist church, Monroe; address of welcome on behalf of the city of Monroe, Mayor Arnold Bernstein; address of welcome on behalf of Ouachita parish, District Attorney Frank W. Hawthorne; response to addresses of welcome, P. O. Benjamin, secretary of the Madison parish police jury; roll call of parishes and delegates present; annual address of president, John M. Breard; address, Gov. O. K. Allen; address, "Beautiful and Romantic Louisiana," Dr. Claybrook Cottingham, president of Louisiana college; address, W. C. Vetsch, parish gas tax co-ordinator, New Orleans; address, W. G. Taggart, assistant director experiment stations at Louisiana State university.

At noon Tuesday a barbecue is to be held at Selman airport. The afternoon session is to start at 1:45 p. m. and there will be a banquet at 8 p. m. in Hotel Frances followed at 10 p. m. by a ball in Hotel Virginia.

Civic organizations and auto dealers furnishing automobiles for use of delegates and their friends who will be here Tuesday and Wednesday for the police jury state convention are as follows: Rotary club, 11 cars; police jury, 13 cars; Monroe Kiwanis club, 10 cars; Y's Men's club, 5 cars; Young Men's Business club, 4 cars; Lee-Rogers Chevrolet company, 4 cars; Columbus Social club, 5 cars; Milner Motor company, 4 cars; Monroe Automobile and Supply company, 4 cars; Twin City Motor company, 3 cars; Northeast Louisiana Motor company, 2 cars; Benoit Nash Motor company, 2 cars; Union Motor company, one car; Lennon Motor company; city of Monroe, 2 buses; Missouri Pacific Transportation company, one bus. All these are to be at the Central grammar school at noon sharp on Tuesday.

On Wednesday noon cars will be available to carry the police jurors and their friends to Sterlington for a luncheon given by the Louisiana Power and Light company. Autos will be available from the following sources: Rotary club, 11 cars; police jury, 13 cars; Kiwanis club of West Monroe, 10 cars; Y's Men's club, 4 cars; Columbus Social club, 5 cars; Young Men's Business club, 4 cars; Lee-Rogers Chevrolet company, 4 cars; Milner Motor company, 4 cars; Monroe Auto and Supply company, 4 cars; Twin City Motor company, 3 cars; Northeast Louisiana Motor company, 2 cars; Benoit Nash Motor company, 2 cars; Union Motor company, one car; Lennon Motor company, one car; city of Monroe, 2 buses; Missouri Pacific Transportation company, one bus.

AT THE CAPITOL

Claude Rains portrays the principal role in "The Mystery of Edwin Drood," based on the half-completed story by Charles Dickens, playing at the Capitol theater today. The picture is a grand concoction of love, romance, intrigue, jealousy and thrilling mystery. Douglass Montgomery, Heather Angel and David Manners have other important roles.

Many Valuable Projects Are Under Way At L. T. I.

Nearly 1,000 trees have been set out on the property of the Louisiana Training institute during the past several months in a program which has for its principal purposes the beautification of the property and cultivation of food crops for use of boys of the institute and for sale, it was learned in an interview in which Judge Charles Schulze, superintendent of the institute, gave a general review of activities of the institute.

Outstanding of the trees planted for the growing of a food and commercial crop are 250 "grafted" pecan trees which Judge Schulze anticipates will produce within 12 to 15 years a crop with a value of $10,000 annually, and within 20 years an annual crop valued at $20,000.

Most of the pecan trees were planted on riparian land, or land on the bank of the Ouachita river, adjacent to the institute. The remainder of the trees were planted on Formossa avenue, which runs through the institute property in an easterly and westerly direction, a distance of about a mile. The trees were planted on both sides of the avenue, about 75 feet apart.

Three varieties of pecan trees, the Money Maker, the Success and the Schley, were planted.

Among the other trees planted were the following: 100 dogwood, 75 holly, 25 youpan, 100 redbuds, 30 crepe myrtle, 15 dwarf sassafras, 4 weeping willows, 2 chinquepin, 75 short-leaf pine, 30 long-leaf pine, 100 oak, 15 wild cherry, 4 haws, 10 mulberry, 3 beech.

About 100 shrubs, 18 wild honeysuckle vines and 15 yellow jasmine plants were also set out.

With the exception of the pecan trees, creye myrtles and weeping willows, all of the trees and shrubs were obtained in Ouachita, Winn, Caldwell and Jackson parishes. The shrubs were obtained at Monroe.

Considerable landscaping has been done about the brick cottages of the institute. Flower beds have been made in circular, diamond and octagonal forms.

Prospects for a successful yield of produce on the institute farm lands are favorable, despite the late freeze and heavy rains which destroyed early plantings, causing a loss estimated at $2,000. The institution at this time, however, is only about 12 days behind its farming schedule.

Producing more foods than can be consumed by boys of the institute, the institute makes no effort to compete with local retailers, but sells its surplus foods to wholesalers.

At this time the construction of the new two-story cottage to be occupied by the superintendent is nearly half completed. The building is ready for the laying of brick.

A "cyclone" wire fence has been constructed along the northern property line of the institute. The fence is made of steel, with steel posts set in concrete.

Construction of a new poultry plant is contemplated.

At this time the institute has between 500 and 600 laying hens, which provide an abundance of fresh eggs for the inmates and for sale to wholesalers.

About 75 hogs are owned by the institute, which also boasts about 100 Jersey and Holstein cows, most of which are registered, and which are quartered in one of the most modern dairies in the state.

In addition to having an abundance of vegetables, eggs and milk, the institute boys are afforded plenty of honey from 100 bee colonies.

A considerable amount of food is canned each year for the winter months. The cannery recently was renovated.

Excellent progress has been made in the institute's school classes during the present school year. The classes will be closed on schedule, at the same time schools of the parish educational system are closed.

Sunday school classes are conducted at the institute each Sunday afternoon, with prominent local business and professional men giving talks to the boys. Leon Hammond is superintendent of the Sunday school.

Plans are under way to send two boys from the institute's Boy Scout troop to the national Boy Scout jamboree to be held at Washington, D. C., in August.

There are 166 boys at the institute at this time. This number is the greatest there in the past six years.

Judge Schulze, in exercising discipline, has reduced corporal punishment 75 per cent within the past six years.

Boys of the institute lead healthful lives, and spend considerable time out of doors. They are allotted ample time for recreation on the playgrounds, and have various athletic teams. The institute's teams compete with teams of high schools of northeast Louisiana, and also compete with "town" teams.

SALES TAX ACT RULED INVALID

New Arkansas Law Sent On Way To Supreme Court For Action

LITTLE ROCK, Ark., April 13.—(AP) The Hall two per cent sales tax act was sent on its way to the State Supreme Court today after Chancellor Frank H. Dodge ruled it invalid.

The chancellor did not rule on all the allegations set out in the suit to test the validity of the act passed for aid of the schools and relief.

Since the suit was slated to go to the Supreme Court, Chancellor Dodge did not go into the full merits of arguments, but overruled the demurrer of State Revenue Commissioner Earl R. Wiseman and enjoined him from attempting to collect the tax.

Attorneys announced they would ask the Supreme Court Monday to advance the case because of its public interest, and both sides hoped for a decision before the act is scheduled to go into effect May 1.

The chancellor ruled the act, if it was a property tax, called for double taxation, and if it was a privilege tax it was still invalid.

Millard Alford, special revenue department attorney, and Louis Talowski, assisting him, contended the sales tax in effect was an excise tax on sales to consumers, and was permitted by the constitution.

WAR VETERANS' SERVICE HELPS

(Editor's note: The following article is the fourth of a series released by H. B. McClendon, Ouachita parish service officer, for publication in the Sunday Morning World. The articles explain benefits available to United States veterans of wars in which this country has participated, and discuss compensations, pensions, hospitalization, funeral expenses and other benefits.)

Form P-5 is used by the widow or child to file claim for benefits as dependents of a World war veteran who died of a non-service connected disability.

Before payments can be authorized it must be shown that the veteran had a directly service connected disability at time of death disabling to an extent of 30 per cent or more. As an illustration, a veteran may be drawing compensation for a heart condition of 30 per cent or more, directly service connected, and the cause of his death may be due to an automobile accident. In such a case, the unremarried widow would be entitled to a pension of $22.50 a month with $8.00 for the first child. She will have to furnish evidence of her marriage to the veteran in the form of a certified copy of marriage record, and it must be shown that she married the veteran prior to July 3, 1931. She must also show that she did not pay an income tax for the previous year. In addition to this, it must be shown that the veteran's death was not due to misconduct on his part.

A child would be entitled to a pension until he is 18 years of age, and in the event he is attending school, the pension would continue until he is 21.

In those cases where a veteran was receiving directly service connected compensation in an amount less than 30 per cent, the widow would be permitted to furnish evidence to the veterans' administration in the form of physicians' statements and affidavits of friends to show that the disability should have been rated at least 30 per cent prior to the veteran's death.

Widows of Spanish American war veterans may use this form in applying for benefits. In cases of this kind, the widow does not have to show that her husband had a service connected disability at time of death. However, she must show that she was married to the veteran prior to September 1, 1922, and that she did not pay an income tax for the previous year. She must show also that the veteran served at least ninety days. In the event he did not enter the service until after August 12, 1898, it must be shown that he served in Cuba, Porto Rico, the Philippines, Guam, or the China relief expedition. In such cases, the application would be considered where the veteran entered the service before July 1, 1902.

In the cases mentioned above, widows of World war veterans have only three years from the date of the veteran's death, or the date of the passage of the act (June 28, 1934), whichever is the later date, to furnish proof showing percentage of disability at time of death.

Scuffling action on the front tires resulting from improper toe-in causes them to wear rapidly, and it is therefore more economical to have front wheel alignment checked frequently than to buy a new set of tires.

A HIT AT THE PARAMOUNT

Clark Gable and Constance Bennett make a real hit in their first co-starring adventure, "After Office Hours," the attraction at the Paramount theater for today and Monday. Here's a romantic, mystery comedy that is filled with thrills and laughter and the supporting cast includes Stuart Erwin, Billie Burke, Katharine Alexander, Harvey Stephens, Hale Hamilton and Henry Armetta.

AT LOCAL THEATERS

AT THE PARAMOUNT—A new and brilliant romantic team is born in "After Office Hours," new Metro-Goldwyn-Mayer picture which opened yesterday at the Paramount theater for a three-day run.

Clark Gable and Constance Bennett, two of the screen's most important stars, are teamed for the first time in a production which warrants the launching of so important a film event.

Gable and Miss Bennett have in common the same brand of comedy needed to put this sparkling society thriller over with a bang, as well as romantic appeal which undoubtedly will win them many new fans.

Directed by Robert Z. Leonard, "After Office Hours" is fast-paced and exciting. It deals with an admixture of Park Avenue and Park Row, which have for their common ground a baffling murder-mystery, solved by Gable in the role of a hard-boiled newspaper editor.

Miss Bennett plays his socialite cub reporter with all the dash and insouciance which has characterized her brilliant film career.

The supporting cast is equally strong, with Billie Burke featured as Miss Bennett's social registerite mother, Stuart Erwin as Gable's pal and ranking photographer, Harvey Stephens as the dark and handsome "other man" in the case. Others correspondingly well cast are Katharine Alexander, Hale Hamilton, Henry Travers, Henry Armetta, Charles Richman and Herbert Bunston.

Gowns, photography, settings and that intangible but important "background" all show the marks of careful and imaginative production at which MGM excels.

AT THE CAPITOL—Thrilling entertainment for the entire family is Universal's new mystery drama, "The Mystery of Edwin Drood," which plays today only at the Capitol theater, with Claude Rains, Douglas Montgomery and a brilliant cast of supporting players.

The story centers round John Jasper, played by Claude Rains, who is choir leader in a cathedral in a little English village. But while he is a respected churchman in public, he is a victim of the opium habit in private life and is a strange dual personality. Jasper is secretly in love with the fiance of his nephew, Edwin Drood. The girl is played by Heather Angel and his nephew is played by David Manners.

Into this strange triangle is injected a fiery youth from Ceylon, Neville Landless, played by Douglass Montgomery. Landless falls in love with Miss Angel and develops a hatred for young Drood, even going so far as to attack him with a knife.

Drood disappears and some of his clothing is found in the nearby river. His uncle yells that he has been murdered. To tell the answer would be to deprive you of some spine tingles.

Rains, Heather Angel, Douglass Montgomery, Valerie Hobson, David Manners and Francis L. Sullivan are truly magnificent.

SUREBEST BAKERY HIGH CLASS FIRM

Concern Meets Demand For Quality And Variety, Says Brogan

"Realizing that every person is looking for two things when he is buying food, the Surebest Bakery supplies the demand for quality and variety," it was stated by C. P. Brogan, president of the organization.

"It is easy for anyone to say that his bread is a quality loaf, for most breads are good quality loaves, but Surebest bread supplies that certain goodness of taste and richness that comes from the liberal use of milk, appearance that comes from using the best of ingredients, freshness in the home that is made possible by several trips a day made by the bread salesman to the grocer, and a neatly wrapped package that is sealed so that impurities and dust are excluded from the bread.

"There is an old adage that says 'Variety is the spice of life.' This saying is as true in our day as when it was first spoken or written. Realizing this need, the Surebest bakery makes a variety of breads. Besides the standard pullman and family breads, the bakery makes the following: Cheese bread, buttermilk bread, salt rising bread, four kinds of French and Italian breads, both regular and 100 per cent wheat bread, rye bread, raisin bread and several varieties of rolls and buns.

"As an aid to the housewife, illustrated recipes which afford new ideas of preparing meals in different ways are contained in each wrapper of the Surebest family bread sold on Saturdays."

An invitation to visit the bakery, which is located at 100 South Fifth street, is issued the public. The bakery is one of the group of leading concerns of its kind which are conducting an educational campaign through the advertising columns of the Morning World and News-Star.

SOLONS TO URGE VITAL REVISIONS OF FLOOD PLANS

(Continued From First Page)

recommended by the house committee will cost more or less than this figure today remained uncertain.

Construction of the 26 reservoirs in the White and Arkansas basins recommended by the Mississippi river commission would cost approximately $127,000,000. Tremendous savings, however, will be made through elimination of the Eudora floodway, in which flowage rights would have had to be acquired by the government.

Representative Riley J. Wilson, chairman of the committee, announced that the committee would begin executive sessions next week to draft its report. He is anxious to get the proposed legislation before the house of representatives at the earliest date in order that action by congress this session may be had, if possible.

FLOOD CONTROL IS NATIONAL AFFAIR

(Continued From First Page)

act of 1928, which specifically "requires the United States to acquire the flowage rights necessarily incident to carrying out the engineering plan thereby authorized to accomplish the adopted project."

"That proposition," Mr. Hudson said, "resulted from the most exhaustive and extensive investigation and consideration. To the people of the valley, it is basic, fundamental and of paramount importance. No matter what else is done, it should be preserved at all costs, or we will have to take to the 'tall timber,' as has been suggested. It is my opinion that the congress and the United States engineering corps should have assumed and fulfilled that national obligation; that it should be done now, by whatsoever plan this congress deems best, while ample funds appear to be available and are being so freely dispensed for many less worthy purposes."

Mr. Hudson went on:

"The most important element involved in the present situation is to insure that nothing is done or said to take away whatever national obligation does exist and to leave the people of the valley what they think are their rights and are willing to stand on, and neither repeal the provision of the act which asserts the national obligation nor leave the entire matter of national policy to the arbitrary discretion of anyone outside the congress itself, even the estimable United States army engineering corps.

"As to the engineering methods to be employed, I certainly am not competent to make a suggestion. I think the congress should rely upon the opinion of the army engineers, who are competent, capable, experienced and free from local, selfish and partisan influences. That their opinion changes, does not reflect upon its integrity, but to my mind attests their intelligence. That some diversion of excess flood waters is necessary they insist is apparent, the 'reservoirs only' plan being for some future generation. Where, when, how it must be diverted and disposed of I think they should know best and their judgment should be relied upon—rather than local sentiment, which, while entitled to due consideration, is inevitably and invariably narrow and naturally selfish. If the wishes of the people who are to get occasionally wet are to be the main test, obviously there will be no diversion anywhere, for the fellow whose 'ox is gored' will always howl—and naturally, normally and humanly so. But national policy should not be unduly influenced by local community competition and rivalries.

"The people of the Boeuf raised a rumpus; but it is only fair to them to say that no tender of adequate compensation, if any, was held out to them. Further it is an indisputable fact that, irrespective of pronouncement by whomsoever, the net result of the Boeuf agitation was not to defeat a floodway in that area but to convert the northeastern section of Louisiana and southeastern section of Arkansas into a still existing, uncontrolled and, so far uncompensated for, floodway.

"The fuse-plug levee, which permits the water to outpour, is now, and since 1928, has been in operative condition. The only reason that it has not operated is due to there not being enough water in the river to cause overflowing. The local agitation in the Boeuf resulted in the guide levees (which would have confined those overflow waters to the Boeuf floodway) not being constructed at all, so that the entire area is an uncontrolled floodway, as the first excess flood height will tragically demonstrate.

"While particular sectors of the affected area squabble and dispute over where the permanent, limited and controlled floodway shall be located, it today actually comprises all. Since both are now in the same tragical situation, it appears to me that the congress should heed its own official and reliable engineering advice rather than local opinion—especially since those engineers now advise that compensation be paid for incident damage.

"In doing so, however, the greatest care must be taken that the basic national obligation must not be impaired, and, I submit, that restatement of the national policy should be phrased in such emphatic language that even the United States engineering corps will comprehend and heed the idea. Efficiency and expediency are obviously desirable and cannot be objected to as to methods, but, in my opinion, the phraseology of General Markham's report, if it becomes the law, has the legal effect of repealing altogether the principal and policy of national responsibility.

"I am not advocating or opposing any plan. I have not and do not intend to 'lobby' or propagandize for or against any location or area. I only hope or seek—wherever the floodway be located—to help people of the affected area to obtain what I firmly believe to be their fair, just and lawful rights."

Benjamin said Perry sought to, and Perry said Benjamin threw a cigarette in his face. Blows followed, but it was a no-decision affair. (Associated Press Photo)

MAN JAILED HERE ON CHECK CHARGE

(Continued From First Page)

Ross, of Oak Grove, and the latter check bore the forged signature of S. A. Collins, of Monroe.

Ventrus Thompson, the youth accused of the theft of the Lineback automobile, is also accused of stealing two rear automobile wheels, tires and tubes, a rear light and a front headlight from the automobile of Dr. H. O. Taylor, of Calhoun, on the night of April 2, three nights following the theft of the automobile.

The sheriff's department had expected to arrest young Thompson last night, but actions of the youth caused his arrest during the afternoon, the sheriff said. In investigating the theft of the automobile, the trail followed by the sheriff's department had led to the vicinity where the youth resided at the home of his father, Luther Thompson, it was stated. Becoming worried, the youth reputedly confessed thefts of the automobile and the automobile parts to his father, and yesterday, accompanied by his father, he went to Calhoun and returned the automobile parts belonging to Dr. Taylor, it was asserted.

Three facts brought to light in the investigation of the sheriff's department carried the trail to the vicinity where young Thompson resided. One circumstance was that shortly after the theft of the automobile a car with a description resembling it was stopped at the Dixie Tourist camp and filling station on the Calhoun road. The tank of the car was filled with gasoline and the driver drove away without paying for the gasoline.

The other two circumstances were the theft of the automobile parts at Calhoun, and the mysterious parking of a coupe in woods about six miles south of Calhoun. After the car was driven from there, residents of the vicinity found a piece of stationery at the place where the car had been parked. The stationery bore the firm name of "The Ouachita Display Service", which is operated by Mr. Lineback.

The stolen automobile was recovered for the owner in woods some distance from young Thompson's home, it was stated.

SUREBEST BAKERY HIGH CLASS FIRM

Concern Meets Demand For Quality And Variety, Says Brogan

"Realizing that every person is looking for two things when he is buying food, the Surebest Bakery supplies the demand for quality and variety," it was stated by C. P. Brogan, president of the organization.

"It is easy for anyone to say that his bread is a quality loaf, for most breads are good quality loaves, but Surebest bread supplies that certain goodness of taste and richness that comes from the liberal use of milk, appearance that comes from using the best of ingredients, freshness in the home that is made possible by several trips a day made by the bread salesman to the grocer, and a neatly wrapped package that is sealed so that impurities and dust are excluded from the bread.

"There is an old adage that says 'Variety is the spice of life.' This saying is as true in our day as when it was first spoken or written. Realizing this need, the Surebest bakery makes a variety of breads. Besides the standard pullman and family breads, the bakery makes the following: Cheese bread, buttermilk bread, salt rising bread, four kinds of French and Italian breads, both regular and 100 per cent wheat bread, rye bread, raisin bread and several varieties of rolls and buns.

"As an aid to the housewife, illustrated recipes which afford new ideas of preparing meals in different ways are contained in each wrapper of the Surebest family bread sold on Saturdays."

An invitation to visit the bakery, which is located at 100 South Fifth street, is issued the public. The bakery is one of the group of leading concerns of its kind which are conducting an educational campaign through the advertising columns of the Morning World and News-Star.

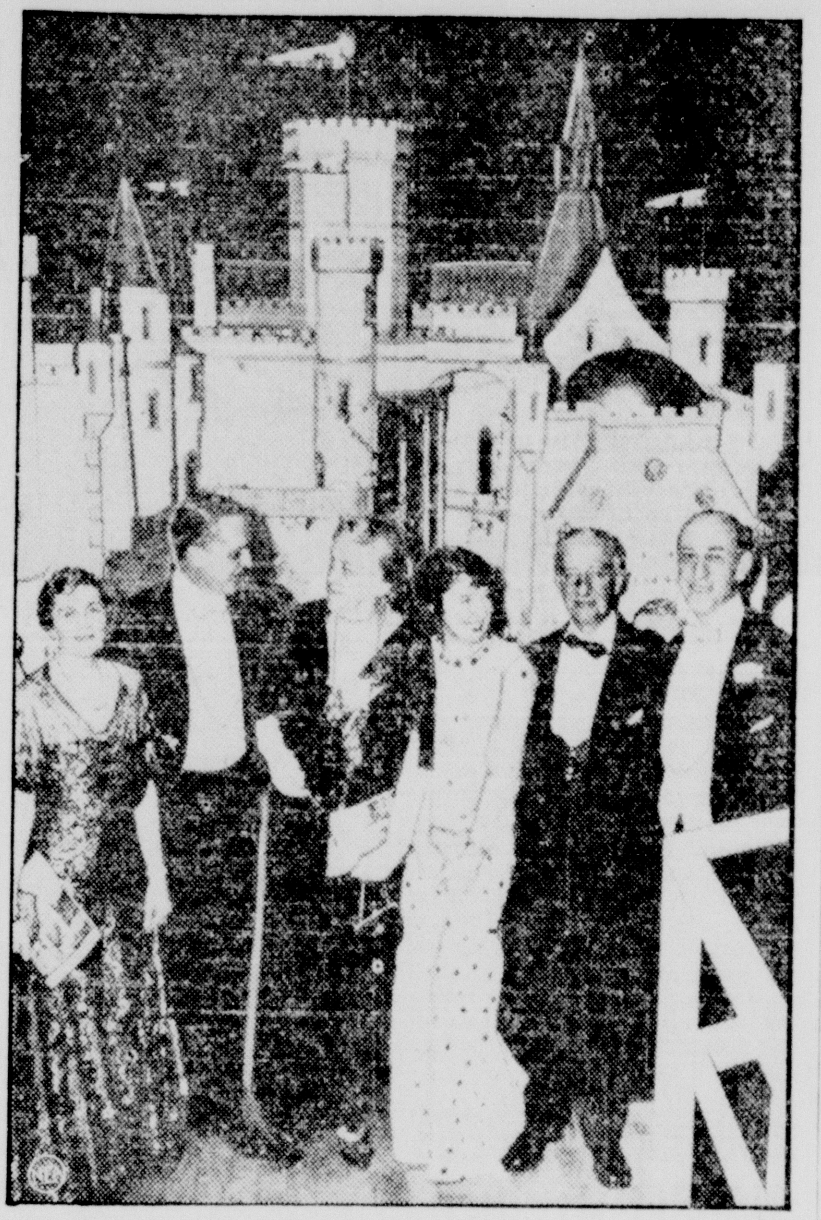
$435,000 DOLLHOUSE STARTS TOUR



Starting its world tour, funds from which will benefit crippled children everywhere, Colleen Moore's $435,000 dollhouse, a miniature fairyland castle, is shown here in New York after its dedication. A golden cornerstone was placed in the tiny edifice by Mrs. James Roosevelt, mother of the president, seen in the center of the group which includes, to the right, Miss Moore and former Governor Alfred E. Smith.

American Legion To Hold Meeting Monday

There will be a regular meeting of L. B. Faulk Post No. 13, American legion, at the legion home Monday night. All veterans are urged to be present. The meeting is of importance, as it is intended to mark the end of the membership drive.

The state legion department has set a goal for membership of the local post and Commander Isador Liebreich is anxious that it be reached. A check-up will be made Monday night to determine just how many new members have been secured.

"Every member get a member" is the slogan of the local post.

SOLONS TO URGE VITAL REVISIONS OF FLOOD PLANS

(Continued From First Page)

recommended by the house committee will cost more or less than this figure today remained uncertain.

Construction of the 26 reservoirs in the White and Arkansas basins recommended by the Mississippi river commission would cost approximately $127,000,000. Tremendous savings, however, will be made through elimination of the Eudora floodway, in which flowage rights would have had to be acquired by the government.

Representative Riley J. Wilson, chairman of the committee, announced that the committee would begin executive sessions next week to draft its report. He is anxious to get the proposed legislation before the house of representatives at the earliest date in order that action by congress this session may be had, if possible.

◆

FLOOD CONTROL IS NATIONAL AFFAIR

(Continued From First Page)

act of 1928, which specifically "requires the United States to acquire the flowage rights necessarily incident to carrying out the engineering plan thereby authorized to accomplish the adopted project."

"That proposition," Mr. Hudson said, "resulted from the most exhaustive and extensive investigation and consideration. To the people of the valley, it is basic, fundamental and of paramount importance. No matter what else is done, it should be preserved at all costs, or we will have to take to the 'tall timber,' as has been suggested. It is my opinion that the congress and the United States engineering corps should have assumed and fulfilled that national obligation; that it should be done now, by whatsoever plan this congress deems best, while ample funds appear to be available and are being so freely dispensed for many less worthy purposes."

Mr. Hudson went on:

"The most important element involved in the present situation is to insure that nothing is done or said to take away whatever national obligation does exist and to leave the people of the valley what they think are their rights and are willing to stand on, and neither repeal the provision of the act which asserts the national obligation nor leave the entire matter of national policy to the arbitrary discretion of anyone outside the congress itself, even the estimable United States army engineering corps.

"As to the engineering methods to be employed, I certainly am not competent to make a suggestion. I think the congress should rely upon the opinion of the army engineers, who are competent, capable, experienced and free from local, selfish and partisan influences. That their opinion changes, does not reflect upon its integrity, but to my mind attests their intelligence. That some diversion of excess flood waters is necessary they insist is apparent, the 'reservoirs only' plan being for some future generation. Where, when, how it must be diverted and disposed of I think they should know best and their judgment should be relied upon—rather than local sentiment, which, while entitled to due consideration, is inevitably and invariably narrow and naturally selfish. If the wishes of the people who are to get occasionally wet are to be the main test, obviously there will be no diversion anywhere, for the fellow whose 'ox is gored' will always howl—and naturally, normally and humanly so. But national policy should not be unduly influenced by local community competition and rivalries.

"The people of the Boeuf raised a rumpus; but it is only fair to them to say that no tender of adequate compensation, if any, was held out to them. Further it is an indisputable fact that, irrespective of pronouncement by whomsoever, the net result of the Boeuf agitation was not to defeat a floodway in that area but to convert the northeastern section of Louisiana and southeastern section of Arkansas into a still existing, uncontrolled and, so far uncompensated for, floodway.

"The fuse-plug levee, which permits the water to outpour, is now, and since 1928, has been in operative condition. The only reason that it has not operated is due to there not being enough water in the river to cause overflowing. The local agitation in the Boeuf resulted in the guide levees (which would have confined those overflow waters to the Boeuf floodway not being constructed at all, so that the entire area is an uncontrolled floodway, as the first excess flood height will tragically demonstrate.

"While particular sectors of the affected area squabble and dispute over where the permanent, limited and controlled floodway shall be located, it today actually comprises all. Since both are now in the same tragical situation, it appears to me that the congress should heed its own official and reliable engineering advice rather than local opinion—especially since those engineers now advise that compensation be paid for incident damage.

"In doing so, however, the greatest care must be taken that the basic national obligation must not be impaired, and, I submit, that restatement of the national policy should be phrased in such emphatic language that even the United States engineering corps will comprehend and heed the idea. Efficiency and expediency are obviously desirable and cannot be objected to as to methods, but, in my opinion, the phraseology of General Markham's report, if it becomes the law, has the legal effect of repealing altogether the principal and policy of national responsibility.

"I am not advocating or opposing any plan. I have not and do not intend to 'lobby' or propagandize for or against any location or area. I only hope or seek—wherever the floodway be located—to help people of the affected area to obtain what I firmly believe to be their fair, just and lawful rights."

WALLACE ISSUES WARNING AGAINST ENEMIES OF AAA

(Continued From First Page)

tural adjustment act are short-sighted and perhaps unwittingly might force upon this nation fantastic measures which would do much injury and accomplish no good."

"For the sake of temporary gain, the processors and handlers of farm commodities might find themselves faced with something extreme if they succeed in overthrowing the agricultural adjustment act.

"I would sound a solemn warning to these groups and in the national interest appeal to them to take the longer view. While this nation is deciding whether it will take the leadership in an effort to restore an international economic order, it is essential to permit these adjustments in this difficult period of transaction.

"Farmers are poorly organized and it is difficult for them to make their protests articulate. For that reason, the government has a special duty to see that farmers get a fair break. But I sometimes think the pressure of these special pleaders can be made to appear so powerful that the real interests of agriculture which is, of course, the general public interest, may be sacrificed.

"Farmers everywhere need to do some hard thinking and to express their point of view as to whether they want the mechanism of the agricultural adjustment administration to be thrown overboard because certain special groups believe it to be in conflict with their immediate self interest. For that reason I repeat my appeal for an understanding and an alliance between the great agricultural sections of the south and the middlewest.

"If the cotton program goes by the board, the corn, wheat, tobacco and other programs will follow. The unity of the farmers will be broken."

VISITOR TO CITY

Mission week is to be observed at the First Baptist church with five evening services beginning at 7 p. m. Monday through Friday. Dr. Jacob Gartenhaus (above), visiting this city from Atlanta, will speak Monday night on "A Tale of Two Peoples." Tonight he is to deliver the sermon at the First Baptist church in West Monroe, and also is to talk at the Brotherhood meeting at the First Baptist church in Monroe Monday night.

GAME PRESERVE IS ESTABLISHED

(Continued From First Page)

project through to final establishment that they were brought forth. The senator said the promptness with which the governor acted was due to the cooperation he received from C. M. Calhoun, special agent of the conservation department for Morehouse parish; R. S. Maestri, state conservation commissioner; owners of the land leased to the state; and citizens in general of Morehouse.

The leases of the large acreages composing the preserve was accepted by the conservation department Thursday. It is bounded on the west by Ouachita river, on the north by the Arkansas state line and on the east and south by Bayou Bartholomew and the Missouri Pacific railroad.

In connection with the establishment of the preserve, Senator Terzia said the acceptance of the leases by the state in no way relieved the property from taxation.

Commenting on the proclamation, Governor Allen was quoted as having said he knew Theo Terzia to be a commendable example of self-made manhood, to be a man who had forged to the front through a combination of natural talent and unswerving determination, a man who had fought his way to success despite numerous obstacles.

The governor was also said to have taken occasion to say that Theo Terzia at all times exerted himself to the utmost for the betterment of all northeast Louisiana, not only Morehouse and Ouachita parishes. Because of this, Governor Allen was quoted as having declared that he took great pleasure in honoring the memory of a worthy citizen and leader by naming the preserve for him.

Theo Terzia rose to business prominence in the lumber business here. After a brief period in a minor capacity with the Grayling Lumber company (now George E. Breece Lumber company), he became sales manager of the O. S. Hawes Lumber company. While with the latter concern, he organized, with his brothers, the Parlor City Lumber company, with which he became actively connected. His business interests included several others establishments in Monroe and vicinity.

The only public office Theo Terzia held was that of police juror from ward three. He was a member of the parochial governing body for seven years, four of which he served in the office of president. However, his influence was widely felt in other fields. He was a Mason, a Methodist and a member of numerous social and civic organizations.

Although Theo Terzia was only 41 years old at the time of his death, he had risen to the rank of more than a community leader. He was widely known throughout the state and was one of northeast Louisiana's most prominent citizens. After attending public school in Bastrop and a business college in Quincy, Ill., he entered the business in which he had emerged at the top at the time of his death.

The governor's proclamation follows:

"Whereas, on the 12th day of April, 1935, the Crossett Timber and Development Company, Inc., Southern Carbon company, the Morehouse parish school board, the United Carbon company, and others did lease and let unto the department of conservation of the state of Louisiana the right to establish, maintain, and operate a state game refuge and preserve for wild birds and wild quadrupeds upon the land herein after described, and

"Whereas, on the 11th day of April, 1935, the department of conservation of the state of Louisiana, through the commissioner of conservation, did accept the said acts of lease in all their parts, and clauses, and

"Whereas, on the 12th day of April, 1935, the said leases were approved and censented to by the governor of the state of Louisiana:

"Now therefore, in consideration of the premises and by virtue of the authority granted by law, I, O. K. Allen, governor of the state of Louisiana, do hereby declare, and proclaim, the establishment of the 'Theo Terzia Game Preserve,' in Morehouse parish, state of Louisiana, and comprising the following described lands owned by the Crossett Timber and Development company, Inc., Southern Carbon company, the Morehouse parish school board, the United Carbon company, and others, to-wit:

"'Beginning at a point where the Ouachita river intersects the state line between Arkansas and Louisiana, thence east on said line to where said line intersects the Missouri Pacific railroad, thence south, easterly along said railroad to the south line of section 14, T. 22, N., R. 5 E., thence west along south line of said section 14, to SW corner of said section, thence south on section line three miles to the SE corner of section 34, T. 22 N. R. 5 E., thence west on township line between townships 21 and 22, one-half mile, thence south one mile to south line of section 3, T. 21, N., R. 5 E., thence west one and one-half miles to SW corner of section 4, T. 21, N. R. 5 E., thence south one mile, thence west one mile, thence south two miles, thence west one mile, thence south one-half mile, thence west one mile, thence south one-half mile, thence west one-half mile, thence south two miles, thence west about one and one-half miles to the Ouachita river, where the line between sections 3 and 10, T. 20, N. R. 4 E., intersects said river, thence northwardly with the meandering of the Ouachita river to place of beginning.'

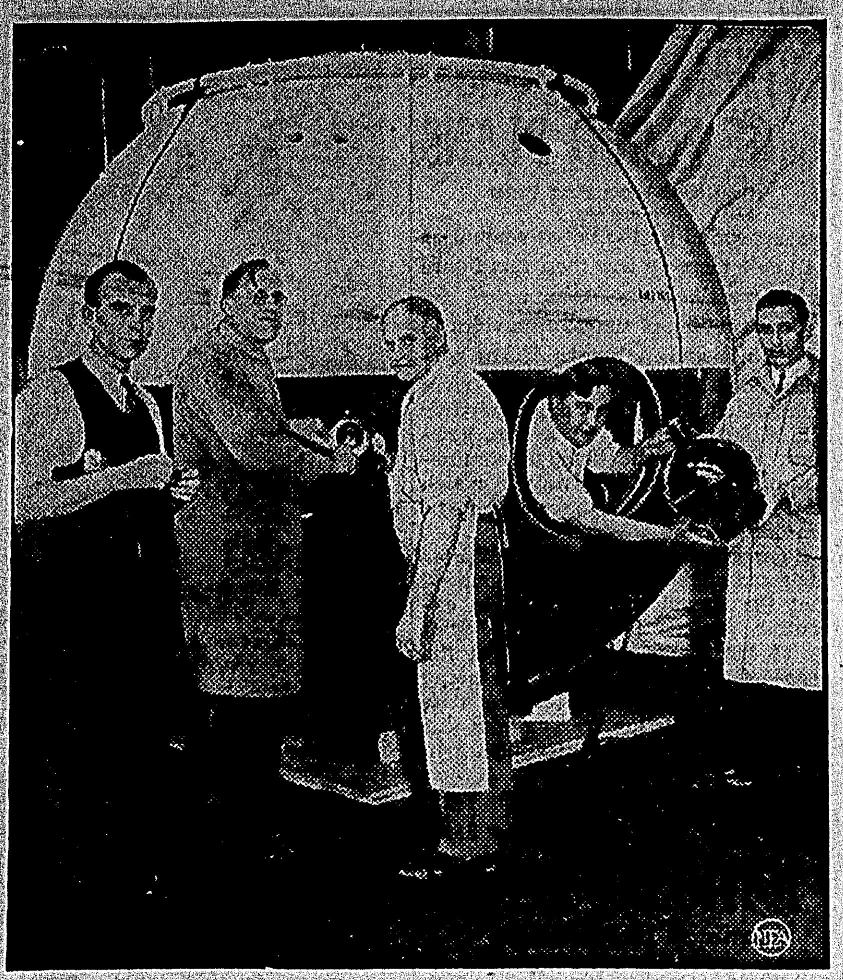
"The said lands containing in the aggregate approximately sixty-eight thousand (68,000) acres.

"I do further declare and proclaim that the department of conservation has established and will maintain and operate for a period of ten years from this date a sanctuary and breeding, feeding and propagating grounds for wild birds, wild quadrupeds on the said lands, to be known as 'Theo Terzia Game Preserve.'

"In testimony whereof, I have signed these presents officially in the city of Baton Rouge, state of Louisiana, and have caused the great seal of the state to be hereunto affixed in attestation hereof, on this the 12th day of April, 1935.

"OSCAR K. ALLEN,
"Governor of the State of Louisiana."
"Attest:
"E. A. CONWAY,
"Secretary of State."

GONDOLA FITTED FOR STRATO HOP



With expert craftsmen at work fitting complicated instruments into its interior, the largest gondola yet built for stratosphere exploration is shown at Wright Field, Dayton, Ohio, from where it will be shipped to Rapid City, S. D., for the next campaign in the upper air, set for June. The hollow metal ball, of a magnesium alloy lighter than aluminum, is nine feet in diameter, eight inches more than the gondola used in last year's hop.

WOMAN ADMITS MAKING ERROR

(Continued From First Page)

is a capital crime only in the option of the jury, and not punishable by death unless the jury so orders.

The woman, her strong hands calloused by a plow stock, but softened as the touch of an artist to a paint brush, told her own story from the witness stand. She plucked nervously at the hem of her dress as the district attorney subjected her to a grueling cross-examination.

Once when her counsel described her fight with adversity, her "kindness and tenderness in caring for her widowed mother and little children, in making a home for them with her own hands," the woman gave expression to her emotions. She wept silently.

"Yes," she said on the stand. "The man afterwards identified as Hamilton, and the other man, Ralph they called him, stayed at my house, but I didn't know who they were."

That was her story and she stuck to it.

Monroe National Guard Sergeant Given Medal

Amos Smelser, sergeant of the medical detachment of the 156th infantry, Louisiana national guard, stationed at Monroe, has been awarded a distinguished service medal of the state national guard. Sergeant Smelser has been in the national guard for 12 years and has earned an excellent record for attendance at armory formations and annual encampments.

(Continued From First Page)

trouble now, will never be more completely ready for it, and wants war now if it must come. Mussolini wants Germany to come no nearer to his front door, wants Hitler kept out of Austria. Hitler watches and tells the "big three" at Stresa, "Germany will accept nothing, but complete equality. Germany wants and will have whatever the others have. They want heavy guns, we want heavy guns, if they want bombing planes, we want bombing planes, just as many or more.

Nobody says anything about "poison gas," although that is the horror in the back of every mind as shown by Italy and Germany training civilians, even children, in the use of gas masks. The recording angel must grieve seeing how hard it is for human beings, after a million years of murder, to make up their minds that cutting each others' throats does not pay and is not necessary.

THE TRAIN AT THIS POINT, on its way from Richmond to White Sulphur Springs, passed a most beautiful wide field, bright green, with a clover crop planted last fall and now six inches high. In that field are ten or twelve big fat, happy, dark colored pigs, munching, with greatest industry. What would be man's opinion of those pigs if they suddenly stopped and began biting and tearing at each other, intent only on shedding each other's blood in a field big enough for all, and what would a pig's opinion be of mankind if the pig could know that, with the whole earth for their green pasture, men insist on butchering each other. Zola wrote "every man has within himself a hog asleep." The human race seems to have within itself a demon of destruction that rarely sleeps.

TRADE THREAT IS ISSUED BY JAPAN

(Continued From First Page)

cotton and selling more Japanese products there.

If the plan proves feasible, it is expected to remove the cramping effects on Japanese export trade of Brazil's rigid control of foreign exchange, which makes it imperative for any country wishing to sell goods in Brazil to buy there first.

Heretofore this control, coupled with Japanese inability to find use for any considerable amount of the products of the Amazon country, has nullified all efforts of high pressure Japanese commercial machinery to find in Brazil the welcome its goods have claimed elsewhere in Latin America.

DEFENSE WITNESS SPRINGS SURPRISE AT FISHER TRIAL

(Continued From First Page)

talling $20,091.23 issued in his name in 1931 by the Gulf Crushing company were cashed and the money turned over to "Jules and Joe" Fisher.

The witness could not say which Fisher, Jules or Joseph, received the proceeds of the checks, but testified he had paid the money in the presence of both.

Irwin testified that he remembered one occasion when Joseph Fisher was the only one present in the "inner" office when he (Irwin) came to turn over cash from a Gulf Crushing company check.

"I called up Jules Fisher long-distance at Hot Springs, where he was staying," Irwin said. "I never gave Joe Fisher money when Jules Fisher was not there."

The defense won a point today when it placed certified records of the United States board of tax appeals in the record over strenuous government objections.

The tax board records concerned the reassessment of two companies from which the government alleged Fisher received income. When the government was presenting its case last week, the defense had sought to enter photostatic copies of the records, but the court ruled at that time that photostats were not the "best evidence."

ROBBERY SUSPECT NABBED BY POLICE

(Continued From First Page)

nies, and a $2.50 gold piece, on the night of March 27. Clark's pharmacy was robbed of seven cartons and nine packages of cigarettes on the night of April 4.

About one-third of the cigarettes stolen from the North Side pharmacy were found concealed in the basement of the Georgia Tucker school, and police were called there for an investigation.

Young Anthony evidently sold or attempted to sell the stolen cigarettes in his possession, and probably was on his way to deliver the 106 packages of cigarettes which he dropped at the time he eluded arrest in the alley, police said.

The youth was said to be the son of J. B. Anthony, of Highland park. He had been in difficulties with the police on several previous occasions, and at one time police reputedly discovered him on the roof of a business building at the corner of North Fourth street and Stubbs avenue.

Anthony was being held in the city jail.

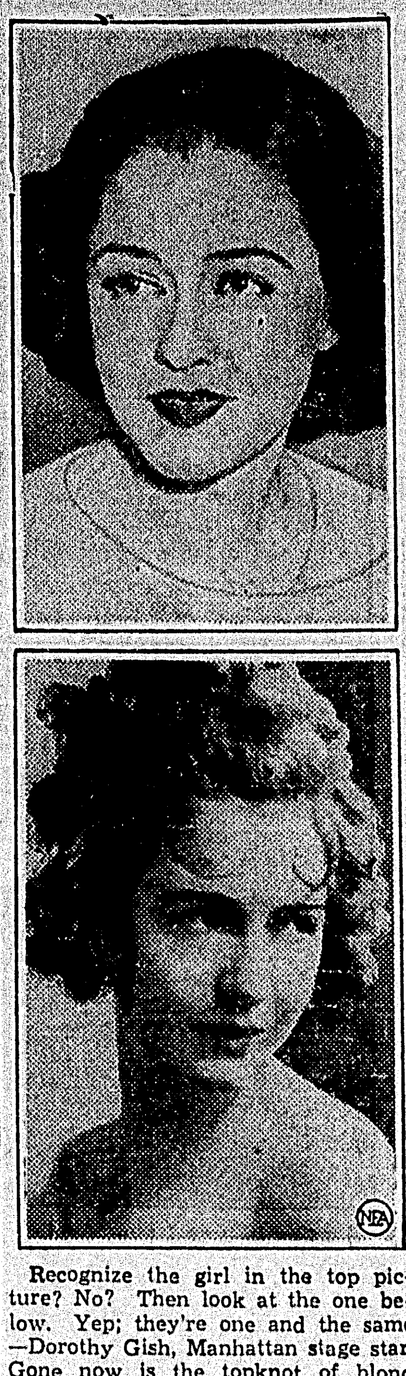
YEARS BRING DASH



Recognize the girl in the top picture? No? Then look at the one below. Yep; they're one and the same —Dorothy Gish, Manhattan stage star. Gone now is the topknot of blond curls and the demureness which won the hearts of movie fans of 15 years ago. The top picture was taken in Dorothy's New York dressing room the other day.

INJURED IN FIGHT

A man whose name was given as Al Ernfelt was carried to the St. Francis sanitarium in an ambulance last night for treatment of a cut on his head received in a fight at the rear of 109 Hall street. Police arrested Henry "Mule" Anglin as the man who caused Ernfelt's injury, and lodged him in the city jail on charges of drunkenness and disorderly conduct and fighting.

"No more tired, let-down feeling for me"

"I reasoned that my red blood corpuscle strength was low and I simply took a course of S.S.S. Tonic and built it back."

IT is all so simple and reasonable. If your physical let-down is caused by lowered red blood corpuscles—which is all too frequent—then S.S.S. Tonic is waiting to help you . . . and will, unless you have a serious organic trouble that demands a physician or surgeon.

Remember, S.S.S. is not just a so-called "tonic." It is a tonic specially designed to stimulate gastric secretions, and also has the mineral elements so very, very necessary in rebuilding the oxygen-carrying red corpuscles in the blood.

This two-fold purpose is important. Digestion is improved . . . food is better utilized . . . and thus you are enabled to better "carry on" without exhaustion—as you should naturally.

You may have the will-power to be "up and doing" but unless your blood is in top notch form you are not fully yourself and you may remark, "I wonder why I tire so easily."

Let S.S.S. help build back your blood tone . . . if your case is not exceptional, you should soon enjoy again the satisfaction of appetizing food . . . sound sleep . . . steady nerves . . . a good complexion . . . and renewed strength.

S.S.S. is sold by all drug stores in two sizes. The $2 economy size is twice as large as the $1.25 regular size and is sufficient for two weeks treatment. Begin on the upgrade today.

WALLACE ISSUES WARNING AGAINST ENEMIES OF AAA

(Continued From First Page)

tural adjustment act are short-sighted and perhaps unwittingly might force upon this nation fantastic measures which would do much injury and accomplish no good."

"For the sake of temporary gain, the processors and handlers of farm commodities might find themselves faced with something extreme if they succeed in overthrowing the agricultural adjustment act.

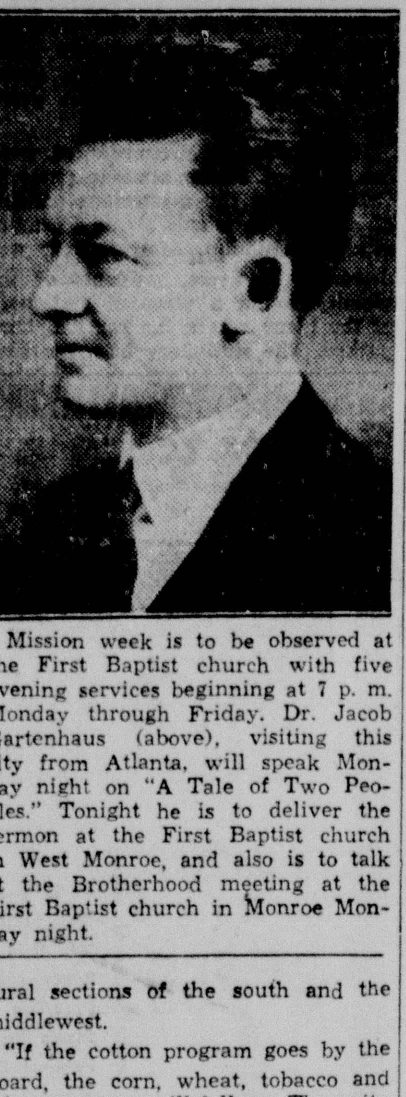
"I would sound a solemn warning to these groups and in the national interest appeal to them to take the longer view. While this nation is deciding whether it will take the leadership in an effort to restore an international economic order, it is essential to permit these adjustments in this difficult period of transaction.

"Farmers are poorly organized and it is difficult for them to make their protests articulate. For that reason, the government has a special duty to see that farmers get a fair break. But I sometimes think the pressure of these special pleaders can be made to appear so powerful that the real interests of agriculture which is, of course, the general public interest, may be sacrificed.

"Farmers everywhere need to do some hard thinking and to express their point of view as to whether they want the mechanism of the agricultural adjustment administration to be thrown overboard because certain special groups believe it to be in conflict with their immediate self interest. For that reason I repeat my appeal for an understanding and an alliance between the great agricultural sections of the south and the middlewest.

"If the cotton program goes by the board, the corn, wheat, tobacco and other programs will follow. The unity of the farmers will be broken."

VISITOR TO CITY



Mission week is to be observed at the First Baptist church with five evening services beginning at 7 p. m. Monday through Friday. Dr. Jacob Gartenhaus (above), visiting this city from Atlanta, will speak Monday night on "A Tale of Two Peoples." Tonight he is to deliver the sermon at the First Baptist church in West Monroe, and also is to talk at the Brotherhood meeting at the First Baptist church in Monroe Monday night.

GAME PRESERVE IS ESTABLISHED

(Continued From First Page)

project through to final establishment, that they were brought forth. The senator said the promptness with which the governor acted was due to the cooperation he received from C. M. Calhoun, special agent of the conservation department for Morehouse parish; R. S. Maestri, state conservation commissioner; owners of the land leased to the state; and citizens in general of Morehouse.

The leases of the large acreages composing the preserve was accepted by the conservation department Thursday. It is bounded on the west by Ouachita river, on the north by the Arkansas state line and on the east and south by Bayou Bartholomew and the Missouri Pacific railroad.

In connection with the establishment of the preserve, Senator Terzia said the acceptance of the leases by the state in no way relieved the property from taxation.

Commenting on the proclamation, Governor Allen was quoted as having said he knew Theo Terzia to be a commendable example of self-made manhood, to be a man who had forged to the front through a combination of natural talent and unswerving determination, a man who had fought his way to success despite numerous obstacles.

The governor was also said to have taken occasion to say that Theo Terzia at all times exerted himself to the utmost for the betterment of all northeast Louisiana, not only Morehouse and Ouachita parishes. Because of this, Governor Allen was quoted as having declared that he took great pleasure in honoring the memory of a worthy citizen and leader by naming the preserve for him.

Theo Terzia rose to business prominence in the lumber business here. After a brief period in a minor capacity with the Grayling Lumber company (now George E. Breece Lumber company), he became sales manager of the O. S. Hawes Lumber company. While with the latter concern, he organized, with his brothers, the Parlor City Lumber company, with which he became actively connected. His business interests included several others establishments in Monroe and vicinity.

The only public office Theo Terzia held was that of police juror from ward three. He was a member of the parochial governing body for seven years, four of which he served in the office of president. However, his influence was widely felt in other fields. He was a Mason, a Methodist and a member of numerous social and civic organizations.

Although Theo Terzia was only 41 years old at the time of his death, he had risen to the rank of more than a community leader. He was widely known throughout the state and was one of northeast Louisiana's most prominent citizens. After attending public school in Bastrop and a business college in Quincy, Ill., he entered the business in which he had emerged at the top at the time of his death.

The governor's proclamation follows:

"Whereas, on the 12th day of April, 1935, the Crossett Timber and Development Company, Inc., Southern Carbon company, the Morehouse parish school board, the United Carbon company, and others did lease and let unto the department of conservation of the state of Louisiana the right to establish, maintain, and operate a state game refuge and preserve for wild birds and wild quadrupeds upon the land herein after described, and

"Whereas, on the 11th day of April, 1935, the department of conservation of the state of Louisiana, through the commissioner of conservation, did accept the said acts of lease in all their parts, and clauses, and

"Whereas, on the 12th day of April, 1935, the said leases were approved and censented to by the governor of the state of Louisiana:

"Now therefore, in consideration of the premises and by virtue of the authority granted by law, I, O. K. Allen, governor of the state of Louisiana, do hereby declare, and proclaim, the establishment of the 'Theo Terzia Game Preserve,' in Morehouse parish, state of Louisiana, and comprising the following described lands owned by the Crossett Timber and Development company, Inc., Southern Carbon company, the Morehouse parish school board, the United Carbon company, and others, to-wit:

"'Beginning at a point where the Ouachita river intersects the state line between Arkansas and Louisiana, thence east on said line to where said line intersects the Missouri Pacific railroad, thence south, easterly along said railroad to the south line of section 14, T. 22, N., R. 5 E., thence west along south line of said section 14, to SW corner of said section, thence south on section line three miles to the SE corner of section 34, T. 22 N. R. 5 E., thence west on township line between townships 21 and 22, one-half mile, thence south one mile to south line of section 3, T. 21, N., R. 5 E., thence west one and one-half miles to SW corner of section 4, T. 21, N. R. 5 E., thence south one mile, thence west one mile, thence south two miles, thence west one mile, thence south one-half mile, thence west one mile, thence south one-half mile, thence west one-half mile, thence south two miles, thence west about one and one-half miles to the Ouachita river, where the line between sections 3 and 10, T. 20, N. R. 4 E., intersects said river, thence northwardly with the meandering of the Ouachita river to place of beginning.'

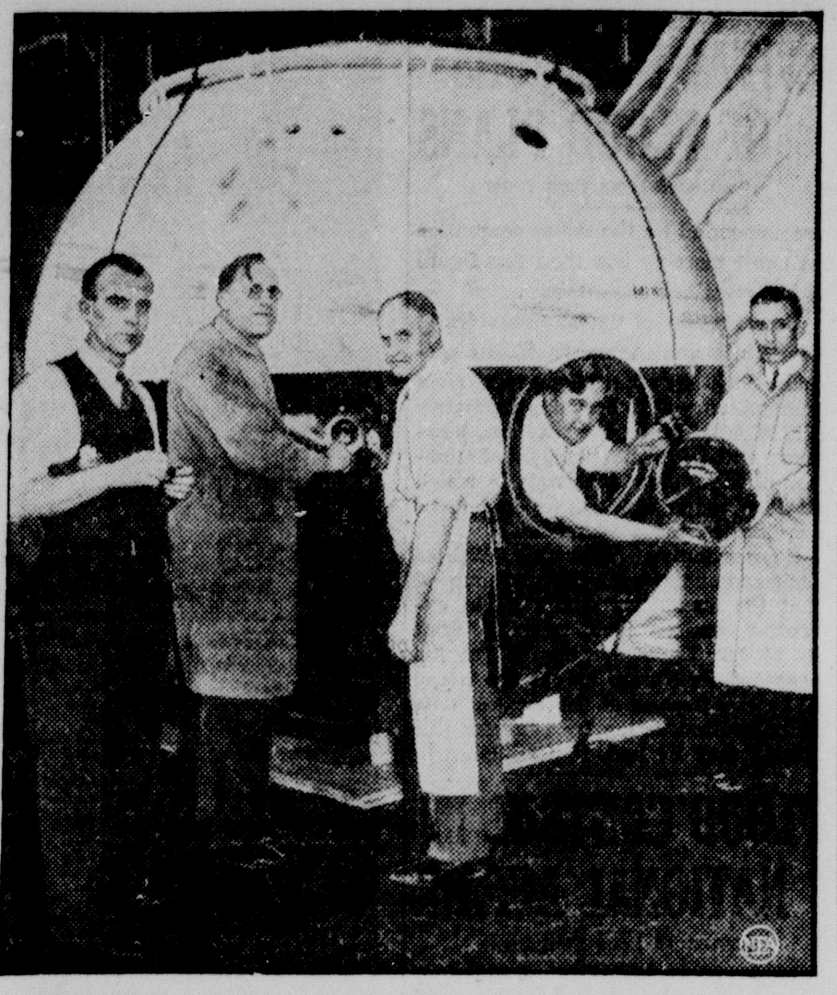
"The said lands containing in the aggregate approximately sixty-eight thousand (68,000) acres.

"I do further declare and proclaim that the department of conservation has established and will maintain and operate for a period of ten years from this date a sanctuary and breeding, feeding and propagating grounds for wild birds, wild quadrupeds on the said lands, to be known as 'Theo Terzia Game Preserve.'

"In testimony whereof, I have signed these presents officially in the city of Baton Rouge, state of Louisiana, and have caused the great seal of the state to be hereunto affixed in attestation hereof, on this the 12th day of April, 1935.

"OSCAR K. ALLEN,
"Governor of the State of Louisiana."
"Attest:
"E. A. CONWAY,
"Secretary of State."

GONDOLA FITTED FOR STRATO HOP



With expert craftsmen at work fitting complicated instruments into its interior, the largest gondola yet built for stratosphere exploration is shown at Wright Field, Dayton, Ohio, from where it will be shipped to Rapid City, S. D., for the next campaign in the upper air, set for June. The hollow metal ball, of a magnesium alloy lighter than aluminum, is nine feet in diameter, eight inches more than the gondola used in last year's hop.

WOMAN ADMITS MAKING ERROR

(Continued From First Page)

is a capital crime only in the option of the jury, and not punishable by death unless the jury so orders.

The woman, her strong hands calloused by a plow stock, but softened as the touch of an artist to a paint brush, told her own story from the witness stand. She plucked nervously at the hem of her dress as the district attorney subjected her to a grueling cross-examination.

Once when her counsel described her fight with adversity, her "kindness and tenderness in caring for her widowed mother and little children, in making a home for them with her own hands," the woman gave expression to her emotions. She wept silently.

"Yes," she said on the stand. "The man afterwards identified as Hamilton, and the other man, Ralph they called him, stayed at my house, but I didn't know who they were."

That was her story and she stuck to it.

Monroe National Guard Sergeant Given Medal

Amos Smelser, sergeant of the medical detachment of the 156th infantry, Louisiana national guard, stationed at Monroe, has been awarded a distinguished service medal of the state national guard. Sergeant Smelser has been in the national guard for 12 years and has earned an excellent record for attendance at armory formations and annual encampments.

trouble now, will never be more completely ready for it, and wants war now if it must come. Mussolini wants Germany to come no nearer to his front door, wants Hitler kept out of Austria. Hitler watches and tells the "big three" at Stresa, "Germany will accept nothing, but complete equality. Germany wants and will have whatever the others have. They want heavy guns, we want heavy guns, if they want bombing planes, we want bombing planes, just as many or more.

Nobody says anything about "poison gas," although that is the horror in the back of every mind as shown by Italy and Germany training civilians, even children, in the use of gas masks. The recording angel must grieve seeing how hard it is for human beings, after a million years of murder, to make up their minds that cutting each others' throats does not pay and is not necessary.

THE TRAIN AT THIS POINT, on its way from Richmond to White Sulphur Springs, passed a most beautiful wide field, bright green, with a clover crop planted last fall and now six inches high. In that field are ten or twelve big fat, happy, dark colored pigs, munching, with greatest industry. What would be man's opinion of those pigs if they suddenly stopped and began biting and tearing at each other, intent only on shedding each other's blood in a field big enough for all, and what would a pig's opinion be of mankind if the pig could know that, with the whole earth for their green pasture, men insist on butchering each other. Zola wrote "every man has within himself a hog asleep." The human race seems to have within itself a demon of destruction that rarely sleeps.

TRADE THREAT IS ISSUED BY JAPAN

(Continued From First Page)

cotton and selling more Japanese products there.

If the plan proves feasible, it is expected to remove the cramping effects on Japanese export trade of Brazil's rigid control of foreign exchange, which makes it imperative for any country wishing to sell goods in Brazil to buy there first.

Heretofore this control, coupled with Japanese inability to find use for any considerable amount of the products of the Amazon country, has nullified all efforts of high pressure Japanese commercial machinery to find in Brazil the welcome its goods have claimed elsewhere in Latin America

DEFENSE WITNESS SPRINGS SURPRISE AT FISHER TRIAL

(Continued From First Page)

talling $20,091.23 issued in his name in 1931 by the Gulf Crushing company were cashed and the money turned over to "Jules and Joe" Fisher.

The witness could not say which Fisher, Jules or Joseph, received the proceeds of the checks, but testified he had paid the money in the presence of both.

Irwin testified that he remembered one occasion when Joseph Fisher was the only one present in the "inner" office when he (Irwin) came to turn over cash from a Gulf Crushing company check.

"I called up Jules Fisher long-distance at Hot Springs, where he was staying," Irwin said. "I never gave Joe Fisher money when Jules Fisher was not there."

The defense won a point today when it placed certified records of the United States board of tax appeals in the record over strenuous government objections.

The tax board records concerned the reassessment of two companies from which the government alleged Fisher received income. When the government was presenting its case last week, the defense had sought to enter photostatic copies of the records, but the court ruled at that time that photostats were not the "best evidence."

ROBBERY SUSPECT NABBED BY POLICE

(Continued From First Page)

nies, and a $2.50 gold piece, on the night of March 27. Clark's pharmacy was robbed of seven cartons and nine packages of cigarettes on the night of April 4.

About one-third of the cigarettes stolen from the North Side pharmacy were found concealed in the basement of the Georgia Tucker school, and police were called there for an investigation.

Young Anthony evidently sold or attempted to sell the stolen cigarettes in his possession, and probably was on his way to deliver the 106 packages of cigarettes which he dropped at the time he eluded arrest in the alley, police said.

The youth was said to be the son of J. B. A.thony, of Highland park. He had been in difficulties with the police on several previous occasions, and at one time police reputedly discovered him on the roof of a business building at the corner of North Fourth street and Stubbs avenue.

Anthony was being held in the city jail.

MRS. BLANCHARD ILL

A Page for BUILDERS and HOME OWNERS!

SPRING SPURS REPAIR WORK

President's Message To Field Force Encourages Committees

Preparing for a concerted program throughout the nation to take every advantage of the natural impetus that spring and summer give to modernization and repair, 6,356 community chairmen of the better housing committees in every state last week were spurred on to even greater effort, following receipt of words of commendation for their past efforts from the president of the United States.

The president, in his message, stated that with the advent of spring "an immense volume of business and employment will be generated" through the better housing program and that, through this increased activity, "the American people will clearly see that the housing act provides for the nation a way back to prosperity."

Federal Housing Administrator James A. Moffett, who forwarded the commendatory remarks of the president to his fellow workers, said that the better housing program today is supported by "a tremendous line-up of irresistible power to make the program a fountain-head of American prosperity."

Every department of the nationwide housing administration organization is keyed to a high pitch to prove the fundamental worth and economic effectiveness of the modernization credit plan. In the words of Administrator Moffett, "This spring and summer will be the proving period."

President Roosevelt, in his laudatory message, said:

"With the active cooperation of our civic-minded committees, house-to-houses canvasses will be conducted by practically every campaign committee, with many millions of home owners and business-property owners yet to be contacted.

"This activity means that, with the advent of spring, an immense volume of business and employment will undoubtedly be generated. In other words, the American people will clearly see that the housing act provides for the nation a way back to recovery and prosperity."

PLEASANT SURROUNDINGS

Nothing is more pathetic than a home which has that "run-down" appearance. Not because it is a sign of financial stress. But because it is a sign of indifference, of lost self-respect. Keeping the home fresh and attractive is hardly a matter of finances, for in this direction one may spend as much or as little as one chooses.

Good taste and thoughtful planning can easily overcome budget limitations. The services of a reliable painter and decorator may be obtained at slight expense. Materials are lower-priced than ever before. In fact; the house holder is presented with an exceptional opportunity to have his home cleaned and decorated for almost whatever he wishes to pay.

Consider what pleasant surroundings mean; their addition to the daily happiness of every member of the family. Consider the background for your furnishings. Consider the impression your home makes upon your friends. Can you afford to put off cleaning, painting, decorating? The wise home-owner will not wait. He will take advantage of the prevailing low prices. He will invest, however, small the amount, in "pleasant surroundings" for himself and his family.

PORCHES AND OTHER SUGGESTIONS

Suggestions for remodeling the home could go on indefinitely. There is the delightful breakfast nook that can be built in your kitchen. There is the effort-saving kitchen cabinet to be installed. There is the effective arching of interior doorways. There is the modernizing of front porches, the building of sun and sleeping and balcony porches, the closing in of porches.

HOW EQUIPMENT CAN BE FINANCED

'Built-In' Features Of Farm Homes Under Housing Program

Any improvement made by owners (but not by short-term lessees) to existing farm structures of any kind may be included in insurable loans and the real property may be further improved by the addition of any new structure necessary to the conduct of an agricultural enterprise, subject to the limitations governing such loans.

Farm Equipment Which May Be

All types of physical equipment necessary to conduct an agricultural enterprise are also eligible, provided

(1) They are permanently attached to the necessary structure itself, or to the wiring, water, gas or sewerage piping systems, or

(2) They are permanently attached to the real estate in such manner that they cannot be removed without suffering unusual depreciation in the process of removal.

The interpretation of this policy requires rulings on many separate items, and it is almost impossible, by reason of the diversity of the types of equipment, to designate in advance all the specific equipment which is eligible under the above general policy and that which is not eligible. The determination as to eligibility will be made in each case on a basis of whether or not the equipment is of such a nature as would ordinarily be included with the real estate itself and not among the personal chattels when title to the real property is transferred from one owner to another.

A water supply system of pump and motor is eligible; a farm engine equipment with pump attached, movable from place to place, is not eligible. Fences are eligible; but snowbreaks, which in some respects are similar to fences, are not eligible.

A concrete water trough with a permanent foundation in the ground is eligible; a movable metal or wood water tank is not eligible.

Other typical eligible items are as follows:

Plumbing equipment, including fixtures if permanently installed. Complete water supply system. Wells, cisterns, water tanks. Pumps and wind mills. Built-in wash tubs. Built-in water heating equipment. Water supply and sewerage connections to public mains. Sewage disposal systems, including septic tanks. Non-detachable heating systems and equipment. Automatic heat devices, such as gas burners, oil burners (including fuel storage equipment) and permanently installed stoking an dash removaa equipment. Radiation, if part of heating system, including valves and accessories. Automatic heat control devices, such as thermostats, pressurestats, aquastats, airtats, etc. Unit heaters, if permanently installed. Heat circulating devices, if built-in. Air-conditioning equipment (including humidifiers), if built-in. Built-in ventilating equipment, including fans. Private lighting and power plants and equipment. Electric light and power connections on farmers' property to public mains. Lighting fixtures, if integral part or wiring or gas systems. Electric ranges, if permanently attached to wiring system. Gas and electric refrigerators, if permanently attached to wiring or gas system. Gas-making machines and equipment, if permanently installed. Incinerators and other garbage disposal systems, if built-in or permanently installed. Coal and wood ranges attached by flue to chimney. Gas ranges and water heaters. Built-in ice boxes or refrigerators and equipment. Fire sprinkler systems. Fire and burglar alarm systems. Elevators and dumb waiters. Built-in ironing boards; dinettes; flower boxes; cabinets; bookcases; cupboards; broom closets; clothes closets; racks; bins; package, milk, and mail receivers; garbage receptables. Breakfast nooks. Built-in laundry and coal chutes. Built-in door or built-in wall mirrors. Porch screening and glazing. Wall safes. Weatherstripping. Ice-making plants. Fitted storm doors and sash. Fitted screen doors and windows. Doors and windows of all kinds. Linoleum and other applied floor covering, exclusive of carpets, rugs and matting. Awnings and other sun protections made for windows and porches. Automatic over-head and sliding doors for garages and other buildings. Barn pens, stalls and built-in stanchions and troughs. Water troughs, if built-in. Litter, feed and hay tracks and conveyor system. Grain and fruit conveyors unless portable. Grain elevators. Feed mills. Storage vats. Built-in incubators. Mechanical cream separators, if permanently fastened to walls or floors. Lighting rods. Underground piped lawn sprinkler and irrigation systems. Addition to and building of silos, barns, sheds, and other buildings on farmstead grounds. New garage, addition to dwellings, addition of extra rooms in buildings, etc. Demolition of old buildings (labor). Sidewalks, curbs, roads and driveways permitting access to buildings. Grading and landscaping.

Certain types of equipment are considered "movable" under the regulations of the federal housing administration. The items listed below may not be included in improvements financed by insured loans. When in doubt as to any item not included, the federal housing administration will be glad to advise. "Movables" include:

Oil ranges. Furniture, unless built-in. Floor and other lamps. Desks. Radios, unless built-in. Porch swings. Electric fans, unless built-in. Toasters. Washing machines. Electric and gas irons. Food-mixing machines. Vacuum and other types of cleaners, unless built-in installation. Portable and detachable gas and electric heaters. Single unit air conditioners, unless built-in. All other strictly detachable and portable items, equipment and apparatus not permanently connected to walls, floors and ceilings direct or through piping, wiring, adhesives, or structural or mechanical means.

How about a Nursery for ME?

Interview With a Happy Baby by the Editor of the Builders' Page

If I interviewed a happy baby and translated its gurgles into common sense, it probably would say: "How about a nursery for me? . . . My mother thinks I should have one. I heard her say, 'John, now we can have a nursery for Babs!' John is the man that smells of smoke and bounces me on his knee and calls me his best girl. My mother told him if he did not have the money he could borrow it and pay it back just like he paid for me."

And this little bit of baby wisdom should appeal to mothers and fathers of other babies in this territory who realize the importance of a nursery for the baby; a nursery that later becomes a playroom for the child as it grows up. Parents who really think about babies and little children and their place in the home know that a special place should be provided for them. By all means, consider the children when you plan to repair and remodel.

The tremendous emphasis given to Better Housing by the National Housing Act and by Better Housing Programs everywhere has made America more "home conscious" than it has been for many years. And those of us who are not able to finance the improvements we would like to make—those of us who have steady incomes but who do not have the money in hand to spend at this time—need not hesitate about doing what we would like to do. Local banks are glad to lend up to $2,000 to responsible home owners. The loans may be repaid out of income, over periods up to five years.

Remember, this money is not out of Federal funds, but is private capital. In fact, it is local capital, the deposit funds of you and your neighbors. And every dollar spent locally on home improvement not only makes for your happiness in an improved home, but puts local men back to work. That means you will not only benefit by the better home, but the business with which you are identified will also benefit in terms of more business—more sales. And this community—the community in which your children will be reared—will become a finer place in which to live.

WE ARE CO-OPERATING
BETTER HOUSING PROGRAM

CRACKS IN EXTERIOR WALLS

Since the widespread use of stucco, cracks are among the most common defects to be found in exterior walls. If cracks are unsightly or large enough to admit moisture which may damage underlying structure and interior walls, it is advisable to repair them.

Forty reasons have been found for cracks in ceilings and interior walls. Which makes it easy to understand why almost every household suffers, in one way or another, from this trouble. Structural cracks, map and shrinkage cracks, loose plaster, holes in plaster, bulged or hanging plaster, should all be repaired as soon as possible. Prompt plastering should not be considered an expense, but an economy. It may be suggested here, parenthetically, that it is extremely worth-while and cheap to whitewash a dark cellar.

FOUNDATION REPAIR

Minor cracks in foundation walls are quickly, inexpensively repaired. If, however, a wall is badly cracked and crumbled beyond the aid of minor repairs, it may be essential to reconstruct all or part of the wall.

Since a wet cellar often results from water's penetrating the walls or floors, provision should be made to carry off this water before it comes in contact with the foundation. Where down spouts are not connected with the sewers, it is advisable to place a spatter board or splash block at the outlets to throw the roof water away from the wall. Quick shedding of water may also be accomplished by proper grading. Waterproofing and draintiles around the footings are often necessary.

A GENERAL FRESHENING-UP

If your home has reached the in-between stage that demands attention, yet not complete redecorating, it is suggested that you have your decorator estimate on a "freshening-up" job. This will be reasonable, and very satisfactory. Your walls and woodwork can be washed, your wall paper cleaned, and your ceiling calcimined.

Dark woodwork may be either shellaced and waxed, or varnished. This should be done when needed. Floors should receive similar attention. If your floors are badly worn, they should be refinished. In the case of light floors, they can be finished dark, which is more fashionable.

Like water off a duck's back!
J-M Roof Coatings make old roofs absolutely water-shedding
WATER runs off a roof treated with Johns-Manville Roof Coating like water off a duck's back. Even leaky composition or metal roofs may become absolutely water-shedding when treated with J-M Roof Coating. Not a drop of rain, sleet or melted snow can seep through!
When the roof has cracks or small holes, use J-M Fibrous Enamel. Its heavy asbestos fibre content bridges gaps and forms a protective membrane over the entire roof area. Regal Roof Coating, a similar material, but without the asbestos, can be used when the roof is in better condition.
All J-M Roof Coatings can be applied with a large brush. A simple treatment—yet it will make your old roof good for many more years. Full directions on every container.

SPRING SPURS REPAIR WORK

President's Message To Field Force Encourages Committees

Preparing for a concerted program throughout the nation to take every advantage of the natural impetus that spring and summer give to modernization and repair, 6,356 community chairmen of the better housing committees in every state last week were spurred on to even greater effort, following receipt of words of commendation for their past efforts from the president of the United States.

The president, in his message, stated that with the advent of spring "an immense volume of business and employment will be generated" through the better housing program and that, through this increased activity, "the American people will clearly see that the housing act provides for the nation a way back to prosperity."

Federal Housing Administrator James A. Moffett, who forwarded the commendatory remarks of the president to his fellow workers, said that the better housing program today is supported by "a tremendous line-up of irresistible power to make the program a fountain-head of American prosperity."

Every department of the nationwide housing administration organization is keyed to a high pitch to prove the fundamental worth and economic effectiveness of the modernization credit plan. In the words of Administrator Moffett, "This spring and summer will be the proving period."

President Roosevelt, in his laudatory message, said:

"With the active cooperation of our civic-minded committees, house-to-houses canvasses will be conducted by practically every campaign committee, with many millions of home owners and business-property owners yet to be contacted.

"This activity means that, with the advent of spring, an immense volume of business and employment will undoubtedly be generated. In other words, the American people will clearly see that the housing act provides for the nation a way back to recovery and prosperity."

PLEASANT SURROUNDINGS

Nothing is more pathetic than a home which has that "run-down" appearance. Not because it is a sign of financial stress. But because it is a sign of indifference, of lost self-respect. Keeping the home fresh and attractive is hardly a matter of finances, for in this direction one may spend as much or as little as one chooses.

Good taste and thoughtful planning can easily overcome budget limitations. The services of a reliable painter and decorator may be obtained at slight expense. Materials are lower-priced than ever before. In fact; the house holder is presented with an exceptional opportunity to have his home cleaned and decorated for almost whatever he wishes to pay.

Consider what pleasant surroundings mean; their addition to the daily happiness of every member of the family. Consider the background for your furnishings. Consider the impression your home makes upon your friends. Can you afford to put off cleaning, painting, decorating? The wise home-owner will not wait. He will take advantage of the prevailing low prices. He will invest, however, small the amount, in "pleasant surroundings" for himself and his family.

PORCHES AND OTHER SUGGESTIONS

Suggestions for remodeling the home could go on indefinitely. There is the delightful breakfast nook that can be built in your kitchen. There is the effort-saving kitchen cabinet to be installed. There is the effective arching of interior doorways. There is the modernizing of front porches, the building of sun and sleeping and balcony porches, the closing in of porches.

HOW EQUIPMENT CAN BE FINANCED

'Built-In' Features Of Farm Homes Under Housing Program

Any improvement made by owners (but not by short-term lessees) to existing farm structures of any kind may be included in insurable loans and the real property may be further improved by the addition of any new structure necessary to the conduct of an agricultural enterprise, subject to the limitations governing such loans.

Farm Equipment Which May Be

All types of physical equipment necessary to conduct an agricultural enterprise are also eligible, provided

(1) They are permanently attached to the necessary structure itself, or to the wiring, water, gas or sewerage piping systems, or

(2) They are permanently attached to the real estate in such manner that they cannot be removed without suffering unusual depreciation in the process of removal.

The interpretation of this policy requires rulings on many separate items, and it is almost impossible, by reason of the diversity of the types of equipment, to designate in advance all the specific equipment which is eligible under the above general policy and that which is not eligible. The determination as to eligibility will be made in each case on a basis of whether or not the equipment is of such a nature as would ordinarily be included with the real estate itself and not among the personal chattels when title to the real property is transferred from one owner to another.

A water supply system of pump and motor is eligible; a farm engine equipment with pump attached, movable from place to place, is not eligible. Fences are eligible; but snowbreaks, which in some respects are similar to fences, are not eligible.

A concrete water trough with a permanent foundation in the ground is eligible; a movable metal or wood water tank is not eligible.

Other typical eligible items are as follows:

Plumbing equipment, including fixtures if permanently installed. Complete water supply system. Wells, cisterns, water tanks. Pumps and wind mills. Built-in wash tubs. Built-in water heating equipment. Water supply and sewerage connections to public mains. Sewage disposal systems, including septic tanks. Non-detachable heating systems and equipment. Automatic heat devices, such as gas burners, oil burners (including fuel storage equipment) and permanently installed stoking an dash removaa equipment. Radiation, if part of heating system, including valves and accessories. Automatic heat control devices, such as thermostats, pressurestats, aquastats, airtats, etc. Unit heaters, if permanently installed. Heat circulating devices, if built-in. Air-conditioning equipment (including humidifiers), if built-in. Built-in ventilating equipment, including fans. Private lighting and power plants and equipment. Electric light and power connections on farmers' property to public mains. Lighting fixtures, if integral part or wiring or gas systems. Electric ranges, if permanently attached to wiring system. Gas and electric refrigerators, if permanently attached to wiring or gas system. Gas-making machines and equipment, if permanently installed. Incinerators and other garbage disposal systems, if built-in or permanently installed. Coal and wood ranges attached by flue to chimney. Gas ranges and water heaters. Built-in ice boxes or refrigerators and equipment. Fire sprinkler systems. Fire and burglar alarm systems. Elevators and dumb waiters. Built-in ironing boards; dinettes; flower boxes; cabinets; bookcases; cupboards; broom closets; clothes closets; racks; bins; package, milk, and mail receivers; garbage receptables. Breakfast nooks. Built-in laundry and coal chutes. Built-in door or built-in wall mirrors. Porch screening and glazing. Wall safes. Weatherstripping. Ice-making plants. Fitted storm doors and sash. Fitted screen doors and windows. Doors and windows of all kinds. Linoleum and other applied floor covering, exclusive of carpets, rugs and matting. Awnings and other sun protections made for windows and porches. Automatic over-head and sliding doors for garages and other buildings. Barn pens, stalls and built-in stanchions and troughs. Water troughs, if built-in. Litter, feed and hay tracks and conveyor system. Grain and fruit conveyors unless portable. Grain elevators. Feed mills. Storage vats. Built-in incubators. Mechanical cream separators, if permanently fastened to walls or floors. Lighting rods. Underground piped lawn sprinkler and irrigation systems. Addition to and building of silos, barns, sheds, and other buildings on farmstead grounds. New garage, addition to dwellings, addition of extra rooms in buildings, etc. Demolition of old buildings (labor). Sidewalks, curbs, roads and driveways permitting access to buildings. Grading and landscaping.

Certain types of equipment are considered "movable" under the regulations of the federal housing administration. The items listed below may not be included in improvements financed by insured loans. When in doubt as to any item not included, the federal housing administration will be glad to advise. "Movables" include:

Oil ranges. Furniture, unless built-in. Floor and other lamps. Desks. Radios, unless built-in. Porch swings. Electric fans, unless built-in. Toasters. Washing machines. Electric and gas irons. Food-mixing machines. Vacuum and other types of cleaners, unless built-in installation. Portable and detachable gas and electric heaters. Single unit air conditioners, unless built-in. All other strictly detachable and portable items, equipment and apparatus not permanently connected to walls, floors and ceilings direct or through piping, wiring, adhesives, or structural or mechanical means.

More BUILDING Necessary for Entire Nation!

CLUB WORKERS RENOVIZE HOME

Group In A Small City Give Demonstration Of Practical Worth

A short time ago a certain double house in a certain small city was a dingy, unkempt "shack," fronting on a street lined with many other such squalid houses.

Gray and lifeless, it stood . . . representative of the general aspect of the entire section. The hot summer suns, and hard winter storms had cracked and faded its once-painted walls, and many pieces of siding had been torn away. Unsightly outbuildings constructed, or more correctly, "thrown together" years ago, leaned at the rear of the gaunt frame dwelling. The yard, trampled by the feet of many playing children, was bare of grass, except for a little stretch of it near the rude fence, where weeds vied for supremacy. A lovely old tree cast its shade on piles of refuse, old boards—garbage.

The interior of the house, like its outside, was uninviting. Dingy, dirty walls in many places were bare of paper. Floors were worn to a dark gray shabbiness. Windows stood unadorned except perhaps for a torn, untidy piece of lace, tacked across them. The simple furniture, like abused, uncared for children, was drab and unpresentable.

Club Women Got Busy

But members of a woman's club saw possibilities in the house which had been treated so carelessly. They harbored a dream of better living in a neighborhood of humble residents, beauty which would inspire those living on both sides to clean up. And so they fostered the movement to convert the house into a real, cheerful, pleasant "home," with a minimum of expense.

Repairs Were Made

The unsightly building which boasted no porch, nor yet a front lawn, was put into the hands of workmen. Worn old steps which led to the front entrance, were skillfully repaired and beautified. New siding was nailed to the walls in many places where the old boards were missing. The old sheds on the rear of the building were torn down . . . and they fell quite readily. In their place, a simple little bath was built, to replace the unsanitary toilet that had served the house for so many years. New panes of glass replaced broken windows. The roof was mended. Attractive flower boxes were made to smile with midsummer blooms. The unattractive yard in the rear of the house was spaded and grass was sown. Then vegetables and flowers were planted. As a last touch the entire house was painted—and it took several coats to cover the dilapidation that years of lethargy had brought about. And behold! the house stood forth in simple cleanliness and color.

Inside And Outside

But the painters and the carpenters were not through with remodeling the exterior of the home. They went inside and began work with renewed energy, spurred on by the interest taken by the neighbors in the work they were doing. Women who had shrugged their shoulders at the idea as being impossible viewed with envious eyes the change that was brought about, and then scurried home to their own drab dwellings to scrub and paint. The men doubted, then marveled and finally were convinced.

Home Was Refurnished

Shabby old woodwork has taken on a new life. Floors now shine with colorful hard-wearing paint. And every piece of furniture in the house has come in for its share of rejuvenation. Gay chairs have emerged from the cocoon of scratched, worn ones. Tables and beds and boxes fairly blossom with cheer. Inexpensive gingham curtains smile at the clean windows and bright-hued gingham covers and cushions add to the attractiveness of the "dream home." The kiddies' room has been changed into a delightful nursery, with little cash outlay.

And not only have the mothers and fathers of the district been impressed by the transformation that has been brought about, but the little folks, too, have hurried home to "fix up the house." Back yards in the neighborhood, long filthy with their collection of empty cans and old junk are being cleaned out. Flowers are being coaxed into bloom in once-neglected back yards. Old furniture is being painted, a few pieces at a time, as rapidly as can be afforded by the families of meager means.

Wishers Become Workers

The wishers have become workers. Willing hands are busy with paint brush, and hammer, and needle. The clubwomen are proud of their achievement and the neighborhood is becoming a better place in which to live.

◆

A built-in cabinet above the bed has been found to be very useful and popular in many bedrooms. In many rooms such a cabinet is used for a bookcase or a radio stand. Where rooms are being renovized, such a cabinet can be made to blend with baseboards, paneling, or wainscoting.

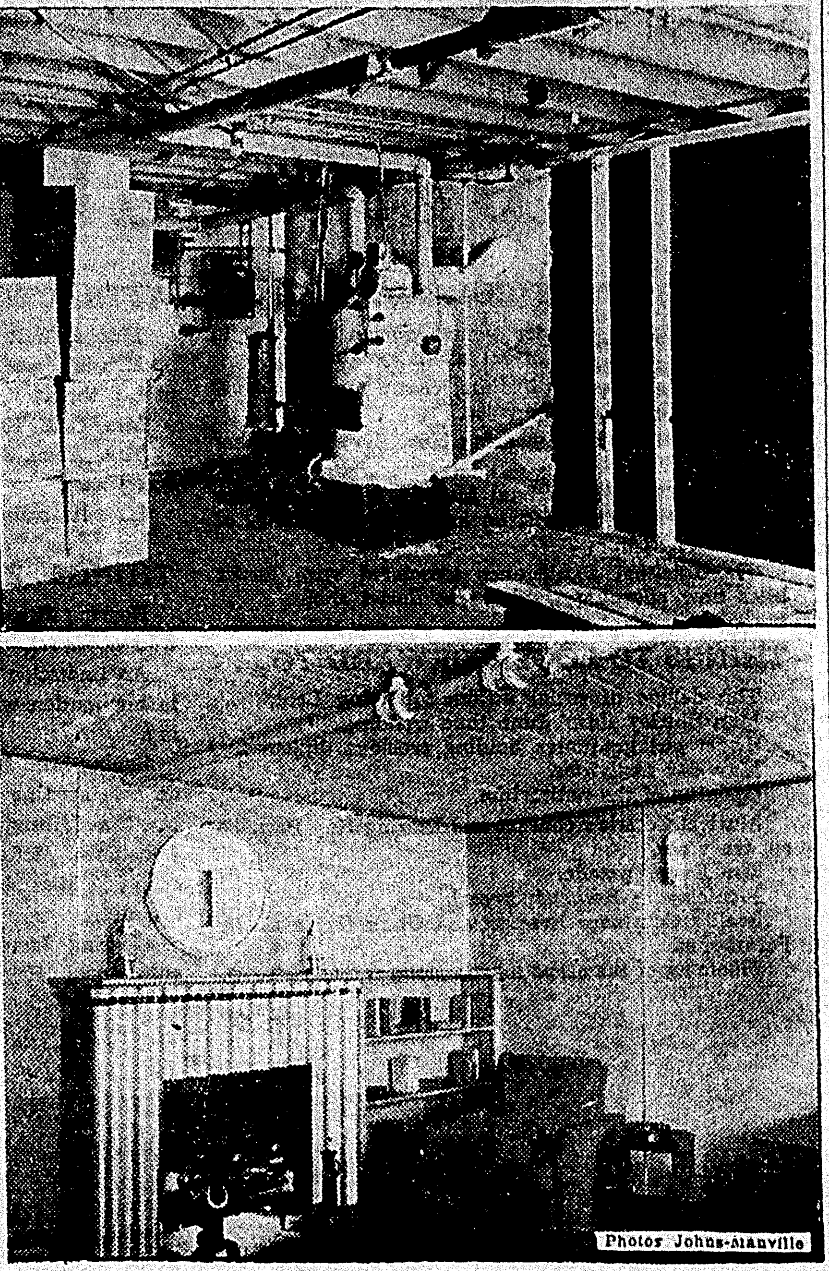
FHA MAGIC BEAUTIFIES BASEMENT



Photos Johns-Manville

Top: The unsightly wasted space of a typical cellar reclaimed through FHA modernization. A gathering spot of packing boxes and garden tools, this basement has been transformed through the magic of modern building into a beautiful extra living room, as shown in the lower illustration. The materials used in making this change and their costs are unbelievably small, according to Ralph Gatlin of the Ritchie Grocer company, local Johns-Manville dealer. J-M asbestos flexboard, one of the latest materials introduced on the building market has been used as a surface over the old cellar wall and as a partition in front of the furnace. This fireproof material has a decorative natural finish that needs no surface treatment. The ceiling is J-M insulating board and the floor is made of asphalt tile. A fireplace of corrugated transite, built-in book shelves, and modernistic furniture complete a room that is up-to-date in every respect.

Modernization Credit Plan Given Praise By Bankers

WASHINGTON, D. C., April 13.—The federal housing administration is in receipt of scores of letters from bankers in all sections of the country expressing approval of modernization credit plan. Mail of this character has been particularly heavy recently, with bankers assuring their cooperation and attesting the soundness of the plan.

One banker in the state of Washington wrote: "From the beginning I have been very favorable toward this plan and have talked and advertised it everywhere I went. I wish you every success which this great movement merits and feel that you are taking a forward and effectual step in constantly keeping in front of bankers the necessity of encouraging this type of credit for the good of our nation."

From a Michigan banker: "We believe that this program is a good one and has been a big help toward restoring more active business."

From Iowa: "I believe the one important thing is that you are stimulating the desire of people to remodel and fix up their homes, and who otherwise would have let it go."

From Maryland: "It is a good, workable plan for use of private capital. The more the public knows of it, the more the volume will increase."

A Kansas banker: "In my judgment this is one of the most worthwhile movements the government has ever undertaken. It has stimulated improvements by many who do not need credit and has given real employment to a vast number."

A New York banker: "It is my judgment that the idea is one of the most helpful and sound of the present-day recovery program. I immediately grasped the significance and helpfulness of it."

A banker in Mississippi: "To my way of thinking, the federal housing administration plan will do a great deal toward permanent recovery, and more toward stabilizing our citizenship than any of the plans that have been offered to the public. I am very happy that nearly all of our banks have signed up and agreed to render every assistance possible in this well-organized movement."

A NEW BATH ROOM . . . ON EASY TERMS

We will install a complete new bathroom in your home without one penny down and up to three years to pay for the job in easy monthly payments.

There is no red tape attached to this offer. The only security required is that you have a good credit rating in the community and an adequate regular income.

Come in today. We will gladly explain the plan to you and give you an estimate on the work you are planning to have done. Remember, there is no obligation.

· BUILDING HARDWARE ·

MAKE MOST OF ELECTRICITY

Most valuable and trustworthy of man's modern friends is electricity. What is electricity? A form of energy, yes. Perhaps even energy, itself. Perhaps even the matter out of which this whole great universe is made. No one knows. The exact nature of electricity is still too wonderful, too mysterious, to be fathomed. Still a great deal is known about the power, the possibilities, the behavior, the uses, of electricity.

Especially in the household does electricity demonstrate its friendship for man. It can be adapted to such a variety of purposes. Its light has made the home bright and cheerful and healthful. Through electrical appliances, it has freed the housewife from numberless disagreeable tasks. And withal it is safe, when properly used, and inexpensive.

Naturally, every modern home is supplied with electricity. In building a new home, it is taken for granted. In modernizing a home, electric wiring is among the first considerations. Very often, however, a house has an insufficient number of electric outlets. This causes much inconvenience. Electric appliances cannot be employed to their fullest advantage, and lamps cannot be placed correctly. The cost of installing more outlets is so low, you cannot afford to do without them.

◆

HELP MAKE HOME BRIGHTER

One should think of home remodeling in terms of convenience, health, pride, domestic happiness. Improvements in the home can do something to make every member of the family more comfortable and more content. Bright surroundings can make all of life a little brighter.

Many an old-fashioned house is cut up into small cubby-hole rooms. They are stuffy, depressing. How simple to remove a wall and make two tiny rooms into one large, cheerful, airy room. This is recommended in the case of bedrooms, and where a living room and parlor can be combined in one fine living room.

Then closets! Just think what a few dollars will do for them. You can have shelves or drawers built in, or shoe-racks, or modern clothes-hangers. Small changes; but changes which will save countless steps and no end of inconvenience. Built-in bookcases are likewise inexpensive, and very smart.

◆

USE FOR EXTRA BATHROOM

How often have you wished for an extra bath room? You can have an excellent one built at moderate cost. Or your old bath room can be modernized with tile, or with a new shower.

Of late the attic has come into its own as a valuable section of the house. It has rested idle too long. Now, through the expert use of wall board, an attic can be converted into a useful nursery, game room, spare bedroom, den, study, or what-not. Any of these may be constructed ever so attractively with slight expenditure.

◆

BLOWN-OUT FUSE

If a fuse blows out, it may result from a short circuit due to defective electrical equipment or a worn cord.

If appliances and cords are in good condition, and fuses continue to blow out, the trouble is probably in the main wiring system, and should be promptly located and repaired by an electrician. By having plenty of wall outlets and floor plugs, you will avoid overloading a circuit, which is one of the most common causes of blowing out a fuse.

101 QUESTIONS ABOUT PAINTING & DECORATING

GET THIS BOOK

● IT ANSWERS EVERY PAINTING QUESTION

Come in and get a copy of this handy book, "101 Questions About Painting and Decorating," that answers any question regarding paint and painting that might come up in your home. It has been prepared by The Lowe Brothers Company — one of the country's oldest and foremost paint manufacturers. It's complete — authoritative — easy to understand — free.

It not only answers questions but answers them in a way that saves you money. Get your copy now and keep it handy.

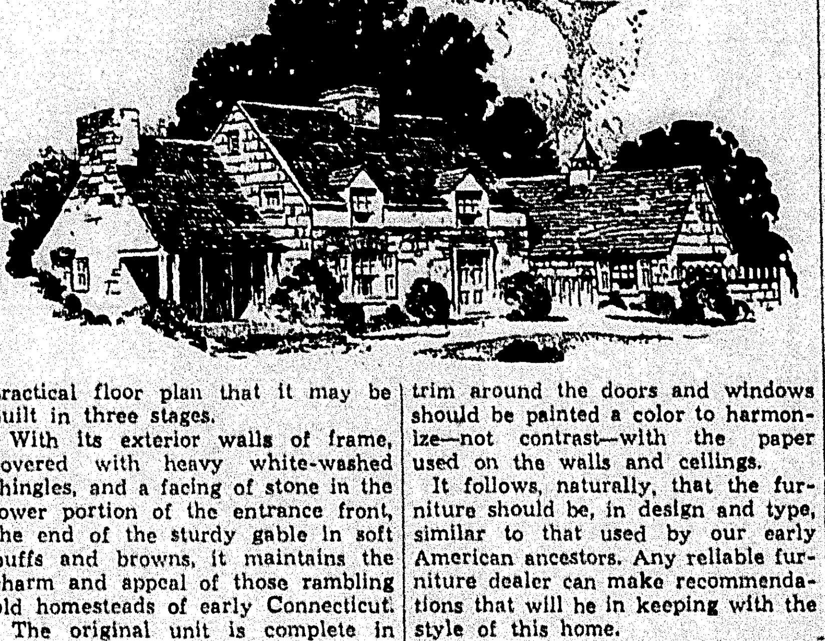
A House Planned To Grow As Purse Facility Permits

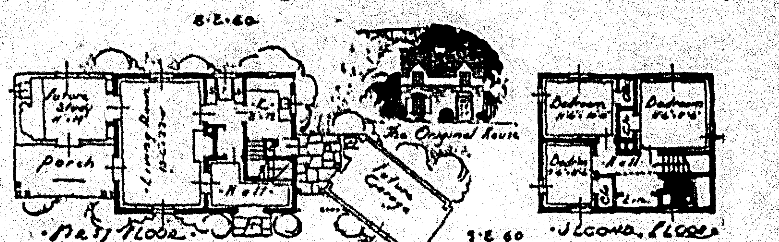
A certain quiet dignity and a sense of peace and restfulness are much a part of the little New England colonial farmhouse pictured today.

It has been planned with an eye for tomorrow and for the growing needs of the future; the architect has so arranged the compact and practical floor plan that it may be built in three stages.



With its exterior walls of frame, covered with heavy white-washed shingles, and a facing of stone in the lower portion of the entrance front, the end of the sturdy gable in soft buffs and browns, it maintains the charm and appeal of those rambling old homesteads of early Connecticut.

The original unit is complete in itself, with a combined living room and dining room, breakfast nook, well planned kitchen, and three bedrooms and a bath. The study wing with its flagstone-floored porch, may be added later and the garage wing and service porch may be either included in the original scheme or left for future construction. For those who require a complete dining room, an additional wing may be added to the rear, opening from both living room and kitchen.



Like all other houses, the impression created depends a great deal upon the setting in which the house is placed. Landscaping pays!—a fact that has been proven many, many times.

In actual construction, follow the architect's suggestion as pictured in the drawing above. They show in a general way the size and type of planting necessary to make this home fit its setting. Any good landscape architect or nurseryman will be glad to outline for your recommendations in accord with the architect's ideas.

Because this is a colonial home, the inside treatment should be in accordance. This means the oak floors should be given a dark colored stain and waxed, that the ceilings and sidewalls should be papered with an appropriate paper of colonial design—there are many good ones available at moderate cost; and that the wood trim around the doors and windows should be painted a color to harmonize—not contrast—with the paper used on the walls and ceilings.

It follows, naturally, that the furniture should be, in design and type, similar to that used by our early American ancestors. Any reliable furniture dealer can make recommendations that will be in keeping with the style of this home.

Prospective home owners today are demanding better design in their homes. They are no longer satisfied with four walls and a roof, put together in a nondescript manner, with no historical background or antecedent. Home magazines of the better type along with newspapers whose building sections portray homes of the better type, have shown them something better—and they are demanding it.

In building, follow the working drawings carefully. Here you will find the important little architectural details that give distinction to your home. Send $1 to Home Features Service at 84 Mobile avenue, N. E., Atlanta, Ga., for complete working drawings of the home pictured today.

◆

NEW ROOFS FOR OLD

Compare the costs of roofing today and any time during the past twelve years, and you will discover why you are especially urged at this time to have your old, worn roof replaced with a beautiful, new, modern one. There are roofs to fit every pocketbook. And because of the great advances that have been made in the roofing industry, your new roof will not only add much beauty to your home, (thus increasing the resale value) but will also give really permanent satisfaction.

◆

A HEALTHFUL HOME

A home that is really safe and healthful to live in is safe all the way; from top to bottom; chimney to foundation. Never is this fact more clearly demonstrated than in the winter. If house trouble begins, it usually begins in the foundation, the walls, the plaster, or the chimney. Now is the time to forearm against any such trouble.

The foundation itself can be a source of great difficulties. Cracks or fissures in foundation walls and the falling out of mortar from between joints are among the most common faults. Small cracks may become larger from action of the winter weather. Frost has a tendency to attack the weak spots and do its part in increasing the damage. Water seeping through the cracks gradually wears away the material and causes it to crumble and fall away. The results of these failures are far-reaching, and, if not remedied, may result in still further damage, not only to the walls, but the structure they support.

◆

IMPORTANCE OF LIGHTING

Many home-owners do not realize what a false economy inadequate lighting is. Eye-strain, whether in children or adults, is a high price to pay. Wherever a lighting fixture or lamp is needed, it should be installed without delay. Not only as a health measure, but to increase the safety and comfort and pleasantness of the home. For instance: in dark clothes or linen closets; over the kitchen basin; above the bathroom mirror; on the back porch.

At intervals, a general inspection of your electrical system and apparatus should be made. The cords of electrical appliances may need to be renewed. All exposed wires should be examined for poor insulation. Extra fuses for the fuse box should be kept on hand.

More BUILDING Necessary for Entire Nation!

CLUB WORKERS RENOVIZE HOME

Group In A Small City Give Demonstration Of Practical Worth

A short time ago a certain double house in a certain small city was a dingy, unkempt "shack," fronting on a street lined with many other such squalid houses.

Gray and lifeless, it stood . . . representative of the general aspect of the entire section. The hot summer suns, and hard winter storms had cracked and faded its once-painted walls, and many pieces of siding had been torn away. Unsightly outbuildings constructed, or more correctly, "thrown together" years ago, leaned at the rear of the gaunt frame dwelling. The yard, trampled by the feet of many playing children, was bare of grass, except for a little stretch of it near the rude fence, where weeds vied for supremacy. A lovely old tree cast its shade on piles of refuse, old boards—garbage.

The interior of the house, like its outside, was uninviting. Dingy, dirty walls in many places were bare of paper. Floors were worn to a dark gray shabbiness. Windows stood unadorned except perhaps for a torn, untidy piece of lace, tacked across them. The simple furniture, like abused, uncared for children, was drab and unpresentable.

Club Women Got Busy

But members of a woman's club saw possibilities in the house which had been treated so carelessly. They harbored a dream of better living in a neighborhood of humble residents, beauty which would inspire those living on both sides to clean up. And so they fostered the movement to convert the house into a real, cheerful, pleasant "home," with a minimum of expense.

Repairs Were Made

The unsightly building which boasted no porch, nor yet a front lawn, was put into the hands of workmen. Worn old steps which led to the front entrance, were skillfully repaired and beautified. New siding was nailed to the walls in many places where the old boards were missing. The old sheds on the rear of the building were torn down . . . and they fell quite readily. In their place, a simple little bath was built, to replace the unsanitary toilet that had served the house for so many years. New panes of glass replaced broken windows. The roof was mended. Attractive flower boxes were made to smile with midsummer blooms. The unattractive yard in the rear of the house was spaded and grass was sown. Then vegetables and flowers were planted. As a last touch the entire house was painted—and it took several coats to cover the dilapidation that years of lethargy had brought about. And behold! the house stood forth in simple cleanliness and color.

Inside And Outside

But the painters and the carpenters were not through with remodeling the exterior of the home. They went inside and began work with renewed energy, spurred on by the interest taken by the neighbors in the work they were doing. Women who had shrugged their shoulders at the idea as being impossible viewed with envious eyes the change that was brought about, and then scurried home to their own drab dwellings to scrub and paint. The men doubted, then marveled and finally were convinced.

Home Was Refurnished

Shabby old woodwork has taken on a new life. Floors now shine with colorful hard-wearing paint. And every piece of furniture in the house has come in for its share of rejuvenation. Gay chairs have emerged from the cocoon of scratched, worn ones. Tables and beds and boxes fairly blossom with cheer. Inexpensive gingham curtains smile at the clean windows and bright-hued gingham covers and cushions add to the attractiveness of the "dream home." The kiddies' room has been changed into a delightful nursery, with little cash outlay.

And not only have the mothers and fathers of the district been impressed by the transformation that has been brought about, but the little folks, too, have hurried home to "fix up the house." Back yards in the neighborhood, long filthy with their collection of empty cans and old junk are being cleaned out. Flowers are being coaxed into bloom in once-neglected back yards. Old furniture is being painted, a few pieces at a time, as rapidly as can be afforded by the families of meager means.

Wishers Become Workers

The wishers have become workers. Willing hands are busy with paint brush, and hammer, and needle. The clubwomen are proud of their achievement and the neighborhood is becoming a better place in which to live.

◆

A built-in cabinet above the bed has been found to be very useful and popular in many bedrooms. In many rooms such a cabinet is used for a bookcase or a radio stand. Where rooms are being renovized, such a cabinet can be made to blend with baseboards, paneling, or wainscoting.

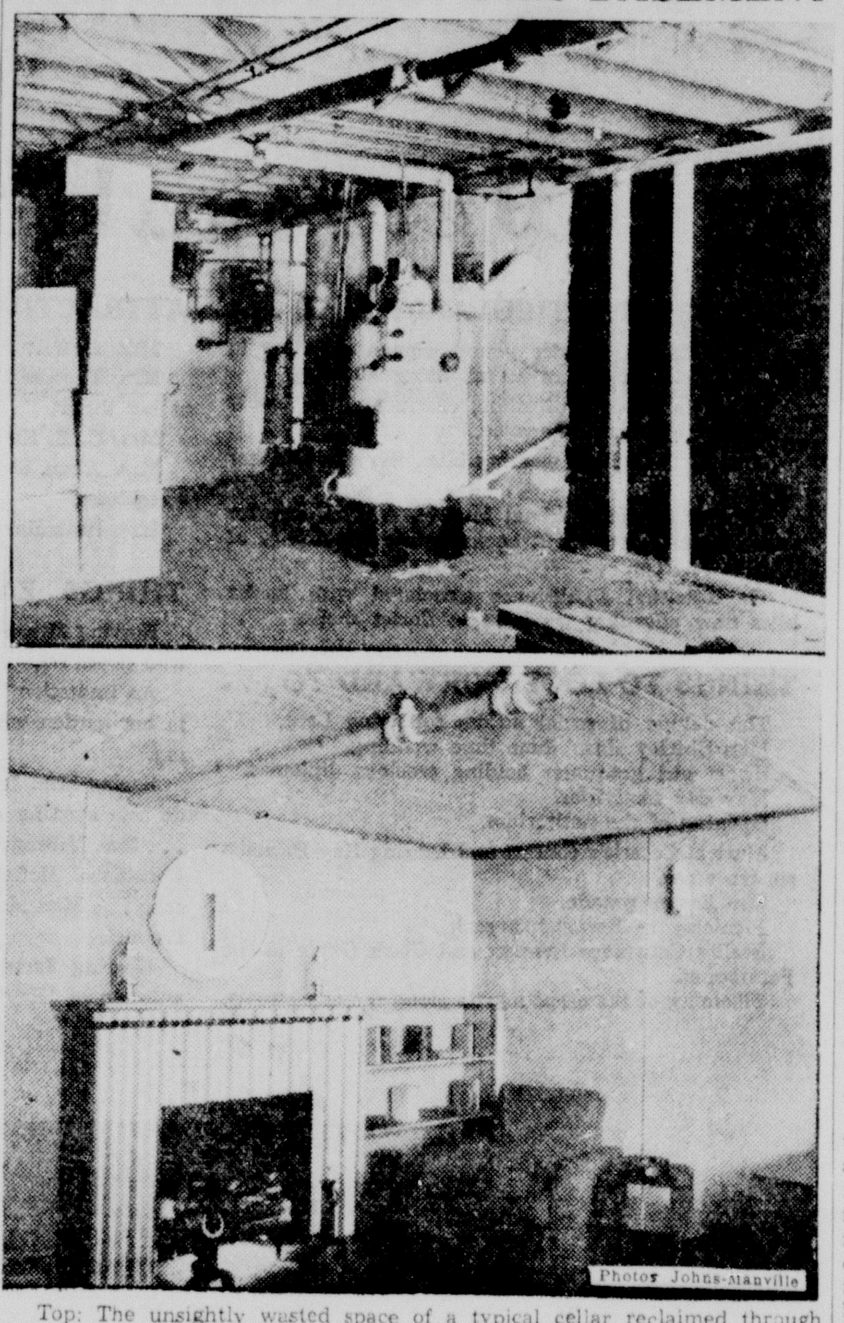
FHA MAGIC BEAUTIFIES BASEMENT



Photos Johns-Manville

Top: The unsightly wasted space of a typical cellar reclaimed through FHA modernization. A gathering spot of packing boxes and garden tools, this basement has been transformed through the magic of modern building into a beautiful extra living room, as shown in the lower illustration. The materials used in making this change and their costs are unbelievably small, according to Ralph Gatlin of the Ritchie Grocer company, local Johns-Manville dealer. J-M asbestos flexboard, one of the latest materials introduced on the building market has been used as a surface over the old cellar wall and as a partition in front of the furnace. This fireproof material has a decorative natural finish that needs no surface treatment. The ceiling is J-M insulating board and the floor is made of asphalt tile. A fireplace of corrugated transite, built-in book shelves, and modernistic furniture complete a room that is up-to-date in every respect.

Modernization Credit Plan Given Praise By Bankers

WASHINGTON, D. C., April 13.—The federal housing administration is in receipt of scores of letters from bankers in all sections of the country expressing approval of modernization credit plan. Mail of this character has been particularly heavy recently, with bankers assuring their cooperation and attesting the soundness of the plan.

One banker in the state of Washington wrote: "From the beginning I have been very favorable toward this plan and have talked and advertised it everywhere I went. I wish you every success which this great movement merits and feel that you are taking a forward and effectual step in constantly keeping in front of bankers the necessity of encouraging this type of credit for the good of our nation."

From a Michigan banker: "We believe that this program is a good one and has been a big help toward restoring more active business."

From Iowa: "I believe the one important thing is that you are stimulating the desire of people to remodel and fix up their homes, and who otherwise would have let it go."

From Maryland: "It is a good, workable plan for use of private capital. The more the public knows of it, the more the volume will increase."

A Kansas banker: "In my judgment this is one of the most worthwhile movements the government has ever undertaken. It has stimulated improvements by many who do not need credit and has given real employment to a vast number."

A New York banker: "It is my judgment that the idea is one of the most helpful and sound of the present-day recovery program. I immediately grasped the significance and helpfulness of it."

A banker in Mississippi: "To my way of thinking, the federal housing administration plan will do a great deal toward permanent recovery, and more toward stabilizing our citizenship than any of the plans that have been offered to the public. I am very happy that nearly all of our banks have signed up and agreed to render every assistance possible in this well-organized movement."

A NEW BATH ROOM
. . . ON EASY TERMS

We will install a complete new bathroom in your home without one penny down and up to three years to pay for the job in easy monthly payments.

There is no red tape attached to this offer. The only security required is that you have a good credit rating in the community and an adequate regular income.

Come in today. We will gladly explain the plan to you and give you an estimate on the work you are planning to have done. Remember, there is no obligation.

MAKE MOST OF ELECTRICITY

Most valuable and trustworthy of man's modern friends is electricity. What is electricity? A form of energy, yes. Perhaps even energy, itself. Perhaps even the matter out of which this whole great universe is made. No one knows. The exact nature of electricity is still too wonderful, too mysterious, to be fathomed. Still a great deal is known about the power, the possibilities, the behavior, the uses, of electricity.

Especially in the household does electricity demonstrate its friendship for man. It can be adapted to such a variety of purposes. Its light has made the home bright and cheerful and healthful. Through electrical appliances, it has freed the housewife from numberless disagreeable tasks. And withal it is safe, when properly used, and inexpensive.

Naturally, every modern home is supplied with electricity. In building a new home, it is taken for granted. In modernizing a home, electric wiring is among the first considerations. Very often, however, a house has an insufficient number of electric outlets. This causes much inconvenience. Electric appliances cannot be employed to their fullest advantage, and lamps cannot be placed correctly. The cost of installing more outlets is so low, you cannot afford to do without them.

◆

HELP MAKE HOME BRIGHTER

One should think of home remodeling in terms of convenience, health, pride, domestic happiness. Improvements in the home can do something to make every member of the family more comfortable and more content. Bright surroundings can make all of life a little brighter.

Many an old-fashioned house is cut up into small cubby-hole rooms. They are stuffy, depressing. How simple to remove a wall and make two tiny rooms into one large, cheerful, airy room. This is recommended in the case of bedrooms, and where a living room and parlor can be combined in one fine living room.

Then closets! Just think what a few dollars will do for them. You can have shelves or drawers built in, or shoe-racks, or modern clothes-hangers. Small changes; but changes which will save countless steps and no end of inconvenience. Built-in bookcases are likewise inexpensive, and very smart.

◆

USE FOR EXTRA BATHROOM

How often have you wished for an extra bath room? You can have an excellent one built at moderate cost. Or your old bath room can be modernized with tile, or with a new shower.

Of late the attic has come into its own as a valuable section of the house. It has rested idle too long. Now, through the expert use of wall board, an attic can be converted into a useful nursery, game room, spare bedroom, den, study, or what-not. Any of these may be constructed ever so attractively with slight expenditure.

◆

BLOWN-OUT FUSE

If a fuse blows out, it may result from a short circuit due to defective electrical equipment or a worn cord.

If appliances and cords are in good condition, and fuses continue to blow out, the trouble is probably in the main wiring system, and should be promptly located and repaired by an electrician. By having plenty of wall outlets and floor plugs, you will avoid overloading a circuit, which is one of the most common causes of blowing out a fuse.

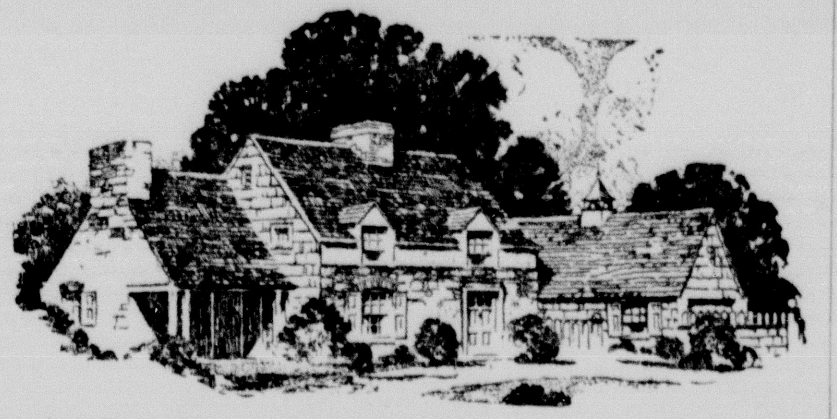
A House Planned To Grow As Purse Facility Permits

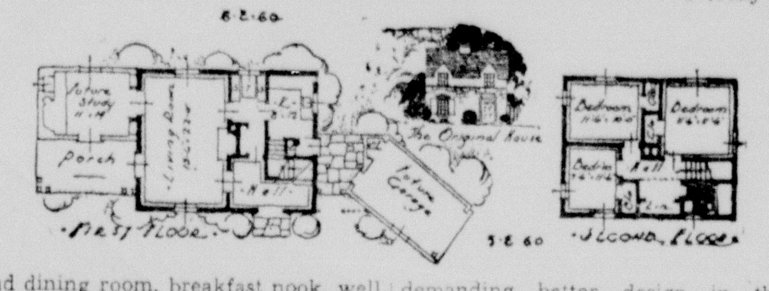
A certain quiet dignity and a sense of peace and restfulness are much a part of the little New England colonial farmhouse pictured today.

It has been planned with an eye for tomorrow and for the growing needs of the future; the architect has so arranged the compact and practical floor plan that it may be built in three stages.



With its exterior walls of frame, covered with heavy white-washed shingles, and a facing of stone in the lower portion of the entrance front, the end of the sturdy gable in soft buffs and browns, it maintains the charm and appeal of those rambling old homesteads of early Connecticut.

The original unit is complete in itself, with a combined living room and dining room, breakfast nook, well planned kitchen, and three bedrooms and a bath. The study wing with its flagstone-floored porch, may be added later and the garage wing and service porch may be either included in the original scheme or left for future construction. For those who require a complete dining room, an additional wing may be added to the rear, opening from both living room and kitchen.



Like all other houses, the impression created depends a great deal upon the setting in which the house is placed. Landscaping pays!—a fact that has been proven many, many times.

In actual construction, follow the architect's suggestion as pictured in the drawing above. They show in a general way the size and type of planting necessary to make this home fit its setting. Any good landscape architect or nurseryman will be glad to outline for your recommendations in accord with the architect's ideas.

Because this is a colonial home, the inside treatment should be in accordance. This means the oak floors should be given a dark colored stain and waxed, that the ceilings and sidewalls should be papered with an appropriate paper of colonial design—there are many good ones available at moderate cost; and that the wood trim around the doors and windows should be painted a color to harmonize—not contrast—with the paper used on the walls and ceilings.

It follows, naturally, that the furniture should be, in design and type, similar to that used by our early American ancestors. Any reliable furniture dealer can make recommendations that will be in keeping with the style of this home.

Prospective home owners today are demanding better design in their homes. They are no longer satisfied with four walls and a roof, put together in a nondescript manner, with no historical background or antecedent. Home magazines of the better type along with newspapers whose building sections portray homes of the better type, have shown them something better—and they are demanding it.

In building, follow the working drawings carefully. Here you will find the important little architectural details that give distinction to your home. Send $1 to Home Features Service at 84 Mobile avenue, N. E., Atlanta, Ga., for complete working drawings of the home pictured today.

◆

NEW ROOFS FOR OLD

Compare the costs of roofing today and any time during the past twelve years, and you will discover why you are especially urged at this time to have your old, worn roof replaced with a beautiful, new, modern one. There are roofs to fit every pocketbook. And because of the great advances that have been made in the roofing industry, your new roof will not only add much beauty to your home, (thus increasing the resale value) but will also give really permanent satisfaction.

◆

A HEALTHFUL HOME

A home that is really safe and healthful to live in is safe all the way; from top to bottom; chimney to foundation. Never is this fact more clearly demonstrated than in the winter. If house trouble begins, it usually begins in the foundation, the walls, the plaster, or the chimney. Now is the time to forearm against any such trouble.

The foundation itself can be a source of great difficulties. Cracks or fissures in foundation walls and the falling out of mortar from between joints are among the most common faults. Small cracks may become larger from action of the winter weather. Frost has a tendency to attack the weak spots and do its part in increasing the damage. Water seeping through the cracks gradually wears away the material and causes it to crumble and fall away. The results of these failures are far-reaching, and, if not remedied, may result in still further damage, not only to the walls, but the structure they support.

◆

IMPORTANCE OF LIGHTING

Many home-owners do not realize what a false economy inadequate lighting is. Eye-strain, whether in children or adults, is a high price to pay. Wherever a lighting fixture or lamp is needed, it should be installed without delay. Not only as a health measure, but to increase the safety and comfort and pleasantness of the home. For instance: in dark clothes or linen closets; over the kitchen basin; above the bathroom mirror; on the back porch.

At intervals, a general inspection of your electrical system and apparatus should be made. The cords of electrical appliances may need to be renewed. All exposed wires should be examined for poor insulation. Extra fuses for the fuse box should be kept on hand.

SOCIETY

BY EVE BRADFORD

Personalities

THINGS I PARTICULARLY LIKE . . .

Watching tall, slender young women parading in beautiful clothes before an admiring audience.

Mrs. John Theus' refreshing charm and the lovely quality of her speaking voice.

Mrs. E. T. Lamkin wearing blue, the shade of her eyes.

Meeting our good friend Mrs. M. A. McHenry for an occasional chat about books, music and things of general interest.

The spiritual significance associated with Easter lilies now adorning windows in florist shops.

THINGS TO LOOK FORWARD TO . . .

The deluge of social affairs following Lent.

Miss Shirley Haas' June time wedding.

Sweet girl graduates holding precious diplomas.

May day festivities.

Opening of the natitorium.

Musical Coteric's concert and hearing Kay Powell's superb voice.

The Easter parade.

Picnicing at Bernstein's park.

Seeing Constance Bennett and Clark Gable at the Paramount.

Blooming of the crepe myrtle along the city streets.

ATTRACTIVE YOUNG MATRONS . . .

Mrs. DeWitt Milam in blue off-the-face hat.

Mrs. Thomas Monk in blue velvet with gardenias at her throat.

Mrs. C. E. Kenney in blue flowered print frock.

Mrs. Allan Sholars in brown tailleur with brown accessories.

Mrs. Ruth Rasbury in broad brimmed black hat.

THINGS ENJOYED RECENTLY . . .

Hearing Mrs. Frances Leavell's beautiful voice (and who doesn't?).

An invitation from Mrs. E. M. Hudson to meet her in her garden where the wild honeysuckle is blooming.

Seeing Mrs. Joseph Isaacman in brown mousseline de soie evening gown at Junior League style revue . . . Mrs. Milling Bernstein in dawn blue lace . . . Miss Constance McReynolds in black net with flaring cape . . . Miss Mary Louise O'Donnell in daffodil yellow net.

Hearing James Cavaness enthuse over the presentation of "Hay Fever," next month.

PALM SUNDAY! We are reminded today of that Sunday long ago when little children waving olive branches and palms ran to meet Christ on His triumphal entry into Jerusalem. . . . Today ushers in the first day of Holy Week . . . candles will be lighted on altars, every knee will bend and prayers will fall from the lips of the faithful . . . Good Friday will bring even a greater, deeper feeling of reverence and awe . . . the candle gleam will be quenched, the altar flowers will be gone, dark-shrouded will be the cross, music will speak of the Crucifixion . . . we will grope through the darkness of Good Friday to the shining dawn of the glorious Eastertide. . . . Glad voices of happy children will be heard as they frolic on the greensward at the American Legion home where that gallant company of gentlemen, members of Teflis Grotto, will gather children of the four corners of the city to share in the pleasures of an Easter egg hunt...children at Lakeside Country club will pick up the refrain as they scamper over the meadows in search of the eggs stowed away by their good friend, Peter Rabbit...with that energetic person, Elsner Fraser, chairman of the committee, you can rest assured everything will be perfect in detail...Social quiet reached rock bottom last week...little worth writing about these days with the exception of "The Cajun" and the Junior League Style Revue last night...There were several jolly parties on the Cherokee Terrace exchanging sparkling and spontaneous witticisms and awaiting the appearance of the beautiful mannequins...Sue Kellogg walked in the spotlight in a corn flower blue frock with a wristlet of cornflowers...Betty Isaacman was the very essence of charm in a Viola model of brown...Constance McReynolds, tall and willowy, wore a distinctive model of black net with a cunning cape of net...Mary Louise O'Donnell wore to perfection a daffodil colored net evening frock with a ruffled cape...Sue Graves was a striking figure in flower sprinkled model...Lois Bernstein wore several darling cotton models, everyone seemed to admire...Bella Davidson, of the Woman's Shop, certainly knows her stuff...selectiong the right model for each type seems to be her special gift...Suzanne Hirsch, with an orchid tucked under her chin, was being squired by that good looking Billy Barham at the Little Theatre production Thursday night...Layton Lamkin was holding a reception of her own in the foyer...she is looking so radiant since her sojourn in the west we can scarcely believe that she has ever suffered from a serious sinus trouble...Headlines tell us that every man in Europe is buying his gas mask and the whole world has the jitters ...but there's some sanity left—large groups of American students are today taking a solemn vow not to support the government of the United States in any kind of a war...student leaders are telling their fellows why it isn't dulce et decorum to die for their country...they think they should live for it...Admired Mrs. Alfred Hennen's knit suit the other day and was informed that it was just one of several she has knitted...In a month's time her knitting needles had clicked to the tune of three suits and a coat...quite a record to our way of thinking...Courtney Lamb blew into town with the dust last week...she ran away from the dust storms of Nebraska only to find a gale of dust sweeping Monroe upon her arrival...She gave a graphic account of suffering and the wearing of masks by the entire population... A profound sigh of regret came up from the throats of those thrifty Monroe housewives who had just finished their spring house cleaning... a small boy in one home had written his name boldly on every piece of furniture...imagine his mother's chagrin when callers were ushered in ...Saw Eleanor Lockett wearing a smart grey outfit with grey furs, hopping into a plane at Selman Field the other day...Andy was at the controls and that explains her flight to Atlanta...Travis and Lida Oliver were scanning the rather forbidding looking sky preparatory to taking off for Augusta, Georgia...Lida was dreading the "bumps" as she always get plane sick...Mrs. Marvyn Johnson was expressing her delight over being home again when we saw her last week...She was under the care of a physician in New Orleans for two or three months, but is now as radiantly lovely and happy as ever... Amy Wise, house guest of the D. I. Hirsch's, was wearing a cunning black hat with flaring veil at "The Cajun" Thursday night, also glimpsed Vivian Harper in a shell pink evening coat ...Of course you knew Herbert Levy designed the setting for "The Cajun," and John Daniels, Joe Craig and Louise Moore faithfully carried out his instructions...Heard indirectly that Happy Hudson had resigned her position with the Crowell Publishing Company, of New York, and is now anticipating a nice long visit with home folks in Monroe...there is a clatter of hoofs in the village streets these spring days as Gay Noe astride her handsome Kentucky thoroughbred horse goes galloping by...she has yet to find anything she couldn't conquer—music, dancing, swimming, riding a surf board and now her latest craze—horseback riding...Eleanor Faulk can also be seen astride her horse enjoying the beauty of the countryside...she is also an accomplished rider...

Mrs. C. Oliver Is Hostess To Club Women

With the season fast drawing to a close for the club women of this city, splendid programs are featuring each meeting. Members of the Twentieth Century Book club, one of the oldest literary organizations in the city, have enjoyed a year overflowing with interesting programs with the recent meeting in the home of Mrs. Courtney Oliver, outstanding.

Mrs. T. O. Brown arranged for this meeting a unique program featuring each member of the club. Childhood photographs were displayed and considerable merriment ensued when members endeavored to identify each one. Mrs. S. M. McReynolds for her successful efforts received a handsome painting.

The program was completed with a review of "Cinnamon Seed," by Mrs. M. M. Munholland.

Mrs. Causey, the hostess' mother, read a charming little poem, "The Heart of a Flower," her own composition, during the social hour. The serving of delicious refreshments concluded the pleasures for Mmes. T. O. Brown, W. B. Clarke, S. M. Collins, Arthur Dryburgh, Ernest Gibson, Louis Hullum, E. Holloway, M. S. McGuire, S. M. McReynolds, S. M. Munholland, R. H. Oliver, Sr., J. W. Smith, S. L. Stroud, William Washburn, Henry Whitfield and J. B. Vaughan.

Delegates to the Fifth District Federated club meeting in Ferriday on the twenty-fourth of April will be Mrs. J. B. Vaughan, Mrs. S. M. McGuire, Mrs. J. M. Munholland and Mrs. S. M. Collins.

A splendid program featuring members of the Children's theater was presented Saturday morning at the St. Francis auditorium. The fourth scene of "Red Shoes" was given with the following cast: Karen, Sara Alton; the grandmother, Naomi Campbell; the old soldier, Miller Cragon, Jr.; the coachman, Neal Matthews. The play was followed by a reading, "The Raggedy Man," by Harvey Hutchins, "Our Hired Girl" by Gladys Alton, and a banjo solo by Miller Cragon, Jr.

Following the program a short business meeting was held and plans completed for the picnic to be held at Bernstein park.

Children in Monroe are cordially invited to join the Children's theater, which meets every Saturday morning at ten o'clock. Interesting programs are presented every third Saturday, featuring members of the talented members.

Mr. Charles Wiggins of New Orleans was a guest last week in the home of Dr. and Mrs. DeWitt Milam.

Miss Mildred Limerick Weds Mr. Leland H. Loughridge At Beautiful Church Wedding

The first wedding to be solemnized in the new church of the Redeemer, at Oak Ridge, was that of Miss Mildred Limerick and Mr. Leland H. Loughridge at 8:30 Saturday morning, April 6, 1935. The naive of the church was decorated in garlands of southern smilax which fell in graceful festoons from the Gothic windows. Cluster of rose colored sweet peas tied with blue tulle were caught to the pews reserved for the members of the family and intimate friends. A rose theme was beautifully portrayed in the tall floor baskets of rose weigelia. Flanking the handsome brass cross were vases of white spring blossoms. Five branched candelabra supporting cathedral tapers, burned in the background. Messrs. Stephen M. Gibson and W. Mott acted as ushers. Preceding the entrance of the wedding party Mrs. Jack McIlwaine accompanied by Miss Elaine Notze of Mer Rouge sang "I Love You Truly." Mr. W. T. Mott sang "I Love You." At the first chords of Mendelssohn's beautiful wedding march, the bridal party entered. Miss Eileene Gibson, the only attendant of the bride, was lovely in rose beige crepe with rose lace. A smart close fitting hat and a corsage worn high on her shoulder completed her costume.

The bride was never lovelier than on her wedding morn as she entered on the arm of her father, Mr. Marvin Trousdale Limerick, who gave her in marriage. Her tweed traveling suit of French blue, hat of darker blue and rose, her corsage of pink roses and valley lilies were in perfect harmony. She carried a prayer book, a gift from her grandmother, Mrs. Mary E. Baker, was carried for sentimental reasons. When the bride, as an infant, was baptized into the church of her faith, her maternal grandfather the late W. W. Baker, was baptized at the same service. A life long friend of the family, the late Miss Eliza A. Harrison, presented as a baptismal gift to Mr. Baker, the prayer book which the bride used on her wedding day. Falling from its worn and thumb marked pages were markers of white satin ribbons tied with valley lilies. The bride was met at the altar by the groom and his best man, Mr. Vance Bouregard. The impressive service of the church was read by Rev. A. M. Brock, the rector.

(Continued on Thirteenth Page)

Miss Shirley Haas, lovely young daughter of Mr. and Mrs. D. Aubrey Haas, whose marriage will be a beautiful Junetime event, is seen in the pictures today to the left.

Mrs. Frenau Surguine, who arrived in the city last week with Mr. Surguine, from their home in Africa, will be the recipient of considerable social attention during her visit in the city. Mrs. Surguine is charming her friends with tales of life in Africa and the month's sea voyage en route to New York City. (Center) Portrait by Downing Studio.

Mrs. Earl Chumney, last week's lovely bride, who before her marriage was Miss India Stubbs, prominent member of Monroe's younger set.—Home portrait by Nina Dean Webb.

Miss Elizabeth Henry King, beautiful daughter of Mr. and Mrs. John C. King, of Ferriday, whose engagement to Mr. John Matthew McBride, of Tallulah, La., has just been announced.—(Extreme right.)

Business Women Plan For State Convention To Be Held In Monroe During Month Of May

Of absorbing interest to every member of the Business and Professional Women's club at the present time is the state convention in this city next month. Elaborate plans are being made by the local club for the three day session overflowing with events of a social nature. Prominent on the program will be a breakfast party, a banquet and a boating party on the Ouachita.

The presence of a national speaker, Judge Grace Miles, will add considerable eclat. Representing the Monroe club at the business sessions will be: Mrs. Jennie Thornton, Mrs. Lillie Arant, Mrs. Fay Heard, Mrs. Myrtle Doughtie, Mrs. Johnnie Elbert, Mrs. Clara Dennie, Miss Zelda Moss. Alternates: Miss Margaret Albritton, Mrs. Acele Smith, Mrs. Flora Crye, Mrs. Dora Anish, Mrs. Effie Allen, Mrs. Mary Bailey, Miss Mary O'Kelly and Miss Florence Powers.

Officers recently elected to guide the destiny of the Monroe club during the coming year will be: Miss Mary O'Kelly, president; Miss Florence Powers, first vice-president; Miss Hazel Wakefield, second vice-president; Miss Mae McIntosh, secretary; Mrs. Laura Slator, treasurer; Miss Mary Hester, historian; Mrs. Jennie Thornton, house chairman. Members of the board, Miss Mamie Ober and Miss Eleanor Faulk, Miss Mae Johnson, Miss Nora Downs.

A group of prominent club women, Mrs. A. D. Tisdale, Mrs. A. R. Holloway, Mrs. W. M. Harper, Mrs. Herbert Breard, Mrs. C. C. Colvert and Mrs. H. H. Douglas motored to Baton Rouge Friday morning to attend the first annual statewide club institute of the Federation of Women's Clubs. They will take part in the program that will attract club women from all sections of the state.

Mrs. Adelaide Thurston of Boston, Mass., is an interesting visitor in the city, guest of her daughter, Mrs. Algernon Flournoy, and Mr. Flournoy.

Mrs. Andrew Dixon flew to Atlanta, Georgia, Friday morning for a visit of several days and will return via plane accompanied by Mr. Dixon.

Origin Of The Easter Lily Particularly Interesting At This Season Of Year

Easter Sunday with its reminder of the world's loftiest event is so closely associated with lilies that we never think of one without the other. At this glorious Easter season when all feel anew the meaning of life and grasp again the happiness of living the story of the Easter lily should prove particularly interesting.

For two thousand years Easter has been a symbol of hope and there is a certain spiritual significance associated with the reflowering of nature at the Easter season.

Through all the centuries no flower has been so closely associated with religion as the lily. Its chaste whiteness bespeaks the beauty of all things good.

A beautiful legend tells us that when Christ walked in the Garden of Gethsemane the night before His death, that every flower in the garden bowed its head before His agony. That is, all except the lily which said, "He chose me as the most beautiful of all, and gorgeous above the greatest of kings. I will stand erect and will comfort Him with my beauty and fragrance." As the Savior passed, he stopped for a moment to gaze at the beautiful flower shining in the moonlight. The lily was so overcome by His humility and its own unworthiness that it blushed, and bowed its head in shame. Since that day, it is said, the lily has never held its head erect.

It is believed that Easter liles originated in Japan and for a long, long time their beauty was known only to the people of that nation. However, they eventually came to be known in other Asiatic countries. About three hundred years ago a flower-loving sea captain stopped in Japan and saw the beautiful blossoms. He acquired some of the lilies and carried the rare white flowers to the island of Bermuda.

Many authorities claim that the gorgeous Easter lily was the cherished flower of the ancient Hebrews. At any rate, we find endless mention of its use and popularity through the many legends and historical data covering the lives of these people. It is said that the tops of the pillars in the porches of Solomon's magnificent temple were ornamented with lilies and that this flower was even wrought into the crown of the king.

Biblical mention of the flower is frequent . . . the most familiar one being the quotation from Matthew, which says, "Consider the lilies of the field, how they grow, they toil not, neither do they spin . . . yet Solomon in all his glory was not arrayed like one of these."

History has it that in 1048 Garcia, the fourth king of Navarre, was dangerously ill and that he dreamed that he saw in the stillness of the night the virgin emerging from one of the white lilies in the garden of the palace. The sight produced such a calm and serenity that the king fell into a deep slumber from which he awakened greatly refreshed and very shortly regained his health. On his recovery he instituted the Blessed Order of the Lily. The membership of this order consisted of thirty-eight kind and benevolent knights who were pledged to deeds of charity and to purity of life. Each wore upon his breast a silver lily. In 1408 an Order of the Lily was also established by Ferdinand of Argon.

For centuries artists have pictured the angel Gabriel coming to the Virgin Mary with a spray of lilies in his hand . . . to announce that she is to be the mother of the Christ Child. Italian artists particularly have made use of the lily as a symbol of the resurrection, and as such it is the traditional Easter flower. It carries a message of purity, majesty and solemn joy . . . and the exquisite flower on its tall, slender, green stalk with its crowning blossoms of pure white, and its delicate fragrance, is indeed a fitting symbol of the Easter spirit.

Officers for the coming year were elected by the Social Get Together club at the home of Mrs. J. L. Johnson as follows: President, Mrs. L. L. Deen; vice-president, Mrs. S. H. Wilson; secretary, Mrs. J. L. Johnson; treasurer, Mrs. J. M. Head; historian, Mrs. G. S. Woods.

Members of the club prepared a basket of groceries for a needy family at this time.

SOCIETY

BY EVE BRADFORD

Personalities

THINGS I PARTICULARLY LIKE . . .

Watching tall, slender young women parading in beautiful clothes before an admiring audience.

Mrs. John Theus' refreshing charm and the lovely quality of her speaking voice.

Mrs. E. T. Lamkin wearing blue, the shade of her eyes.

Meeting our good friend Mrs. M. A. McHenry for an occasional chat about books, music and things of general interest.

The spiritual significance associated with Easter lilies now adorning windows in florist shops.

THINGS TO LOOK FORWARD TO . . .

The deluge of social affairs following Lent.
Miss Shirley Haas' June time wedding.
Sweet girl graduates holding precious diplomas.
May day festivities.
Opening of the natitorium.

Musical Coterie's concert and hearing Kay Powell's superb voice.

The Easter parade.
Picnicing at Bernstein's park.
Seeing Constance Bennett and Clark Gable at the Paramount.
Blooming of the crepe myrtle along the city streets.

ATTRACTIVE YOUNG MATRONS . . .

Mrs. DeWitt Milam in blue off-the-face hat.

Mrs. Thomas Monk in blue velvet with gardenias at her throat.

Mrs. C. E. Kenney in blue flowered print frock.

Mrs. Allan Sholars in brown tailleur with brown accessories.

Mrs. Ruth Rasbury in broad brimmed black hat.

THINGS ENJOYED RECENTLY . . .

Hearing Mrs. Frances Leavell's beautiful voice (and who doesn't?).

An invitation from Mrs. E. M. Hudson to meet her in her garden where the wild honeysuckle is blooming.

Seeing Mrs. Joseph Isaacman in brown mousseline de soie evening gown at Junior League style revue . . . Mrs. Milling Bernstein in dawn blue lace . . . Miss Constance McReynolds in black net with flaring cape . . . Miss Mary Louise O'Donnell in daffodil yellow net.

Hearing James Cavaness enthuse over the presentation of "Hay Fever," next month.

PALM SUNDAY! We are reminded today of that Sunday long ago when little children waving olive branches and palms ran to meet Christ on His triumphal entry into Jerusalem. . . . Today ushers in the first day of Holy Week . . . candles will be lighted on altars, every knee will bend and prayers will fall from the lips of the faithful . . . Good Friday will bring even a greater, deeper feeling of reverence and awe . . . the candle gleam will be quenched, the altar flowers will be gone, dark-shrouded will be the cross, music will speak of the Crucifixion . . . we will grope through the darkness of Good Friday to the shining dawn of the glorious Eastertide. . . . Glad voices of happy children will be heard as they frolic on the greensward at the American Legion home where that gallant company of gentlemen, members of Teflis Grotto, will gather children of the four corners of the city to share in the pleasures of an Easter egg hunt...children at Lakeside Country club will pick up the refrain as they scamper over the meadows in search of the eggs stowed away by their good friend, Peter Rabbit...with that energetic person, Elsner Frazer, chairman of the committee, you can rest assured everything will be perfect in detail...Social quiet reached rock bottom last week... little worth writing about these days with the exception of "The Cajun" and the Junior League Style Revue last night...There were several jolly parties on the Cherokee Terrace exchanging sparkling and spontaneous witticisms and awaiting the appearance of the beautiful mannequins... Origin Of The Easter Lily Particularly Interesting At This Season Of Year

Easter Sunday with its reminder of the world's loftiest event is so closely associated with lilies that we never think of one without the other. At this glorious Easter season when all feel anew the meaning of life and grasp again the happiness of living the story of the Easter lily should prove particularly interesting.

For two thousand years Easter has been a symbol of hope and there is a certain spiritual significance associated with the reflowering of nature at the Easter season.

Through all the centuries no flower has been so closely associated with religion as the lily. Its chaste whiteness bespeaks the beauty of all things good.

A beautiful legend tells us that when Christ walked in the Garden of Gethsemane the night before His death, that every flower in the garden bowed its head before His agony. That is, all except the lily which said, "He chose me as the most beautiful of all, and gorgeous above the greatest of kings. I will stand erect and will comfort Him with my beauty and fragrance." As the Savior passed, he stopped for a moment to gaze at the beautiful flower shining in the moonlight. The lily was so overcome by His humility and its own unworthiness that it blushed, and bowed its head in shame. Since that day, it is said, the lily has never held its head erect.

It is believed that Easter liles originated in Japan and for a long, long time their beauty was known only to the people of that nation. However, they eventually came to be known in other Asiatic countries. About three hundred years ago a flower-loving sea captain stopped in Japan and saw the beautiful blossoms. He acquired some of the lilies and carried the rare white flowers to the island of Bermuda.

Many authorities claim that the gorgeous Easter lily was the cherished flower of the ancient Hebrews. At any rate, we find endless mention of its use and popularity through the many legends and historical data covering the lives of these people. It is said that the tops of the pillars in the porches of Solomon's magnificent temple were ornamented with lilies and that this flower was even wrought into the crown of the king.

Biblical mention of the flower is frequent . . . the most familiar one being the quotation from Matthew, which says, "Consider the lilies of the field, how they grow, they toil not, neither do they spin . . . yet Solomon in all his glory was not arrayed like one of these."

History has it that in 1048 Garcia, the fourth king of Navarre, was dangerously ill and that he dreamed that he saw in the stillness of the night the virgin emerging from one of the white lilies in the garden of the palace. The sight produced such a calm and serenity that the king fell into a deep slumber from which he awakened greatly refreshed and very shortly regained his health. On his recovery he instituted the Blessed Order of the Lily. The membership of this order consisted of thirty-eight kind and benevolent knights who were pledged to deeds of charity and to purity of life. Each wore upon his breast a silver lily. In 1408 an Order of the Lily was also established by Ferdinand of Argon.

For centuries artists have pictured the angel Gabriel coming to the Virgin Mary with a spray of lilies in his hand . . . to announce that she is to be the mother of the Christ Child. Italian artists particularly have made use of the lily as a symbol of the resurrection, and as such it is the traditional Easter flower. It carries a message of purity, majesty and solemn joy . . . and the exquisite flower on its tall, slender, green stalk with its crowning blossoms of pure white, and its delicate fragrance, is indeed a fitting symbol of the Easter spirit.

Officers for the coming year were elected by the Social Get Together club at the home of Mrs. J. L. Johnson as follows: President, Mrs. L. L. Deen; vice-president, Mrs. S. H. Wilson; secretary, Mrs. J. L. Johnson; treasurer, Mrs. J. M. Head; historian, Mrs. G. S. Woods.

SOCIETY

Now Is The Time For A Trek Down Lanes Of Enchantment To Beautiful Teche Country

Holy week with its atmosphere of quiet and calm would be the ideal time for a springtime trek where the soul can feast on beauty. Down to the Teche country, for instance, and then on to New Orleans. There are several routes to follow but of course you will want to take the one that leads to Baton Rouge and the state capitol, the show place of the southland.

There are good roads most of the way to New Orleans — broad acres, scattered cabins, then a village where plantation owners have their more pretentious homes. Past pecan trees, live oaks, veterans of the forest with their shaggy beards; jungle groves, forbidding as they stand deep in muddy waters. Relief to the eye is the rich green, shiny leaves of the magnolia trees, and the vinelike sprays of yellow jasmine, flung over dark, dead tangles of fallen timbers.

Approaching Natchez, the brimming waters of the Mississippi are crossed on a ferry boat and we drive up the steep banks of the other side to a fascinating treasure trove of history and romance.

All along the way one finds enchanting gardens. Ask and many will be opened to you! The homesick French and Spanish brought seeds and slips and those masses of colorful azalias, some trees twenty feet high, those camelias (japonica bushes), those lavender, perfumed spreading wisteria blossoms, many of these glorious flowers are more than a century old and were offsprings of beloved European gardens.

If you don't mind noise and Latin odors of olive oil, onion, pepper and tomato, a hotel in the Vieux Carri (Old New Orleans) enables one to prowl through narrow streets and to drop exhausted in colorful, picturesque courtyards to refresh oneself with excellent Creole food. "Fabulous New Orleans" in hand, one revives again the valiant history of this old town.

Shall one go east to Lake Pontchartrain and Biloxi; following the ocean trail? This way the 5-mile bridge (longest concrete bridge in the world) is crossed, and mile after mile of charming country, seashore homes, are passed. Great hotels for the playtime of the depressed ex-millionaires of both North and South. From Biloxi we go north to see the famous azalea gardens of Mobile and farther north to the Carolinas, Charleston, etc., for more flowery trails. Or shall one follow the levees west through the low-lying country, once prosperous with sugar cane, cotton plantations and cypress forests. These plantation houses are no longer painted. Hawaii, Cuba and the beet sugar industry played havoc with that source of wealth. The Acadian country, through the Lake Charles district, offers visits to Jungle Gardens, Joseph Jefferson's island home; salt mines, luncheon under the famous Evangeline oaks and other visits to gardens and homes with their antique future and objets d'art open to the inspection of visitors.

Miss Joy Steele arrived home last week from the University of Texas. Miss Steele is convalescing from a recent appendectomy and will not resume her studies at the university this year.

EASTER BONNETS HAVE VEILED CHARM

The veiled model seen above is a design by Worth. The veil hangs from the back of a black straw toque.

There are few more interesting ways of wearing a veil on your Easter bonnet than that shown below. Liliane Callet designed the model, suspending the veil double from the front of a little white bonnet rimmed with white shell flowers, so that it falls over the face.

Sophisticates in the Easter parade may wear glistening white straw with transparent flowers.

By Adelaide Kerr
(Associated Press Fashion Editor)

PARIS—(AP)—You can wear your veil in a half dozen different ways on your Easter bonnet—over your face or hanging down your neck.

Not in years have Parisian modistes used them in such varied fashions. Lanvin hangs a crisply patterned navy blue one in two streamers off the back of a white straw sailor and swaths other blue ones round and round the crowns of small white hats. Patou lets a black one flip off the back of a pert yellow straw sailor, Worth hangs a circular veil in folds from the center back of a black toque and Marie Guy swaths a chiffon one around the crown of a forward jutting helmet hat, knots it in a bow and lets the streamers hang.

Many modistes rim small hats with sheer black veils which film the eyes, while Schiaparelli designs a big blue straw hat with a circular veil coming from under the brim and hanging all round the head and Liliane Callet adds to a tiny spring bonnet a double veil falling over the face to the chin.

Colored veils—red, green and violet—are another novelty of the season. They are very sheer and brief, just long enough to film the eyes, and are worn with small black dinner hats.

Evening Frock Hats

A number of new headgear designs have appeared for the dinner hour. Patou puts a toque of red and rose ostrich tips tilting over the forehead, a pinwheel of black aigrettes to a swirl of green osprey on the heads of the mannequins who show his long sleeved black dinner gowns.

Mainbrocher even shows hats with some of his evening frocks. A wide brimmed model of black maline with the entire crown covered with bright flowers steps out with a gaily flowered crepe evening frock and a small black taffeta toque with two small black ostrich tips poised right in front is shown with a low cut black taffeta frock.

Black tulle is being used in new and interesting ways this spring. Molyneux shows for daytime wear a hat with an unwired brim made of three or four circles of black tulle floating loose from a small black crown and Schiaparelli finishes a black tulle toque with a great cluster of white wax tube roses tumbling down the front.

Society Calendar

Monday

Meeting of Louise McGuire chapter O. E. S. 8 p.m.

Meeting of Miro Delphian chapter at Monroe hotel. 2:30 p.m.

Tuesday

Presbyterian Auxiliary program meeting. Circle six will give the program and circle seven will be hostess. All members are urged to be present. 3:30 p.m.

Meeting of Y. W. M. A. with Mrs. John Leist. 3 p.m.

W. B. A. number 11 will meet at K. of P. hall. 7:30 p.m.

Meeting of Baptist Missionary Society with circle 5 in charge. 3:15 p.m.

Program meeting of Gordon avenue Missionary Society. 2:30 p.m.

Wednesday

Luncheon for members of Ouachita Medical Society Auxiliary at the Business and Professional Women's club. 12:30 p.m.

Easter egg hunt sponsored by Tefiis Grotto for the children of Monroe. Prizes will be awarded. Lawn of the American Legion home. 3 to 5 p.m.

The Ladies Auxiliary to the Rodney J. Hobbs Post No. 1809, Veterans of Foreign Wars of the United States, held their regular meeting Thursday night at their new club rooms on Hall and Harrison streets with twenty-five members present.

In the absence of the president, Mrs. Dick Daughtry, Junior vice-president, presided.

A report was made showing that the auxiliary's quota for the tobacco and stamp fund for the needy veterans in the Veterans hospital at Alexandria had been raised and the treasurer was instructed to mail check to Comrade Robert McCullough, who is hospital chairman for the department of Louisiana, V. F. W.

Mrs. Irene Lanham, welfare work chairman, reported a basket of groceries had been prepared for a needy family.

Plans were made for the annual Poppy sale. Mrs. Lena M. Morrow was appointed chairman of sales. Fifteen members offered assistance.

After closing ceremonies a social hour was enjoyed with Mrs. Henry McClendon, Mrs. Irene Lanham and Mrs. Aline Hunt, hostesses for the occasion.

Miss Davis Is Lovely Bride Of Mr. Palmer

An impressive ceremony, marked by lovely simplicity united in marriage Miss Viva Davis, daughter of Mr. and Mrs. H. J. Davis and Mr. Charles B. Palmer, Jr.

The wedding was solemnized in the home of the bride's sister, Mrs. H. A. Valentine with Reverend D. C. Barr officiating in the presence of a few intimate friends and members of the family.

An improvised altar fashioned of white spring blossoms was flanked by tall white marble candlesticks supporting cathedral tapers.

Miss Davis wore a distinctive model of robin's egg blue with navy accessories. Her flowers were talisman roses interspersed with candytuft. Miss Marjorie Blackwell of Shreveport, wearing a lovely pink crepe model with corsage of carnations was the bride's attendant. Mr. Albert Trust acted as best man. The bride is a graduate of the Grayson high school and of the North Louisiana School of Nursing, of Shreveport. The bridegroom is the son of Mr. and Mrs. C. B. Palmer of Shreveport. He holds a responsible position with the Standard Pipe Line company of Shreveport. Mr. and Mrs. Palmer are at home to their friends at 610 Springhill avenue, Shreveport.

Miss Limerick Weds Mr. Loughridge

(Continued from Twelfth Page)

After plighting their troth, the bride and groom knelt on white satin pillows before the altar where they received blessing. Before leaving the chapel Rev. Brock presented the bride with a book bound in white from which the ceremony had been read. As the happy couple reached the vestibule of the church a group of close friends wished them happiness in a shower of rice. Immediately following the ceremony a coffee hour was held at the home of the bride's parents. Receiving at the door were Mesdames H. A. Baker, R. E. Barham, G. S. White, W. H. Nolan and Miss Virginia Robinson of Bastrop. They ushered the guests into the living room where they were presented to Mr. and Mrs. M. T. Limerick, Mrs. Howard J. Murphey of Homer, Miss Willie May Huggins of Coushatta, Mrs. L. G. Robinson of Bastrop, Mrs. Georgia Lee of Eudora, Ark. Mrs. Frank Sartoe of Alto, Mr. Vance Bouregard, Miss Eileene Gibson, and Mr. and Mrs. Leland H. Loughridge. Pink roses and tulips in a setting of smilax and ferns was the charming background. The dining table was covered with white satin overlaid with a handsome filet lace cloth. The beautiful three tiered wedding cake was encircled with ferns and rose colored sweet peas. On the top tier was a golden slipper from which overflowed myriad crystalized flowers in rose and blue. Silver tea and coffee services were presided over by Mrs. C. J. Wasson and Mrs. Earl Andrews of Mer Rouge. Delicious confections were served by Misses Virginia Norris, Emma Sue Norris, Mary Emma Binion, Mildred Files and Irma Jane Gibson and the mints were served by lovely little Betty Lou Baker. Many beautiful wedding gifts were on display.

The bride is the only daughter of Mr. and Mrs. M. T. Limerick. She is a graduate of the Oak Ridge high school and is also a graduate of the Louisiana State normal college. She is a member of the Alpha Sigma Alpha fraternity and is a member of the faculty of the West Side school of Bastrop. Mr. Loughridge is the son of Mr. and Mrs. W. H. Loughridge of Flora, La., a graduate of Mercer college, Macon, Ga., and a member of the Phi Delta Theta fraternity. He is associated with the public school system of Morehouse parish.

Frost recently destroyed about half the orange crop in Valencia, Spain and the loss is estimated at $15,000,000.

Good Advice Is Given Parents At P.-T. A. Meet

"Safeguarding the child from moral harm" was the subject of an interesting meeting enjoyed by members of the Barkdull Faulk P.-T. A. at their recent meeting. Reverend R. M. Bently, gave a "heart to heart" talk to mothers and told in impressive manner how easy it is for parents to answer the many bewildering questions children ask, when they study sincerely the answers. Parents are enabled by earnest study to give a thought of spiritual relationship that will remain all through life.

Reverend Bently offered many valuable suggestions and stressed the necessity of ruling by love rather than fear. "Never make the mistake," he said, "of punishing a child while in a fit of anger."

Mrs. R. H. Goza spoke on "home influence—the choice of good companions, environment and Christian influence of church." Mrs. Bertha Kaliski spoke of the splendid way the school teaches the child good habits about narcotics and tobacco. The school has charts and machines which illustrate their teaching about the danger of both. Fair play and good sportsmanship are taught both in the class room and on the school ground said Mrs. A. B. Myatt. A teacher supervises the play ground each day and games are used to illustrate fair play. No one can be on honor roll who has not been fair in work and play. Dr. B. E. Lehman gave statistics and facts regarding tuberculosis among children.

Preceding the program the president, Mrs. W. H. Armstrong, presided over the regular business session. New officers were elected as follows: President, Mrs. B. S. McRaney; vice president, Mrs. Max Thompson; secretary, Miss Annie Laurie Breard; treasurer, Mrs. N. N. Colburn. Delegates to the state convention in Alexandria were elected. Several Mother Singers will leave Tuesday in the bus furnished by the city.

Mrs. R. O. Ware, Mrs. Carl Couch and Mrs. A. A. Hompton rendered a group of songs at the conclusion of the meeting.

The study period embraced a discussion "What are you going to do with the children when school is out?" Mrs. Virginia Newman stressed companionship between parent and child, to encourage the child to have a hobby and to read.

Miss Daisy Richardson's room won the picture for having the most mothers present. The serving of refreshments during the social hour brought to conclusion a most interesting afternoon.

Excellent Program

Mrs. Dock Worley, president of the Fairbanks Parent-Teacher association, presided at the regular monthly meeting. The roll call and minutes were read by the secretary, Mrs. H. P. Fiser. The treasurer, Mrs. Earnest Enabnet, gave a splendid report. A vote of thanks was sent to Mrs. Edward Scarborough, membership chairman, who reported sixty-two paid members including one grandmother and one grandfather.

A reading by Beatrice Wyatt was enjoyed by the members. How to use a "first aid kit" was very ably demonstrated by Mr. Fred Godwin, assistant scoutmaster of troop No. 67, Sterlington. Charles Roddy contributed a piano solo. Mr. P. N. Bowden of West Monroe, gave a "safety" talk. The following were elected to office for next year: President, Mrs. G. B. Wilson; vice-president, Mrs. H. P. Fiser; secretary, Mrs. Earnest Enabnet; treasurer, Mrs. H. Hunter.

Welcome guests of this meeting were Mrs. Parker McComb, state publicity chairman, and Mrs. C. L. Couch, newly-elected president of the fifth district.

Mr. T. V. Simmons' room won the prize for having the most mothers present.

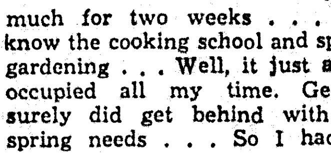
SHOPPING FLASHES

Picked Up Around Town

—By Irene—

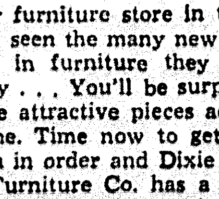


DEAR FRIENDS:
I haven't been shopping much for two weeks . . . You know the cooking school and spring gardening . . . Well, it just about occupied all my time. Gee! I surely did get behind with my spring needs . . . So I had an awfully busy day yesterday.

* * *

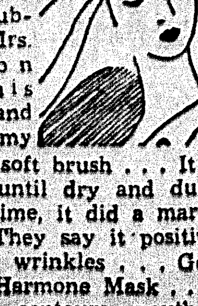
SAY, listen! . . . If the high cost of living is cutting into your budget . . . here is a tip . . . Try shopping at Jitney Jungle's. There you will find all the season's freshest foods and the lowest prices. Don't you just adore those fresh vegetable bins? . . . and the new bakery at the No. 10 store? . . . This new Jitney Jungle store is the popular grocery store in Monroe, believe me.

* * *



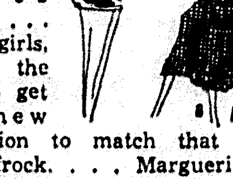
WHILE you're house-cleaning . . . Remember to have those mattresses made over . . . Dixie Bedding & Furniture Co. are experts . . . and should you desire new mattresses, they have them cheaper or as cheap as any other furniture store in town. Have you seen the many new odds and ends in furniture they have on display . . . You'll be surprised how these attractive pieces add to your home. Time now to get that sun porch in order and Dixie Bedding & Furniture Co. has a complete stock of porch and lawn furniture.

* * *



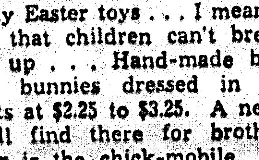
OH! . . . Let me tell you of a most marvelous experience I had at The Powder Box Beauty Shop yesterday. You know Helena Rubenstein has perfected a cosmetic called Harmone Mask which looks like pink soft rubber . . . Mrs. Thompson melted this preparation and applied it to my face with a soft brush . . . It remained on until dry and during the drying time, it did a marvelous trick. They say it positively will prevent wrinkles . . . Get a Rubenstein Harmone Mask . . . It resculptures contours, youthifies and beautifies fatigue skin. Phone 84 . . . Mrs. Louise Thompson and Mrs. Florence Rhodes just returned from the New Orleans beauty show. They have many new ideas in beauty that you and I need to know about. Located Mezzanine floor Johnnie Smith Elbert's.

* * *



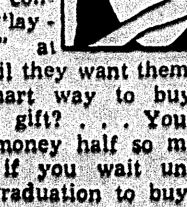
OH, YES, I wanted to tell you that Marguerite Collens Clark is that new, efficient saleslady that you have noticed in Collen's Pharmacy. Doesn't she know cosmetics though? . . . Really, girls, this is the place to get that new complexion to match that new Easter frock. . . . Marguerite is capable of advising you just what you should use to rid yourself of the unbecoming skin that the winter months and March winds left with you. Phone 71 or 72 for your drug needs . . . If its quality you're looking for, Collens Pharmacy is the place to shop.

* * *

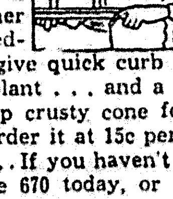


AT FERD LEVI'S, 107 DeSiard St., I found an assortment of Easter greeting cards, 5c to $1.00 each, that you'll rave over . . . They're so different from those in other shops . . . Original and smart . . . And, those lovely Easter toys . . . I mean good toys that children can't break or tear up . . . Hand-made baskets with bunnies dressed in bright prints at $2.25 to $3.25. A new toy you'll find there for brother or sister is the chick-mobile . . . It runs like an electric train only it isn't electric . . . and only $1.00 . . . Fill the attached basket with candy—and there you have a perfect Easter gift

* * *

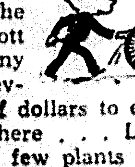


GRADUATION gifts . . . and it won't be long now. I was reminded of this yesterday when I visited the R & A Jewelery Co. and noticed so many people selecting graduation gifts and using the convenient "lay-away-plan" at R & A until they want them. Isn't that a smart way to buy your graduation gift? . . . You won't miss the money half so much as you will if you wait until the week of graduation to buy them. Such a marvelous selection at R & A's now for boys and girls . . . Just the gifts that these smart youngsters want.



EVERYBODY is talking about that new ice cream at the Monroe Milk Station . . . It's Blue Ribbon "Sweet Cream" ice cream . . . creamy, rich and full of flavor. Made with fresh eggs, fresh fruits and other pure ingredients. They give quick curb service at their plant . . . and a great big double-dip crusty cone for 5c, or you can order it at 15c per pint or 25c quart . . . If you haven't tried it . . . Phone 670 today, or order from your druggist and be sure to ask for Blue Ribbon "Sweet Cream" ice cream.

* * *



LIVE and learn . . . That's what we all do anyway . . . But I have found something brand new to learn about! . . . I actually saw tires being made . . . right here in West Monroe . . . The Knowles - Elliott Motor company has invested several thousands of dollars to establish this plant here . . . Listen, there are only a few plants of its kind in the whole south . . . No matter how worn your old tires are, with this new machinery, they can be retreaded and made new, just like the day they came from the factory . . . Really, it's hard to believe, but I saw it with my own eyes . . . and gee! . . . It's only a very small cost . . . Phone 360 . . . and prove my statement to your own self. . . . Don't throw that old tire away . . . take it to Knowles-Elliott . . . Let them "do their stuff."

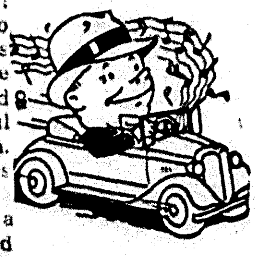
* * *

FUR COAT owners! . . . Take notice now . . . Spring is here and it's time to forget those furs. But don't forget the pesty moths . . . Mr. Sol Grishman, a well known New Orleans furrier will be in Monroe April 22nd, 23rd and 24th of this month and will be located at 313 N. Second St., Phone 2476-J or 1010.

He will talk to you concerning storing your furs for the summer. The reputation of this firm is enough to assure you of an excellent service . . . so Phone 1010 now and ask that Mrs. Hattye Levy call you. . . . Mr. Grishman has many new ideas for remaking your coat or cape for the coming winter season. Charges payable next fall. Get the summer rate. Don't fail to get in touch with Mr. Grishman on these dates.

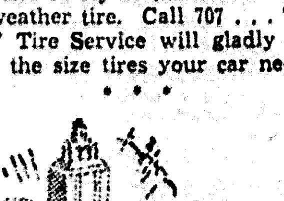
DON'T you just adore little closets, nooks and other built-in features in your home? . . . You would be surprised how I changed my room up with the use of Slagle-Johnson Lumber Co.'s millwork service! . . . They offer you such wonderful suggestions too . . . No matter what your need is, or how little room you have in your home, if you will let Slagle-Johnson in on this idea, they will work out more "conveniences" for you than you ever thought your home could possibly give you. Listen . . . It's cheaper to build now than it will be in 60 days . . . Don't put it off, call 295 tomorrow and have one of their salesmen call.

* * *



MY! MY! . . . The new G-3 Goodyear tire is gracing the wheels of practically all the 1935 automobiles! . . . And, no wonder, it's an easy tire to buy and a wonderful tire to own. You pay as you ride . . Isn't it a grand and glorious feeling to motor along the beautiful highway and not a puncture in sight? . . . Goodyear offers a combination that you cannot get in any other tire. "The Goodyear margin of safety and easy, convenient terms" . . . 8,400 stopping tests prove the greater grip and safety of this famous G-3 all-weather tire. Call 707 . . . The "707" Tire Service will gladly deliver the size tires your car needs.

* * *



YES, SIR, I was thoroughly convinced that the new 1935 Dodge is the car for women . . . I had the pleasure of driving Mrs. Kate B. Stafford (the Cooking School lecturer) around the city in this lovely car last week. (You know Mrs. Stafford personally owns a new Dodge) . . . If you are a particular woman . . . spending your money where you get the most . . . then decide today on a Dodge . . . It's just a few more dollars than the lowest priced car and it has everything that any other car has . . . and a little more. It's this little more that makes the Dodge in demand . . . Phone 436 and the Monroe Automobile & Supply company will gladly send one to your door.

Sincerely,
Irene.

SOCIETY

Now Is The Time For A Trek Down Lanes Of Enchantment To Beautiful Teche Country

Holy week with its atmosphere of quiet and calm would be the ideal time for a springtime trek where the soul can feast on beauty. Down to the Teche country, for instance, and then on to New Orleans. There are several routes to follow but of course you will want to take the one that leads to Baton Rouge and the state capitol, the show place of the southland.

There are good roads most of the way to New Orleans — broad acres, scattered cabins, then a village where plantation owners have their more pretentious homes. Past pecan trees, live oaks, veterans of the forest with their shaggy beards; jungle groves, forbidding as they stand deep in muddy waters. Relief to the eye is the rich green, shiny leaves of the magnolia trees, and the vinelike sprays of yellow jasmine, flung over dark, dead tangles of fallen timbers.

Approaching Natchez, the brimming waters of the Mississippi are crossed on a ferry boat and we drive up the steep banks of the other side to a fascinating treasure trove of history and romance.

All along the way one finds enchanting gardens. Ask and many will be opened to you! The homesick French and Spanish brought seeds and slips and those masses of colorful azalias, some trees twenty feet high, those camelias (japonica bushes), those lavender, perfumed spreading wisteria blossoms, many of these glorious flowers are more than a century old and were offsprings of beloved European gardens.

If you don't mind noise and Latin odors of olive oil, onion, pepper and tomato, a hotel in the Vieux Carri (Old New Orleans) enables one to prowl through narrow streets and to drop exhausted in colorful, picturesque courtyards to refresh oneself with excellent Creole food. "Fabulous New Orleans" in hand, one revives again the valiant history of this old town.

Shall one go east to Lake Pontchartrain and Biloxi; following the ocean trail? This way the 5-mile bridge (longest concrete bridge in the world) is crossed, and mile after mile of charming country, seashore homes, are passed. Great hotels for the playtime of the depressed ex-millionaires of both North and South. From Biloxi we go north to see the famous azalea gardens of Mobile and farther north to the Carolinas, Charleston, etc., for more flowery trails. Or shall one follow the levees west through the low-lying country, once prosperous with sugar cane, cotton plantations and cypress forests. These plantation houses are no longer painted. Hawaii, Cuba and the beet sugar industry played havoc with that source of wealth. The Acadian country, through the Lake Charles district, offers visits to Jungle Gardens, Joseph Jefferson's island home; salt mines, luncheon under the famous Evangeline oaks and other visits to gardens and homes with their antique future and objets d'art open to the inspection of visitors.

Miss Joy Steele arrived home last week from the University of Texas. Miss Steele is convalescing from a recent appendectomy and will not resume her studies at the university this year.

EASTER BONNETS HAVE VEILED CHARM

The veiled model seen above is a design by Worth. The veil hangs from the back of a black straw toque.

There are few more interesting ways of wearing a veil on your Easter bonnet than that shown below. Liliane Callet designed the model, suspending the veil double from the front of a little white bonnet rimmed with white shell flowers, so that it falls over the face.

Sophisticates in the Easter parade may wear glistening white straw with transparent flowers.

By Adelaide Kerr

(Associated Press Fashion Editor)

PARIS—(AP)—You can wear your veil in a half dozen different ways on your Easter bonnet—over your face or hanging down your neck.

Not in years have Parisian modistes used them in such varied fashions. Lanvin hangs a crisply patterned navy blue one in two streamers off the back of a white straw sailor and swaths other blue ones round and round the crowns of small white hats. Patou lets a black one flip off the back of a pert yellow straw sailor, Worth hangs a circular veil in folds from the center back of a black toque and Marie Guy swaths a chiffon one around the crown of a forward jutting helmet hat, knots it in a bow and lets the streamers hang.

Many modistes rim small hats with sheer black veils which film the eyes, while Schiaparelli designs a big blue straw hat with a circular veil coming from under the brim and hanging all round the head and Liliane Callet adds to a tiny spring bonnet a double veil falling over the face to the chin.

Colored veils—red, green and violet—are another novelty of the season. They are very sheer and brief, just long enough to film the eyes, and are worn with small black dinner hats.

Evening Frock Hats

A number of new headgear designs have appeared for the dinner hour. Patou puts a toque of red and rose ostrich tips tilting over the forehead, a pinwheel of black aigrettes to a swirl of green osprey on the heads of the mannequins who show his long sleeved black dinner gowns.

Mainbrocher even shows hats with some of his evening frocks. A wide brimmed model of black maline with the entire crown covered with bright flowers steps out with a gaily flowered crepe evening frock and a small black taffeta toque with two small black ostrich tips poised right in front is shown with a low cut black taffeta frock.

Black tulle is being used in new and interesting ways this spring. Molyneux shows for daytime wear a hat with an unwired brim made of three or four circles of black tulle floating loose from a small black crown and Schiaparelli finishes a black tulle toque with a great cluster of white wax tube roses tumbling down the front.

Miss Davis Is Lovely Bride Of Mr. Palmer

An impressive ceremony, marked by lovely simplicity united in marriage Miss Viva Davis, daughter of Mr. and Mrs. H. J. Davis and Mr. Charles B. Palmer, Jr.

The wedding was solemnized in the home of the bride's sister, Mrs. H. A. Valentine with Reverand D. C. Barr officiating in the presence of a few intimate friends and members of the family.

An improvised altar fashioned of white spring blossoms was flanked by tall white marble candlesticks supporting cathedral tapers.

Miss Davis wore a distinctive model of robin's egg blue with navy accessories. Her flowers were talisman roses interspersed with candytuft. Miss Marjorie Blackwell of Shreveport, wearing a lovely pink crepe model with corsage of carnations was the bride's attendant. Mr. Albert Trust acted as best man. The bride is a graduate of the Grayson high school and of the North Louisiana School of Nursing, of Shreveport. The bridegroom is the son of Mr. and Mrs. C. B. Palmer of Shreveport. He holds a responsible position with the Standard Pipe Line company of Shreveport. Mr. and Mrs. Palmer are at home to their friends at 610 Springhill avenue, Shreveport.

Miss Limerick Weds Mr. Loughridge

(Continued from Twelfth Page)

After plighting their troth, the bride and groom knelt on white satin pillows before the altar where they received blessing. Before leaving the chapel Rev. Brock presented the bride with a book bound in white from which the ceremony had been read. As the happy couple reached the vestibule of the church a group of close friends wished them happiness in a shower of rice. Immediately following the ceremony a coffee hour was held at the home of the bride's parents. Receiving at the door were Mesdames H. A. Baker, R. E. Barham, G. S. White, W. H. Nolan and Miss Virginia Robinson of Bastrop. They ushered the guests into the living room where they were presented to Mr. and Mrs. M. T. Limerick, Mrs. Howard J. Murphey of Homer, Miss Willie May Huggins of Coushatta, Mrs. L. G. Robinson of Bastrop, Mrs. Georgia Lee of Eudora, Ark. Mrs. Frank Sartoe of Alto, Mr. Vance Bouregard, Miss Eileene Gibson, and Mr. and Mrs. Leland H. Loughridge. Pink roses and tulips in a setting of smilax and ferns was the charming background. The dining table was covered with white satin overlaid with a handsome filet lace cloth. The beautiful three tiered wedding cake was encircled with ferns and rose colored sweet peas. On the top tier was a golden slipper from which overflowed myriad crystalized flowers in rose and blue. Silver tea and coffee services were presided over by Mrs. C. J. Wasson and Mrs. Earl Andrews of Mer Rouge. Delicious confections were served by Misses Virginia Norris, Emma Sue Norris, Mary Emma Binion, Mildred Files and Irma Jane Gibson and the mints were served by lovely little Betty Lou Baker. Many beautiful wedding gifts were on display.

The bride is the only daughter of Mr. and Mrs. M. T. Limerick. She is a graduate of the Oak Ridge high school and is also a graduate of the Louisiana State normal college. She is a member of the Alpha Sigma Alpha fraternity and is a member of the faculty of the West Side school of Bastrop. Mr. Loughridge is the son of Mr. and Mrs. W. H. Loughridge of Flora, La., a graduate of Mercer college, Macon, Ga., and a member of the Phi Delta Theta fraternity. He is associated with the public school system of Morehouse parish.

Frost recently destroyed about half the orange crop in Valencia, Spain and the loss is estimated at $15,000,000.

Good Advice Is Given Parents At P.-T. A. Meet

"Safeguarding the child from moral harm" was the subject of an interesting meeting enjoyed by members of the Barkdull Faulk P.-T. A. at their recent meeting. Reverend R. M. Bently, gave a "heart to heart" talk to mothers and told in impressive manner how easy it is for parents to answer the many bewildering questions children ask, when they study sincerely the answers. Parents are enabled by earnest study to give a thought of spiritual relationship that will remain all through life.

Reverend Bently offered many valuable suggestions and stressed the necessity of ruling by love rather than fear. "Never make the mistake," he said, "of punishing a child while in a fit of anger."

Mrs. R. H. Goza spoke on "home influence—the choice of good companions, environment and Christian influence of church." Mrs. Bertha Kaliski spoke of the splendid way the school teaches the child good habits about narcotics and tobacco. The school has charts and machines which illustrate their teaching about the danger of both. Fair play and good sportsmanship are taught both in the class room and on the school ground said Mrs. A. B. Myatt. A teacher supervises the play ground each day and games are used to illustrate fair play. No one can be on honor roll who has not been fair in work and play. Dr. B. E. Lehman gave statistics and facts regarding tuberculosis among children.

Preceding the program the president, Mrs. W. H. Armstrong, presided over the regular business session. New officers were elected as follows: President, Mrs. B. S. McRaney; vice president, Mrs. Max Thompson; secretary, Miss Annie Laurie Breard; treasurer, Mrs. N. N. Colburn. Delegates to the state convention in Alexandria were elected. Several Mother Singers will leave Tuesday in the bus furnished by the city.

Mrs. R. O. Ware, Mrs. Carl Couch and Mrs. A. A. Hompton rendered a group of songs at the conclusion of the meeting.

The study period embraced a discussion "What are you going to do with the children when school is out?" Mrs. Virginia Newman stressed companionship between parent and child, to encourage the child to have a hobby and to read.

Miss Daisy Richardson's room won the picture for having the most mothers present. The serving of refreshments during the social hour brought to conclusion a most interesting afternoon.

Excellent Program

Mrs. Dock Worley, president of the Fairbanks Parent-Teacher association, presided at the regular monthly meeting. The roll call and minutes were read by the secretary, Mrs. H. P. Fiser. The treasurer, Mrs. Earnest Enabnet, gave a splendid report. A vote of thanks was sent to Mrs. Edward Scarborough, membership chairman, who reported sixty-two paid members including one grandmother and one grandfather.

A reading by Beatrice Wyatt was enjoyed by the members. How to use a "first aid kit" was very ably demonstrated by Mr. Fred Godwin, assistant scoutmaster of troop No. 67, Sterlington. Charles Roddy contributed a piano solo. Mr. P. N. Bowden of West Monroe, gave a "safety" talk. The following were elected to office for next year: President, Mrs. G. B. Wilson; vice-president, Mrs. H. P. Fiser; secretary, Mrs. Earnest Enabnet; treasurer, Mrs. H. Hunter.

Welcome guests of this meeting were Mrs. Parker McComb, state publicity chairman, and Mrs. C. L. Couch, newly-elected president of the fifth district.

Mr. T. V. Simmons' room won the prize for having the most mothers present.

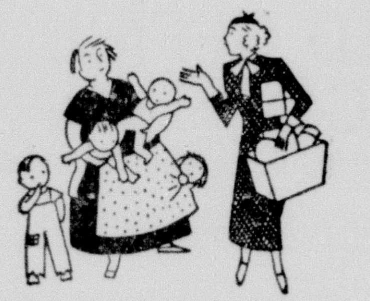
SHOPPING FLASHES

Picked Up Around Town

—By Irene—

DEAR FRIENDS:
I haven't been shopping much for two weeks . . . You know the cooking school and spring gardening . . . Well, it just about occupied all my time. Gee! I surely did get behind with my spring needs . . . So I had an awfully busy day yesterday.

* * *



SAY, listen! . . . If the high cost of living is cutting into your budget . . . here is a tip . . . Try shopping at Jitney Jungle's. There you will find all the season's freshest foods and the lowest prices. Don't you just adore those fresh vegetable bins? . . . and the new bakery at the No. 10 store? . . . This new Jitney Jungle store is the popular grocery store in Monroe, believe me.

* * *

WHILE you're house-cleaning . . . Remember to have those mattresses made over . . . Dixie Bedding & Furniture Co. are experts . . . and should you desire new mattresses, they have them cheaper or as cheap as any other furniture store in town. Have you seen the many new odds and ends in furniture they have on display . . . You'll be surprised how these attractive pieces add to your home. Time now to get that sun porch in order and Dixie Bedding & Furniture Co. has a complete stock of porch and lawn furniture.

* * *

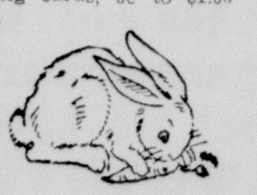
OH! . . . Let me tell you of a most marvelous experience I had at The Powder Box Beauty Shop yesterday. You know Helena Rubenstein has perfected a cosmetic called Harmone Mask which looks like pink soft rubber . . . Mrs. Thompson melted this preparation and applied it to my face with a soft brush . . . It remained on until dry and during the drying time, it did a marvelous trick. They say it positively will prevent wrinkles . . . Get a Rubenstein Harmone Mask . . . It resculptures contours, youthifies and beautifies fatigue skin. Phone 64 . . . Mrs. Louise Thompson and Mrs. Florence Rhodes just returned from the New Orleans beauty show. They have many new ideas in beauty that you and I need to know about. Located Mezzanine floor Johnnie Smith Elbert's.

* * *

ALL SODAS NOW 10¢

OH, YES, I wanted to tell you that Marguerite Collens Clark is that new, efficient saleslady that you have noticed in Collen's Pharmacy. Doesn't she know cosmetics though? . . . Really, girls, this is the place to get that new complexion to match that new Easter frock. . . . Marguerite is capable of advising you just what you should use to rid yourself of the unbecoming skin that the winter months and March winds left with you. Phone 71 or 72 for your drug needs . . . If its quality you're looking for, Collens Pharmacy is the place to shop.

* * *



AT FERD LEVI'S, 107 DeSiard St., I found an assortment of Easter greeting cards, 5c to $1.00 each, that you'll rave over . . . They're so different from those in other shops . . . Original and smart . . . And, those lovely Easter toys . . . I mean good toys that children can't break or tear up . . . Hand-made baskets with bunnies dressed in bright prints at $2.25 to $3.25. A new toy you'll find there for brother or sister is the chick-mobile . . . It runs like an electric train only it isn't electric . . . and only $1.00 . . . Fill the attached basket with candy—and there you have a perfect Easter gift

* * *

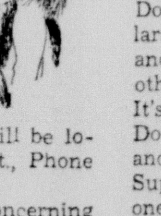
GRADUATION gifts . . . and it won't be long now. I was reminded of this yesterday when I visited the R & A Jewelery Co. and noticed so many people selecting graduation gifts and using the convenient "lay-away-plan" at R & A until they want them. Isn't that a smart way to buy your graduation gift? . . . You won't miss the money half so much as you will if you wait until the week of graduation to buy them. Such a marvelous selection at R & A's now for boys and girls . . . Just the gifts that these smart youngsters want.

EVERYBODY is talking about that new ice cream at the Monroe Milk Station . . . It's Blue Ribbon "Sweet Cream" ice cream . . . creamy, rich and full of flavor. Made with fresh eggs, fresh fruits and other pure ingredients. They give quick curb service at their plant . . . and a great big double-dip crusty cone for 5c, or you can order it at 15c per pint or 25c quart . . . If you haven't tried it . . . Phone 670 today, or order from your druggist and be sure to ask for Blue Ribbon "Sweet Cream" ice cream.

* * *

LIVE and learn . . . That's what we all do anyway . . . But I have found something brand new to learn about! . . . I actually saw tires being made . . . right here in West Monroe . . . The Knowles - Elliott Motor company has invested several thousands of dollars to establish this plant here . . . Listen, there are only a few plants of its kind in the whole south . . . No matter how worn your old tires are, with this new machinery, they can be retreaded and made new, just like the day they came from the factory . . . Really, it's hard to believe, but I saw it with my own eyes . . . and gee! . . . It's only a very small cost . . . Phone 360 . . . and prove my statement to your own self. . . . Don't throw that old tire away . . . take it to Knowles-Elliott . . . Let them "do their stuff."

* * *



FUR COAT owners! . . . Take notice now . . . Spring is here and it's time to forget those furs. But don't forget the pesty moths . . . Mr. Sol Grishman, a well known New Orleans furrier will be in Monroe April 22nd, 23rd and 24th of this month and will be located at 313 N. Second St., Phone 2476-J or 1010.

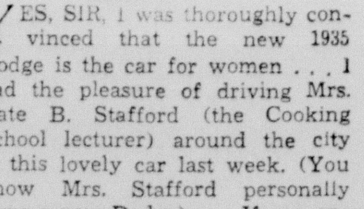
He will talk to you concerning storing your furs for the summer. The reputation of this firm is enough to assure you of an excellent service . . . so Phone 1010 now and ask that Mrs. Hattye Levy call you. . . . Mr. Grishman has many new ideas for remaking your coat or cape for the coming winter season. Charges payable next fall. Get the summer rate. Don't fail to get in touch with Mr. Grishman on these dates.

DON'T you just adore little closets, nooks and other built-in features in your home? . . . You would be surprised how I changed my room up with the use of Slagle-Johnson Lumber Co.'s millwork service! . . . They offer you such wonderful suggestions too . . . No matter what your need is, or how little room you have in your home, if you will let Slagle-Johnson in on this idea, they will work out more "conveniences" for you than you ever thought your home could possibly give you. Listen . . . It's cheaper to build now than it will be in 60 days . . . Don't put it off, call 295 tomorrow and have one of their salesmen call.

* * *

MY! MY! . . . The new G-3 Goodyear tire is gracing the wheels of practically all the 1935 automobiles! . . . And, no wonder, it's an easy tire to buy and a wonderful tire to own. You pay as you ride . . . Isn't it a grand and glorious feeling to motor along the beautiful highway and not a puncture in sight? . . . Goodyear offers a combination that you cannot get in any other tire. "The Goodyear margin of safety and easy, convenient terms" . . . 8,400 stopping tests prove the greater grip and safety of this famous G-3 all-weather tire. Call 707 . . . The "707" Tire Service will gladly deliver the size tires your car needs.

* * *



YES, SIR, I was thoroughly convinced that the new 1935 Dodge is the car for women . . . I had the pleasure of driving Mrs. Kate B. Stafford (the Cooking School lecturer) around the city in this lovely car last week. (You know Mrs. Stafford personally owns a new Dodge) . . . If you are a particular woman . . . spending your money where you get the most . . . then decide today on a Dodge . . . It's just a few more dollars than the lowest priced car and it has everything that any other car has . . . and a little more. It's this little more that makes the Dodge in demand . . . Phone 436 and the Monroe Automobile & Supply company will gladly send one to your door.

Sincerely,
Irene.

Society Calendar

Monday

Meeting of Louise McGuire chapter O. E. S. 8 p.m.

Meeting of Miro Delphian chapter at Monroe hotel. 2:30 p.m.

Tuesday

Presbyterian Auxiliary program meeting. Circle six will give the program and circle seven will be hostess. All members are urged to be present. 3:30 p.m.

Meeting of Y. W. M. A. with Mrs. John Leist. 3 p.m.

W. B. A. number 11 will meet at K. of P. hall. 7:30 p.m.

Meeting of Baptist Missionary Society with circle 5 in charge. 3:15 p.m.

Program meeting of Gordon avenue Missionary Society. 2:30 p.m.

Wednesday

Luncheon for members of Ouachita Medical Society Auxiliary at the Business and Professional Women's club. 12:30 p.m.

Meeting of the Welcome Branch Book Club at the Y. W. C. A. 3 p.m.

Sunday

Easter egg hunt sponsored by Teflis Grotto for the children of Monroe. Prizes will be awarded. Lawn of the American Legion home. 3 to 5 p.m.

The Ladies Auxiliary to the Rodney J. Hobbs Post No. 1809, Veterans of Foreign Wars of the United States, held their regular meeting Thursday night at their new club rooms on Hall and Harrison streets with twenty-five members present.

In the absence of the president, Mrs. Dick Daughtry, Junior vice-president, presided.

A report was made showing that the auxiliary's quota for the tobacco and stamp fund for the needy veterans in the Veterans hospital at Alexandria had been raised and the treasurer was instructed to mail check to Comrade Robert McCullough, who is hospital chairman for the department of Louisiana, V. F. W.

Mrs. Irene Lanham, welfare work chairman, reported a basket of groceries had been prepared for a needy family.

Plans were made for the annual Poppy sale. Mrs. Lena M. Morrow was appointed chairman of sales. Fifteen members offered assistance.

After closing ceremonies a social hour was enjoyed with Mrs. Henry McClendon, Mrs. Irene Lanham and Mrs. Aline Hunt, hostesses for the occasion.

SOCIETY

Special Easter Music Will Feature Vesper Services At The First Methodist Church

The most beautiful and most joyful music of the year is associated with Easter. Even more joyful than Christmas is the music of Easter with its message of triumph over death, the awakening of new life, the miracle of the Resurrection.

Vesper services for young people at the First Methodist church during the coming week will bring the young people together, singing hymns of praise. Rev. W. C. Scott, pastor, will address the young people. His subject for Sunday evening will be "Who Owns You?" Special music will be rendered each evening. Sunday evening Mrs. Kate Allison, of the First Presbyterian church, will sing "One Sweetly Solemn Thought." On Thursday evening at Candle Lighting Consecration Service will conclude the evening vespers and an Early Communion Service on Good Friday, at 6:30 will be observed. All are invited to these impressive services, especially the young people of the Twin Cities. The Sunday evening vesper hour will take the place of the 7:30 church hour.

Enpassant

Mrs. George Holmes and son, Mr. John Holmes, have returned home from a motor trip to Austin, Texas.

Friends have just received word of the marriage in Los Angeles, Cal., of a former Monroe resident, Mrs. Carol Tis'ney Stout, to Mr. Anthony Autumn, author and publisher, of that city. Their address is 672 South Lafayette Park Place, Los Angeles.

Mr. and Mrs. Frederick Williamson are spending the week-end in Baton Rouge. Mrs. Williamson is attending the annual convention of the Louisiana Library association as a member of the state planning committee and was a guest at the L. S. U. diamond jubilee celebration in the Greek theater Friday night. Mr. Williamson is attending the State Federated Women's club institute.

Mr. McVea Oliver, student at Tulane university, New Orleans, is receiving the congratulations of friends over his recent victory in the university golf tournament. He is now a member of the Tulane team.

Mrs. D. M. Sholars left Tuesday night for Cincinnati, Ohio, where she will enjoy a visit of several weeks in the home of her son, Mr. Percy Sholars, and Mrs. Sholars.

Mrs. Robert Kellogg has returned from a week's visit with friends in Memphis, Tenn.

Elaborate plans are being made for the Easter egg hunt, next Sunday, for the children of members of the Lakeside Golf and Country club. The beautiful rolling ground surrounding the club house offers an ideal setting for this event that promises to be an unusual affair. Prizes will be awarded and hundreds of gayly colored eggs will be stowed away for the children.

Representative and Mrs. Porter Burgess and their young daughter, Miss Jane Burgess, have taken up their residence in the McCranie home in Fairview and will be glad to welcome their friends at their new address.

Several social affairs have been planned complimentary to Mrs. Walter Humphry, of Huntsville, Alabama, this coming week. Mrs. Humphry is affectionately remembered here, her former home, as Miss Addie Webb.

◆

Four landing fields and a radio station are planned for the New Brunswick section of the Trans-Canada airway, and it is hoped they will be available for use in the near future.

CHAPTER XXXVIII

Vicky Thatcher closed the door behind her. She stood there for an instant—a picture in the frock of flame color against the ivory door. Her dark hair was drawn back from her face and then tumbled into soft curls. Her lips had caught the flaming brilliance of her frock. And her eyes, beneath thick lashes, were smiling.

She said to the young man waiting, "Are you surprised to see me?"

"Why, yes, rather," Brian told her. "I thought your father wanted to see me. They told me there was a message.

Vicky crossed the room. "The message said Father wanted to see you here," she informed him. "I know all about it. I ought to—because I sent it."

"You sent the message! But why—?"

"Because I wanted to be sure you'd come," Vicky went on. "It's been such a long time since you've been here, Brian. Almost ages. And you're never at the club any more."

"I've been busy."

"Really?"

"Well—yes. And that crowd at the club sort of gets on my nerves."

"Let's sit down," Vicky said. She put a hand on his arm and led him to the devenport. "Now then—cigaret?"

There was a bowl of freesias on the table across the room and the fragrance of the flowers came to them. Vicky held the silver box toward Brian and he took a cigaret. She helped herself. When the two cigarets were glowing she said quietly, "So it's just as I thought."

"What do you mean?"

"I mean something's bothering you," she informed him. "I was afraid that was it. I hoped it was something I could help about."

* * *

Brian smiled. "That's awfully decent of you, Vicky, "but there's nothing the matter."

"Oh, but there is! There's no use trying to pretend with me, Brian, because I know. I could tell the minute I saw you. Something's happened that's hurt you."

"Everybody gets hurt now and then, don't they?"

"I suppose so," the girl said, "but I don't want it to happen to you. I couldn't stand that. You've done so many things for me and—well, I just thought if there was any way I could help I wanted to. That's why I said the message was from Father. You're not angry about it, are you, Brian?"

He smiled. "Angry? Why should I be angry?"

"Well, it wasn't the truth—"

Brian covered her hand with his. "You're a sweet kid, Vicky," he said. "You wouldn't let a fellow down, would you?"

"What do you mean?"

"Nothing, nothing at all—only I think you're one of the squarest sweetest girls in the world. I think you're great and I'm glad you asked me to come over tonight. You're right about it—I've been staying too much by myself. Moping. From now on it's going to be different. You and I are going to have fun together."

"Oh, Brian!"

"That is, if I can get you away from that mob that's always hanging around you. How'd you like to drive over to Hamilton tomorrow evening. We can have dinner and dance or see a show if we can find one."

"I'd love it, Brian. I'd love it more than anything."

"Then we'll do it. And we'll plan something for the week-end—"

* * *

Two hours later Vicky knocked on the door of her father's bedroom. Robert Thatcher called, "Come in!"

Vicky pushed the door open. She wore a dressing gown of gold satin with a froth of lace about the neck. Her sandals were nothing more than jeweled straps. Vicky came into the room, trailing the long dressing gown behind her.

Her father looked up from the book he was reading. He said, "Home early, aren't you?"

"I've been home all evening. Brian was here."

"Oh — Brian!" Thatcher looked pleased. He put the book aside, smiled up at his daughter.

Vicky went on. "I'm driving over to Hamilton with him to dinner tomorrow evening. And, Saturday, we're going to the Eldredges' dance. Sunday we're going to look up some friends of his in Brookfield."

"Well, that's fine."

Vicky lingered. She said, "Your birthday is next month, isn't it? I was thinking about a birthday present for you and wondering how you'd like it."

"Now, Vicky, you know I don't care much about presents. There isn't anything I want."

"But this is a sort of special present," she persisted, smiled faintly. "Something you've never had. I was wondering how you'd like to have a —a son-in-law."

"You mean—Brian?"

Vicky nodded. There was a light in her eyes that was eager and at the same time assured. I'm sure he'll propose by that time," she went on softly. "He might have tonight, only I wouldn't let him. I don't want to hurry things too much. It's better to let him worry a little."

Thatcher was beaming. "Smart girl!" he said. "Vicky, there's nothing in the world that would please me more. It's the marriage I've hoped you'd make. If you marry Brian I'll give you the finest trousseau money can buy. I'll give you anything you want for a wedding present. Anything!"

A shrewd look came into the girl's face. "Anything," she repeated. "Is that a promise?"

"Yes."

Vicky moved toward the door. "Don't forget," she said softly. "And you'd better be prepared to keep it. How do you think I'd look in a wedding gown, Father?"

"Beautiful. Simply beautiful."

Vicky caught a glimpse of herself in the mirror across the room and hesitated. She said, studying her reflection, "I believe I'll have a cap like Carla Leslie's—"

* * *

Gale and Josie Gridley sat on the couch in the women's cloak room. It was noon and most of the mill employes were in the cafeteria, but Gale and Josie had brought lunches from home. They had finished their sandwiches and now sat waiting for the bell to ring.

Josie said, "But you can't keep Mary and those two children. With Phil out of work you can't do it!"

"They'll stay the rest of the week. After that they're going to Mary's cousin. I don't know how long she can keep them. It's dreadful, isn't it—not even having a roof over your head."

"It's Fisher's fault!" Josie said vehemently. "He could have kept Mary on if he'd wanted to."

"I certainly wish he'd give her her job back."

"Well he won't! You know that as well as I do. Firing more all the time —that's what they're doing instead of taking anyone on. Do you know what I think? I think they put Mary out of her house to scare the rest of us. Hawleys got a notice this morning; did you know that? And there's lots of others whose rent is back. I think they're trying to scare us all, but it isn't working that way. Oh, there may be some who fall for it—but you know about the meeting tonight, don't you?"

Gale nodded. "Yes."

"Are you going?"

"Yes," Gale said, "I am. I didn't think this organization meant much until I saw what happened to Mary yesterday. Phil's talked about it a lot but—well, there doesn't seem to be any other way now. We've got to stand up for each other. The bosses do treat us like slaves and they think we haven't any rights. I'm tired of having my pay cut for being late when I haven't been. And I'm tired of working twice as hard as we used to for less money. I'm going to the meeting tonight and I'm going to join."

"Good for you!" Josie's face was shining, eager. "I'm getting everybody I can to go. It's a protest meeting, you know, about these evictions—"

There was a sound across the room. Josie's words died on her lips and both girls sat motionless. The sound was repeated and then a head appeared from behind a row of lockers. A head that was light brown, set in glossy waves. A moment more and a figure emerged. It was Leota Boller!

Leota said, smiling, "Hello."

Josie answered, "Hello, Leota, and got to her feet. She said, "Come on, Gale. It's time we were going—"

Outside the door the two girls faced each other. Both asked the same question:

"Do you think she heard?"

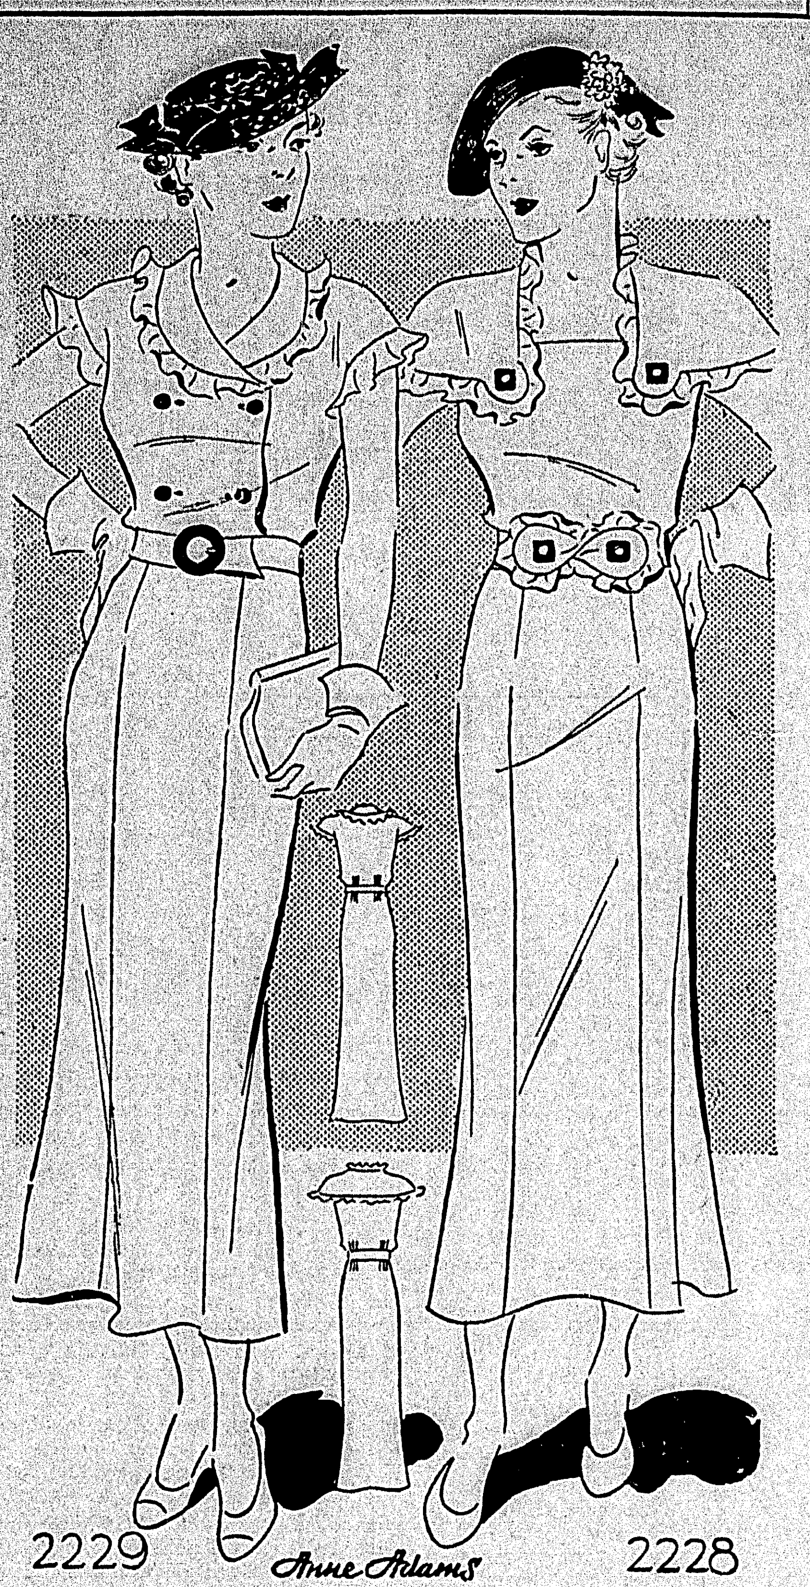
News-Star--World Pattern



IN COOL SHEER DEFIANCE OF THE SUMMER HEAT! PATTERNS 2229 AND 2228

"Unarmed" is the way to greet the Heat Wave! It's also the way to simplify your dressmaking problem. No sleeves here—but what charming substitutes! Pattern 2228 makes a yoke-cape-sleeve all in one smart cut of fabric, and adds the Feminine Touch with a flattering little ruffle outlining the cape and repeated in the unusual belt closing. You can omit the ruffles and choose a contrasting color for the cape yoke if you've a mind to. But make up your mind right now that your next "Tailored" model will adopt Paris' pet, the Ruffle! Pattern 2229 shows you how. Choose one of the lovely new sheer fabrics to make either or both of these feminine afternoon charmers!

Pattern 2229 is available in sizes 12, 14, 16, 18, 20, 30, 32, 34, 36, 38 and 40. Size 16 takes 3 1-4 yards 36 inch fabric and 1 yard for ruffles. Price 15c.

Pattern 2228 is available in sizes 12, 14, 16, 18, 20, 30, 32, 34, 36, 38 and 40. Size 16 takes 3 1-3 yards 39 inch fabric. Price 15c. Illustrated step-by-step sewing instructions included with each pattern.

Send FIFTEEN CENTS (15c) in coins or stamps (coins preferred) for each Anne Adams pattern, THIRTY CENTS (30c) for both. Write name, address and style number. BE SURE TO STATE SIZE.

GET THE ANNE ADAMS SPRING PATTERN BOOK! Make for yourself the clothes that are smart, practical and becoming. Choose them from the forty pages of this beautifully illustrated book which includes also exclusive fashions for tots and children, especially designed dresses for the mature figure, lingerie, and hosts of other interesting features. Each garment illustrated is easy to make with an Anne Adam's pattern. SEND FOR YOUR COPY TODAY! PRICE OF BOOK FIFTEEN CENTS. BOOK AND PATTERN TOGETHER, TWENTY-FIVE CENTS.

Clarks

Mrs. W. C. Yaunt of Laurel, Miss., is a guest in the home of Mr. and Mrs. Z. L. Buffington.

C. C. Sheppard left Sunday for a business visit in Washington, D. C.

George E. Dell and J. Raffle of the Fraser Dell Auditing company, Kansas City, Mo., arrived Wednesday to make the annual audit for the Louisiana Central Lumber company.

Frank Gartman, H. C. Mayes, L. L. Jackson, Frank Love and Willie Meredith were appointed as a committee to draw up plans for the new American Legion home for Caldwell post No. 162, at the post meeting on Monday. The former home was destroyed by fire last January. The post plans to have its new home erected on the old site.

The high score prize, a deck of cards, was won by Miss Sentelle Johns at the Bridgette club, entertained by Miss Doyne Buffington at her country home. After the interesting contract games, Miss Buffington served strawberry parfait and angel food cake to the following guests: Miss Louise Buffington, Mrs. Frieda Wisinger, Miss Marie Minard, Miss Sentelle Johns, Miss Mildred Bird, Miss Dora Cooksey and Miss Helen Chapman.

Choudrant

Miss Sophie Stone, home demonstration agent, met with the local club at its regular meeting Tuesday afternoon at the home economic rooms.

In the absence of the president, Mrs. C. L. Mondart, vice-president, presided.

On account of a recent auto accident the demonstration that was to be given by Miss Stone was postponed until next month. The meeting was devoted to business. It was decided that the new canning home would be started soon, as the spring gardens were ready for canning.

It was not decided who should go as a delegate to Baton Rouge to attend the short course.

High points on gardening were discussed.

Plans Made For Sale Of Poppies

The Walter L. Smith unit, number 207, Sterlington Legion auxiliary, met at the Island DeSiard clubhouse with the president, Mrs. C. L. Mengis, presiding.

The colors were advanced, the pledge to the flag given. Mrs. Macy Hickman, the chaplain, led the prayer. It was decided at this meeting to change the regular meeting date from the fourth Friday to the third Friday of each month at 2:30 p. m.

The unit wishes to thank the Parish Recreation council for splendid cooperation and assistance in sponsoring two highly successful social affairs.

Mrs. Mengis appointed Mrs. P. B. Mitchell music chairman. Mrs. Edward Lohan, poppy chairman, appointed the following committee for the Poppy day sales: Mrs. J. M. Moore will be stationed at Sterlington; Mrs. C. L. Mengis at Perryville; Mrs. O. A. Ramsey at United Gas; and Mrs. Ed Lohan and Mrs. P. J. Lochbaum at Fairbanks.

The Queensland government will construct a $10,000,000 bridge at Brisbane to connect the suburbs of Kangaroo Point and Fortitude Valley.

SOCIETY

Special Easter Music Will Feature Vesper Services At The First Methodist Church

The most beautiful and most joyful music of the year is associated with Easter. Even more joyful than Christmas is the music of Easter with its message of triumph over death, the awakening of new life, the miracle of the Resurrection.

Vesper services for young people at the First Methodist church during the coming week will bring the young people together, singing hymns of praise. Rev. W. C. Scott, pastor, will address the young people. His subject for Sunday evening will be "Who Owns You?" Special music will be rendered each evening. Sunday evening Mrs. Kate Allison, of the First Presbyterian church, will sing "One Sweetly Solemn Thought." On Thursday evening at Candle Lighting Consecration Service will conclude the evening vespers and an Early Communion Service on Good Friday, at 6:30 will be observed. All are invited to these impressive services, especially the young people of the Twin Cities. The Sunday evening vesper hour will take the place of the 7:30 church hour.

Enpassant

Mrs. George Holmes and son, Mr. John Holmes, have returned home from a motor trip to Austin, Texas.

Friends have just received word of the marriage in Los Angeles, Cal., of a former Monroe resident, Mrs. Carol Tis'ney Stout, to Mr. Anthony Autumn, author and publisher, of that city. Their address is 672 South Lafayette Park Place, Los Angeles.

Mr. and Mrs. Frederick Williamson are spending the week-end in Baton Rouge. Mrs. Williamson is attending the annual convention of the Louisiana Library association as a member of the state planning committee and was a guest at the L. S. U. diamond jubilee celebration in the Greek theater Friday night. Mr. Williamson is attending the State Federated Women's club institute.

Mr. McVea Oliver, student at Tulane university, New Orleans, is receiving the congratulations of friends over his recent victory in the university golf tournament. He is now a member of the Tulane team.

Mrs. D. M. Sholars left Tuesday night for Cincinnati, Ohio, where she will enjoy a visit of several weeks in the home of her son, Mr. Percy Sholars, and Mrs. Sholars.

Mrs. Robert Kellogg has returned from a week's visit with friends in Memphis, Tenn.

Elaborate plans are being made for the Easter egg hunt, next Sunday, for the children of members of the Lakeside Golf and Country club. The beautiful rolling ground surrounding the club house offers an ideal setting for this event that promises to be an unusual affair. Prizes will be awarded and hundreds of gayly colored eggs will be stowed away for the children.

Representative and Mrs. Porter Burgess and their young daughter, Miss Jane Burgess, have taken up their residence in the McCranie home in Fairview and will be glad to welcome their friends at their new address.

Several social affairs have been planned complimentary to Mrs. Walter Humphry, of Huntsville, Alabama, this coming week. Mrs. Humphry is affectionately remembered here, her former home, as Miss Addie Webb.

◆

Four landing fields and a radio station are planned for the New Brunswick section of the Trans-Canada airway, and it is hoped they will be available for use in the near future.

CHAPTER XXXVIII

Vicky Thatcher closed the door behind her. She stood there for an instant—a picture in the frock of flame color against the ivory door. Her dark hair was drawn back from her face and then tumbled into soft curls. Her lips had caught the flaming brilliance of her frock. And her eyes, beneath thick lashes, were smiling.

She said to the young man waiting. "Are you surprised to see me?"

"Why, yes, rather," Brian told her. "I thought your father wanted to see me. They told me there was a message.

Vicky crossed the room. "The message said Father wanted to see you here," she informed him. "I know all about it. I ought to—because I sent it."

"You sent the message! But why—?"

"Because I wanted to be sure you'd come," Vicky went on. "It's been such a long time since you've been here, Brian. Almost ages. And you're never at the club any more."

"I've been busy."

"Really?"

"Well—yes. And that crowd at the club sort of gets on my nerves."

"Let's sit down," Vicky said. She put a hand on his arm and led him to the devenport. "Now then—cigaret?"

There was a bowl of freesias on the table across the room and the fragrance of the flowers came to them. Vicky held the silver box toward Brian and he took a cigaret. She helped herself. When the two cigarets were glowing she said quietly, "So it's just as I thought."

"What do you mean?"

"I mean something's bothering you," she informed him. "I was afraid that was it. I hoped it was something I could help about."

* * *

Brian smiled. "That's awfully decent of you, Vicky, "but there's nothing the matter."

"Oh, but there is! There's no use trying to pretend with me, Brian, because I know. I could tell the minute I saw you. Something's happened that's hurt you."

"Everybody gets hurt now and then, don't they?"

"I suppose so," the girl said, "but I don't want it to happen to you. I couldn't stand that. You've done so many things for me and—well, I just thought if there was any way I could help I wanted to. That's why I said the message was from Father. You're not angry about it, are you, Brian?"

He smiled. "Angry? Why should I be angry?"

"Well, it wasn't the truth—"

Brian covered her hand with his. "You're a sweet kid, Vicky," he said. "You wouldn't let a fellow down, would you?"

"What do you mean?"

"Nothing, nothing at all—only I think you're one of the squarest sweetest girls in the world. I think you're great and I'm glad you asked me to come over tonight. You're right about it—I've been staying too much by myself. Moping. From now on it's going to be different. You and I are going to have fun together."

"Oh, Brian!"

"That is, if I can get you away from that mob that's always hanging around you. How'd you like to drive over to Hamilton tomorrow evening. We can have dinner and dance or see a show if we can find one."

"I'd love it, Brian. I'd love it more than anything."

"Then we'll do it. And we'll plan something for the week-end—"

* * *

Two hours later Vicky knocked on the door of her father's bedroom. Robert Thatcher called, "Come in!"

Vicky pushed the door open. She wore a dressing gown of gold satin with a froth of lace about the neck. Her sandals were nothing more than jeweled straps. Vicky came into the room, trailing the long dressing gown behind her.

Her father looked up from the book he was reading. He said, "Home early, aren't you?"

"I've been home all evening. Brian was here."

"Oh — Brian!" Thatcher looked pleased. He put the book aside, smiled up at his daughter.

Vicky went on. "I'm driving over to Hamilton with him to dinner tomorrow evening. And, Saturday, we're going to the Eldredges' dance. Sunday we're going to look up some friends of his in Brookfield."

"Well, that's fine."

Vicky lingered. She said, "Your birthday is next month, isn't it? I was thinking about a birthday present for you and wondering how you'd like it."

"Now, Vicky, you know I don't care much about presents. There isn't anything I want."

"But this is a sort of special present," she persisted, smiled faintly. "Something you've never had. I was wondering how you'd like to have a —a son-in-law."

"You mean—Brian?"

Vicky nodded. There was a light in her eyes that was eager and at the same time assured. I'm sure he'll propose by that time," she went on softly. "He might have tonight, only I wouldn't let him. I don't want to hurry things too much. It's better to let him worry a little."

Thatcher was beaming. "Smart girl!" he said. "Vicky, there's nothing in the world that would please me more. It's the marriage I've hoped you'd make. If you marry Brian I'll give you the finest trousseau money can buy. I'll give you anything you want for a wedding present. Anything!"

A shrewd look came into the girl's face. "Anything," she repeated. "Is that a promise?"

"Yes."

Vicky moved toward the door. "Don't forget," she said softly. "And you'd better be prepared to keep it. How do you think I'd look in a wedding gown, Father?"

"Beautiful. Simply beautiful."

Vicky caught a glimpse of herself in the mirror across the room and hesitated. She said, studying her reflection, "I believe I'll have a cap like Carla Leslie's—"

* * *

Gale and Josie Gridley sat on the couch in the women's cloak room. It was noon and most of the mill employes were in the cafeteria, but Gale and Josie had brought lunches from home. They had finished their sandwiches and now sat waiting for the bell to ring.

Josie said, "But you can't keep Mary and those two children. With Phil out of work you can't do it!"

"They'll stay the rest of the week. After that they're going to Mary's cousin. I don't know how long she can keep them. It's dreadful, isn't it—not even having a roof over your head."

"It's Fisher's fault!" Josie said vehemently. "He could have kept Mary on if he'd wanted to."

"I certainly wish he'd give her her job back."

"Well he won't! You know that as well as I do. Firing more all the time —that's what they're doing instead of taking anyone on. Do you know what I think? I think they put Mary out of her house to scare the rest of us. Hawleys got a notice this morning; did you know that? And there's lots of others whose rent is back. I think they're trying to scare us all, but it isn't working that way. Oh, there may be some who fall for it—but you know about the meeting tonight, don't you?"

Gale nodded. "Yes."

"Are you going?"

"Yes," Gale said, "I am. I didn't think this organization meant much until I saw what happened to Mary yesterday. Phil's talked about it a lot but—well, there doesn't seem to be any other way now. We've got to stand up for each other. The bosses do treat us like slaves and they think we haven't any rights. I'm tired of having my pay cut for being late when I haven't been. And I'm tired of working twice as hard as we used to for less money. I'm going to the meeting tonight and I'm going to join."

"Good for you!" Josie's face was shining, eager. "I'm getting everybody I can to go. It's a protest meeting, you know, about these evictions—"

There was a sound across the room. Josie's words died on her lips and both girls sat motionless. The sound was repeated and then a head appeared from behind a row of lockers. A head that was light brown, set in glossy waves. A moment more and a figure emerged. It was Leota Boller!

Leota said, smiling, "Hello."

Josie answered, "Hello, Leota, and got to her feet. She said, "Come on, Gale. It's time we were going—"

Outside the door the two girls faced each other. Both asked the same question:

"Do you think she heard?"

Miss Powell Will Be Heard Here Next Week

Those who heard Kay Powell's glorious mezzo-soprano voice in a group of French songs as a prologue to "The Cajun" Thursday night, are looking forward with an anticipatory thrill to hearing her in a group of Russian and Irish songs, on the twenty-third of the mouth when she will be presented in concert under the auspices of the Musical coterie.

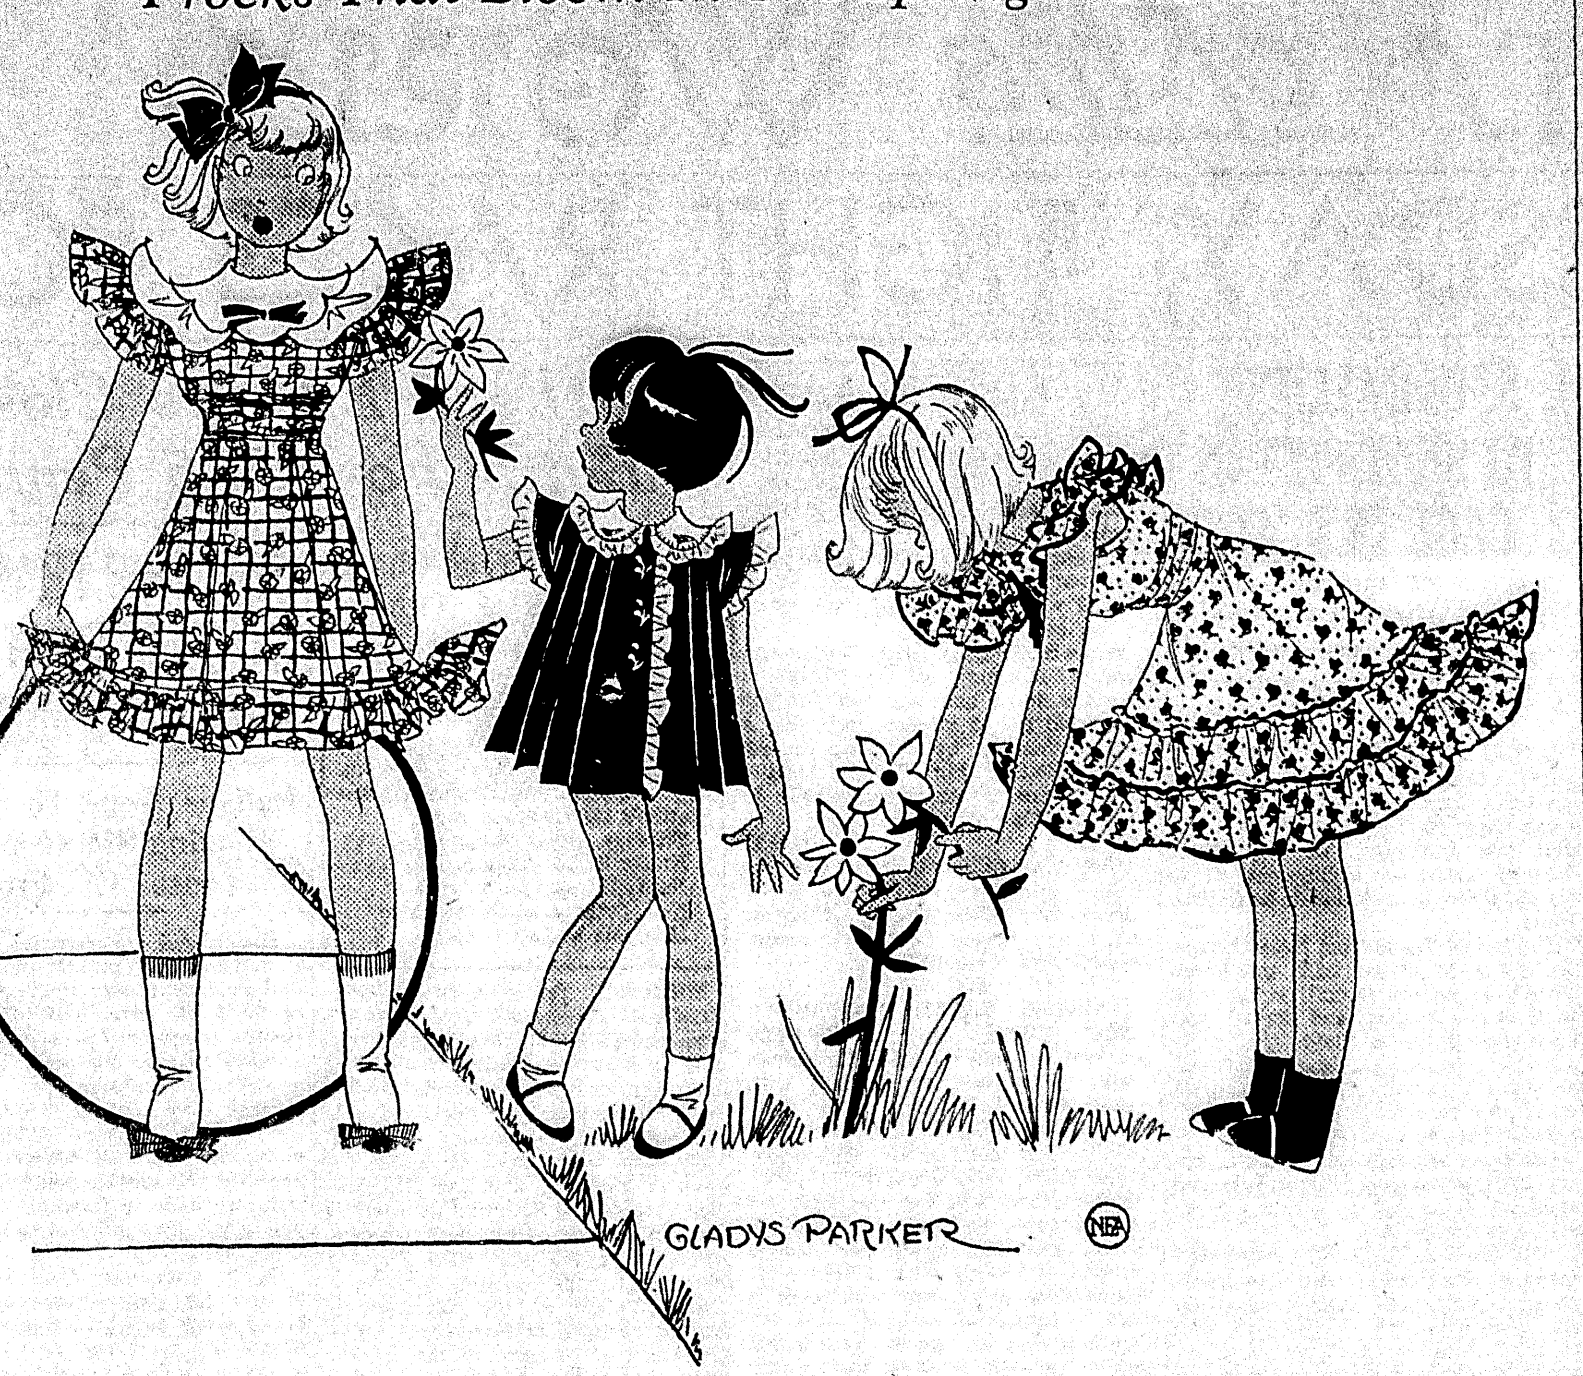
Miss Powell's vibrant personality will be enhanced by the colorful Russian costume with crimson scarf over her shining dark hair . . . big peasant sleeves . . . voluminous skirt. Miss Powell's dramatic ability will find an outlet in the Russian songs that reflect the heights and depths of the mood of the people.

Miss Powell studied at the University of Oregon where she held the Herbert Witherspoon scholarship for two successive years, a Juilliard foundation fellowship and a scholarship in Phi Beta, honorary musical sorority of which she is a member. She had the honor of being a member of Madam Ernestine Schumann-Heink's first master class in Kansas City during the summer of 1928.

Under the direction of Isaac Van Grove she has sung the role of Hansel in "Hansel and Gretel," Nancy in "Martha" and Rosalinda in "The Bat," and has appeared for a season at the Chicago theater. She has also sung a season in chautauqua work and has made numerous club and concert appearances.

The program in this city on the twenty-third, of unusual artistic value, will also feature Miss Florence Ziegler in a group of piano numbers, one in particular of her own composition. It is a sparkling, brilliant number showing to splendid advantage the perfect technique and the remarkable musicianship of this talented pianist.

Frocks That Bloom In The Spring---Tra-la!



Helen Lee, another young American designer, hit the gong the other day when she introduced her birthday flower frocks for little girls.

Inspired, no doubt, by the flowery south which is her own background, the ingenious Miss Lee originated a series of perky little dresses, one for each month of the year using the birthday flower, either in an all-over print, an applique or embroidery.

Three of these frocks are shown in the sketch. Irrespective of their charm and originality, they are both practical and inexpensive.

The 12-year-old at the left wears September's flower, a morning glory print in pink and blue. The unusual collar of organdie is accented by a blue grosgrain bow, while the sleeves and hem are edged in a wide ruffle.

Miss Merely Six in the center is Queen of the May in her smart little job of red handkerchief lawn. Lilies of the valley are embroidered in three groups down the center front. Hand-fagotting trims the white organdie collar and ruffles.

At the right of the sketch, August is represented by a poppy print in red and white. The frock is quaintly ruffled and trimmed with red pipings.

—Gladys Parker

Tallulah

The Friday Night club met with Mrs. Will Sevier, Jr., when a delicious supper was served, followed by bridge games. Mrs. J. A. Gilbert and A. L. Sevier were the winners of the high score awards. The guests included Mr. and Mrs. W. M. Murphy, Mr. and Mrs. A. L. Sevier, Mr. and Mrs. R. R. Taylor, Mr. and Mrs. W. M. Scott, Mrs. J. A. Gilbert, Mrs. H. W. Lee and R. S. Gayle.

Mrs. T. B. Lucas was hostess to the members of the Saturday club at her home with Mrs. Claude Searles winning the high score prize. A tempting salad course was served after the games to Mesdames W. C. Starrett, R. C. Gaines, George Yerger, Jr., R. T. Campbell, W. M. Scott, Alex Blanche and Claude Searles.

The monthly meeting of the Young Women's auxiliary of the Baptist church was held at the home of Miss Bercla Gaines with a large attendance. An interesting program on "The Banner of the Cross in Europe" was effectively carried out after the devotional by Miss Katherine Westmoreland. A vocal solo, "The Old Rugged Cross," was sung by Miss Bercla Gaines and Mrs. L. A. Materne, the counsellor, gave a report of the young people's work as observed at the recent W. M. U. convention in New Orleans. An interesting feature was a kitchen shower for Mrs. Bernay Westmoreland, a recent bride. Refreshments were enjoyed at the close of the session by Misses Martha Bunch, Lela May Cheevers, Mary Sue Cummings, Mabel Evers, Bercla Gaines, Mary Helen Gandy, Helen Mai Julian, Helen Massey, Katie Vance, Elizabeth Wade, Lavonne Waters, Mary Louise Westmoreland, Katherine Westmoreland, Lela and Gladys Rabb, Mrs. Bernay Westmoreland, Mrs. L. A. Materne and Mrs. Maud Rabb.

Circle One of the Methodist Missionary society met with Mrs. D. H. Allen presiding and reading the scripture lesson. Mrs. J. R. Linton offered prayer and "He Leadeth Me" was sung. Mrs. Allen gave a report of the state missionary society conference held in DeRidder. There was a short business session at the close. Those in attendance were Mesdames Allen, J. E. Bethea, J. L. Coleman, Charles Coltharp, Kimbrough, M. D. Hale, J. L. Land, Bryan Foster, D. Fortner, A. B. Kelly, J. R. Linton, G. E. Lanehart, M. L. Piper, E. O. Edgerton, C. S. Pierce and A. F. Graves.

The Presbyterian auxiliary met at the church for the regular Bible study lesson which was conducted by Mrs. J. S. Agee, who taught the final chapter from Mark using as the text, "The Ministering Master." Plans were made for the series of services which will begin on Easter. There was a large attendance including several out of town visitors, Mrs. Rundle, Mrs. Ayres, Mrs. Arthur Crump and Mrs. Gannon.

The April meeting of the D. A. R. was held at the home of Mrs. Horace Maxwell. Mrs. Burleigh contributed a talk on "Women in Politics," Mrs. H. W. Lee, the paper on "National Defense" and Mrs. Mason Spencer the review of the D. A. R. magazine. Refreshments of iced tea and sandwiches were served during the social period to Mesdames George Yerger and H. W. Burleigh of Mounds, B. P. Folk, H. W. Lee, E. E. Warrick, O. S. Nicols and Mason Spencer.

Circle Three of the Baptist Missionary society met at the Materne home with Miss Cecile Whitehead as hostess. The feature of the meeting was the Bible study from the book of Mark. Refreshments were served at the close to Mesdames C. W. Spencer, I. T. Hill, M. L. Hill, E. O. Vaughan, L. A. Nettles, Hester, L. A. Materne.

The Eveready Circle of the Methodist Missionary society met with Mrs. Will Harvey, with Mrs. G. L. Smith presiding in the absence of the president, Mrs. R. A. Tate. Mrs. D. A. Whitfield gave the devotion, which was followed by a short business session. Mrs. George Purvis, a delegate to the state missionary conference, held during the past week in DeRidder, gave an interesting report. This was followed by a playlet: "The Givers and Getters of Yesterday," with Mrs. Purvis, Mrs. J. R. Medlin, Mrs. Wray Bowie and Mrs. Moncrief as the characters. The hostess served orange ice and cookies at the close of the session.

Miss Louise Fortner entertained the members of her bridge club at her plantation home "Briers." The high score prize was won by Miss Rosalyn Kemp. The hostess was assisted in serving a delightful salad course at the close of the games by Mrs. Douglas Fortner and Mrs. H. M. Lentz. Those in attendance were Miss Edna Carrett, Miss Cary Breckenridge, Miss Frances Alexander, Mrs. M. A. Phillips, Miss Irene Coffman, Miss Rosalyn Kemp, Mrs. Richard Alexander and Miss Vertner Sevier.

Mrs. Richard Tate entertained the Tuesday club at her home with Mrs. Z. L. Chambliss and Mrs. Davis Whitfield as additional guests. Bridge games were enjoyed resulting in Mrs. L. Stevens receiving the high score prize. A delicious salad course was served at the conclusion of the games.

The Madison Parish Garden club held the April meeting at the home of Miss Amy Holmes with Mrs. W. M. Murphy presiding. Mrs. W. R. Gilfoil was leader of the interesting program which was featured by a talk on growing hydrangeas by Mrs. C. A. Rose, of Lake Providence. Miss Bertha Keller, Mrs. Murphy and Mrs. J. H. Devine gave interesting reports of the Federated Garden club convention and flower show in New Orleans. Mrs. Will Yerger described the parks of Shreveport and Mrs. Horace Maxwell spoke on the gardens and flower shows of Florida. Several appropriate flower poems were read by Miss Annette Beers. Miss Holmes served dainty and delicious refreshments during the social hour. Mrs. W. H. Harvey, Sr., and Mrs. J. Martin Hamley, of Lake Providence, were appreciated guests of the club.

At the April meeting of the Tallulah Book club held in the book club building, Mrs. R. T. Starrett presided and Mrs. R. K. Boney served as secretary, due to the absence of those officials. Mrs. R. T. Campbell, as leader of the program on "Spring and Flowers," introduced Mrs. W. M. Murphy, who gave a vivid description of the garden club convention and flower show of the horticulture society in New Orleans. Mrs. J. Roy Medlin read a poem and Mrs. W. L. Rountree rendered two lovely vocal solos. An interesting and unusual feature was the general federation art exhibit of Gustav Bauman block prints presented by Mrs. R. K. Boney, who gave a sketch of the artist and his work. Refreshments of ice cream, cake and mints in which a pink and green color scheme was carried out were served by the hostesses, Mrs. P. O. Benjamin, Mrs. L. D. Moore, Mrs. W. D. Buford, Mrs. Westmoreland and Mrs. T. W. Jackson.

Those attending the meeting of the Wesley Union of Methodist young people in Oak Grove on Sunday afternoon were Mrs. Paul Barker, Mrs. Ora Spinks, Mrs. E. S. Freeman, Mrs. O. C. Emery, Miss Olive Emery, Miss Hazel Jean Moberley, Mrs. H. W. Connor, Joe Smith, Tom Barber, Ralph Linton, Junior Moberley, Julia Williams, Louise, Bob and James Freeman, Fred Edgerton, Marion Bowie, Laura Sevier and Venita Scott.

Condition Of Wounded Youth Thought Serious

HOMER, La., April 13.—(Special)—The condition of J. R. Baccus, 15-year-old Lisbon youth, who accidentally shot himself in the left knee with a shotgun, was reported serious here today. It is probable that the leg will have to be amputated.

Baccus and a companion were hunting rabbits near Lisbon, when his gun accidentally discharged as he was passing it through a fence to his companion. The youth said he thought the "safety" was on.

Miss Powell Will Be Heard Here Next Week

Those who heard Kay Powell's glorious mezzo-soprano voice in a group of French songs as a prologue to "The Cajun" Thursday night, are looking forward with an anticipatory thrill to hearing her in a group of Russian and Irish songs, on the twenty-third of the month when she will be presented in concert under the auspices of the Musical coterie.

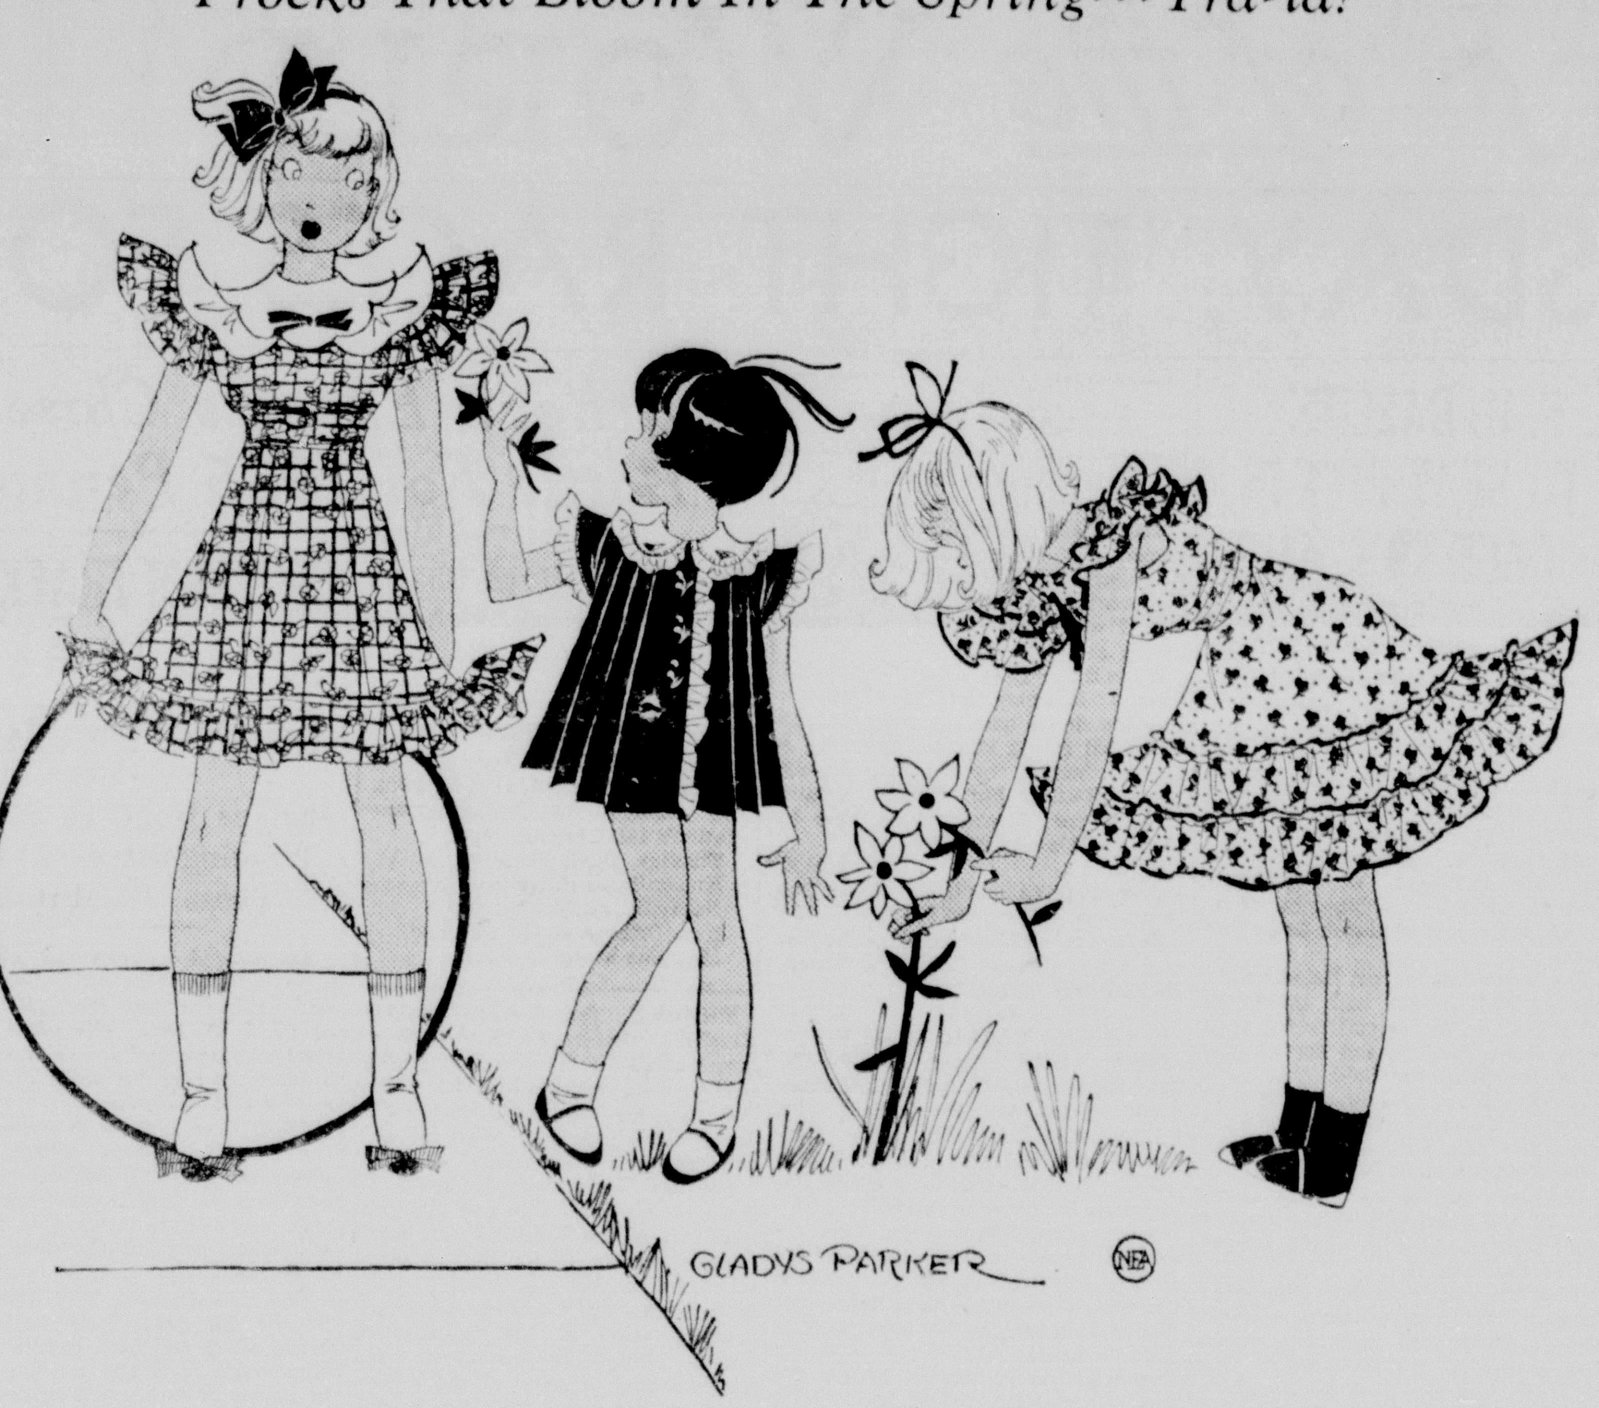
Miss Powell's vibrant personality will be enhanced by the colorful Russian costume with crimson scarf over her shining dark hair . . . big peasant sleeves . . . voluminous skirt. Miss Powell's dramatic ability will find an outlet in the Russian songs that reflect the heights and depths of the mood of the people.

Miss Powell studied at the University of Oregon where she held the Herbert Witherspoon scholarship for two successive years, a Juilliard foundation fellowship and a scholarship in Phi Beta, honorary musical sorority of which she is a member. She had the honor of being a member of Madam Ernestine Schumann-Heink's first master class in Kansas City during the summer of 1928.

Under the direction of Isaac Van Grove she has sung the role of Hansel in "Hansel and Gretel," Nancy in "Martha" and Rosalinda in "The Bat," and has appeared for a season at the Chicago theater. She has also sung a season in chautauqua work and has made numerous club and concert appearances.

The program in this city on the twenty-third, of unusual artistic value, will also feature Miss Florence Ziegler in a group of piano numbers, one in particular of her own composition. It is a sparkling, brilliant number showing to splendid advantage the perfect technique and the remarkable musicianship of this talented pianist.

Frocks That Bloom In The Spring---Tra-la!



Helen Lee, another young American designer, hit the gong the other day when she introduced her birthday flower frocks for little girls.

Inspired, no doubt, by the flowery south which is her own background, the ingenious Miss Lee originated a series of perky little dresses, one for each month of the year using the birthday flower, either in an all-over print, an applique or embroidery.

Three of these frocks are shown in the sketch. Irrespective of their charm and originality, they are both practical and inexpensive.

MAJORS OPEN TUESDAY; TIGHT RACES FORECAST

BASEBALL LIKELY TO DRAW BIGGER GATES THIS YEAR

Winter Trades And Prospects Of Close Races Stimulate Interest

By Alan Gould
(Associated Press Sports Editor)

NEW YORK, April 13.—That time-honored American institution and annual spring athletic tonic, major league baseball, is just around the corner.

It's all rigged up for its biggest and perhaps most entertaining show since the players wore whiskers and four strikes were out. Unmistakable signs of returning prosperity have followed a series of noteworthy changes in the big league setup. Not even dilatory spring has checked manifestations of widespread national interest.

The big come-back, which club owners have been looking for since 1929 and which actually got under the smashing climax to last year's way amid enthusiasm generated by pennant campaigns, appears certain to be confirmed by the rapid whirl of the turnstiles this season.

It was stimulated during the winter by a succession of sensational deals, climaxed by the shift of Babe Ruth from the New York Yankees to the Boston Braves. Night baseball, to be tried by the National league for the first time this year, and the return to old-time "fighting" tactics on the field have contributed to the feeling that things are on the up-grade. It's all due for further impetus when the tumult and the shouting heralds the advent of the championship conflict next Tuesday on eight scattered battlegrounds.

If the carefully planned proceedings are not handed another jolt by April's capricious weather, close to 250,000 fans may witness the ceremonial send-offs for the American league's 35th season and the National league's 60th campaign.

President Roosevelt proclaimed his intention of throwing out the first ball for the opener between the Washington Senators and Philadelphia Athletics at the nation's capital.

The debut of Babe Ruth as a National leaguer, after 21 years in the American league and 15 seasons as the idol of all American fandom, is expected to attract a capacity crowd of 45,000 to the home of the Boston Braves. The league's new president, Ford C. Frick, will be there. So will the New York Giants, with the renowned Carl Hubbell furnishing southpaw stuff.

The world champion St. Louis Cardinals likely will draw upwards of 40,000 for their opener at Chicago against the rival Cubs, with the elder of the famous Dean brothers opposing Warneke in the day's outstanding duel of pitching aces. The New York Yankees, without Ruth in the starting lineup, will watch the turnstiles with some apprehension but the team's unquestioned pennant prospects should combine with the enthusiasm of opening day to bring out at least 35,000 for the first clash with the Boston Red Sox, led by the popular Joe Cronin.

Cincinnati's "new deal" is expected to draw upwards of 30,000 for its first test against the Pittsburgh Pirates. Detroit's American league champions figure to attract as many or more cash customers for the start of their title defense against the Chicago White Sox, especially with the celebrated Schoolboy Rowe doing the hurling.

The presence of the nation's chief executive should bring out at least 25,000 for the festivities featuring the Athletics and Senators, again under the leadership of Bucky Harris. Cleveland's warlike Indians play the Browns at St. Louis and Casey Stengel's rejuvenated Brooklyn Dodgers meet the Phillies in the other starting engagements, each of which may be fortunate to draw 20,000 fans.

With a few exceptions, developments of the spring training season have not materially affected the pennant prospects. Although the Associated Press consensus established the world champion Cardinals and the Cleveland Indians as slight favorites

TEXAS LEAGUE

Tulsa .... 010 000 000—1 6 1
Oklahoma City .. 011 050 01x—8 9 0
Shealy, Matuzak and Berger, Fisher; Evans and Fitzpatrick.

PANTHERS WIN AGAIN

FORT WORTH, April 13.—(AP)—The Fort Worth Panthers made it four in a row over the Dallas Steers here Saturday afternoon by winning 9 to 5. The Cats walloped three pitchers for 16 hits. Lincoln Blakely led the assault with four for four. The Steers knocked Bill Rabb out of the box but Leland Terhune stopped them.

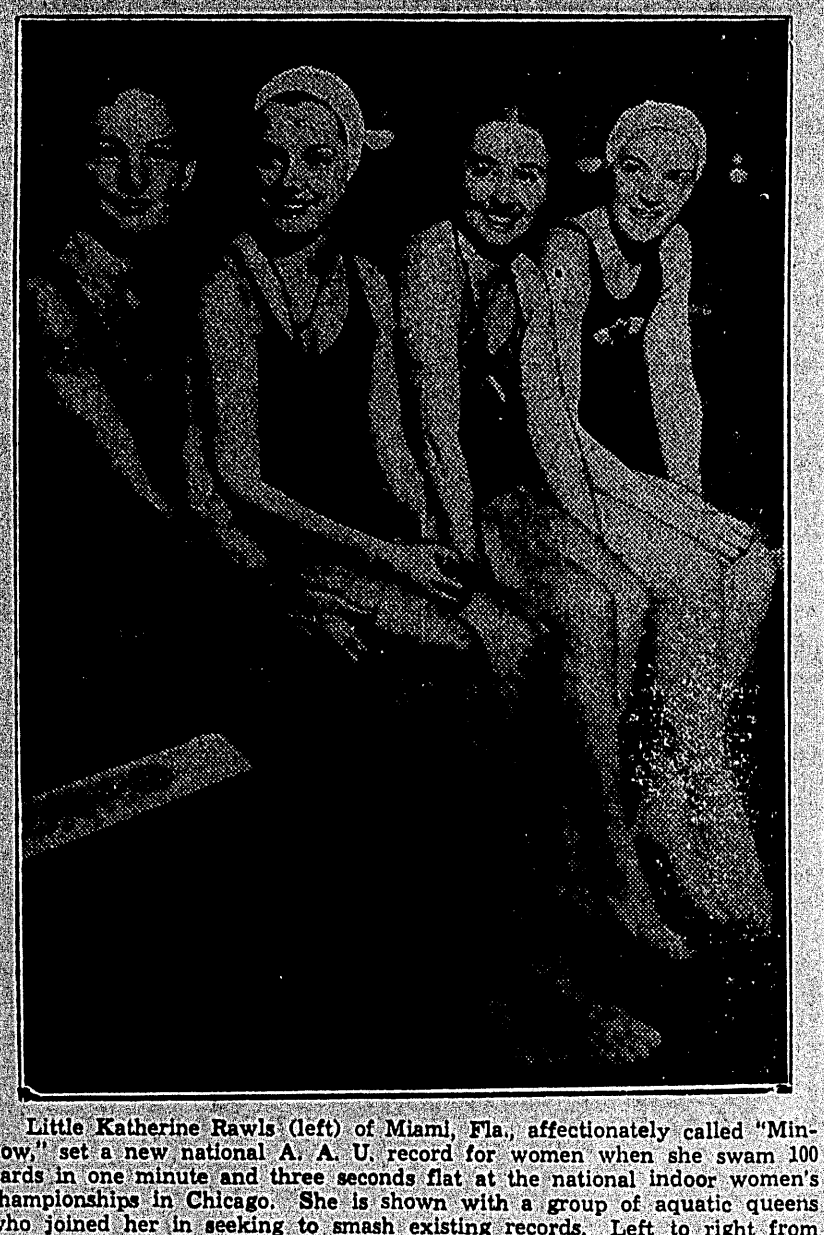
Score by innings:
Dallas .... 002 003 000—5 8 1
Fort Worth ...... 012 031 20x—9 16 3
Hutchinson, Nelson, Barnes and Warren; Rabb, Terhune and Having.

BEAUMONT TRIMS MISSIONS

SAN ANTONIO, Texas, April 13.—(AP)—The San Antonio Missions opened a new baseball park here today by taking a 12 to 1 trouncing from the Beaumont Exporters. It was the fourth straight defeat for the Missions and the fourth win for the Shippers.

Score by innings:
Beaumont ...... 020 210 340—12 12 0
San Antonio ..... 001 000 000— 1 8 2
Phillips and York; Hillin, Mills, [illegible] and Taylor.

QUEENS OF THE SWIMMING TANKS



Little Katherine Rawls (left) of Miami, Fla., affectionately called "Minnow," set a new national A. A. U. record for women when she swam 100 yards in one minute and three seconds flat at the national indoor women's championships in Chicago. She is shown with a group of aquatic queens who joined her in seeking to smash existing records. Left to right from Katherine: Eleanor Holm Jarrett, back-stroke champion; Lenore Kight, 220 and 500-yard free-style champion, and Olive McKean, 100-yard free-style champion. (Associated Press Photo)

Romano Thinks Tigers Will Repeat In American Loop

Yankees And Indians To Furnish Stiff Competition This Year

By John J. Romano

Mickey Cochrane will present the same confident crew with which he won the 1934 pennant to repeat again this year. The team has plenty of power at the bat, is strong defensively and has a pitching corps second to none in the league. What more can you expect? Reserve strength. In this Mickey must subscribe to the opinion of those who considered him lucky last year because he went through the entire season without a serious injury to any of his stars. The opposition will be just as strong. It is now up to the likeable backstop to prove that he has better reserves in several youngsters he picked up from the minors.

At the start of the training season some of the older players acted as though they did not have to pep up and show their stuff to the rookies. Cochrane put a stop to this soon after the loss of several games. Since then it has been different. When Detroit opens in Chicago Tuesday, Jimmy Dykes and the rest of the White Sox will face a fighting team from the outset.

Last year Goose Goslin, Jo-Jo White, Ervin Fox and Gerald Walker took care of the outfield. This year a newcomer in the person of Chester Morgan, leading hitter of the Texas league, seems to have displaced one of the regulars. Morgan is short and stocky. He is not graceful going after a fly ball. But he more than makes up for this in hitting, and figures greatly in Mickey's plans.

Infield In Fine Shape

The infield remains the same. Hank Greenberg at first, Charley Gehringer at second, Billy Rogell at short and Marvin Owen at third with young Frankie Parker in reserve. If something should happen to this quartet he will have to draw on Heinie Schuble and another youngster, Herman Clifton. The regulars shape up fine, with two such hitters as Greenberg and Gehringer doing their share, but here again the reserves are nothing to rave about.

Cochrane and Hayworth do the catching and the pitching staff remains the same as the 1934 cast. Schoolboy Rowe, Tommy Bridges, Elden Auker, Elon Hogsett, Firpo Marberry, Vic Sorrell and General Crowder are enough to give rival managers many headaches. In addition to these Cochrane thinks he has another pair who will help him considerably. Joe Sullivan, a knuckle-ball expert who toiled with the Hollywood club last season, has been showing great stuff in spring games. Clyde Hatter is the other leftie who impressed Mickey so that the hard working manager went behind the plate to see just what he had on the ball. With this pair of southpaws, should they be retained, Cochrane is content that the team is good enough to repeat.

Will Force Tigers

The New York Yankees and the Cleveland Indians are figured to furnish stiff competition all the way through. Walter Johnson makes no bones about saying that he has the best pitching staff in the league. With Oral Hildebrand, Mel Harder, Monte Pearson, Willis Hudlin and Clint Brown he has five starting hurlers. For hitters he has Hal Trosky, Earl Averill, Joe Vosmik and Bad News Hale to offer. Another left-handed hitter is Bruce Campbell, who seems to have won a regular berth, and who is figured on to pound the ball into the short right field screen.

Johnson's trouble will come when he misses Billy Knickerbocker, his sensational little shortstop who was operated upon for appendicitis several weeks ago. Walter is gambling on Louie Berger to play up to major league standards at second. He has been experimenting with the veteran Willie Kamm and Roy Hughes in Knickerbocker's position.

Johnson has a powerful ball club. If it holds up until Knickerbocker gets back into the game, it will furnish the Tigers chief opposition.

Now for Joe McCarthy's Yankees. On paper the New Yorkers look stronger than ever with the addition of Pat Malone. McCarthy had Malone when he managed the Cubs and while he did not think much of him at the time, he has changed his opinion and thinks Pat is just the man to delight the heart of Yankee stadium fans who will miss the familiar sight of Babe Ruth in right field and at the plate. Ruth's bat will not be missed as much as some fans think. George Selkirk, Ben Chapman and Freddie Walker have been hitting the ball hard and Jess Hill, who threatens to break into the regular line-up, is not far behind that trio in batting.

Dark Horses

The pitching staff with Vernon Gomez, Johnny Broaca, Johnny Murphy, Red Ruffing and Pat Malone gives McCarthy the same number of starting pitchers as his chief rivals. Lifting Malone out of the National league, where he won 14 games for the Cubs last year, was a smart move on McCarthy's part. He figures Pat will win 20 games for his new club this year.

The Boston Red Sox and the Washington Senators are the dark horses. The former's chances depend a good deal on the work of Babe Dahlgren, rookie first baseman, and Bob Grove's trusty left arm. Should Dahlgren do as well as Cronin confidently predicts, and Grove has one of his good years, it will knock all the dope into a scrambled mess.

Washington fell down badly last year. Injuries riddled the team from the start of the season and the loss of Joe Cronin is expected to be deeply felt. At that, this pair of teams may take enough games from the contenders to make the race the most interesting the American league has seen in years.

DREW, EUREKA WIN VOLLEY BALL MEET

After a series of close games played by elementary schools of Ouachita parish in the annual volley ball tournament at Crosley school Saturday, the boys' team from Drew won the silver loving cup by defeating Swartz, while the girls' team from Eureka wrested a loving cup from Cheniere.

The winning boys' team was composed of James Sullivan, Willis Sanford, Donald Henry, Ivey Sullivan, Philip Henry, Andrew Hart, Ronald Lee Sanford and James Edward Johnson.

The Eureka girls' team included Magdalen Frost, Bernie Frost, Lola Whitlock, Ruby Woolie, Bethalee Spillers, Irma Frost and Beatrice Kerbow.

The day was ideal for the games and the attendance was the largest in many years.

L. S. U. RALLIES TO BEAT PITT IN CAGE TILT, 41-37

Nathan Blair Leads Tigers In Last Half Drive For Victory

ATLANTIC CITY, N. J., April 13.—(AP)—Louisiana State university, power in the Southeastern conference, came from far behind tonight to defeat the University of Pittsburgh, Eastern conference champions, 41 to 37, in their intersectional basketball game.

The bayou Tigers from Baton Rouge, trailing 26-17 at the half, smothered Pittsburgh in the second period with their flashy passing and scored goal after goal from the field.

Buddy Blair, Louisiana's sharpshooting forward, tallied nine field goals and two fouls to score nearly half of the Tigers' points.

Louisiana started fast at the opening of the second half and scored eight points to pull up within a point of the Panthers 26-25.

Two goals by Roderick, Pittsburgh forward, put the Panthers five points ahead. Blair then went into action and gradually cut Pittsburgh's lead to 33-32. Journeay tied the score on a free throw, and Blair sent L. S. U. into the lead for the first time with a long field goal, 35-33.

The Louisiana Tigers were never again headed, Blair making three more goals before the final whistle blew.

Noon, Pittsburgh's lanky center, led the Panthers for scoring honors with five field goals and two fouls. Cribbs, Panther guard, also made five goals.

The game was played in the Atlantic City auditorium before a crowd of 5,000.

The box:

L. S. U. (41)	G.	F.	P.
Blair, forward	9	2	20
Bryan, forward	1	0	2
Harris, forward	1	2	4
Lindsey, center	4	0	8
Dohanon, center	0	0	0
Journeay, guard	0	2	2
Wade, guard	1	3	5
Totals	16	9	41
Pittsburgh (37)	G.	F.	P.
Hughes, forward	2	0	4
Jesko, forward	2	0	4
Ferguson, forward	0	0	0
Roderick, forward	2	0	4
Noon, center	5	2	12
Emrick, guard	1	1	3
Cribbs, guard	5	0	10
Totals	17	3	37

Half score: Pitt 26; Louisiana 17.
Referee: Stan Feassle, Indianapolis.
Umpire: Alvin Bell, Little Rock, Ark.
Personal fouls: Hughes 3, Lindsey 2, Noon 2, Emrick 2, Roderick 2, Harris. Journeay, Wade, Cribbs, Ferguson.
Free tries missed: Blair 4, Wade 3, Hughes, Jesko, Noon 2, Emrick 2.

Walker Cup Matches To Be Played At Clementon

CLEMENTON, N. J., April 13.—(AP)—The Pine Valley Golf club, never negotiated in competition in less than its par-70, will be the scene of next year's Walker cup matches between amateur teams of Great Britain and the United States.

The executive committee of the United States Golf association, meeting at the club, 18 miles from Clementon, made the selection today. Dates for the matches were not set.

The committee also enlarged the match play field for the 1935 amateur championship tournament at Cleveland to 200. Last year 188 players were in the field.

A European form of Yogi, with schools in Paris, Cannes and London, will open a branch in New York.

Exhibition Baseball

A'S WALLOP PHILLIES

PHILADELPHIA, April 13.—(AP)—Connie Mack's Athletics got into the annual city series with the Phillies today with all the power of a bombardment and came through with a 16 to 2 win—their first in three starts in the series to date.

While Sugar Cain, Alton Benton and Johnny Marcum let the National leaguers down with six hits, the A's connected for 13 safeties, including a pair of homers by slugging Jimmy Foxx. Neither Phil Collins, Orville Jorgens nor Bowman were able to hold the A's batsmen in check.

Score: R.H.E.
Philadelphia (A) ..021 206 041—16 13 0
Philadelphia (N) ..000 010 010— 2 6 4
Batteries: Cain, Benton, Marcum and Foxx, Berry; Collins, Bowman, Jorgens and Wilson.

GIANTS BLANK INDIANS

NEW YORK, April 13.—(AP)—Hal Schumacher and Clyde Castleman combined to blank the Indians with six scattered hits today as the New York Giants defeated Cleveland 5 to 0 in the first game of their exhibition series at the Polo Grounds.

Schumacher, pitching the first six innings, held the American leaguers to five hits and in addition started the Giants' scoring with a homer off Monte Pearson in the fifth with a mate on base.

Cleveland (A) .....000 000 000— 0 6 0
New York (N) ...000 021 20x— 5 9 2
Batteries: Pearson, L. Brown and Myatt; Schumacher, Castleman and Mancuso, Richards.

CARDS TRIM BROWNS

ST. LOUIS, April 13.—(AP)—The St. Louis Cardinals, displaying a timely extra-base attack, took the lead in the spring city series today by defeating the Browns, 6 to 3.

Six of the nine hits fashioned off the curves of the Browns, hurlers were good for extra mileage. They included a home run by Joe Medwick, a triple by Ripper Collins, and four doubles, two by Manager Frankie Frisch, and one each by Leo Durocher and Johnny Rothrock.

St. Louis (A) .....101 010 000— 3 8 1
St. Louis (N) .....000 312 00x— 6 9 1
Batteries: Weiland, Coffman, Andrews and Hemsley; Hallahan, Kleinke and Delancey.

CHISOX DOWN CUBS

CHICAGO, April 13.—(AP)—The White Sox defeated the cross town rivals, the Cubs, in their first home meeting of the exhibition season today, 5 to 2, before 8,000 shivering fans at Comiskey park.

The victory was the third for the American leaguers in as many meetings this spring.

The Sox combed Larry French, new Cub southpaw, for four hits and as many runs in the first three innings, including a homer by Vernon Washington, recruit right-fielder. They frisked Charley Root of a run in the fourth. John Whitehead and Joe Vance, rookie right-handers from the same Dallas team, minimized nine Cub hits into two runs.

Chicago (N) ......001 100 500— 2 9 1
Chicago (A) ......121 100 00x— 5 8 2
Batteries: French, Root and Hartnett; Whitehead, Vance and Sewell.

YANKS WHIP DODGERS

BROOKLYN, N. Y., April 13.—(AP)—The New York Yankees made effective use of their eleven hits today to defeat the Brooklyn Dodgers 8 to 4 as 5,000 fans, braving adverse weather conditions, turned out to welcome both teams home from their southern training tours.

With Lou Gehrig driving in the initial run in the first frame with a single and then connecting with a homer in the third, the Yanks found little difficulty solving the offerings of Watson Clark, Van Mungo, Johnny Babich and Bob Logan.

New York (A) .. 121 002 200—8 11 1
Brooklyn (N) .... 012 001 000—4 7 0
Gomez, Ruffing, Malone and Dickey; Clark, Mungo, Babich, Logan and Lopez, Phelps.

GREAT GOLF

SHUTE'S HALF-EXPLOSION SHOT BROUGHT VICTORY IN 1933 BRITISH OPEN

One of the hottest fights in the history of the British Open occurred in 1933, and resulted in one of the most dramatic finishes ever witnessed.

At the end of the regulation 2 holes, Craig Wood and Denny Shute, two American professionals, were tied at the top of the pack, and they faced each other in an All-America play-off.

The match between the two Americans was keenly contested, and the break which finally resulted in Shute's victory came at Hell's Bunker, on the long 527-yard, par 5 fourteenth hole at historic St. Andrews, during the morning round of the 36-hole playoff.

After hitting his second shot badly and winding up in this, the deepest trap on the course, Shute could see his two-stroke lead over Wood fading fast. Approaching the green that serves for both No. 4 and No. 14 holes, his ball was resting in the sand to the left and 50 yards away from No. 14 pin.

But for Denny's keen competitive temperament, the tide of victory might easily have turned here. He was faced with taking one stroke to get out, another to get on the green, and two putts to get home for a six.

The lean larruper entered the trap with a well-lofted club and played what he calls a half-explosion. This shot is made by playing the ball well off the left foot. The stance is open and the club is laid well back. A full swing is taken and, as Denny tells me, "One must be sure to hit the ball and the sand at the same time."

As properly executed by Shute, the ball left the trap, hit the green with plenty of backspin, and rolled 15 feet past the pin. He rapped the 15-footer down to score a birdie four against Wood's par five, and picked up another stroke to go three up.

He picked up two more in winning the afternoon and final round.

Southern Expects Close Battle For 1935 Pennant

Five Clubs Given Chance To Cop Flag; Other Teams Improved

THE OPENERS

MEMPHIS, Tenn., April 13.—(AP)—Here's the schedule of opening day games in the Southern association's 1935 pennant race.

Tuesday, April 16:
Knoxville at Atlanta.
Nashville at Chattanooga.
New Orleans at Birmingham.
Memphis at Little Rock.

MEMPHIS, Tenn., April 13.—(AP)—Baseball's year-round fans—the fellows who gather in stove league hangouts to wage word-battles for this or that team through the winter months—may relax now and await the outcome of their prophecies.

The time has arrived for action instead of ballyhoo, with the 1935 pennant race of the Southern association, heralded as one of the best in years, scheduled to shove off next Tuesday afternoon for the 154-game campaign.

Inauguration of the Shaughnessy system, changes in managerial roles, strengthening of some of the weaker clubs of last season and the general existence of enthusiasm have brought assertions that the league will provide plenty of fireworks before the curtain falls next September.

In every respect the outlook is for a well-balanced "free for all" battle for the gonfalon, with at least five clubs figuring in the race and the other three looming as anything but pushovers.

Extremely popular around the circuit in pre-season discussions, the Atlanta Crackers, a team that won its last flag ten years ago, have been elevated to the post of favorite by the winter "experts" who figure the Georgia member a potential champion.

Generally, however, the flag chase stacks up as a wide open battle, with at least four teams aside from Atlanta—New Orleans, Memphis, Nashville and Chattanooga—fortified with good material and ranked as real contenders.

Under the Shaughnessy system of play, the teams finishing in the first division engage in a post-season series for the pennant. The prevailing assumption is that the race will be a mad scramble to the end, with Chattanooga, Birmingham, Knoxville and Little Rock likely to develop into very tough customers.

Atlanta has one of the best hurling staffs in the league, headed by the veteran Harry Kelley, leading pitcher of 1934. The Crackers have a powerful outfield trio of Dave Harris, Paul Easterling and Henry Oana, and a dependable infield.

Genial Larry Gilbert, the New Orleans manager whose teams have finished out of the first division only twice in the last 20 years, is going after his third consecutive pennant, but the Pelican pilot hesitates to say where his club will come in.

"Atlanta, Nashville and Memphis," Gilbert believes, "will battle it out to a finish at the top," with New Orleans in the playoff series by getting "somewhere" in the select four before the season ends."

In leaving Chattanooga, Birmingham, Knoxville and Little Rock as his last division choices, Gilbert backs up his guesses by saying that any one of these "can prove a dark horse as all are working along with major league teams and cannot be discounted."

Declining to hazard a guess on the race, Mule Shirley, the scrappy Chattanooga pilot who led the Lookouts to an inspired finish last season, expects a "wide open race under the Shaughnessy system, with no favorite and everyone having a chance," particularly since Knoxville has improved and has a working agreement with the Red Sox, Doc Prothro has gone from Memphis to Little Rock to help get the Travelers up the ladder, and the Birmingham Barons are working with Pittsburgh.

Fred Hoffman, the Memphis Chickasaws' new catcher-manager, a former Yankee backstop, openly selects his team to finish out in front, conceded Atlanta second place, New Orleans third and Nashville fourth.

While the majority of the managers have put his team "on the spot" by selecting it to win the flag, Eddie Moore, peppery little manager of the Atlanta Crackers, believes Memphis has the best chance, with New Orleans also strong. As for the Crackers, Moore says determinedly that they will finish no lower than third.

"This league," Moore says, "is better balanced now than I've seen for a long time."

Among those who pick Atlanta to come home in front is Lee Head, manager of the Knoxville Smokies, who sizes up the race in this manner:

"Atlanta, New Orleans, Nashville, Knoxville and Chattanooga look like the cream of the crop this year. However, I look for Little Rock, Memphis and Birmingham to have improved clubs. Atlanta should win the pennant."

As the campaign gets under way fans will watch with interest the work of the veteran Doc Prothro at Little Rock, who transferred there after many highly successful seasons at Memphis.

The Travelers lost several good players through drafting by Pittsburgh and Prothro has gone about building up a squad of youngsters and a few veterans.

"We will be building not for one year but so that in future years we will not find ourselves independent on help from the outside," he says. "We have rounded up some good men, and if our green players develop we will be no one's set-up and may surprise some who expect to see us near the bottom."

Nashville, working with the New York Giants, has gathered together a well-balanced squad, headed by a good pitching staff, a veteran outfield and a fast infield. With Frank Brazill, the firebrand skipper, in charge the Vols are likely to go places.

CENTER'S TRACK SQUAD TO MEET BULLPUPS MONDAY

Indians Hope To Stretch Winning Streak At Expense Of Frosh

Encouraged by repeated victories, a marauding tribe of Indian track and field men from Northeast Center of L. S. U. here, will move on to Ruston tomorrow where they will attempt to take the scalp of Louisiana Tech's Bullpups.

Fresh from a 58 to 38 victory over the strong Louisiana college freshmen, the Redskins, headed by Kenner Day, all-around track and field star, are looking forward to another win when they hit the camp of the Tech frosh.

Day was good for four first places in the 220 yard dash, pole vault, broad jump and high hurdles at the Alexandria meet and he will be out to repeat in each event tomorrow.

Another man who is expected to give the Pups trouble is Daniel Rachal, one Tribesman who is a strong point winner. He placed first in the 440 and second in 100-yard dash against the Kittens and ran a dead heat with his teammate, Jefferies, in the 880 in a time of two minutes and 19 seconds.

Arlas Guin, who was held in tow at Friday's meet because of a side injury, is expected to be a little more up to form against the Tech team.

Other members of the Indian aggregation are William Rushing, Stud May, Loyce Tinsley, Edwin Cashon, Frank Mosely, Boyd Arnold, and Luther Walters.

The clash with the Pups will be Northeast Center's second dual meet, their first being with the Kittens. They opened their track season by copping two first places in the Southwestern relays at Lafayette and were leading a tri-college engagement at Arkadelphia, Ark., several days ago when a hailstorm stopped the contests.

NATIONAL LEAGUE HONORS HARMON

Former Hurler Is Given Lifetime Pass By President Ford Frick

Bob Harmon, well known former baseball hurler, who quit the national game while at the height of his career to enter the oil game, yesterday received a life-time pass to all National league baseball in recognition of his ten years of service in the senior circuit.

The pass was sent Harmon by Ford Frick, new president of the National League.

Harmon actually was carried as a member of the National loop for 15 years but only 10 of those campaigns were spent in active duty on the hurling mound.

Bob made his major league debut with the St. Louis Cardinals in 1909 and remained there for five years. Then he went to Pittsburgh for another five summers of hurling for the Pirates. Harmon then quit the game for the more lucrative occupation of dabbling in liquid gold in the Homer field but the Pirates carried him on their reserve list for five years in the hope that he might desert the oil game and return to baseball. Bob was still a highly effective pitcher when he quit Pittsburgh.

Harmon was one of the very few major league ball players who quit the game at the height of his career. Bob could have received a handsome contract from any club in the majors when he left the Pirates in 1919.

The former major leaguer, who moved to Monroe some 12 years ago, now operates the Roselawn dairy, south of the city. He said yesterday that he probably wouldn't use the pass but that he was "tickled to get it" just the same.

Estelle Lawson Takes North-South Golf Title

PINEHURST, N. C., April 13.—(AP)—For the first time in the 35 years history of the North and South women's golf championship the title came south of the Mason and Dixon line today as Estelle Lawson, Chapel Hill, N. C., cut down Charlotte Glutting, of East Orange, N. J., in the final round by a one-up score.

Miss Lawson, 26-year-old daughter of a University of North Carolina professor, matched a flawless short game against the superior driving and iron play of the defending titleholder and came off with the edge in a nip-and-tuck battle.

OUACHITA TENNIS TEAM WINS THREE TITLES AT RALLY

Lions Take Girls' Singles And Doubles And Boys' Doubles

RUSTON, La., April 13.—(Special.)—The Ouachita parish high school tennis team of Monroe took off the majority of the laurels in the north Louisiana high school tennis tourney held here Friday and Saturday by capturing three first places.

Ouachita took first places in both the girls' singles and girls' doubles and likewise placed winners in the boys' doubles to take away three of the four first place honors. A Minden high school representative took the boys' singles division for the other first place medal.

Trophies were awarded in both doubles divisions with individual medals going to the first and second winners in the singles. Dawson Kennedy and Isaac Patton, O. P. H. S., teamed up to win the boys' doubles. Jean Sholars and June Moffett, another Ouachita team, took the girls' doubles trophy. Arthur Peaker of Minden won the first place medal in the boys' singles division. Jean Sholars, representing the O. P. H. S. team in girls' singles, was the only contestant winning more than one honor. In addition to taking the first place trophy teamed with Miss Moffett, Miss Sholars came back to capture the individual championship in the girls' singles.

Those that were awarded silver medals for second places were: Max Watson, Tallulah, boys' singles; R. C. White and Richard Sackett, Neville, boys' doubles; Carrie Perce, Neville, girls' singles; Francis Smith and Lucille Brown, Neville, girls' doubles.

Summary:

Arthur Peaker, Minden, defeated Max Watson of Tallulah in the boys' singles, 4-6, 6-2, 6-2.

The Dawson Kennedy-Isaac Patton team of O. P. H. S. defeated R. C. White and Richard Sackett of Neville in boys' doubles, 6-3, 6-0.

Jean Sholars, O. P. H. S., defeated Carrie Perce, Neville, 4-6, 6-3, 6-4.

In the girls' doubles, Jean Sholars and June Moffett of O. P. H. S., defeated Francis Smith and Lucille Brown of Neville, 3-6, 6-4, 6-2.

Semi-finals:

Boys' singles:

Arthur Peaker of Minden beat R. C. White of Neville, 6-2, 6-3.

Max Watson of Tallulah beat Ed Michand of Jonesboro, 6-2, 7-5.

Boys' doubles:

R. C. White and Richard Sackett of Neville defeated Ed Michand and Bob Fullerton, 12-14, 8-6, 6-4.

Dawson Kennedy and Isaac Patton of Ouachita beat Bobby Biles and Jack Howe of Minden, 6-0, 6-3.

Girls' singles:

Jean Sholars of O. P. H. S. defeated Martha Harper of Minden, 7-5, 6-3.

Carrie Perce of Neville beat Martha Wallcot of Bonita, 9-7, 6-4.

Girls' doubles:

Francis Smith and Lucille Brown of Neville defeated Juline Davis and Mary Ward of Minden, 6-0, 6-1.

Jean Sholars and June Moffett of O. P. H. S. beat Martha Walcott and Sadie Ransopher of Bonita, 6-1, 9-7.

TEN MATCHES IN LAKESIDE MEET

Time For Playing First Round Matches Is Extended One Week

Inclement weather last week cut down the number of first round matches played in the annual spring handicap golf tournament at Lakeside Country club and the time for completing the first round has been extended one week, Manager Shep Girault announced last night.

Ten matches were played last week, with Bun Beasley turning in the best score of the first round. He shot a 75-4—71 in defeating Albert Marx, 2 and 1.

Other matches were as follows:

C. S. Foster defeated Ben Downing, 3 and 2.

H. K. Touchstone defeated W. C. Scott, 4 and 3.

M. S. Biedenharn defeated J. L. Keenan, 3 and 2.

Harry Frazer defeated Ben Downing, Jr., 2 and 1.

M. C. McDonald defeated J. S. Washburn, 6 and 5.

Bobby Oliver defeated J. H. Trousdale, 5 and 3.

R. McWilliams defeated Wilson Ewing, 1 up.

C. W. Wallace defeated E. J. Seymour, 5 and 4.

C. C. Boardman defeated Frank Farmer, 3 and 2.

Manager Girault said he expected several matches to be played today. First round matches must be completed this week and second round play will begin on April 22.

KIGHT SCORES DOUBLE

CHICAGO, April 13.—(AP)—Lenore Kight, star of the Carnegie library club team of Homestead, Pa., scored a double in the women's national indoor swims tonight by retaining her title easily in the 500-yard free-style with a 20-yard margin over Mary Lou Petty, Washington A. C., Seattle. Miss Kight's time was 6:21.9, more than six seconds slower than her own world's record. Miss Kight's victory clinched the team championship for her team with 23 points.

MAJORS OPEN TUESDAY; TIGHT RACES FORECAST

BASEBALL LIKELY TO DRAW BIGGER GATES THIS YEAR

Winter Trades And Prospects Of Close Races Stimulate Interest

By Alan Gould
(Associated Press Sports Editor)

NEW YORK, April 13.—That time-honored American institution and annual spring athletic tonic, major league baseball, is just around the corner.

It's all rigged up for its biggest and perhaps most entertaining show since the players wore whiskers and four strikes were out. Unmistakable signs of returning prosperity have followed a series of noteworthy changes in the big league setup. Not even dilatory spring has checked manifestations of widespread national interest.

The big come-back, which club owners have been looking for since 1929 and which actually got under the smashing climax to last year's way amid enthusiasm generated by pennant campaigns, appears certain to be confirmed by the rapid whirl of the turnstiles this season.

It was stimulated during the winter by a succession of sensational deals, climaxed by the shift of Babe Ruth from the New York Yankees to the Boston Braves. Night baseball, to be tried by the National league for the first time this year, and the return to old-time "fighting" tactics on the field have contributed to the feeling that things are on the up-grade. It's all due for further impetus when the tumult and the shouting heralds the advent of the championship conflict next Tuesday on eight scattered battlegrounds.

If the carefully planned proceedings are not handed another jolt by April's capricious weather, close to 250,000 fans may witness the ceremonial send-offs for the American league's 35th season and the National league's 60th campaign.

President Roosevelt proclaimed his intention of throwing out the first ball for the opener between the Washington Senators and Philadelphia Athletics at the nation's capital.

The debut of Babe Ruth as a National leaguer, after 21 years in the American league and 15 seasons as the idol of all American fandom, is expected to attract a capacity crowd of 45,000 to the home of the Boston Braves. The league's new president, Ford C. Frick, will be there. So will the New York Giants, with the renowned Carl Hubbell furnishing southpaw stuff.

The world champion St. Louis Cardinals likely will draw upwards of 40,000 for their opener at Chicago against the rival Cubs, with the elder of the famous Dean brothers opposing Warneke in the day's outstanding duel of pitching aces. The New York Yankees, without Ruth in the starting lineup, will watch the turnstiles with some apprehension but the team's unquestioned pennant prospects should combine with the enthusiasm of opening day to bring out at least 35,000 for the first clash with the Boston Red Sox, led by the popular Joe Cronin.

Cincinnati's "new deal" is expected to draw upwards of 30,000 for its first test against the Pittsburgh Pirates. Detroit's American league champions figure to attract as many or more cash customers for the start of their title defense against the Chicago White Sox, especially with the celebrated Schoolboy Rowe doing the hurling.

The presence of the nation's chief executive should bring out at least 25,000 for the festivities featuring the Athletics and Senators, again under the leadership of Bucky Harris. Cleveland's warlike Indians play the Browns at St. Louis and Casey Stengel's rejuvenated Brooklyn Dodgers meet the Phillies in the other starting engagements, each of which may be fortunate to draw 20,000 fans.

With a few exceptions, developments of the spring training season have not materially affected the pennant prospects. Although the Associated Press consensus established the world champion Cardinals and the Cleveland Indians as slight favorites

PANTHERS WIN AGAIN

FORT WORTH, April 13.—(AP)—The Fort Worth Panthers made it four in a row over the Dallas Steers here Saturday afternoon by winning 9 to 5. The Cats walloped three pitchers for 16 hits. Lincoln Blakely led the assault with four for four. The Steers knocked Bill Rabb out of the box but Leland Terhune stopped them.

Score by innings:

Dallas	002 003 000—5	8	1
Fort Worth	012 031 20x—9	16	3

Hutchinson, Nelson, Barnes and Warren; Rabb, Terhune and Having.

BEAUMONT TRIMS MISSIONS

SAN ANTONIO, Texas, April 13.—(AP)—The San Antonio Missions opened a new baseball park here today by taking a 12 to 1 trouncing from the Beaumont Exporters. It was the fourth straight defeat for the Missions and the fourth win for the Shippers.

Score by innings:

Beaumont	020 210 340—12	12	0
San Antonio	001 000 000— 1	8	2

Phillips and York; Hillin, Mills, Martinez and Payton.

QUEENS OF THE SWIMMING TANKS

Little Katherine Rawls (left) of Miami, Fla., affectionately called "Minnow," set a new national A. A. U. record for women when she swam 100 yards in one minute and three seconds flat at the national indoor women's championships in Chicago. She is shown with a group of aquatic queens who joined her in seeking to smash existing records. Left to right from Katherine: Eleanor Holm Jarrett, back-stroke champion; Lenore Kight, 220 and 500-yard free-style champion, and Olive McKean, 100-yard free-style champion. (Associated Press Photo)

Romano Thinks Tigers Will Repeat In American Loop

Yankees And Indians To Furnish Stiff Competition This Year

By John J. Romano

Mickey Cochrane will present the same confident crew with which he won the 1934 pennant to repeat again this year. The team has plenty of power at the bat, is strong defensively and has a pitching corps second to none in the league. What more can you expect? Reserve strength. In this Mickey must subscribe to the opinion of those who considered him lucky last year because he went through the entire season without a serious injury to any of his stars. The opposition will be just as strong. It is now up to the likeable backstop to prove that he has better reserves in several youngsters he picked up from the minors.

At the start of the training season some of the older players acted as though they did not have to pep up and show their stuff to the rookies. Cochrane put a stop to this soon after the loss of several games. Since then it has been different. When Detroit opens in Chicago Tuesday, Jimmy Dykes and the rest of the White Sox will face a fighting team from the outset.

Last year Goose Goslin, Jo-Jo White, Ervin Fox and Gerald Walker took care of the outfield. This year a newcomer in the person of Chester Morgan, leading hitter of the Texas league, seems to have displaced one of the regulars. Morgan is short and stocky. He is not graceful going after a fly ball. But he more than makes up for this in hitting, and figures greatly in Mickey's plans.

Infield In Fine Shape

The infield remains the same. Hank Greenberg at first, Charley Gehringer at second, Billy Rogell at short and Marvin Owen at third with young Frankie Parker in reserve. If something should happen to this quartet he will have to draw on Heinie Schuble and another youngster, Herman Clifton. The regulars shape up fine, with two such hitters as Greenberg and Gehringer doing their share, but here again the reserves are nothing to rave about.

Cochrane and Hayworth do the catching and the pitching staff remains the same as the 1934 cast. Schoolboy Rowe, Tommy Bridges, Elden Auker, Elon Hogsett, Firpo Marberry, Vic Sorrell and General Crowder are enough to give rival managers many headaches. In addition to these Cochrane thinks he has another pair who will help him considerably. Joe Sullivan, a knuckle-ball expert who toiled with the Hollywood club last season, has been showing great stuff in spring games. Clyde Hatter is the other leftie who impressed Mickey so that the hard working manager went behind the plate to see just what he had on the ball. With this pair of southpaws, should they be retained, Cochrane is content that the team is good enough to repeat.

Will Force Tigers

The New York Yankees and the Cleveland Indians are figured to furnish stiff competition all the way through. Walter Johnson makes no bones about saying that he has the best pitching staff in the league. With Oral Hildebrand, Mel Harder, Monte Pearson, Willis Hudlin and Clint Brown he has five starting hurlers. For hitters he has Hal Trosky, Earl Averill, Joe Vosmik and Bad News Hale to offer. Another left-handed hitter is Bruce Campbell, who seems to have won a regular berth, and who is figured on to pound the ball into the short right field screen.

Johnson's trouble will come when he misses Billy Knickerbocker, his sensational little shortstop who was operated upon for appendicitis several weeks ago. Walter is gambling on Louie Berger to play up to major league standards at second. He has been experimenting with the veteran Willie Kamm and Roy Hughes in Knickerbocker's position.

Johnson has a powerful ball club. If it holds up until Knickerbocker gets back into the game, it will furnish the Tigers chief opposition.

Now for Joe McCarthy's Yankees. On paper the New Yorkers look stronger than ever with the addition of Pat Malone. McCarthy had Malone when he managed the Cubs and while he did not think much of him at the time, he has changed his opinion and thinks Pat is just the man to delight the heart of Yankee stadium fans who will miss the familiar sight of Babe Ruth in right field and at the plate. Ruth's bat will not be missed as much as some fans think. George Selkirk, Ben Chapman and Freddie Walker have been hitting the ball hard and Jess Hill, who threatens to break into the regular line-up, is not far behind that trio in batting.

Dark Horses

The pitching staff with Vernon Gomez, Johnny Broaca, Johnny Murphy, Red Ruffing and Pat Malone gives McCarthy the same number of starting pitchers as his chief rivals. Lifting Malone out of the National league, where he won 14 games for the Cubs last year, was a smart move on McCarthy's part. He figures Pat will win 20 games for his new club this year.

The Boston Red Sox and the Washington Senators are the dark horses. The former's chances depend a good deal on the work of Babe Dahlgren, rookie first baseman, and Bob Grove's trusty left arm. Should Dahlgren do as well as Cronin confidently predicts, and Grove has one of his good years, it will knock all the dope into a scrambled mess.

Washington fell down badly last year. Injuries riddled the team from the start of the season and the loss of Joe Cronin is expected to be deeply felt. At that, this pair of teams may take enough games from the contenders to make the race the most interesting the American league has seen in years.

DREW, EUREKA WIN VOLLEY BALL MEET

After a series of close games played by elementary schools of Ouachita parish in the annual volley ball tournament at Crosley school Saturday, the boys' team from Drew won the silver loving cup by defeating Swartz, while the girls' team from Eureka wrested a loving cup from Cheniere.

The winning boys' team was composed of James Sullivan, Willis Sanford, Donald Henry, Ivey Sullivan, Philip Henry, Andrew Hart, Ronald Lee Sanford and James Edward Johnson.

The Eureka girls' team included Magdalen Frost, Bernie Frost, Lola Whitlock, Ruby Woolie, Bethalee Spillers, Irma Frost and Beatrice Kerbow.

The day was ideal for the games and the attendance was the largest in many years.

L. S. U. RALLIES TO BEAT PITT IN CAGE TILT, 41-37

Nathan Blair Leads Tigers In Last Half Drive For Victory

ATLANTIC CITY, N. J., April 13.—(AP)—Louisiana State university, power in the Southeastern conference, came from far behind tonight to defeat the University of Pittsburgh, Eastern conference champions, 41 to 37, in their intersectional basketball game.

The bayou Tigers from Baton Rouge, trailing 26-17 at the half, smothered Pittsburgh in the second period with their flashy passing and scored goal after goal from the field.

Buddy Blair, Louisiana's sharpshooting forward, tallied nine field goals and two fouls to score nearly half of the Tigers' points.

Louisiana started fast at the opening of the second half and scored eight points to pull up within a point of the Panthers 26-25.

Two goals by Roderick, Pittsburgh forward, put the Panthers five points ahead. Blair then went into action and gradually cut Pittsburgh's lead to 33-32. Journeay tied the score on a free throw, and Blair sent L. S. U. into the lead for the first time with a long field goal, 35-33.

The Louisiana Tigers were never again headed, Blair making three more goals before the final whistle blew.

Noon, Pittsburgh's lanky center, led the Panthers for scoring honors with five field goals and two fouls. Cribbs, Panther guard, also made five goals.

The game was played in the Atlantic City auditorium before a crowd of 5,000.

The box:

L. S. U. (41)	G.	F.	P.
Blair, forward	9	2	20
Bryan, forward	1	0	2
Harris, forward	1	2	4
Lindsey, center	4	0	8
Dohanon, center	0	0	0
Journeay, guard	0	2	2
Wade, guard	1	3	5
Totals	16	9	41

Pittsburgh (37)	G.	F.	P.
Hughes, forward	2	0	4
Jesko, forward	2	0	4
Ferguson, forward	0	0	0
Roderick, forward	2	0	4
Noon, center	5	2	12
Emrick, guard	1	1	3
Cribbs, guard	5	0	10
Totals	17	3	37

Half score: Pitt 26; Louisiana 17.
Referee: Stan Feassle, Indianapolis.
Umpire: Alvin Bell, Little Rock, Ark.
Personal fouls: Hughes 3, Lindsey 2, Noon 2, Emrick 2, Roderick 2, Harris, Journeay, Wade, Cribbs, Ferguson.
Free tries missed: Blair 4, Wade 3, Hughes, Jesko, Noon 2, Emrick 2.

Walker Cup Matches To Be Played At Clementon

CLEMENTON, N. J., April 13.—(AP)—The Pine Valley Golf club, never negotiated in competition in less than its par-70, will be the scene of next year's Walker cup matches between amateur teams of Great Britain and the United States.

The executive committee of the United States Golf association, meeting at the club, 18 miles from Clementon, made the selection today. Dates for the matches were not set.

The committee also enlarged the match play field for the 1935 amateur championship tournament at Cleveland to 200. Last year 188 players were in the field.

A European form of Yogi, with schools in Paris, Cannes and London, will open a branch in New York.

Exhibition Baseball

A'S WALLOP PHILLIES

PHILADELPHIA, April 13.—(AP)—Connie Mack's Athletics got into the annual city series with the Phillies today with all the power of a bombardment and came through with a 16 to 2 win—their first in three starts in the series to date.

While Sugar Cain, Alton Benton and Johnny Marcum let the National leaguers down with six hits, the A's connected for 13 safeties, including a pair of homers by slugging Jimmy Foxx. Neither Phil Collins, Orville Jorgens nor Bowman were able to hold the A's batsmen in check.

Score:		R.	H.	E.
Philadelphia (A)	021 206 041—	16	13	0
Philadelphia (N)	000 010 010—	2	6	4

Batteries: Cain, Benton, Marcum and Foxx, Berry; Collins, Bowman, Jorgens and Wilson.

GIANTS BLANK INDIANS

NEW YORK, April 13.—(AP)—Hal Schumacher and Clyde Castleman combined to blank the Indians with six scattered hits today as the New York Giants defeated Cleveland 5 to 0 in the first game of their exhibition series at the Polo Grounds.

Schumacher, pitching the first six innings, held the American leaguers to five hits and in addition started the Giants' scoring with a homer off Monte Pearson in the fifth with a mate on base.

Cleveland (A)	000 000 000—	0	6	0
New York (N)	000 021 20x—	5	9	2

Batteries: Pearson, L. Brown and Myatt; Schumacher, Castleman and Mancuso, Richards.

CARDS TRIM BROWNS

ST. LOUIS, April 13.—(AP)—The St. Louis Cardinals, displaying a timely extra-base attack, took the lead in the spring city series today by defeating the Browns, 6 to 3.

Six of the nine hits fashioned off the curves of the Browns, hurlers were good for extra mileage. They included a home run by Joe Medwick, a triple by Ripper Collins, and four doubles, two by Manager Frankie Frisch, and one each by Leo Durocher and Johnny Rothrock.

St. Louis (A)	101 010 000—	3	8	1
St. Louis (N)	000 312 00x—	6	9	1

Batteries: Weiland, Coffman, Andrews and Hemsley; Hallahan, Kleinke and Delancey.

CHISOX DOWN CUBS

CHICAGO, April 13.—(AP)—The White Sox defeated the cross town rivals, the Cubs, in their first home meeting of the exhibition season today, 5 to 2, before 8,000 shivering fans at Comiskey park.

The victory was the third for the American leaguers in as many meetings this spring.

The Sox combed Larry French, new Cub southpaw, for four hits and as many runs in the first three innings, including a homer by Vernon Washington, recruit right-fielder. They frisked Charley Root of a run in the fourth. John Whitehead and Joe Vance, rookie right-handers from the same Dallas team, minimized nine Cub hits into two runs.

Chicago (N)	001 100 500—	2	9	1
Chicago (A)	121 100 00x—	5	8	2

Batteries: French, Root and Hartnett; Whitehead, Vance and Sewell.

YANKS WHIP DODGERS

BROOKLYN, N. Y., April 13.—(AP)—The New York Yankees made effective use of their eleven hits today to defeat the Brooklyn Dodgers 8 to 4 as 5,000 fans, braving adverse weather conditions, turned out to welcome both teams home from their southern training tours.

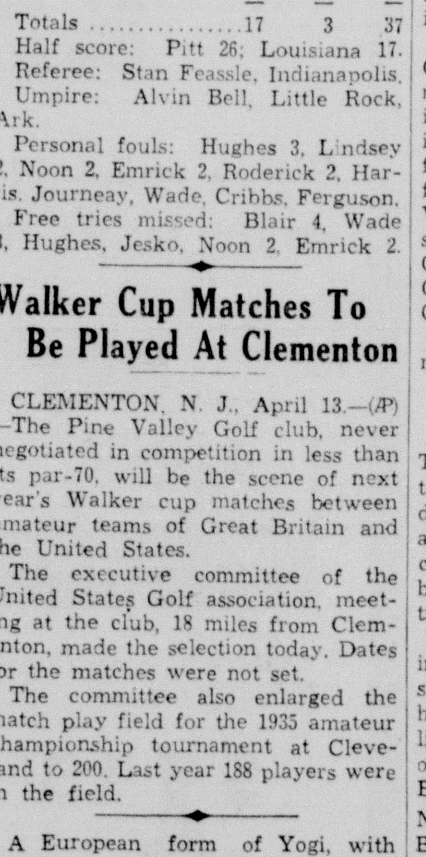
With Lou Gehrig driving in the initial run in the first frame with a single and then connecting with a homer in the third, the Yanks found little difficulty solving the offerings of Watson Clark, Van Mungo, Johnny Babich and Bob Logan.

New York (A)	121 002 200—	8	11	1
Brooklyn (N)	012 001 000—	4	7	0

Gomez, Ruffing, Malone and Dickey; Clark, Mungo, Babich, Logan and Lopez, Phelps.

GREAT GOLF

By Art Krenz



WHEN PLAYING THE HALF-EXPLOSION, THE BALL MUST BE PLAYED WELL OFF THE LEFT FOOT...
©NEA

SHUTE'S HALF-EXPLOSION SHOT BROUGHT VICTORY IN 1933 BRITISH OPEN

One of the hottest fights in the history of the British Open occurred in 1933, and resulted in one of the most dramatic finishes ever witnessed.

At the end of the regulation 2 holes, Craig Wood and Denny Shute, two American professionals, were tied at the top of the pack, and they faced each other in an All-America play-off.

The match between the two Americans was keenly contested, and the break which finally resulted in Shute's victory came at Hell's Bunker, on the long 527-yard, par 5 fourteenth hole at historic St. Andrews, during the morning round of the 36-hole playoff.

After hitting his second shot badly and winding up in this, the deepest trap on the course, Shute could see his two-stroke lead over Wood fading fast. Approaching the green that serves for both No. 4 and No. 14 holes, his ball was resting in the sand to the left and 50 yards away from No. 14 pin.

But for Denny's keen competitive temperament, the tide of victory might easily have turned here. He was faced with taking one stroke to get out, another to get on the green, and two putts to get home for a six.

The lean larruper entered the trap with a well-lofted club and played what he calls a half-explosion. This shot is made by playing the ball well off the left foot. The stance is open and the club is laid well back. A full swing is taken and, as Denny tells me, "One must be sure to hit the ball and the sand at the same time."

As properly executed by Shute, the ball left the trap, hit the green with plenty of backspin, and rolled 15 feet past the pin. He rapped the 15-footer down to score a birdie four against Wood's par five, and picked up another stroke to go three up.

He picked up two more in winning the afternoon and final round.

Southern Expects Close Battle For 1935 Pennant

Five Clubs Given Chance To Cop Flag; Other Teams Improved

THE OPENERS

MEMPHIS, Tenn., April 13.—(AP)—Here's the schedule of opening day games in the Southern association's 1935 pennant race.

Tuesday, April 16:
Knoxville at Atlanta.
Nashville at Chattanooga.
New Orleans at Birmingham.
Memphis at Little Rock.

MEMPHIS, Tenn., April 13.—(AP)—Baseball's year-round fans—the fellows who gather in stove league hang-outs to wage word-battles for this or that team through the winter months—may relax now and await the outcome of their prophecies.

The time has arrived for action instead of ballyhoo, with the 1935 pennant race of the Southern association, heralded as one of the best in years, scheduled to shove off next Tuesday afternoon for the 154-game campaign.

Inauguration of the Shaughnessy system, changes in managerial roles, strengthening of some of the weaker clubs of last season and the general existence of enthusiasm have brought assertions that the league will provide plenty of fireworks before the curtain falls next September.

In every respect the outlook is for a well-balanced "free for all" battle for the gonfalon, with at least five clubs figuring in the race and the other three looming as anything but pushovers.

Extremely popular around the circuit in pre-season discussions, the Atlanta Crackers, a team that won its last flag ten years ago, have been elevated to the post of favorite by the winter "experts" who figure the Georgia member a potential champion.

Generally, however, the flag chase stacks up as a wide open battle, with at least four teams aside from Atlanta—New Orleans, Memphis, Nashville and Chattanooga—fortified with good material and ranked as real contenders.

Under the Shaughnessy system of play, the teams finishing in the first division engage in a post-season series for the pennant. The prevailing assumption is that the race will be a mad scramble to the end, with Chattanooga, Birmingham, Knoxville and Little Rock likely to develop into very tough customers.

Atlanta has one of the best hurling staffs in the league, headed by the veteran Harry Kelley, leading pitcher of 1934. The Crackers have a powerful outfield trio of Dave Harris, Paul Easterling and Henry Oana, and a dependable infield.

Genial Larry Gilbert, the New Orleans manager whose teams have finished out of the first division only twice in the last 20 years, is going after his third consecutive pennant, but the Pelican pilot hesitates to say where his club will come in.

"Atlanta, Nashville and Memphis," Gilbert believes, "will battle it out to a finish at the top," with New Orleans in the playoff series by getting "somewhere" in the select four before the season ends."

In leaving Chattanooga, Birmingham, Knoxville and Little Rock as his last division choices, Gilbert backs up his guesses by saying that any one of these "can prove a dark horse as all are working along with major league teams and cannot be discounted."

Declining to hazard a guess on the race, Mule Shirley, the scrappy Chattanooga pilot who led the Lookouts to an inspired finish last season, expects a "wide open race under the Shaughnessy system, with no favorite and everyone having a chance," particularly since Knoxville has improved and has a working agreement with the Red Sox, Doc Prothro has gone from Memphis to Little Rock to help get the Travelers up the ladder, and the Birmingham Barons are working with Pittsburgh.

Fred Hoffman, the Memphis Chickasaws' new catcher-manager, a former Yankee backstop, openly selects his team to finish out in front, conceded Atlanta second place, New Orleans third and Nashville fourth.

While the majority of the managers have put his team "on the spot" by selecting it to win the flag, Eddie Moore, peppery little manager of the Atlanta Crackers, believes Memphis has the best chance, with New Orleans also strong. As for the Crackers, Moore says determinedly that they will finish no lower than third.

"This league," Moore says, "is better balanced now than I've seen for a long time."

Among those who pick Atlanta to come home in front is Lee Head, manager of the Knoxville Smokies, who sizes up the race in this manner:

"Atlanta, New Orleans, Nashville, Knoxville and Chattanooga look like the cream of the crop this year. However, I look for Little Rock, Memphis and Birmingham to have improved clubs. Atlanta should win the pennant."

As the campaign gets under way fans will watch with interest the work of the veteran Doc Prothro at Little Rock, who transferred there after many highly successful seasons at Memphis.

The Travelers lost several good players through drafting by Pittsburgh and Prothro has gone about building up a squad of youngsters and a few veterans.

"We will be building not for one year but so that in future years we will not find ourselves independent on help from the outside," he says.

CENTER'S TRACK SQUAD TO MEET BULLPUPS MONDAY

Indians Hope To Stretch Winning Streak At Expense Of Frosh

Encouraged by repeated victories, a marauding tribe of Indian track and field men from Northeast Center of L. S. U. here, will move on to Ruston tomorrow where they will attempt to take the scalp of Louisiana Tech's Bullpups.

Fresh from a 58 to 38 victory over the strong Louisiana college freshmen, the Redskins, headed by Kenner Day, all-around track and field star, are looking forward to another win when they hit the camp of the Tech frosh.

Day was good for four first places in the 220 yard dash, pole vault, broad jump and high hurdles at the Alexandria meet and he will be out to repeat in each event tomorrow.

Another man who is expected to give the Pups trouble is Daniel Rachal, one Tribesman who is a strong point winner. He placed first in the 440 and second in 100-yard dash against the Kittens and ran a dead heat with his teammate, Jefferies, in the 880 in a time of two minutes and 19 seconds.

Arlas Guin, who was held in tow at Friday's meet because of a side injury, is expected to be a little more up to form against the Tech team.

Other members of the Indian aggregation are William Rushing, Stud May, Loyce Tinsley, Edwin Cashon, Frank Mosely, Boyd Arnold, and Luther Walters.

The clash with the Pups will be Northeast Center's second dual meet, their first being with the Kittens. They opened their track season by copping two first places in the Southwestern relays at Lafayette and were leading a tri-college engagement at Arkadelphia, Ark., several days ago when a hailstorm stopped the contests.

NATIONAL LEAGUE HONORS HARMON

Former Hurler Is Given Lifetime Pass By President Ford Frick

Bob Harmon, well known former baseball hurler, who quit the national game while at the height of his career to enter the oil game, yesterday received a life-time pass to all National league baseball in recognition of his ten years of service in the senior circuit.

The pass was sent Harmon by Ford Frick, new president of the National League.

Harmon actually was carried as a member of the National loop for 15 years but only 10 of those campaigns were spent in active duty on the hurling mound.

Bob made his major league debut with the St. Louis Cardinals in 1909 and remained there for five years. Then he went to Pittsburgh for another five summers of hurling for the Pirates. Harmon then quit the game for the more lucrative occupation of dabbling in liquid gold in the Homer field but the Pirates carried him on their reserve list for five years in the hope that he might desert the oil game and return to baseball. Bob was still a highly effective pitcher when he quit Pittsburgh.

Harmon was one of the very few major league ball players who quit the game at the height of his career. Bob could have received a handsome contract from any club in the majors when he left the Pirates in 1919.

The former major leaguer, who moved to Monroe some 12 years ago, now operates the Roselawn dairy, south of the city. He said yesterday that he probably wouldn't use the pass but that he was "tickled to get it" just the same.

Estelle Lawson Takes North-South Golf Title

PINEHURST, N. C., April 13.—(AP)—For the first time in the 35 years history of the North and South women's golf championship the title came south of the Mason and Dixon line today as Estelle Lawson, Chapel Hill, N. C., cut down Charlotte Glutting, of East Orange, N. J., in the final round by a one-up score.

Miss Lawson, 26-year-old daughter of a University of North Carolina professor, matched a flawless short game against the superior driving and iron play of the defending titleholder and came off with the edge in a nip-and-tuck battle.

"We have rounded up some good men, and if our green players develop we will be no one's set-up and may surprise some who expect to see us near the bottom."

Nashville, working with the New York Giants, has gathered together a well-balanced squad, headed by a good pitching staff, a veteran outfield and a fast infield. With Frank Brazill, the firebrand skipper, in charge the Vols are likely to go places.

OUACHITA TENNIS TEAM WINS THREE TITLES AT RALLY

Lions Take Girls' Singles And Doubles And Boys' Doubles

RUSTON, La., April 13.—(Special.)—The Ouachita parish high school tennis team of Monroe took off the majority of the laurels in the north Louisiana high school tennis tourney held here Friday and Saturday by capturing three first places.

Ouachita took first places in both the girls' singles and girls' doubles and likewise placed winners in the boys' doubles to take away three of the four first place honors. A Minden high school representative took the boys' singles division for the other first place medal.

Trophies were awarded in both doubles divisions with individual medals going to the first and second winners in the singles. Dawson Kennedy and Isaac Patton, O. P. H. S., teamed up to win the boys' doubles. Jean Sholars and June Moffett, another Ouachita team, took the girls' doubles trophy. Arthur Peaker of Minden won the first place medal in the boys' singles division. Jean Sholars, representing the O. P. H. S. team in girls' singles, was the only contestant winning more than one honor. In addition to taking the first place trophy teamed with Miss Moffett, Miss Sholars came back to capture the individual championship in the girls' singles.

Those that were awarded silver medals for second places were: Max Watson, Tallulah, boys' singles; R. C. White and Richard Sackett, Neville, boys' doubles; Carrie Perce, Neville, girls' singles; Francis Smith and Lucille Brown, Neville, girls' doubles.

Summary:

Arthur Peaker, Minden, defeated Max Watson of Tallulah in the boys' singles, 4-6, 6-2, 6-2.

The Dawson Kennedy-Isaac Patton team of O. P. H. S. defeated R. C. White and Richard Sackett of Neville in boys' doubles, 6-3, 6-0.

Jean Sholars, O. P. H. S., defeated Carrie Perce, Neville, 4-6, 6-3, 6-4.

In the girls' doubles, Jean Sholars and June Moffett of O. P. H. S., defeated Francis Smith and Lucille Brown of Neville, 3-6, 6-4, 6-2.

Semi-finals:

Boys' singles:

Arthur Peaker of Minden beat R. C. White of Neville, 6-2, 6-3.

Max Watson of Tallulah beat Ed Michand of Jonesboro, 6-2, 7-5.

Boys' doubles:

R. C. White and Richard Sackett of Neville defeated Ed Michand and Bob Fullerton, 12-14, 8-6, 6-4.

Dawson Kennedy and Isaac Patton of Ouachita beat Bobby Biles and Jack Howe of Minden, 6-0, 6-3.

Girls' singles:

Jean Sholars of O. P. H. S. defeated Martha Harper of Minden, 7-5, 6-3.

Carrie Perce of Neville beat Martha Wallcot of Bonita, 9-7, 6-4.

Girls' doubles:

Francis Smith and Lucille Brown of Neville defeated Juline Davis and Mary Ward of Minden, 6-0, 6-1.

Jean Sholars and June Moffett of O. P. H. S. beat Martha Walcott and Sadie Ransopher of Bonita, 6-1, 9-7.

TEN MATCHES IN LAKESIDE MEET

Time For Playing First Round Matches Is Extended One Week

Inclement weather last week cut down the number of first round matches played in the annual spring handicap golf tournament at Lakeside Country club and the time for completing the first round has been extended one week, Manager Shep Girault announced last night.

Ten matches were played last week, with Bun Beasley turning in the best score of the first round. He shot a 75-4—71 in defeating Albert Marx, 2 and 1.

Other matches were as follows:

C. S. Foster defeated Ben Downing, 3 and 2.

H. K. Touchstone defeated W. C. Scott, 4 and 3.

M. S. Biedenharn defeated J. L. Keenan, 3 and 2.

Harry Frazer defeated Ben Downing, Jr., 2 and 1.

M. C. McDonald defeated J. S. Washburn, 6 and 5.

Bobby Oliver defeated J. H. Trousdale, 5 and 3.

R. McWilliams defeated Wilson Ewing, 1 up.

C. W. Wallace defeated E. J. Seymour, 5 and 4.

C. C. Boardman defeated Frank Farmer, 3 and 2.

Manager Girault said he expected several matches to be played today. First round matches must be completed this week and second round play will begin on April 22.

KIGHT SCORES DOUBLE

CHICAGO, April 13.—(AP)—Lenore Kight, star of the Carnegie library club team of Homestead, Pa., scored a double in the women's national indoor swims tonight by retaining her title easily in the 500-yard free-style with a 20-yard margin over Mary Lou Petty, Washington A. C., Seattle. Miss Kight's time was 6:21.9, more than six seconds slower than her own world's record. Miss Kight's victory clinched the team championship for her team with 23 points.

PLUMMER MEETS LARUE IN MAT SHOW WEDNESDAY

ROUGH MATCH IS EXPECTED IN MAIN EVENT THIS WEEK

Bruscato To Attempt To Sign Kelly For Semi-Final Battle

Johnny Plummer, the husky Iowan who holds the stadium championship, will tangle with Frenchie LaRue, wild Canadian, in the main event of the weekly wrestling show at Roosevelt stadium Wednesday night, Promoter Charlie Bruscato announced yesterday.

Plummer, one of the best matmen in the string which has been performing at the stadium for the past couple of years, hasn't shown here in more than a month. In his last appearance here, Johnny's wife mixed it in a fistic battle with one of the fair fans and a near riot resulted. Mrs. Plummer sometimes accompanies Johnny on his wrestling tours and she usually is a most enthusiastic rooter for her hubby. She objected to the fan's alleged threats to do bodily harm to her burly mate and the fight resulted. Plummer had aroused the customers' ire that night and they sought his scalp after the match had terminated.

In LaRue, Plummer will be meeting a foe who will require all his roughness. Johnny has put on some pleasing performances here and other of his efforts haven't suited the crowd so well. Plummer knows plenty about the wrestling game but he doesn't always choose to follow the straight and narrow path when he's in the ring. He's better at tossing an opponent out of the ring than any of the stadium pachyderms and undoubtedly Mons. LaRue will find himself resting in the aisle several times Wednesday night.

LaRue also has been conspicious by his absence lately. And he, too, has run afoul of the fans on several occasions. In fact, on his last appearance here, he was threatened with arrest because he stirred up a riot by beating up the referee after he had lost a match. Frenchy can arouse the customers to an even greater degree of anger than Plummer. And he takes a delight in doing it.

So Wednesday's main event should be packed with action, if nothing else. Plummer probably will try some of his science on the Frenchman and LaRue undoubtedly will counter with plenty of rough stuff, with numerous fouls thrown in for good measure. Then if Johnny loses his temper and decides to match Frenchie's tough tactics, it's likely to develop into a gory battle.

Bruscato said he expects to line up an excellent semi-final for the Wednesday card. He hopes to book Ernest Kelly and he has Kelly's assurance that he'll come here if the lip injury he suffered in his bout with Don McIntyre last Wednesday night has healed sufficiently to allow him to do his stuff.

Both matches will be best two out of three falls, with the main event limited to two hours and the semi-final having a one-hour time limit.

You'll Agree With The Mayor That There's No Sense To This Hossrace

By Cleveland Williams
(Associated Press Staff Writer)

SEATTLE, April 13.—(AP)—Stogie, a 100-to-1 shot in the Seattle Park Board's Great Spavin Derby, "the crookedest horse race in the world," crawled in third today to win first prize—a keg of beer and a crown of carrots—by accident.

If Stogie hadn't staggered into Firecracker, the American Legion horse, that roan stallion never would have had a chance to make third, for during most of the race Stogie was out.

Soap Bubbles, a peculiar animal resembling a cross between a burro and a jack rabbit, wearing an umbrella and spectacles, was last, and so won second place in the goofy derby. Better Times was technically third.

Kobuck Maiden, fastest horse of the exhibition, came in first and was awarded the sissy prize, a bag of oats. She was entered by the Alaska Chamber of Commerce, and her jockey wore full Eskimo costume.

The distance was one furlough and three staggers. Winner's time: 7 1-2 minutes.

All 20 of the horses were over 12 years of age, but nobody was quite certain how many ran. Weinerschnitzel died on the track just before the race, others were scratched, some sat down, some joined the event after it was over. More than 40 had entered.

"They're off!" shouted 5,000 spectators at Woodland Park, when the gong sounded, but the spectators were [illegible] not the languid steeds. It took a fire department siren and much persuasion to get them to move. The voice of Football Coach James Phelan of the University of Washington, the starter, finally did the trick.

In the stretch they all balked, but the board of stewards had thoughtfully sprinkled oats over the finish line so most of the horses scrambled for lunch.

"There is no sense to this derby," [illegible] Mayor Charles Smith, "but as [illegible] as we are going to have it, why [illegible] enjoy yourselves?" The customers [illegible]

Jockeys wore rubber boots, umbrellas, ancient armor, plug hats, gas masks, helmets, wild west chaps and [illegible] and even bathing suits.

HATTIESBURG WINS

HATTIESBURG, Miss., April 13.—[illegible] Hattiesburg high school made a [illegible] sweep in southeast regional [illegible] tournament here today winning [illegible] four matches in girls and boys singles and doubles, only five schools [illegible] part, they were Hattiesburg, Brooklyn, Ellisville, Lucedale and Sumrall. The tournament was postponed by rain from March 30 when [illegible] annual track meet was held.

Dempsey Credits Success To Knockout By Jim Flynn

Fireman Made Him Mad, Says Jack, And He Went On To Win Title

By Edward J. Neil
(Associated Press Sports Writer)

NEW YORK, April 13.—(AP)—So Fireman Jim Flynn is dead, eh? Say that's too bad, too bad.

A thoughtful scowl covered Jack Dempsey's dark face. The mind of the old Man Mauler roamed back 18 years to Salt Lake City and the only knockout of his entire fighting career, at the hands of this same Fireman Jim Flynn.

"Too bad," he said again. "If it hadn't been for him, funny as it sounds, I'd probably never be here right now. I'd never have been a heavyweight champion. He made me so mad I had to be a good fighter."

Then he went back to the beginning of a story that may never have been told before.

"I was just a kid, 22, and I was down," he said. "I'd just gotten back from New York, and on the brake rods of a freight train, after John Lester Johnson broke a couple of my ribs just when I thought I was ready to set the world on fire. I was broke, and I was having plenty of family trouble.

"I got back from Salt Lake, and Flynn was a big shot. They thought he'd be the next champion. They were looking for someone toi 'feed' to him. I was in no shape. I wasn't eating regularly. I couldn't train with my bad side. But they offered me $200, and that looked like all the money in the world. I grabbed at it.

"Flynn had a big name, a great reputation, and that worried me. He was supposed to have made Jack Johnson quit in a fight. I was really scared, I guess. And that night, as we shook hands, he crossed a terrific right to my chin before I even got my hands up.

"They told me I went down face first. I never knew what hit me. Everything just went black. I got up two or three times and he put me right down again. Louis Firpo hurt me more, because I could feel his punches. But I guess no one in all my career ever hit me that hard. Halfway through the first round my older brother, Bernie, who was seconding me, tossed in the towel. Guess I couldn't have gotten up anyway.

"Getting knocked out wasn't so bad at that stage of the game, but it finished me on top of the Lester Johnson flop. I walked out that night after I came to and I was certain I'd never fight again. I was going back to mining. I don't think I ever would have fought again, except that Flynn kept telling everybody he could do the same thing to me any time again. He kept talking that way. I got so mad I forgot about mining. All I wanted was revenge.

"I left Salt Lake and my luck in the ring turned right away. I started to nail 'em. They began to go down and stay down. I beat Charley Miller, Bob McAllister, Homer Smith and some others, then I came back, to Kenosha, Wis., in 1918, to square things with the Fireman.

"I was a madman that night all right. This time I got in the first belt. He went down. He got up three or four times, and then he couldn't get up at all. I was so hot then that within the next year I got my chance against Jess Willard at Toledo.

"But if Jim Flynn hadn't made me so mad I couldn't quit the ring, I'd be swinging a pick now in the mines out in Colorado, I guess."

Dempsey insists that suspicions that have been cost at times on that first fight were absolutely unjustified. There were hints, at times, that he needed that $200 so badly that he "took" the first punch and the walloping that went with it, as part of the agreement he made when he got the fight.

"Wrong," said Dempsey, "all wrong. I never needed money that bad. He threw the first right. I caught it. And I never knew what happened after that. That wasn't the first, or the last time either, that I forgot to duck."

Ole Miss Again Trounces Tennessee Teacher Nine

UNIVERSITY, Miss., April 13.—(AP)—Slamming out a total of 22 base hits, including one homer by Clarence Hapes, the University of Mississippi baseball squad handed the West Tennessee Teachers of Memphis a decisive 17 to 3 trouncing here this afternoon in the second of a two game series. The Tennessee diamond team was able to gather but four hits off McWilliams, Ole Miss sophomore twirler, and Hodges, veteran moundsman.

Score by innings:

Ole Miss .... 500 223 14x—17
Teachers .... 000 200 010— 3

McWilliams, Hodges and Rogers; Freeman and McWilliams.

Louisiana Tech Freshmen Beat Simsboro Team, 6-4

RUSTON, La., April 13.—(Special)—In a game featured by extra base knocks, the Louisiana Tech frosh baseball team def[illegible] a Simsboro town team here Saturday afternoon by a 6 to 4 score.

Hewit of Tech and Stokes of Simsboro hit home runs. Gardner, another Tech yearling, accounted for three of the Bullpups' eight hits with a triple and two singles in four trips to the plate.

Score by innings:

Simsboro ....000 001 210— 4 7 1
Tech Frosh ......020 001 03x— 6 8 6

T. Rasbury and W. Rasbury; Darling and Hasha.

New higher capital taxes are expected to slow up the investment of capital in new industries in Colombia.

BASEBALL LIKELY TO DRAW BIGGER GATES THIS YEAR

(Continued From Sixteenth Page)

to finish on top, neither of these two clubs has a convicing margin. In fact the pre-season "dope" now points more strongly to the New York Giants as the likely winner of the National league race, with Detroit and New York figuring to make it at least a three-cornered affair in the junior circuit.

Cleveland's loss of Billy Knickerbocker, star young shortstop, is the biggest blow suffered by any contender. Walter Johnson's Indian's will be forced to start the season with a pair of rookies, Lou Berger at second base and Roy Hughes at short in place of Knickerbocker who will be on the sidelines for at least another month as a result of an operation for appendicitis. If the club's power and pitching rally sufficiently to make a bold bid for the pennant.

Detroit, with the same lineup that finished seven games in front of the Yankees, is certainly the club to beat in the American league. The Tigers, inspired by Cochrane, pack a tremendous punch. They would get improved pitching from a staff boasting three splendid right-handers in Rowe, Bridges and Auker. Their outfield defense may weaken and there's always the risk of injuries to regulars, with no outstanding replacements handy, but the burden of proof will be on the rest of the league if the club escapes mishaps.

Managed by Joe McCarthy and captained for the first time by Lou Gehrig, home run king and iron-man of the big leagues, the Yankees have the speed and pitching, as well as sufficient power, to go places. They will miss the great Ruth as a drawing card but not in right field where the speedy George Selkirk looms as one of the best of the club's youthful new regulars. The return to form of key men like Tony Lazzeri, Earle Combs and Bill Dickey, No. 1 backstop, must be sustained, however, if the Yankees are to capitalize the pitching of an exceptionally capable staff, headed by Lefty Gomez, Red Ruffing, Johnny Broaca and Pat Malone, ex-Cub.

The Boston Red Sox and the Philadelphia Athletics loom as the "dark horse" entries in the American league derby. Cronin's bat, shortstopping ability and leadership make the Sox a stronger outfit but the pitching staff is a distinct gamble, with the come-back of Lefty Grove still doubtful. The A's, with Jimmy Foxx behind the bat and working wonders with a young pitching staff, have the stuff to spring a big upset. It's anybody's guess as to whether the Washington Senators, despite shaky pitching, the St. Louis Browns or the Chicago White Sox will do anything more than struggle to keep out of the cellar.

The Cardinals, with a new centerfielder in the sensational Terry Moore, otherwise will start off with the same lineup that overhauled the Giants in the last month of the 1934 season and then beat the Tigers in a seven-game world series thriller. They have speed, power and the Dean brothers but lack the all-around balance and pitching resources of the Giants.

Headed by Hubbell, the four-man staff of the New York club is the best in the league. The addition of Dick Bartell at shortstop, together with much better reserve strength, gives the Giants what they lacked in last year's stretch drive.

The Pittsburgh Pirates and Chicago Cubs, who shook up their lineups during the off-season by engineering a big player swap, both figure to benefit from the deal but it would be an upset for either to win the pennant. The Boston Braves, capitalizing Ruth, will get the most from limited resources under Bill McKechnie's leadership. The Brooklyn Dodgers have come to life again under Stengel and may be one of the most improved clubs in the league. The Phillies will need all of Manager Jimmy Wilson's ingenuity in handling his pitchers to escape being overtaken by the hustling young Cincinnati Reds, whose rookie lineup looms now as one of the season's surprises.

Glasgow, Scotland, will hold a "Century of Progress" exhibition in connection with the centenary of the city.

RAINS SLOW UP DERBY ENTRIES NOW IN TRAINING

Soggy Kentucky Turf Makes Classic More Uncertain Than Ever

By Charles M. Guthrie
(Associated Press Staff Writer)

LOUISVILLE, Ky., April 13.—(AP)—With the Kentucky Derby but three weeks hence there is more uncertainty than in many years as to the probable starters.

Aside from a few major candidates, certain to start, barring training mishaps, the field is yet to be selected from some two score thoroughbreds.

An abundance of rain, welcomed by Kentucky farmers after an unusually dry winter, has proved no corresponding blessing to Blue Grass trainers, prepping for the classic mile and a quarter.

Tracks here and at Lexington have been so sloppy that training has been slow, boding no special good for such likely nominees as Chance Sun, Chance View, Boxthorn and Nellie Flag.

Despite the fact that Chance Sun still rules the future book favorite at the exceptionally short odds of four to one, the sticky Blue Grass tracks have turned the thoughts of some experts toward Mrs. I. D. Sloane's Trio that spent the spring on her farm near Columbia, S. C., and other nominees that have been racing on California and Florida tracks.

Mrs. Sloane's derby candidates are Psychic Bid, Special Agent and Young Native.

Reports from the east indicate that William Woodward's Omaha and Mrs. Payne Whitney's Plat Eye, two colts calculated to make things interesting for Chance Sun, are rounding into shape in impressive manner. Bluebeard, recently sought from W. R. Coe by Mrs. R. B. Fairbanks, had the benefit of racing in California in the late winter, before being brought here, but has yet to be tested over a mile.

Turf sages of the Blue Grass believe the derby field will probably be drawn from the following: Chance Sun, Commonwealth, Omaha, Plat Eye, Sun Fairplay, Boxthorn, Big Gawk, Psychic Bid, Nellie Flag, Bluebeard, Chance View, Our Reigh, Count Arthur, Mantagna, Roman Soldier, St. Bernard, Blackbirder, Today, Weston, Hank Mactavish, Sir Beverley, Brannon, World Series, Calumet Dick, Sound Advice, Finance, Morpluck, Purple Knight, Whizzaway, Gallaclay, Whiskola, Good Flavor, Shoeless Joe, Bachelor Dinner, Cold Shoulder, Nice Talk and Jawapa.

TECH GOLF TEAM LOSES TO TULANE

Green Wave Squad Wins, 13-5; Cole Turns In Lowest Score

NEW ORLEANS, La., April 13.—(AP)—Tulane University's links team scored a 13-to-5 point victory over the invading Louisiana Tech golfers today, at the West End Country club course taking three of the four individual matches played in the forenoon, and dividing the four-ball contests after lunch.

In the feature match of the program, Bobby Monsted, of Tulane, scored a three-point victory over Jim Cole of the visitors; taking both the nine-hole counts, and also the 18. The events were decided by the Nassau system of scoring.

The results of the matches as played, follows:

Bobby Monsted, Tulane, defeated Jim Cole (captain) Louisiana Tech, 3 to 0.

Bob Daray (captain), Tulane, defeated John Thurmon, Louisiana Tech, 3 to 0.

"Scotty" Budreau, Tulane, defeated B. F. Bolin, Louisiana Tech, 3 to 0.

Jack Armstrong, Louisiana Tech, defeated "Pinky" Oliver, Tulane, 3 to 0.

Cole and Thurmon, Louisiana Tech, defeated Daray and Monsted, Tulane, 2 to 1.

Budreau and Oliver, Tulane, defeated Bolin and Armstrong, Louisiana Tech, 3 to 0.

Lowest score of day, Jimmy Cole Louisiana Tech, 76, four strokes over par.

Air mail service has just been inaugurated between South America and London.

Tulane Tennis Team Wins From Alabama Squad, 6-0

NEW ORLEANS, April 13.—(AP)—Tulane University's tennis team today defeated the University of Alabama net team, 6-0.

The summary:

Ernie Sutter, Tulane, defeated Vic Ramis, Alabama, 6-2, 6-0.

Kendall Cram, Tulane, defeated Bill Branch, Alabama, 6-1, 6-2.

Ashton Phelps, Tulane, defeated Morris Marcus, Alabama, 6-2, 6-3.

John Thorn, Tulane, defeated Don Grant, Alabama, 6-1, 6-2.

In the doubles matches Sutter and Cram defeated Ramis and Bill Simpson, Alabama, 6-3, 9-7, while Dick Haspel and John Thorn downed Bill Branch and Don Giant, 6-2, 6-1.

ALLISON MEETS GRANT IN FINAL

No. 1 Star Battles Atlanta Youngster For Biltmore Title

ATLANTA, Ga., April 13.—(AP)—Playing in bitter cold weather, Wilmer Allison of Austin, Texas, and Bryan M. (Bitsy) Grant of Atlanta advanced today to the final round of the annual Atlanta-Biltmore invitation tennis tournament.

Allison, the nation's ranking racquet wielder, easily eliminated Billy Reese of Atlanta, captain of the Georgia Tech net team and second among the intercollegiate players of the United States, in straight sets, 6-3, 6-2, 6-3.

In the second semi-final match, Grant was extended in the first two sets but pulled through with remarkable placements and an untiring defense to wear down Berkeley Bell of New York in straight sets, 8-6, 8-6, 6-1.

Grant, ranked 10th nationally and conqueror recently of Allison, the No. 1 star, in four sets at Houston, displayed uncanny ability in returning seemingly impossible shots and finished under wraps.

Utilizing a baffling cross-fire and confining his game mostly to the back court, Allison had little trouble against Reese, who often was caught off his guard by the former's drop shots near the net.

Allison and Grant clash in the finals tomorrow afternoon at 2:30 p.m. (C. S. T.).

Competing on a clay court, where he has proved himself almost invincible against the country's ranking players, Grant, the national clay courts champion, registered his second victory over Bell this year, having conquered the seventh ranking performer in the Miami-Biltmore tournament several weeks ago.

The 120-pound diminutive star is favored over Allison in the finals, due to his remarkable ability to cover all corners of the court and stage spectacular rallies. Grant, by virtue of his stellar winter and spring exhibition, recently was named to the Davis cup squad and will go to Mexico City to play against China in the zone competition.

Awards Given Columbia High School Grid Squad

COLUMBIA, La., April 13.—(Special)—Members of the Crimson Tide, Columbia high school football team of 1934, received awards for their past season's campaign this week at ceremonies held in the auditorium of the school.

Sweaters were given to all lettermen who will be back in the Tide's lineup this coming season while those who will be leaving the school this spring were awarded miniature silver footballs. Cheer leaders and managers also received recognition at the program.

The silver footballs went to Captain Gordon Adams, Alkin Duke, Frank Tichell and Chadwick Zeigler. Eighteen other Tidemen who received their letters were R. B. Culpepper, Veston Kelly, Clarence Hinton, Victor Adams, Hollice Cruse, Hollice Gilliland, Ulis Kelly, Joe May, J. W. Waggoner, Otha Martin, Herman Gunn, John Russ Hawkins, Stancil Ramsey, Thomas Burk, James Hawkins, Marvin Corley and Wilson Lee.

Student managers were Roy Geirod and Bill Turner, and the cheer leaders were Carry Joe Hill, E. W. Corley and Josephine Meredith.

TEXAS LEAGUE

Tulsa 1; Oklahoma City 8.
Beaumont 12; San Antonio 1.
Dallas 5; Fort Worth 9.
One night game.

THE CHAMPION'S FAVORITE FRUIT

Oh boy! And was that watermelon good!

There's nothing like it for a little relaxation during a hot marbles game, and here's the proof.

Above we have Preston Bourgeois of New Orleans, La., and Hallie Mulder of Memphis, Tenn., up to their ears in the good old melon.

The scene was taken during the playing of the Southern Finals of the National Marbles Tournament at Gulfport, Miss., last summer.

Gulfport will be host to the south's finest mibsters again this June, and the northeast Louisiana tournament is being sponsored by the News-Star—World.

The northeast Louisiana champion will be entered in the southern finals, with all expenses paid by this newspaper.

MOVIE PARTY FOR MARBLE PLAYERS

Mystery Thriller Booked For Free Show At Capitol Saturday

Here's some more good news for the boys and girls who plan to enter the News-Star-World's big marble tournament.

Plans were practically completed yesterday for the free movie party to be given all entrants next Saturday morning. At a conference between Manager Bob McCoy of the Capitol theater and the marble editor, the thrilling mystery picture "The White Cockatoo" was selected as the film to be shown. The party will be held at the Capitol and will start promptly at 9:30 o'clock. And all you have to do to gain admission to the theater is enter the marble tournament, which has as its grand prize a week's vacation at Gulfport, Miss., where the northeast Louisiana champion will compete with other state champions.

"The White Cockatoo" is a Warner Brothers first-run mystery thriller which stars Ricardo Cortez. The supporting cast is excellent and boys and girls who attend the party are assured of some real thrills.

There will be other attractions Saturday. And the marble editor will be there to tell you all about the big tournament, including the dates for the first games to be played.

Don't forget, every boy and girl in northeast Louisiana under 15 years of age is eligible to compete in the tourney. And all of you who enter are urged to attend the movie party. It doesn't cost anything to enter the tournament and there's no charge for the theater party.

The parishes of northeast Louisiana are East Carroll, West Carroll, Madison, Tensas, Concordia, Richland, Morehouse, Ouachita, Franklin, Union, Caldwell, Catahoula, LaSalle, Winn, Jackson and Lincoln.

Watch the World and News-Star for further details concerning the tournament and practice daily, because it will take plenty of practice to win that grand prize.

MISSISSIPPI WILL KEEP ITS STARS

Sasse And Walker On Tour To Persuade Athletes To Stay Home

JACKSON, Miss., April 13.—(AP)—Mississippi is experiencing a new sort of a campaign, one "to keep Mississippi athletes at home."

Athletic authorities of the state's two leading colleges, Mississippi State and the University of Mississippi, literally have been "shelling the woods" during the past few weeks in an intensive campaign to persuade budding high school athletic stars to attend state colleges.

The hue and cry has gone out that "too long have the big schools in neighboring states been getting the cream of the crop in an athletic way in Mississippi.'

Major Ralph Sasse, the new athletic director at State college, has fired alumni of that school with enthusiasm and State alumni are rallying to the call of their "alma mater" as never before, he says.

He and Coach Ed Walker of Ole Miss have been crossing one another's trail in a "good will" canvass of the state during the past few weeks.

"Contact meetings," they call them, getting acquainted with the alumni.

"Recruiting?" No, not that, explains Walker. "But these Mississippi boys should be in Mississippi schools, and we're out to get them if we can."

Athletic authorities at the two state schools, both members of the Southeastern conference, are out to compete with the "big schools" for the state's own athletic products, they say.

Alumni meetings are being held in practically every county of the state. Alumni who haven't received a letter from the graduate manager in twenty years are receiving personal calls. They are being imbued with a new type of "college spirit."

And the results thus far, say the coaches, has been "most encouraging."

The king and queen of Denmark lead many of the social functions during the winter season at Cannes, France.

Bobby Jones Says

After we have placed the club diagonally across the hands, so that the top of each wrist is slightly depressed, the angle between club and arms has been properly turned. The next step is to make certain that the hands are in position with respect to other parts of the body that will make a correct swing possible.

The grip shown above in figure C labelled "wrong" might better have been called by a stronger name. For actually no player alive could execute a proper golf stroke with such a grip. The hands being so placed that they cannot possibly work together no amount of skill can blend what movements they can make into a correct swing. Yet many, who have been playing long enough to know better, continue to use a similar grip.

Figure A-B presents a front view of a correct grip. I do not say it is the correct grip, for some latitude is allowable to meet peculiar requirements of the individual. In a broad sense, the two chief requirements are: (1) That the left hand should be to some extent on top of the shaft, and (2) that the right hand should be placed approximately against the side of the shaft.

It happens that the V between the thumb and forefinger of my left hand points very nearly to my right shoulder, and the similar V of my right hand points approximately up to the shaft. It happens also that looking down upon my left hand, as it holds the club in the position of address, I can see two knuckles quite plainly and the outline of the third. But no precise rules can be made, although no radical deviation may be allowed.

Since the left arm must dominate the stroke though it will not, it must be placed in a position of power; and since the right hand must be restrained from its natural inclination to take charge it must be made relatively weak. With the left hand over the shaft, the left arm is free so that it can swing through without hindrance. With the hand to any degree under the shaft, the swing is likely to be stopped by jamming the left elbow against the ribs.

Actually, a good placement of the right hand may be obtained by moving it fully opened, against the side of the shaft, with its palm presented to the hole or other objective. While the left arm remains straight and transmits a pull from the left side, the action of the right is mainly that of the forearm driving the hand through, straight on the line of intended flight. From this position the right hand may simply move over to grasp the club in the manner described in the first of this series.

Although, as I have said, some latitude may be allowed each individual, the grip illustrated is not extreme and ought to fit almost anyone. But the person who grips with both hands, or with either hand, in the manner shown in figure C is a hopeless case until he makes a change. A correct grip is the first need of a golfer.

Columbia Nine To Play Two Contests This Week

COLUMBIA, La., April 13.—(Special)—The Columbia high school's baseball team, which trounced the Olla-Standard nine, 8 to 6, in a five-inning game Friday, has two more contests ahead of it this week when it meets Grayson high school's aggregation and the Kelly high school team.

The Tide meets Grayson on the Grayson diamond Wednesday afternoon and Kelly on Friday. Kelly boasts the only team to beat the locals this season.

A fourth inning rally, in which the Tide scored five runs, brought the locals from behind in their skirmish with Olla-Standard. The invaders took an early lead but the pitching of Fluitt, who held Olla-Standard to three hits and struck out seven batters, tightened down as his teammates pounded out four doubles and a triple to take the game.

TIGERS TO ENTER STRONG TEAM IN PENN RELAY MEET

Moore Hopes To Make Good Showing In At Least Four Events

BATON ROUGE, La., April 13.—(Special)—There are at least four numbers on the Penn relay program that will feel the wrath of the sage of southern track and field coaches, Mr. Bernie H. Moore, that likeable fellow who guides the destines of the Louisiana State Tigers.

For Bernie is going to the Philadelphia athletic carnival, April 26-27, "loaded for bear," so to speak. His aces in the hole happen to be a couple of young men—Glenn Hardin and Nathan Blair by name—both of whom have been personally associated with the title: "National Champion."

"Slats" Hardin, the world record holder for 440 meters at 50.6 seconds, goes back to the race in which he first rose to national prominence in the 1932 Olympic games. It was at the hands of Robert Tisdale, the Irish champion and winner of the event in the Los Angeles games, that Hardin suffered his only defeat in the 400-meter hurdles.

Besides competing in his favorite event, Hardin, capable of a 46.8 quarter-mile, will also run a leg on two of the Louisiana Tigers' relay combinations, the mile and two-mile.

Blair, one of the greatest of L. S. U.'s all-around stars, took a hop-step-and-jump back in 1933, the year the Tigers' rose to their first national intercollegiate championship, that established him as the National A. A. U. champion that year.

A consistent 48-footer in the "hop-step," Buddy is also proficient with the javelin, having pitched the spear "in the money" in the last two N. C. A. A. games. He has passed the 200-foot mark twice this spring, despite the fact that his arm has been troubling him and is still.

Moore's two-mile relay combination is one of the country's fastest, 7:45; and, except for one man, it was this same quartet which walked away with the event in the 1934 Drake relays and did it in record time. In addition to Hardin, the team will be comprised of Ted O'Neill, John Sanders and either E. A. Black, Pat Murphy or Horace Godboldt. Hardin, Black, O'Neil and either Roberts or Sanders will sprint the four quarters of the mile relay.

L. S. U.'s only other certain entry is that of Clerence Roberts in the high hurdles, now the star pupil of Moore in the event which has seen two great hurdlers blossom under Bernie's teachings—Al Moreau and George Fisher. Roberts has broken 15 flat consistently this spring; and can be counted on for a 14.7 or 14.8 race at the Quaker City.

There is a possibility that L. S. U. will enter a distance medley race, a high jumper, a shot putter, and a pole vaulter.

Jack Torrance, L. S. U.'s great shot putter who completed his collegiate career last summer by pitching the iron ball 37 feet plus, will accompany the Tigers on their invasion of the east.

BRADDOCK SIGNS TO BATTLE BAER

Date For Heavyweight Championship Bout To Be Set Next Week

NEW YORK, April 13.—(AP)—James J. Braddock, 28-year-old New Jersey veteran, who little more than a year ago was not regarded as a suitable opponent for Germany's Walter Neusel, signed a contract today with Madison Square Garden to meet Champion Max Baer in a 15-round heavyweight boxing title bout in June. The date will be announced next week.

Braddock, whose recent victories over John Henry Lewis and Art Lasky made him an outstanding contender for the crown, signed for 15 per cent of the net receipts after deductions for federal and state taxes. Baer, who is under contract to the Garden for one title defense, will receive the champion's customary 37 1-2 per cent, the Garden said.

It is the champion's prerogative to reject a challenger. Should Baer do this at the meeting of the New York state athletic commission next Tuesday, then the titlist may face suspension in this state until such time as he agrees to meet Braddock.

MUTUEL BILL KILLED

ALBANY, N. Y., April 13.—(AP)—The senate of the New York legislature today killed a bill for a constitutional amendment to legalize pari-mutuel betting in the Empire state. The vote was 16 to 31.

PLUMMER MEETS LARUE IN MAT SHOW WEDNESDAY

ROUGH MATCH IS EXPECTED IN MAIN EVENT THIS WEEK

Bruscato To Attempt To Sign Kelly For Semi-Final Battle

Johnny Plummer, the husky Iowan who holds the stadium championship, will tangle with Frenchie LaRue, wild Canadian, in the main event of the weekly wrestling show at Roosevelt stadium Wednesday night, Promoter Charlie Bruscato announced yesterday.

Plummer, one of the best matmen in the string which has been performing at the stadium for the past couple of years, hasn't shown here in more than a month. In his last appearance here, Johnny's wife mixed it in a fistic battle with one of the fair fans and a near riot resulted. Mrs. Plummer sometimes accompanies Johnny on his wrestling tours and she usually is a most enthusiastic rooter for her hubby. She objected to the fan's alleged threats to do bodily harm to her burly mate and the fight resulted. Plummer had aroused the customers' ire that night and they sought his scalp after the match had terminated.

In LaRue, Plummer will be meeting a foe who will require all his roughness. Johnny has put on some pleasing performances here and other of his efforts haven't suited the crowd so well. Plummer knows plenty about the wrestling game but he doesn't always choose to follow the straight and narrow path when he's in the ring. He's better at tossing an opponent out of the ring than any of the stadium pachyderms and undoubtedly Mons. LaRue will find himself resting in the aisle several times Wednesday night.

LaRue also has been conspicious by his absence lately. And he, too, has run afoul of the fans on several occasions. In fact, on his last appearance here, he was threatened with arrest because he stirred up a riot by beating up the referee after he had lost a match. Frenchy can arouse the customers to an even greater degree of anger than Plummer. And he takes a delight in doing it.

So Wednesday's main event should be packed with action, if nothing else. Plummer probably will try some of his science on the Frenchman and LaRue undoubtedly will counter with plenty of rough stuff, with numerous fouls thrown in for good measure. Then if Johnny loses his temper and decides to match Frenchie's tough tactics, it's likely to develop into a gory battle.

Bruscato said he expects to line up an excellent semi-final for the Wednesday card. He hopes to book Ernest Kelly and he has Kelly's assurance that he'll come here if the lip injury he suffered in his bout with Don McIntyre last Wednesday night has healed sufficiently to allow him to do his stuff.

Both matches will be best two out of three falls, with the main event limited to two hours and the semi-final having a one-hour time limit.

You'll Agree With The Mayor That There's No Sense To This Hossrace

By Cleveland Williams
(Associated Press Staff Writer)

SEATTLE, April 13.—(AP)—Stogie, a 100-to-1 shot in the Seattle Park Board's Great Spavin Derby, "the crookedest horse race in the world," crawled in third today to win first prize—a keg of beer and a crown of carrots—by accident.

If Stogie hadn't staggered into Firecracker, the American Legion horse, that roan stallion never would have had a chance to make third, for during most of the race Stogie was out.

Soap Bubbles, a peculiar animal resembling a cross between a burro and a jack rabbit, wearing an umbrella and spectacles, was last, and so won second place in the goofy derby. Better Times was technically third.

Kobuck Maiden, fastest horse of the exhibition, came in first and was awarded the sissy prize, a bag of oats. She was entered by the Alaska Chamber of Commerce, and her jockey wore full Eskimo costume.

The distance was one furlough and three staggers. Winner's time: 7 1-2 minutes.

All 20 of the horses were over 12 years of age, but nobody was quite certain how many ran. Weinerschnitzel died on the track just before the race, others were scratched, some sat down, some joined the event after it was over. More than 40 had entered.

"They're off!" shouted 5,000 spectators at Woodland Park, when the gong sounded, but the spectators were [illegible], not the languid steeds. It took [illegible] fire department siren and much persuasion to get them to move. The voice of Football Coach James Phelan, of the University of Washington, the starter, finally did the trick.

In the stretch they all balked, but the board of stewards had thoughtfully sprinkled oats over the finish line, so most of the horses scrambled in for lunch.

"There is no sense to this derby," said Mayor Charles Smith, "but as long as we are going to have it, why not enjoy yourselves?" The customers did.

Jockeys wore rubber boots, umbrellas, ancient armor, plug hats, gas masks, helmets, wild west chaps and spurs, and even bathing suits.

HATTIESBURG WINS

HATTIESBURG, Miss., April 13.—(AP)—Hattiesburg high school made a clean sweep in southeast regional tennis tournament here today winning all four matches in girls and boys singles and doubles, only five schools took part, they were Hattiesburg, Brooklyn, Ellisville, Lucedale and Sumrall. The tournament was postponed by rain from March 30 when the annual track meet was held.

Dempsey Credits Success To Knockout By Jim Flynn

Fireman Made Him Mad, Says Jack, And He Went On To Win Title

By Edward J. Neil
(Associated Press Sports Writer)

NEW YORK, April 13.—(AP)—So Fireman Jim Flynn is dead, eh? Say that's too bad, too bad.

A thoughtful scowl covered Jack Dempsey's dark face. The mind of the old Man Mauler roamed back 18 years to Salt Lake City and the only knockout of his entire fighting career, at the hands of this same Fireman Jim Flynn.

"Too bad," he said again. "If it hadn't been for him, funny as it sounds, I'd probably never be here right now. I'd never have been a heavyweight champion. He made me so mad I had to be a good fighter."

Then he went back to the beginning of a story that may never have been told before.

"I was just a kid, 22, and I was down," he said. "I'd just gotten back from New York, and on the brake rods of a freight train, after John Lester Johnson broke a couple of my ribs just when I thought I was ready to set the world on fire. I was broke, and I was having plenty of family trouble.

"I got back from Salt Lake, and Flynn was a big shot. They thought he'd be the next champion. They were looking for someone toi 'feed' to him. I was in no shape. I wasn't eating regularly. I couldn't train with my bad side. But they offered me $200, and that looked like all the money in the world. I grabbed at it.

"Flynn had a big name, a great reputation, and that worried me. He was supposed to have made Jack Johnson quit in a fight. I was really scared, I guess. And that night, as we shook hands, he crossed a terrific right to my chin before I even got my hands up.

"They told me I went down face first. I never knew what hit me. Everything just went black. I got up two or three times and he put me right down again. Louis Firpo hurt me more, because I could feel his punches. But I guess no one in all my career ever hit me that hard. Halfway through the first round my older brother, Bernie, who was seconding me, tossed in the towel. Guess I couldn't have gotten up anyway.

"Getting knocked out wasn't so bad at that stage of the game, but it finished me on top of the Lester Johnson flop. I walked out that night after I came to and I was certain I'd never fight again. I was going back to mining. I don't think I ever would have fought again, except that Flynn kept telling everybody he could do the same thing to me any time again. He kept talking that way. I got so mad I forgot about mining. All I wanted was revenge.

"I left Salt Lake and my luck in the ring turned right away. I started to nail 'em. They began to go down and stay down. I beat Charley Miller, Bob McAllister, Homer Smith and some others, then I came back, to Kenosha, Wis., in 1918, to square things with the Fireman.

"I was a madman that night all right. This time I got in the first belt. He went down. He got up three or four times, and then he couldn't get up at all. I was so hot then that within the next year I got my chance against Jess Willard at Toledo.

"But if Jim Flynn hadn't made me so mad I couldn't quit the ring, I'd be swinging a pick now in the mines out in Colorado, I guess."

Dempsey insists that suspicions that have been cost at times on that first fight were absolutely unjustified. There were hints, at times, that he needed that $200 so badly that he "took" the first punch and the walloping that went with it, as part of the agreement he made when he got the fight.

"Wrong," said Dempsey, "all wrong. I never needed money that bad. He threw the first right. I caught it. And I never knew what happened after that. That wasn't the first ,or the last time either, that I forgot to duck."

Ole Miss Again Trounces Tennessee Teacher Nine

UNIVERSITY, Miss., April 13.—(AP)—Slamming out a total of 22 base hits, including one homer by Clarence Hapes, the University of Mississippi baseball squad handed the West Tennessee Teachers of Memphis a decisive 17 to 3 trouncing here this afternoon in the second of a two game series. The Tennessee diamond team was able to gather but four hits off McWilliams, Ole Miss sophomore twirler, and Hodges, veteran moundsman.

Score by innings:

Ole Miss	500 223 14x	17
Teachers	000 200 010	3

McWilliams, Hodges and Rogers; Freeman and McWilliams.

Louisiana Tech Freshmen Beat Simsboro Team, 6-4

RUSTON, La., April 13.—(Special)—In a game featured by extra base knocks, the Louisiana Tech frosh baseball team defeated a Simsboro town team here Saturday afternoon by a 6 to 4 score.

Hewit of Tech and Stokes of Simsboro hit home runs. Gardner, another Tech yearling, accounted for three of the Bullpups' eight hits with a triple and two singles in four trips to the plate.

Score by innings:

Simsboro	000 001 210	4	7	1
Tech Frosh	020 001 03x	6	8	6

T. Rasbury and W. Rasbury; Darling and Hasha.

New higher capital taxes are expected to slow up the investment of capital in new industries in Colombia.

BASEBALL LIKELY TO DRAW BIGGER GATES THIS YEAR

(Continued From Sixteenth Page)

to finish on top, neither of these two clubs has a convicing margin. In fact the pre-season "dope" now points more strongly to the New York Giants as the likely winner of the National league race, with Detroit and New York figuring to make it at least a three-cornered affair in the junior circuit.

Cleveland's loss of Billy Knickerbocker, star young shortstop, is the biggest blow suffered by any contender. Walter Johnson's Indian's will be forced to start the season with a pair of rookies, Lou Berger at second base and Roy Hughes at short in place of Knickerbocker who will be on the sidelines for at least another month as a result of an operation for appendicitis. If the club's power and pitching rally sufficiently to make a bold bid for the pennant.

Detroit, with the same lineup that finished seven games in front of the Yankees, is certainly the club to beat in the American league. The Tigers, inspired by Cochrane, pack a tremendous punch. They would get improved pitching from a staff boasting three splendid right-handers in Rowe, Bridges and Auker. Their outfield defense may weaken and there's always the risk of injuries to regulars, with no outstanding replacements handy, but the burden of proof will be on the rest of the league if the club escapes mishaps.

Managed by Joe McCarthy and captained for the first time by Lou Gehrig, home run king and iron-man of the big leagues, the Yankees have the speed and pitching, as well as sufficient power, to go places. They will miss the great Ruth as a drawing card but not in right field where the speedy George Selkirk looms as one of the best of the club's youthful new regulars. The return to form of key men like Tony Lazzeri, Earle Combs and Bill Dickey, No. 1 backstop, must be sustained, however, if the Yankees are to capitalize the pitching of an exceptionally capable staff, headed by Lefty Gomez, Red Ruffing, Johnny Broaca and Pat Malone, ex-Cub.

The Boston Red Sox and the Philadelphia Athletics loom as the "dark horse" entries in the American league derby. Cronin's bat, shortstopping ability and leadership make the Sox a stronger outfit but the pitching staff is a distinct gamble, with the come-back of Lefty Grove still doubtful. The A's, with Jimmy Foxx behind the bat and working wonders with a young pitching staff, have the stuff to spring a big upset. It's anybody's guess as to whether the Washington Senators, despite shaky pitching, the St. Louis Browns or the Chicago White Sox will do anything more than struggle to keep out of the cellar.

The Cardinals, with a new centerfielder in the sensational Terry Moore, otherwise will start off with the same lineup that overhauled the Giants in the last month of the 1934 season and then beat the Tigers in a seven-game world series thriller. They have speed, power and the Dean brothers but lack the all-around balance and pitching resources of the Giants.

Headed by Hubbell, the four-man staff of the New York club is the best in the league. The addition of Dick Bartell at shortstop, together with much better reserve strength, gives the Giants what they lacked in last year's stretch drive.

The Pittsburgh Pirates and Chicago Cubs, who shook up their lineups during the off-season by engineering a big player swap, both figure to benefit from the deal but it would be an upset for either to win the pennant. The Boston Braves, capitalizing Ruth, will get the most from limited resources under Bill McKechnie's leadership. The Brooklyn Dodgers have come to life again under Stengel and may be one of the most improved clubs in the league. The Phillies will need all of Manager Jimmy Wilson's ingenuity in handling his pitchers to escape being overtaken by the hustling young Cincinnati Reds, whose rookie lineup looms now as one of the season's surprises.

Glasgow, Scotland, will hold a "Century of Progress" exhibition in connection with the centenary of the city.

RAINS SLOW UP DERBY ENTRIES NOW IN TRAINING

Soggy Kentucky Turf Makes Classic More Uncertain Than Ever

By Charles M. Guthrie
(Associated Press Staff Writer)

LOUISVILLE, Ky., April 13.—(AP)—With the Kentucky Derby but three weeks hence there is more uncertainty than in many years as to the probable starters.

Aside from a few major candidates, certain to start, barring training mishaps, the field is yet to be selected from some two score thoroughbreds.

An abundance of rain, welcomed by Kentucky farmers after an unusually dry winter, has proved no corresponding blessing to Blue Grass trainers, prepping for the classic mile and a quarter.

Tracks here and at Lexington have been so sloppy that training has been slow, boding no special good for such likely nominees as Chance Sun, Chance View, Boxthorn and Nellie Flag.

Despite the fact that Chance Sun still rules the future book favorite at the exceptionally short odds of four to one, the sticky Blue Grass tracks have turned the thoughts of some experts toward Mrs. I. D. Sloane's Trio that spent the spring on her farm near Columbia, S. C., and other nominees that have been racing on California and Florida tracks.

Mrs. Sloane's derby candidates are Psychic Bid, Special Agent and Young Native.

Reports from the east indicate that William Woodward's Omaha and Mrs. Payne Whitney's Plat Eye, two colts calculated to make things interesting for Chance Sun, are rounding into shape in impressive manner. Bluebeard, recently sought from W. R. Coe by Mrs. R. B. Fairbanks, had the benefit of racing in California in the late winter, before being brought here, but has yet to be tested over a mile.

Turf sages of the Blue Grass believe the derby field will probably be drawn from the following: Chance Sun, Commonwealth, Omaha, Plat Eye, Sun Fairplay, Boxthorn, Big Gawk, Psychic Bid, Nellie Flag, Bluebeard, Chance View, Our Reigh, Count Arthur, Mantagna, Roman Soldier, St. Bernard, Blackbirder, Today, Weston, Hank Mactavish, Sir Beverley, Brannon, World Series, Calumet Dick, Sound Advice, Finance, Morpluck, Purple Knight, Whizzaway, Gallaclay, Whiskola, Good Flavor, Shoeless Joe, Bachelor Dinner, Cold Shoulder, Nice Talk and Jawapa.

TECH GOLF TEAM LOSES TO TULANE

Green Wave Squad Wins, 13-5; Cole Turns In Lowest Score

NEW ORLEANS, La., April 13.—(AP)—Tulane University's links team scored a 13-to-5 point victory over the invading Louisiana Tech golfers today, at the West End Country club course taking three of the four individual matches played in the forenoon, and dividing the four-ball contests after lunch.

In the feature match of the program, Bobby Monsted, of Tulane, scored a three-point victory over Jim Cole of the visitors; taking both the nine-hole counts, and also the 18. The events were decided by the Nassau system of scoring.

The results of the matches as played, follows:

Bobby Monsted, Tulane, defeated Jim Cole (captain) Louisiana Tech, 3 to 0.

Bob Daray (captain), Tulane, defeated John Thurmon, Louisiana Tech, 3 to 0.

"Scotty" Budreau, Tulane, defeated B. F. Bolin, Louisiana Tech, 3 to 0.

Jack Armstrong, Louisiana Tech, defeated "Pinky" Oliver, Tulane, 3 to 0.

Cole and Thurmon, Louisiana Tech, defeated Daray and Monsted, Tulane, 2 to 1.

Budreau and Oliver, Tulane, defeated Bolin and Armstrong, Louisiana Tech, 3 to 0.

Lowest score of day, Jimmy Cole Louisiana Tech, 76, four strokes over par.

Air mail service has just been inaugurated between South America and London.

Tulane Tennis Team Wins From Alabama Squad, 6-0

NEW ORLEANS, April 13.—(AP)—Tulane University's tennis team today defeated the University of Alabama net team, 6-0.

The summary:

Ernie Sutter, Tulane, defeated Vic Ramis, Alabama, 6-2, 6-0.

Kendall Cram, Tulane, defeated Bill Branch, Alabama, 6-1, 6-2.

Ashton Phelps, Tulane, defeated Morris Marcus, Alabama, 6-2, 6-3.

John Thorn, Tulane, defeated Don Grant, Alabama, 6-1, 6-2.

In the doubles matches Sutter and Cram defeated Ramis and Bill Simpson, Alabama, 6-3, 9-7, while Dick Haspel and John Thorn downed Bill Branch and Don Giant, 6-2, 6-1.

ALLISON MEETS GRANT IN FINAL

No. 1 Star Battles Atlanta Youngster For Biltmore Title

ATLANTA, Ga., April 13.—(AP)—Playing in bitter cold weather, Wilmer Allison of Austin, Texas, and Bryan M. (Bitsy) Grant of Atlanta advanced today to the final round of the annual Atlanta-Biltmore invitation tennis tournament.

Allison, the nation's ranking racquet wieldor, easily eliminated Billy Reese of Atlanta, captain of the Georgia Tech net team and second among the intercollegiate players of the United States, in straight sets, 6-3, 6-2, 6-3.

In the second semi-final match, Grant was extended in the first two sets but pulled through with remarkable placements and an untiring defense to wear down Berkeley Bell of New York in straight sets, 8-6, 8-6, 6-1.

Grant, ranked 10th nationally and conqueror recently of Allison, the No. 1 star, in four sets at Houston, displayed uncanny ability in returning seemingly impossible shots and finished under wraps.

Utilizing a baffling cross-fire and confining his game mostly to the back court, Allison had little trouble against Reese, who often was caught off his guard by the former's drop shots near the net.

Allison and Grant clash in the finals tomorrow afternoon at 2:30 p.m. (C. S. T.).

Competing on a clay court, where he has proved himself almost invincible against the country's ranking players, Grant, the national clay courts champion, registered his second victory over Bell this year, having conquered the seventh ranking performer in the Miami-Biltmore tournament several weeks ago.

The 120-pound diminutive star is favored over Allison in the finals, due to his remarkable ability to cover all corners of the court and stage spectacular rallies, Grant, by virtue of his stellar winter and spring exhibition, recently was named to the Davis cup squad and will go to Mexico City to play against China in the zone competition.

Awards Given Columbia High School Grid Squad

COLUMBIA, La., April 13.—(Special)—Members of the Crimson Tide, Columbia high school football team of 1934, received awards for their past season's campaign this week at ceremonies held in the auditorium of the school.

Sweaters were given to all lettermen who will be back in the Tide's lineup this coming season while those who will be leaving the school this spring were awarded miniature silver footballs. Cheer leaders and managers also received recognition at the program.

The silver footballs went to Captain Gordon Adams, Alkin Duke, Frank Ticheli and Chadwick Zeigler. Eighteen other Tidemen who received their letters were R. B. Culpepper, Veston Kelly, Clarence Hinton, Victor Adams, Hollice Cruse, Hollice Gilliland, Ulis Kelly, Joe May, J. W. Waggoner, Otha Martin, Herman Gunn, John Russ Hawkins, Stancil Ramsey, Thomas Burk, James Hawkins, Marvin Corley and Wilson Lee.

Student managers were Roy Geirod and Bill Turner, and the cheer leaders were Carry Joe Hill, E. W. Corley and Josephine Meredith.

TEXAS LEAGUE

Tulsa 1; Oklahoma City 8.
Beaumont 12; San Antonio 1.
Dallas 5; Fort Worth 9.
One night game.

ENTRY BLANK

Northeast Louisiana Marble Tournament

Marble Editor,
News-Star—World Publishing Company,
Monroe, La.

THE CHAMPION'S FAVORITE FRUIT

MPH
NEW
LEAN

Oh boy! And was that watermelon good!

There's nothing like it for a little relaxation during a hot marbles game, and here's the proof.

Above we have Preston Bourgeois of New Orleans, La., and Hallie Mulder of Memphis, Tenn., up to their ears in the good old melon.

The scene was taken during the playing of the Southern Finals of the National Marbles Tournament at Gulfport, Miss., last summer.

Gulfport will be host to the south's finest mibsters again this June, and the northeast Louisiana tournament is being sponsored by the News-Star—World.

The northeast Louisiana champion will be entered in the southern finals, with all expenses paid by this newspaper.

MOVIE PARTY FOR MARBLE PLAYERS

Mystery Thriller Booked For Free Show At Capitol Saturday

Here's some more good news for the boys and girls who plan to enter the News-Star-World's big marble tournament.

Plans were practically completed yesterday for the free movie party to be given all entrants next Saturday morning. At a conference between Manager Bob McCoy of the Capitol theater and the marble editor, the thrilling mystery picture "The White Cockatoo" was selected as the film to be shown. The party will be held at the Capitol and will start promptly at 9:30 o'clock. And all you have to do to gain admission to the theater is enter the marble tournament, which has as its grand prize a week's vacation at Gulfport, Miss., where the northeast Louisiana champion will compete with other state champions.

"The White Cockatoo" is a Warner Brothers first-run mystery thriller which stars Ricardo Cortez. The supporting cast is excellent and boys and girls who attend the party are assured of some real thrills.

There will be other attractions Saturday. And the marble editor will be there to tell you all about the big tournament, including the dates for the first games to be played.

Don't forget, every boy and girl in northeast Louisiana under 15 years of age is eligible to compete in the tourney. And all of you who enter are urged to attend the movie party. It doesn't cost anything to enter the tournament and there's no charge for the theater party.

The parishes of northeast Louisiana are East Carroll, West Carroll, Madison, Tensas, Concordia, Richland, Morehouse, Ouachita, Franklin, Union, Caldwell, Catahoula, LaSalle, Winn, Jackson and Lincoln.

Watch the World and News-Star for further details concerning the tournament and practice daily, because it will take plenty of practice to win that grand prize.

MISSISSIPPI WILL KEEP ITS STARS

Sasse And Walker On Tour To Persuade Athletes To Stay Home

JACKSON, Miss., April 13.—(AP)—Mississippi is experiencing a new sort of a campaign, one "to keep Mississippi athletes at home."

Athletic authorities of the state's two leading colleges, Mississippi State and the University of Mississippi, literally have been "shelling the woods" during the past few weeks in an intensive campaign to persuade budding high school athletic stars to attend state colleges.

The hue and cry has gone out that "too long have the big schools in neighboring states been getting the cream of the crop in an athletic way in Mississippi.'

Major Ralph Sasse, the new athletic director at State college, has fired alumni of that school with enthusiasm and State alumni are rallying to the call of their "alma mater" as never before, he says.

He and Coach Ed Walker of Ole Miss have been crossing one another's trail in a "good will" canvass of the state during the past few weeks.

"Contact meetings," they call them, getting acquainted with the alumni.

"Recruiting?" No, not that, explains Walker. "But these Mississippi boys should be in Mississippi schools, and we're out to get them if we can."

Athletic authorities at the two state schools, both members of the Southeastern conference, are out to compete with the "big schools" for the state's own athletic products, they say.

Alumni meetings are being held in practically every county of the state. Alumni who haven't received a letter from the graduate manager in twenty years are receiving personal calls. They are being imbued with a new type of "college spirit."

And the results thus far, say the coaches, has been "most encouraging."

The king and queen of Denmark lead many of the social functions during the winter season at Cannes, France.

Bobby Jones Says

After we have placed the club diagonally across the hands, so that the top of each wrist is slightly depressed, the angle between club and arms has been properly turned. The next step is to make certain that the hands are in position with respect to other parts of the body that will make a correct swing possible.

The grip shown above in figure C labelled "wrong" might better have been called by a stronger name. For actually no player alive could execute a proper golf stroke with such a grip. The hands being so placed that they cannot possibly work together no amount of skill can blend what movements they can make into a correct swing. Yet many, who have been playing long enough to know better, continue to use a similar grip.

Figure A-B presents a front view of a correct grip. I do not say it is the correct grip, for some latitude is allowable to meet peculiar requirements of the individual. In a broad sense, the two chief requirements are: (1) That the left hand should be to some extent on top of the shaft, and (2) that the right hand should be placed approximately against the side of the shaft.

It happens that the V between the thumb and forefinger of my left hand points very nearly to my right shoulder, and the similar V of my right hand points approximately up to the shaft. It happens also that looking down upon my left hand, as it holds the club in the position of address, I can see two knuckles quite plainly and the outline of the third. But no precise rules can be made, although no radical deviation may be allowed.

Since the left arm must dominate the stroke though it will not, it must be placed in a position of power; and since the right hand must be restrained from its natural inclination to take charge it must be made relatively weak. With the left hand over the shaft, the left arm is free so that it can swing through without hindrance. With the hand to any degree under the shaft, the swing is likely to be stopped by jamming the left elbow against the ribs.

Actually, a good placement of the right hand may be obtained by moving it fully opened, against the side of the shaft, with its palm presented to the hole or other objective. While the left arm remains straight and transmits a pull from the left side, the action of the right is mainly that of the forearm driving the hand through, straight on the line of intended flight. From this position the right hand may simply move over to grasp the club in the manner described in the first of this series.

Although, as I have said, some latitude may be allowed each individual, the grip illustrated is not extreme and ought to fit almost anyone. But the person who grips with both hands, or with either hand, in the manner shown in figure C is a hopeless case until he makes a change. A correct grip is the first need of a golfer.

Columbia Nine To Play Two Contests This Week

COLUMBIA, La., April 13.—(Special)—The Columbia high school's baseball team, which trounced the Olla-Standard nine, 8 to 6, in a five-inning game Friday, has two more contests ahead of it this week when it meets Grayson high school's aggregation and the Kelly high school team.

The Tide meets Grayson on the Grayson diamond Wednesday afternoon and Kelly on Friday. Kelly boasts the only team to beat the locals this season.

A fourth inning rally, in which the Tide scored five runs, brought the locals from behind in their skirmish with Olla-Standard. The invaders took an early lead but the pitching of Fluitt, who held Olla-Standard to three hits and struck out seven batters, tightened down as his teammates pounded out four doubles and a triple to take the game.

TIGERS TO ENTER STRONG TEAM IN PENN RELAY MEET

Moore Hopes To Make Good Showing In At Least Four Events

BATON ROUGE, La., April 13.—(Special)—There are at least four numbers on the Penn relay program that will feel the wrath of the sage of southern track and field coaches, Mr. Bernie H. Moore, that likeable fellow who guides the destines of the Louisiana State Tigers.

For Bernie is going to the Philadelphia athletic carnival, April 26-27, "loaded for bear," so to speak. His aces in the hole happen to be a couple of young men—Glenn Hardin and Nathan Blair by name—both of whom have been personally associated with the title: "National Champion."

"Slats" Hardin, the world record holder for 440 meters at 50.6 seconds, goes back to the race in which he first rose to national prominence in the 1932 Olympic games. It was at the hands of Robert Tisdale, the Irish champion and winner of the event in the Los Angeles games, that Hardin suffered his only defeat in the 400-meter hurdles.

Besides competing in his favorite event, Hardin, capable of a 46.8 quarter-mile, will also run a leg on two of the Louisiana Tigers' relay combinations, the mile and two-mile.

Blair, one of the greatest of L. S. U.'s all-around stars, took a hop-step-and-jump back in 1933, the year the Tigers' rose to their first national intercollegiate championship, that established him as the National A. A. U. champion that year.

A consistent 48-footer in the "hop-step," Buddy is also proficient with the javelin, having pitched the spear "in the money" in the last two N. C. A. A. games. He has passed the 200-foot mark twice this spring, despite the fact that his arm has been troubling him and is still.

Moore's two-mile relay combination is one of the country's fastest, 7:45; and, except for one man, it was this same quartet which walked away with the event in the 1934 Drake relays and did it in record time. In addition to Hardin, the team will be comprised of Ted O'Neill, John Sanders and either E. A. Black, Pat Murphy or Horace Godboldt. Hardin, Black, O'Neil and either Roberts or Sanders will sprint the four quarters of the mile relay.

L. S. U.'s only other certain entry is that of Clarence Roberts in the high hurdles, now the star pupil of Moore in the event which has seen two great hurdlers blossom under Bernie's teachings—Al Moreau and George Fisher. Roberts has broken 15 flat consistently this spring; and can be counted on for a 14.7 or 14.8 race at the Quaker City.

There is a possibility that L. S. U. will enter a distance medley race, a high jumper, a shot putter, and a pole vaulter.

Jack Torrance, L. S. U.'s great shot putter who completed his collegiate career last summer by pitching the iron ball 37 feet plus, will accompany the Tigers on their invasion of the east.

BRADDOCK SIGNS TO BATTLE BAER

Date For Heavyweight Championship Bout To Be Set Next Week

NEW YORK, April 13.—(AP)—James J. Braddock, 28-year-old New Jersey veteran, who little more than a year ago was not regarded as a suitable opponent for Germany's Walter Neusel, signed a contract today with Madison Square Garden to meet Champion Max Baer in a 15-round heavyweight boxing title bout in June. The date will be announced next week.

Braddock, whose recent victories over John Henry Lewis and Art Lasky made him an outstanding contender for the crown, signed for 15 per cent of the net receipts after deductions for federal and state taxes. Baer, who is under contract to the Garden for one title defense, will receive the champion's customary 37 1-2 per cent, the Garden said.

It is the champion's prerogative to reject a challenger. Should Baer do this at the meeting of the New York state athletic commission next Tuesday, then the titlist may face suspension in this state until such time as he agrees to meet Braddock.

MUTUEL BILL KILLED

ALBANY, N. Y., April 13.—(AP)—The senate of the New York legislature today killed a bill for a constitutional amendment to legalize pari-mutuel betting in the Empire state. The vote was 16 to 31.

BUSINESS MEN'S CLUB WILL MEET

Monroe Group To Act As Host To State Executive Council

The Ouachita Business Men's club will be host to the executive council of the Louisiana Association of Young Business Men's clubs, which meets in Monroe today.

Representatives and delegates of twelve organizations throughout the state will convene in Monroe to consider policies of interest to their organization and the state.

At the meeting plans for the promotion of the "Sell Louisiana to the Nation" program to be inaugurated by the association will be revealed.

General reports on the activities of the various member organizations will be submitted, and future activities of the state body will be outlined.

In addition to the regular business to be considered by the council, selection will be made of the city in which the state association will hold its annual convention, and a date for the convention set.

Oliver P. Stockwell of Lake Charles, president of the state association, will preside at the business sessions, and he will be assisted by Carlos Spaght, of Baton Rouge, vice-president, and Will F. Candler, of Lafayette, secretary-treasurer of the state organizations.

Official delegates of the Monroe organization are Albin P. Lassiter, president of the Ouachita Business Men's club, and George Fink, immediate past president.

A luncheon in honor of the state group will be served on the roof of the Virginia hotel.

HIS FUTURE'S A GAMBLE

Life is a $30,000 gamble for this foundling baby abandoned in a New York rooming house by his mother. Besides his swaddling clothes, his sole possession was a sweepstake lottery ticket, worth $30,000 if drawn on the winning horse in a race to be run May 8.

The Ouachita Business Men's club, the only member of the state association in north Louisiana, has issued invitations to young business and professional men in various towns in Monroe's trade territory who have shown interest in such an organization, to be present at the luncheon in order that they may be able to form similar organizations in their own communities, affiliated with the state group.

Mrs. C. W. Sherrouse and Mrs. Marion Shields were visitors in Rayville.

Mr. and Mrs. DeWitt Lee of Monroe were guests of S. H. Lee last Sunday.

Dr. H. B. Womble has been a business visitor in Washington, D. C., for the past week.

Mrs. John Bradly and daughter, Edith Beatrice, of Delhi, were the guests of Mrs. G. R. Hanks last Thursday and Friday.

Rev. and Mrs. R. L. Cook were called to Baton Rouge because of the sudden death of Mrs. Cook's aunt.

Grady Nelson of Ruston was the guest of Paul Hammond Sunday.

Mr. and Mrs. Lester Sims of Athens were the week-end guests of Mr. and Mrs. G. R. Hanks.

Mrs. H. B. Rountree, Miss Gaye Pace, Miss Fannie Byerly, Mrs. H. B. Womble, Sr., and Mrs. H. B. Womble, Jr., visited the Garden pilgrimage in Natchez, Miss., Sunday.

Mrs. Ruth King and Mrs. Nina McCoy were visitors in Shreveport last Thursday.

W. H. Bates of Vicksburg spent last Friday and Saturday with his mother.

Jack Morris of Ferriday was the guest of his mother Sunday.

Miss Marjorie Ward, Mrs. H. B Womble, Jr., Mrs. E. F. Kelly, Mrs. Fred Gilbert, and Miss Martha Pardue of Winnsboro visited the Garden pilgrimage in Natchez Tuesday.

Mr. and Mrs. C. G. Conner and daughter, Mary Britton, motored to Natchez Saturday. Mr. Conner returned home Sunday but Mrs. Conner remained a few days due to the illness of her daughter.

Louis Griffin left for New Orleans to enter Soule Business college.

Mr. and Mrs. W. B. McLemore spent Sunday in Roxie, Miss.

Carey McCoy of Hammond spent Sunday with his mother, Mrs. Nina McCoy.

Mr. and Mrs. R. M. Ward, Mrs. Elizabeth Ward and Mrs. C. B. Tucker visited the Garden pilgrimage Friday.

Mrs. W. B. McLemore entertained her son, Brown, Jr., at home in honor of his fourth birthday. Easter baskets filled with eggs were given as favors and ice cream and cake were served the following guests: Mary Frances McNair, Katherine Nell Rogers, Joe Charles Griffing, Charles Edward Fouman, Joe Hunter Lee, Betty Joe Emfinger, Whitfield Arnold, Patricia Ann Hopkins, Anne Bonds, George Mac Scott, W. S. Childers, Jr., Mary Sue Disch, Billie Ray Wiggins, Mack Shelton, Patsy Ruth Martin, Joe Corbitt Chase, Joy Isgett, Richard McLemore, Jr., Arle Louise McLemore, Mary Frances Carroll, Garrell Page Carroll, William Edward Washington, Dan Kelly, and Bobby Griffing.

Mangham

Mr. and Mrs. Ernest Broadnax and little daughter of Bastrop spent last week-end with Mrs. Broadnax's parents, Mr. and Mrs. Cagle.

John A. Baskin spent last Sunday in Vicksburg. He was accompanied by C. E. Scott of Gilbert.

Misses Fannie and Annie Cooper of Rayville were the guests of Miss Beryle Stark last week-end.

Mrs. Frank Hatch and Mrs. C. E. McConnell attended the Methodist conference last week which was held at DeRidder.

Mrs. W. E. Hixon was hostess to her Wednesday afternoon bridge club. Those enjoying the games were: Mrs. J. W. DeMoss, Sr., Mrs. T. B. Gregory, Mrs. Alex Watson, Mrs. C. N. Underwood, Mrs. B. N. Hixon, Mrs. F. C. Sheppard, Mrs. Monroe Hixon, Mrs. W. E. Hixon.

Miss Katherine Perry left Friday to visit her sister in Hattiesburg, Miss.

Miss Lil Kline of Delhi spent last week-end with her sister, Mrs. R. C. Boies.

Mrs. Alex Watson and family had as their guest the first of the week Mrs. John F. Watson of Mobile, Ala. Mr. and Mrs. George Madison and Mr. and Mrs. Flood Madison of Bastrop visited them Sunday.

Misses Mable Brown and Ada Preston were hostesses to the faculty bridge club Thursday evening. Those enjoying the games were: Mrs. E. T. Lee, Mrs. R. V. Jones, Mrs. Linda Pardue, Mrs. Dow Case, Mrs. E. D. Baker, Miss Susan Pardue, Miss Vergie Evans, Miss Kate Talbert, Miss Dorothy Stark, Miss Ruchell Powell, Miss Ethel Watson, Mrs. Mable Nash, Mrs. W. E. Hixon, Mrs. Morris Brown, Miss Doris Chambers, Miss Sara Clifton, Miss Olla Cooper, Miss George Huff, Miss Mable Brown, Miss Ada Preston.

The Italian Aeronautical exposition, held recently in Milan over a period of 198 days, drew a total attendance in excess of 900,000 persons, many of whom came from foreign countries.

INDUSTRIAL--REVIEW OF THE TWIN CITIES

BETTER LIGHTING FOR OLDSMOBILE

Positive Adjustment Of Headlamps Increases Car's Safety

As their latest move to engineer safety into Oldsmobile, a new optical fixture for positive adjustment of the headlamps has been installed on the assembly line of the Olds Motor Works plant at Lansing, according to L. P. Landry, of the Twin City Motor company, local Oldsmobile dealers.

This "automatic optometrist" accurately defines the beam of light and the direction of that beam on all headlamps. It is being used for the first time in the automotive industry by Oldsmobile.

The device is composed of four parts, three condensing lenses and a target. On the target are horizontal and vertical lines to aid the mechanics in speedy and accurate adjustment of each lamp.

The test head, comprised of the lenses and target, is built into a fixture two feet ahead of the headlamps on the assembly line. One pair is used for the six and another for the eight.

The cars are driven on to a platform raised for the convenience of the mechanics and the headlamps turned on. The lenses intercept the rays and condense them, on the target, into a miniature concentrated beam pattern which can be used for correctly aiming the headlamps.

The headlamps are aimed so that the boundaries of these miniature beams bear the proper relation to the lines on the target, and then the mounting nut is securely tightened.

Before the advent of this new apparatus, the conventional testing screen was placed 25 feet from the headlamps, and, at this distance, the edges of the beam pattern are not sharply defined. As a result a great deal of accuracy was lost during adjustment. With the new test head this difficulty is completely overcome.

The new accuracy possible with the innovation in headlamp testing is another step in the Oldsmobile campaign to build the safest possible cars.

It is the third definite improvement to be built into 1935 Oldsmobiles to assure accurate headlight beams and eliminate the blinding of approaching drivers.

With the introduction of the 1935 Oldsmobiles the multi-beam headlamp was put into use. Through this system the far reaching headlamp beams on the left side of the road, which under some driving conditions are glaring to approaching motorists, can be diverted downward by depressing a button on the toe board, thus leaving both hands free to steer the car.

As a further aid to encourage the motorist to use his headlamps properly and safely, Oldsmobile has placed an indicator on the instrument panel, directly in front of the driver, which is illuminated when the lights are in driving position. The motorist thus knows at all times whether his lights are strong or dim. If his highway beam is on, a red light warns him to step on the foot switch as he approaches another car.

With these improvements Oldsmobile engineers have gone a long way toward eliminating many accidents frequently caused because of improper headlight adjustment and improper headlight usage.

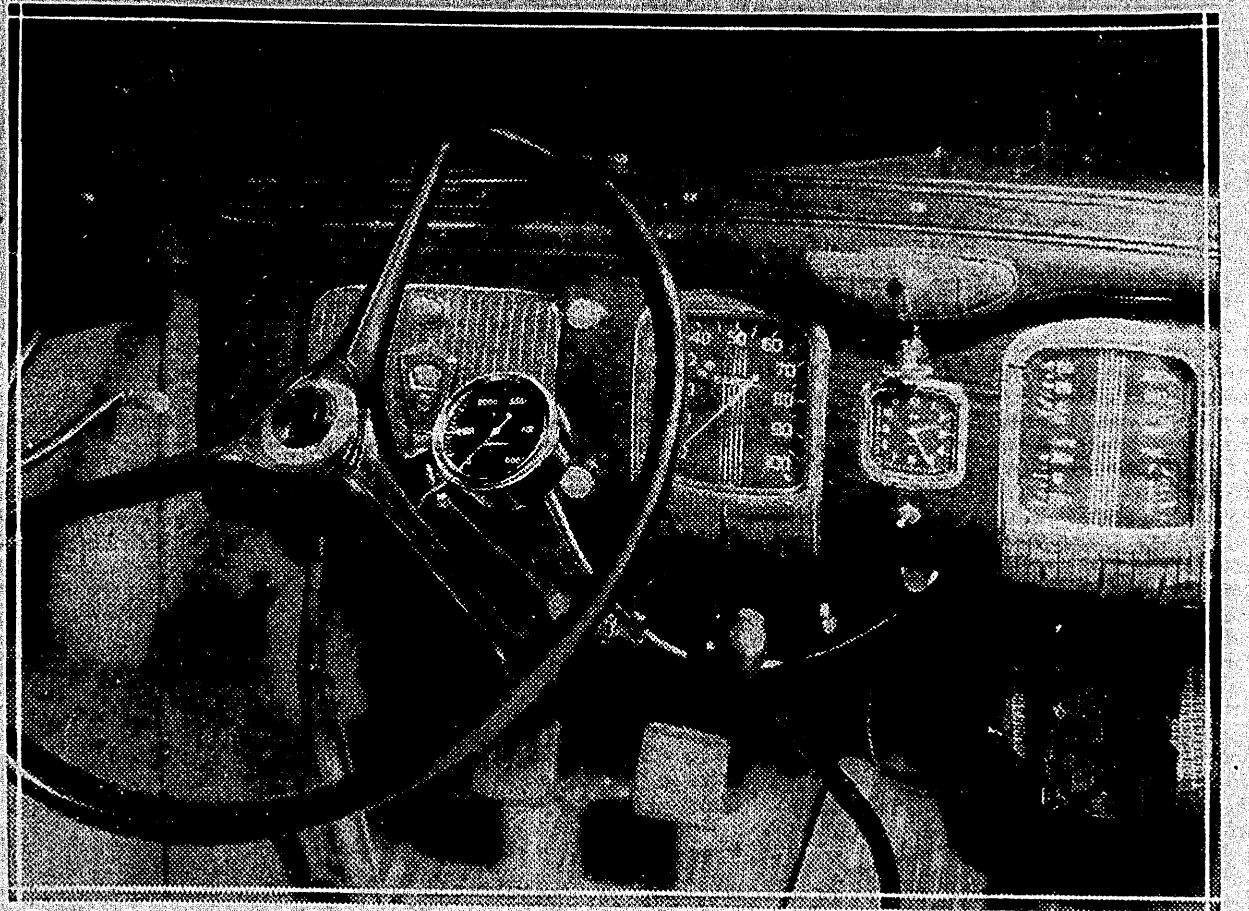
BUICK AGAIN MAKES GAIN IN DELIVERIES

FLINT, Mich., April 13.—Domestic retail deliveries of Buick automobiles during March totaled 6,547 units, a gain of 2,677 or 69.1 per cent over the previous month and 1,297 or 24.7 per cent over the corresponding month last year, it was announced today by W. F. Hufstader, general sales manager of the Buick Motor company.

Sales registered a sharp upturn during the last 10 days of the month, Mr. Hufstader said, a total of 3,271 new cars being delivered to consumers in the United States as against 1,783 in the previous 10-day period and 2,301 in the last 10 days of March, 1934.

This total was the best for any final 10-day period of March since 1931. As a result, sales during March exceeded original estimates for the month by more than 1,000 cars, Mr. Hufstader said.

Nash Cruising Gear Aids Economy



How the Nash Automatic Cruising Gear reduces gasoline and oil consumption is being graphically demonstrated to motorists by means of a tachometer mounted on the steering post of Nash demonstrators. When the Cruising Gear goes into operation at speeds between 40 and 45 miles per hour, the tachometer registers a reduction of approximately 30% in engine revolutions although car speed remains unchanged. Averages as high as 18 to 22 miles to the gallon at high speeds have been reported by Nash owners driving cars equipped with this device.

164 POUNDS OF RUBBER IN FORDS

Material Used To Improve Riding Conditions And Lengthen Life

DEARBORN, Mich., April 13.—The quantity of rubber used in Ford car construction has virtually trebled in the last eight years, an investigation just made by the Ford Motor company reveals.

The Model-T Ford contained only 56 pounds of rubber, while the present Ford V-8 contains 164 pounds. So rapidly are new applications being discovered that the Ford company would not be surprised to see as much as 200 pounds used in future Ford cars.

In the early cars, rubber was employed chiefly for tires and tubes. Now it is applied throughout the car to improve riding qualities and lengthen life, as well as reduce cost of manufacture.

Today rubber is used for making steering wheels, batteries, switches, junction blocks, weatherstrips, running boards, floor mats, motor supports, axle bumpers, sound deadeners, fan belts, radiator hose, insulating material, grommets, door bumpers, spring shackle bushings and top materials, as well as tires and tubes.

All Ford rubber compositions are made to strict specifications and severely tested before use in car construction. Steering wheels must withstand drops from a height of six feet after 12 hours exposure to a temperature of 20 degrees below zero Fahrenheit.

Windshield weatherstrips are exposed to the hot sun and high humidity on the roof of the branch plant of the Ford Motor company at Jacksonville, Florida, to determine anti-checking and anti-splitting qualities.

Rubber matting is given ingenious tests for resistance to abrasion and, in addition, running-board stocks are checked for their qualities in bonding to steel.

Rubber used for motor supports and axle bumpers is subjected to a distorting force far in excess of any that would be encountered while in use. As a result, the company reports that failures in service "are unknown to us."

Fan belts are severely tested for stretch, and improvements based on these laboratory findings have reduced the stretch in Ford fan belts to one-third of what it was, though the present belt is 50 per cent longer than that used on previous models.

The Ford Motor Company subjects the tires it uses to the most exhaustive tests. In the laboratory, Ford-developed machines test for carcass and bead fatigue and indicate tread-wear resistance. Other machines check for resistance to bruise-breaking.

Tires are sent for testing to the River Rouge plant of the Ford Motor company from all company plants throughout the world. Regardless of where the tire was manufactured, Ford maintains control.

To determine their stability at high speed, Ford tests tires on the road. To aid in determining the actual mileage given in service, the company periodically measures the non-skid design remaining on tires in use on employees' cars.

◆

"Ceiling," a word frequently used in aviation circles, now is used officially to describe the highest level at which a pilot can fly and still be able to distinguish the earth.

NASH USES LESS GAS IN CRUISING

Automatic Gear In New Models Proves Economical For Owners

A tachometer, mounted on the steering post of demonstrating cars, is being successfully used by Nash dealers to show the advantages of the Nash automatic cruising gear in actual operation. For the benefit of the uninitiated, a tachometer is the ingenious device that registers engine revolutions per minute and it has long been used in aviation and marine work as a check on motor efficiency. In the case of the Nash cruising gear, however, the instrument proves in graphic fashion that the motor actually "loafs" at car speeds above 40 miles per hour; and since operating costs increase considerably with car speeds under ordinary conditions, the value of the cruising gear lies in the marked reduction of gasoline and oil consumption and engine wear obtained through its use.

"What the automatic cruising gear delivers is a fast cruising speed for which the owner pays no premium," explained the local dealer. "In other words, he gets 60 mile per hour performance at the cost of 42 mile per hour operation.

"The Nash automatic cruising gear is a self-sustained unit operating as part of the transmission and can be used or not, according to the wishes of the driver, who controls it by means of a selector on the dash. To use it, the driver pushes in the selector—and from then on there is nothing further for the driver to think about for the cruising gear will automatically become operative at approximately 40 miles per hour.

"While it is difficult to make definite statements regarding the increased gasoline mileage obtained through the use of the cruising gear because of variable factors peculiar to individual drivers, factory tests have indicated that as much as five more miles to the gallon can be obtained at 50 miles per hour and oil consumption at this same speed is reduced approximately 40 per cent over the oil consumption in conventional gear. Owners report they have obtained as high as 22 miles to the gallon on the Nash Advanced Six equipped with the new device, and in a recent economy test conducted by a large oil company over a 700 mile course a Nash Advanced Eight averaged the remarkable mileage of 17.6 miles per gallon at top speeds.

"While economy and longer engine life are direct results of the use of the cruising gear, another interesting phase concerns the human reaction. With a reduction of engine speed at high car speeds there is a consequent increase in smoothness and quietness. Noise, of course, is well established as a contributory cause of nervous tension and fatigue; and it is interesting to note that both driver and passenger can make a long trip in a car equipped with the automatic cruising gear, maintain better average speed, yet end the day comparatively as fresh as at the start."

The Benoit-Nash Motor company is the local Nash dealer.

INDUSTRIAL--REVIEW OF THE TWIN CITIES

BETTER LIGHTING FOR OLDSMOBILE

Positive Adjustment Of Headlamps Increases Car's Safety

As their latest move to engineer safety into Oldsmobile, a new optical fixture for positive adjustment of the headlamps has been installed on the assembly line of the Olds Motor Works plant at Lansing, according to L. P. Landry, of the Twin City Motor company, local Oldsmobile dealers.

This "automatic optometrist" accurately defines the beam of light and the direction of that beam on all headlamps. It is being used for the first time in the automotive industry by Oldsmobile.

The device is composed of four parts, three condensing lenses and a target. On the target are horizontal and vertical lines to aid the mechanics in speedy and accurate adjustment of each lamp.

The test head, comprised of the lenses and target, is built into a fixture two feet ahead of the headlamps on the assembly line. One pair is used for the six and another for the eight.

The cars are driven on to a platform raised for the convenience of the mechanics and the headlamps turned on. The lenses intercept the rays and condense them, on the target, into a miniature concentrated beam pattern which can be used for correctly aiming the headlamps.

The headlamps are aimed so that the boundaries of these miniature beams bear the proper relation to the lines on the target, and then the mounting nut is securely tightened.

Before the advent of this new apparatus, the conventional testing screen was placed 25 feet from the headlamps, and, at this distance, the edges of the beam pattern are not sharply defined. As a result a great deal of accuracy was lost during adjustment. With the new test head this difficulty is completely overcome.

The new accuracy possible with the innovation in headlamp testing is another step in the Oldsmobile campaign to build the safest possible cars.

It is the third definite improvement to be built into 1935 Oldsmobiles to assure accurate headlight beams and eliminate the blinding of approaching drivers.

With the introduction of the 1935 Oldsmobiles the multi-beam headlamp was put into use. Through this system the far reaching headlamp beams on the left side of the road, which under some driving conditions are glaring to approaching motorists, can be diverted downward by depressing a button on the toe board, thus leaving both hands free to steer the car.

As a further aid to encourage the motorist to use his headlamps properly and safely, Oldsmobile has placed an indicator on the instrument panel, directly in front of the driver, which is illuminated when the lights are in driving position. The motorist thus knows at all times whether his lights are strong or dim. If his highway beam is on, a red light warns him to step on the foot switch as he approaches another car.

With these improvements Oldsmobile engineers have gone a long way toward eliminating many accidents frequently caused because of improper headlight adjustment and improper headlight usage.

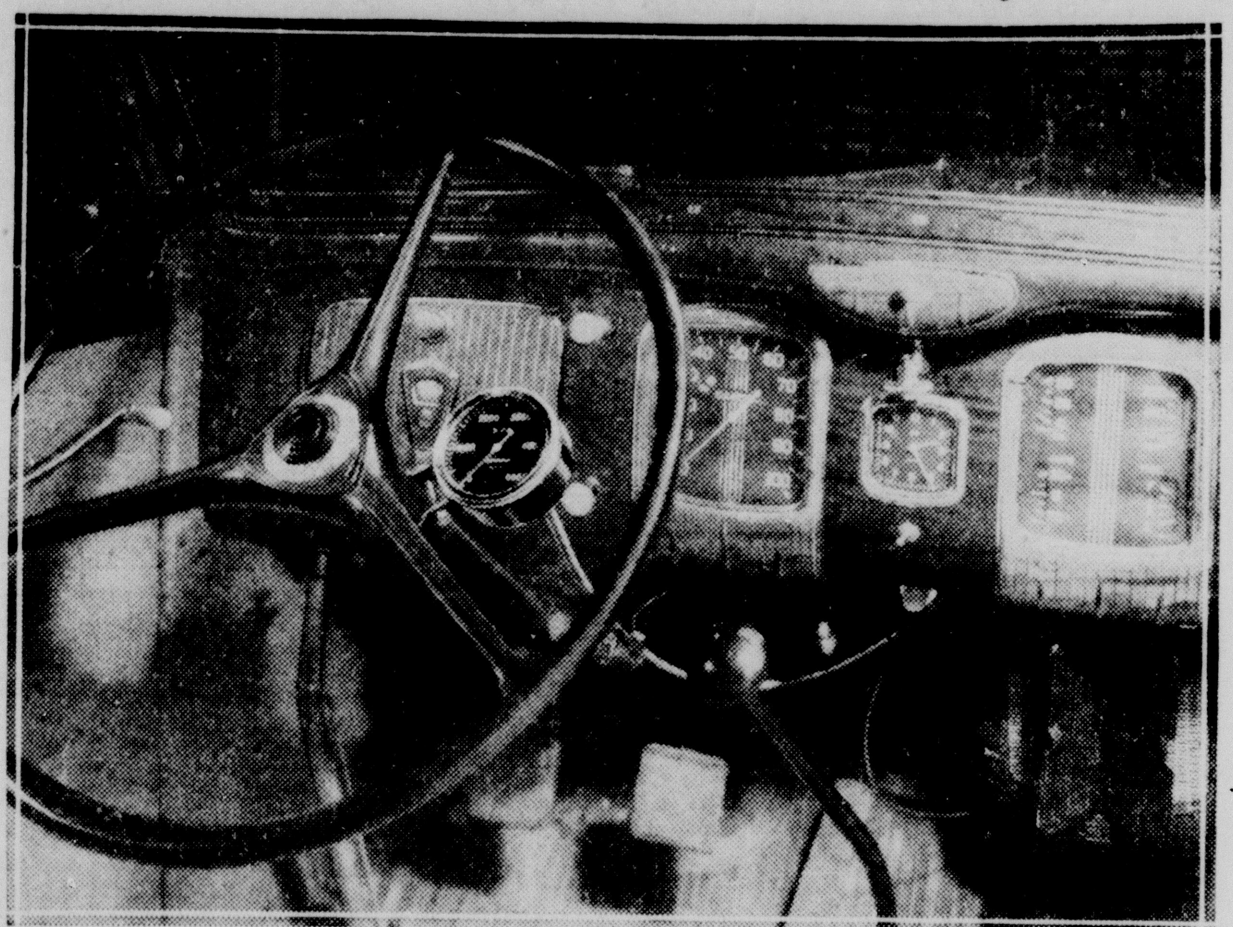
BUICK AGAIN MAKES GAIN IN DELIVERIES

FLINT, Mich., April 13.—Domestic retail deliveries of Buick automobiles during March totaled 6,547 units, a gain of 2,677 or 69.1 per cent over the previous month and 1,297 or 24.7 per cent over the corresponding month last year, it was announced today by W. F. Hufstader, general sales manager of the Buick Motor company.

Sales registered a sharp upturn during the last 10 days of the month, Mr. Hufstader said, a total of 3,271 new cars being delivered to consumers in the United States as against 1,783 in the previous 10-day period and 2,301 in the last 10 days of March, 1934.

This total was the best for any final 10-day period of March since 1931. As a result, sales during March exceeded original estimates for the month by more than 1,000 cars, Mr. Hufstader said.

Nash Cruising Gear Aids Economy



How the Nash Automatic Cruising Gear reduces gasoline and oil consumption is being graphically demonstrated to motorists by means of a tachometer mounted on the steering post of Nash demonstrators. When the Cruising Gear goes into operation at speeds between 40 and 45 miles per hour, the tachometer registers a reduction of approximately 30% in engine revolutions although car speed remains unchanged. Averages as high as 18 to 22 miles to the gallon at high speeds have been reported by Nash owners driving cars equipped with this device.

164 POUNDS OF RUBBER IN FORDS

Material Used To Improve Riding Conditions And Lengthen Life

DEARBORN, Mich., April 13.—The quantity of rubber used in Ford car construction has virtually trebled in the last eight years, an investigation just made by the Ford Motor company reveals.

The Model-T Ford contained only 56 pounds of rubber, while the present Ford V-8 contains 164 pounds. So rapidly are new applications being discovered that the Ford company would not be surprised to see as much as 200 pounds used in future Ford cars.

In the early cars, rubber was employed chiefly for tires and tubes. Now it is applied throughout the car to improve riding qualities and lengthen life, as well as reduce cost of manufacture.

Today rubber is used for making steering wheels, batteries, switches, junction blocks, weatherstrips, running boards, floor mats, motor supports, axle bumpers, sound deadeners, fan belts, radiator hose, insulating material, grommets, door bumpers, spring shackle bushings and top materials, as well as tires and tubes.

All Ford rubber compositions are made to strict specifications and severely tested before use in car construction. Steering wheels must withstand drops from a height of six feet after 12 hours exposure to a temperature of 20 degrees below zero Fahrenheit.

Windshield weatherstrips are exposed to the hot sun and high humidity on the roof of the branch plant of the Ford Motor company at Jacksonville, Florida, to determine anti-checking and anti-splitting qualities.

Rubber matting is given ingenious tests for resistance to abrasion and, in addition, running-board stocks are checked for their qualities in bonding to steel.

Rubber used for motor supports and axle bumpers is subjected to a distorting force far in excess of any that would be encountered while in use. As a result, the company reports that failures in service "are unknown to us."

Fan belts are severely tested for stretch, and improvements based on these laboratory findings have reduced the stretch in Ford fan belts to one-third of what it was, though the present belt is 50 per cent longer than that used on previous models.

The Ford Motor Company subjects the tires it uses to the most exhaustive tests. In the laboratory, Ford-developed machines test for carcass and bead fatigue and indicate tread-wear resistance. Other machines check for resistance to bruise-breaking.

Tires are sent for testing to the River Rouge plant of the Ford Motor company from all company plants throughout the world. Regardless of where the tire was manufactured, Ford maintains control.

To determine their stability at high speed, Ford tests tires on the road. To aid in determining the actual mileage given in service, the company periodically measures the non-skid design remaining on tires in use on employees' cars.

* * *

"Ceiling," a word frequently used in aviation circles, now is used officially to describe the highest level at which a pilot can fly and still be able to distinguish the earth.

NASH USES LESS GAS IN CRUISING

Automatic Gear In New Models Proves Economical For Owners

A tachometer, mounted on the steering post of demonstrating cars, is being successfully used by Nash dealers to show the advantages of the Nash automatic cruising gear in actual operation. For the benefit of the uninitiated, a tachometer is the ingenious device that registers engine revolutions per minute and it has long been used in aviation and marine work as a check on motor efficiency. In the case of the Nash cruising gear, however, the instrument proves in graphic fashion that the motor actually "loafs" at car speeds above 40 miles per hour; and since operating costs increase considerably with car speeds under ordinary conditions, the value of the cruising gear lies in the marked reduction of gasoline and oil consumption and engine wear obtained through its use.

"What the automatic cruising gear delivers is a fast cruising speed for which the owner pays no premium," explained the local dealer. "In other words, he gets 60 mile per hour performance at the cost of 42 mile per hour operation.

"The Nash automatic cruising gear is a self-sustained unit operating as part of the transmission and can be used or not, according to the wishes of the driver, who controls it by means of a selector on the dash. To use it, the driver pushes in the selector—and from then on there is nothing further for the driver to think about for the cruising gear will automatically become operative at approximately 40 miles per hour.

"While it is difficult to make definite statements regarding the increased gasoline mileage obtained through the use of the cruising gear because of variable factors peculiar to individual drivers, factory tests have indicated that as much as five more miles to the gallon can be obtained at 50 miles per hour and oil consumption at this same speed is reduced approximately 40 per cent over the oil consumption in conventional gear. Owners report they have obtained as high as 22 miles to the gallon on the Nash Advanced Six equipped with the new device, and in a recent economy test conducted by a large oil company over a 700 mile course a Nash Advanced Eight averaged the remarkable mileage of 17.6 miles per gallon at top speeds.

"While economy and longer engine life are direct results of the use of the cruising gear, another interesting phase concerns the human reaction. With a reduction of engine speed at high car speeds there is a consequent increase in smoothness and quietness. Noise, of course, is well established as a contributory cause of nervous tension and fatigue; and it is interesting to note that both driver and passenger can make a long trip in a car equipped with the automatic cruising gear, maintain better average speed, yet end the day comparatively as fresh as at the start."

The Benoit-Nash Motor company is the local Nash dealer.

Cotton

New Orleans

NEW ORLEANS, April 13.—(AP)—Strength in the grain market spread to cotton in today's brief session and futures gained from 18 to 20 points net on the day in active trading.

With wheat selling above a dollar a bushel at Chicago, a better selling came into the cotton market and active futures were bid up.

Liverpool was better than due and closed strong and the local exchange after opening from 10 to 12 points higher extended the gain until May sold at the close at 11.63, July at 11.73, October at 11.41 and December at 11.48.

Trade statistics made public today were comparatively favorable. The census bureau's report of domestic consumption of cotton showed that March consumption was about 3,000 bales greater than February.

Exports for the day totalled 182 bales.

Cotton futures closed very steady at net advances of 18 to 20 points.

	Open	High	Low	Close
May	11.56	11.63	11.53	11.63
July	11.63	11.73	11.60	11.72-73
Oct.	11.33	11.42	11.30	11.40-41
Dec.	11.40	11.48	11.37	11.48
Jan.	11.45	11.51	11.45	11.51
Mch.	11.49	11.59	11.49	11.57

ORLEANS SPOT COTTON

NEW ORLEANS, April 13.—(AP)—Spot cotton closed steady, 18 points up. Sales 145; low middling 11.48; middling 12.13; good middling 12.58; receipts 1,635; stock 539,515.

New York

NEW YORK, April 13.—(AP)—Cotton prices rose to the highest point of the week today with net gains for the period of about $3.50 a bale. A favorable view of the foreign political situation, a growing uneasiness over reports of drouth and dust storms in the western belt and improved sales of textiles brought in active trade, commission house and foreign buying. The market closed very steady at about the best of the day with net gains of 15 to 18 points.

Cotton futures closed very steady, 15-18 higher.

	Open	High	Low	Last
May	11.59	11.67	11.56	11.66-67
July	11.66	11.75	11.62	11.75
Oct.	11.33	11.44	11.31	11.40-41
Dec.	11.43	11.50	11.38	11.47-49
Jan.	11.45	11.54	11.45	11.53
March	11.53	11.60	11.51	11.59

Spot steady; middling 11.95.

Liverpool

LIVERPOOL, April 13.—(AP)—Cotton 10,000 bales including 600 American. Spot in fair demand; prices four points higher; quotations in pence: American strict good middling 7.29; good middling 6.99; strict middling 6.84; middling 6.69; strict low middling 6.54; low middling 6.29; strict good ordinary 6.09; good ordinary 5.79. Futures closed steady. May 6.44; July 6.38; October 6.13; December 6.10; January 6.10; March 6.11.

Cottonseed Oil

New Orleans

NEW ORLEANS, April 13.—(AP)—Cottonseed oil closed steady. Prime summer yellow 10.35-50; prime crude 9.12 1-2 to 9.37 1-2. April 10.30B; May 10.35B; July 10.40B; August 10.38B; September 10.40B; October 10.24B.

B—Bid.

New York

NEW YORK, April 13.—(AP)—Bleachable cottonseed oil futures closed firm. May 10.60B; July 10.76; September 19.79B; October 10.59B.

Sales 29 contracts, including 4 switches.

B—BID.

Foreign Exchange

NEW YORK, April 13.—(AP)—Foreign exchange steady. Great Britain in dollars, others in cents. Great Britain demand, 4.84 3-4; cables 4.84 3-4; 60 day bills, 4.83 5-8; France demand, 6.61 1-8; cables, 6.61 1-8; Italy demand, 8.31; cables 8.31.

Demands: Belgium, 16.97; Germany, 40.85; Holland, 67.52; Norway, 24.36; Sweden, 25.00; Denmark, 21.65; Finland, 2.14 1-2; Switzerland, 2.43; Spain, 13.70; Portugal, 4.41 1-2; Greece, .93 3-4; Poland, 18.92; Czechoslovakia, 4.19; Yugoslavia, 2.28; Austria, 18.87n; Hungary, 29.85n; Rumania, 1.01 1-2; Argentine, 32.33n; Brazil, 8.60 1-2n; Tokyo, 25.83; Shanghai, 39.00; Hongkong, 52.95; Mexico City (silver peso) 28.00; Montreal in New York, 99.62 1-2; New York in Montreal, 100.37 1-2.

n—Nominal.

Poultry

CHICAGO, April 13.—(AP)—Poultry live, 15 trucks; hens steady; broilers and fryers steady at declines; hens 5 lbs. and under 21, more than 5 lbs. 22, leghorn hens 19; rock fryers 24-25, colored 24; rock broilers 23-24, colored 23; leghorn 21, barebacks 21; roosters 15 1-2; hen turkeys 27, young toms 23, old 17; No. 2 15; old ducks 4 1-2 lbs. up 20 1-2, small 18; young white ducks 4 1-2 lbs. up 22; geese 14; capons 6-7 lbs. 25.

New York Stocks

By Victor Eubank

NEW YORK, April 13.—(AP)—Wall Street's baby boom showed further signs of growing today as the utilities stepped up in the stock market to vie with the metals for leadership. Other sections of the list also moved ahead at a more sedate pace and the activity broadened. The close was firm. Transfers approximated 725,000 shares.

Speculative sentiment exhibited considerale overnight improvement and the news was generally considered constructive. There were minor profit taking flurries in the brief session, but these had little other effect than to turn the market dull. Most stock leaders ended around their tops for the day. It was one of the liveliest Saturdays since last December.

After some hesitancy at the start, due to realizing, new highs for the season of around $1.02 a bushel were registered by wheat in the morning. Cotton also pointed upward and other commodities were better. Bonds were rather steady. Foreign exchanges were unexciting, although the gold currencies eased.

Shares up fractions to a point or more included Consolidated Gas, American Telephone, Western Union, Public Service of New Jersey, U. S. Smelting, Cerro De Pasco, Noranda, American Smelting, Dome, International Silver, McIntyre Porcupine, Santa Fe, Northern Pacific, Delaware & Hudson, U. S. Steel, American Rolling Mill, Bethlehem, Montgomery Ward, International Harvester, Case, Du Pont, General Electric, Westinghouse, General Motors, Chrysler, U. S. Rubber preferred and Loew's.

There were exceptionally large turnovers in Consolidated Gas and General Electric. Most of the oils, including Standard of New Jersey and California, Socony and Amerada were only a trifle higher.

Renewed demand for the utility stocks probably brought more encouragement to the commission houses than any other market development. In some analytical quarters it has been felt that no sustained upward trend could be established until the power group climbed out of the doldrums.

The brightening of the utilities was largely attributed to the growing belief that Washington's "big stick" may not be wielded so vigorously against the holding companies and that, with additional recovery in business and industry, the larger power corporations stand to better their financial positions materially.

Followers of the mining division were still highly confident that silver prices will continue to climb and that, in order to meet world competition, the government will be forced to boost its buying rate from time to time.

While the rails were not particularly buoyant, sellers in this department were few and extremely timid. They did not lose sight of the possibility that the supreme court on Monday may hand down the long-awaited decision on the Carrier pension law which has already been declared unconstitutional by a lower court.

MARKETS AT A GLANCE

NEW YORK, April 13.—(AP)—Stocks, firm; utilities and metals lead advance. Bonds, steady; power issues improve. Curb, higher; list up moderately. Foreign exchanges, irregular; gold currencies ease. Cotton, higher; more favorable European political news. Sugar, higher; firm spot market. Coffee, quiet; commission house buying.

CHICAGO.—Wheat, higher; dust storms renewed. Corn, firm; sympathy with wheat. Cattle, nominally steady. Hogs, nominally steady; top quotable $9.20.

Chicago Grain

CHICAGO, April 13.—(AP)—All future deliveries of wheat started today touching $1.00 a bushel or above, and soon mounted further. A new top price record for the season was quickly established for July and September contracts. Opening 1-8 off to 5-8 up, May $1.00 1-4 to 58, Chicago wheat afterward showed all around gains before reacting somewhat. Corn opened at 1-4 decline to 1-4 advance, May 88 1-2 to 5-8, and subsequently altered little.

Wheat closed nervous, 1-8 to 3-4 above yesterday's finish, May 100 3-4 to 7-8, corn unchanged to 1-2 higher, May 88 5-8 to 3-4, oats also unchanged to 1-2 up, and provisions unchanged to a rise of 5 cents.

Livestock

CHICAGO, April 13.—(AP)—(USDA)—Cattle 300; calves 100, compared Friday last week: Market very uneven; all grades medium weight and weighty steers strong to 25 higher; in between grade yearlings and light steers weak to 25 lower, fully 50 lower than early Monday; top 1,213 and 1,227 lb. steers 15.00; best yearlings 14.25; vealers 1.00-50 higher, selects selling at 10.00-50.

Sheep, 6,000; for week ending Friday, 10,600 directs; compared Friday last week: Fat lambs 25-50 higher; sheep strong; feeding lambs scarce, little changed; clipped offerings 7.25-50; mostly; choice 114 lb. averages 7.00 Tuesday; most wooled native ewes 4.00-5.00; top 5.25, comparable shorn offerings 3.00-4.00.

Hogs, 5,000, including 4,500 direct; nominally steady; scattered bids and sales 9.10 downward; quotable top around 9.20; all quotations nominal.

Potatoes

CHICAGO, April 13.—(AP)—(USDA)—Potatoes, 112, on track 267, total U. S. shipments 760; old stock, about steady, supplies moderate, demand and trading slow; sacked per cwt. Wisconsin Round Whites U. S. No. 1, .90-1.00; U. S. commercial 85; Idaho Russets U. S. No. 1, 2.30-45; fine quality heavy to large 2.50; U. S. commercial 1.90-2.00; new stock steady, supplies very light, demand and trading limited; Florida bushel crates Bliss Triumphs U. S. No. 1 washed mostly 3.25.

Switzerland has a large railway bridge which can be stored during the winter to protect it from avalanches.

Sugar

NEW YORK, April 13.—(AP)—Raw sugar was firm and unchanged early today. Local refiners were interested at last paid prices of 3.15 for spot while outport refineries paid slightly higher.

The only sale confirmed today was 1,400 bags of Puerto Rican, balance of a cargo for April clearance, to a local refiner at 3.15. Late yesterday there were sales of 40,000 bags of Puerto Rican for April shipment at 3.18 and 18,800 bags of Cuban for second half May shipment at 3.24 to outport refiners.

Futures were inactive but the tone was firm on further trade covering and speculative buying. Final prices were unchanged to 1 point net higher. Sales 7,600 tons in the No. 3 contracts and 2,600 in the No. 1.

Refined was unchanged at 4.90 for fine granulated with a good withdrawal demand reported.

Sugar futures No. 3 closed steady, unchanged to 1 higher; sales 7,600 tons. May 2.26b; July 2.34b; September 2.39b; December 2.45b; January 2.33b; March 2.33b.

b—Bid.

Cotton

New Orleans

NEW ORLEANS, April 13.—(AP)—Strength in the grain market spread to cotton in today's brief session and futures gained from 18 to 20 points net on the day in active trading.

With wheat selling above a dollar a bushel at Chicago, a better selling came into the cotton market and active futures were bid up.

Liverpool was better than due and closed strong and the local exchange after opening from 10 to 12 points higher extended the gain until May sold at the close at 11.63, July at 11.73, October at 11.41 and December at 11.48.

Trade statistics made public today were comparatively favorable. The census bureau's report of domestic consumption of cotton showed that March consumption was about 3,000 bales greater than February.

Exports for the day totalled 182 bales.

Cotton futures closed very steady at net advances of 18 to 20 points.

	Open	High	Low	Close
May	11.56	11.63	11.53	11.63
July	11.63	11.73	11.60	11.72-73
Oct.	11.33	11.42	11.30	11.40-41
Dec.	11.40	11.48	11.37	11.48
Jan.	11.45	11.51	11.45	11.51
Mch.	11.49	11.59	11.49	11.57

ORLEANS SPOT COTTON

NEW ORLEANS, April 13.—(AP)—Spot cotton closed steady, 18 points up. Sales 145; low middling 11.48; middling 12.13; good middling 12.58; receipts 1,635; stock 539,515.

New York

NEW YORK, April 13.—(AP)—Cotton prices rose to the highest point of the week today with net gains for the period of about $3.50 a bale. A favorable view of the foreign political situation, a growing uneasiness over reports of drouth and dust storms in the western belt and improved sales of textiles brought in active trade, commission house and foreign buying. The market closed very steady at about the best of the day with net gains of 15 to 18 points.

Cotton futures closed very steady, 15-18 higher.

New York Stocks

By Victor Eubank

NEW YORK, April 13.—(AP)—Wall Street's baby boom showed further signs of growing today as the utilities stepped up in the stock market to vie with the metals for leadership. Other sections of the list also moved ahead at a more sedate pace and the activity broadened. The close was firm. Transfers approximated 725,000 shares.

Speculative sentiment exhibited considerale overnight improvement and the news was generally considered constructive. There were minor profit taking flurries in the brief session, but these had little other effect than to turn the market dull. Most stock leaders ended around their tops for the day. It was one of the liveliest Saturdays since last December.

After some hesitancy at the start, due to realizing, new highs for the season of around $1.02 a bushel were registered by wheat in the morning. Cotton also pointed upward and other commodities were better. Bonds were rather steady. Foreign exchanges were unexciting, although the gold currencies eased.

Shares up fractions to a point or more included Consolidated Gas, American Telephone, Western Union, Public Service of New Jersey, U. S. Smelting, Cerro De Pasco, Noranda, American Smelting, Dome, International Silver, McIntyre Porcupine, Santa Fe, Northern Pacific, Delaware & Hudson, U. S. Steel, American Rolling Mill, Bethlehem, Montgomery Ward, International Harvester, Case, Du Pont, General Electric, Westinghouse, General Motors, Chrysler, U. S. Rubber preferred and Loew's.

There were exceptionally large turnovers in Consolidated Gas and General Electric. Most of the oils, including Standard of New Jersey and California, Socony and Amerada were only a trifle higher.

Renewed demand for the utility stocks probably brought more encouragement to the commission houses than any other market development. In some analytical quarters it has been felt that no sustained upward trend could be established until the power group climbed out of the doldrums.

The brightening of the utilities was largely attributed to the growing belief that Washington's "big stick" may not be wielded so vigorously against the holding companies and that, with additional recovery in business and industry, the larger power corporations stand to better their financial positions materially.

Followers of the mining division were still highly confident that silver prices will continue to climb and that, in order to meet world competition, the government will be forced to boost its buying rate from time to time.

While the rails were not particularly buoyant, sellers in this department were few and extremely timid. They did not lose sight of the possibility that the supreme court on Monday may hand down the long-awaited decision on the Carrier pension law which has already been declared unconstitutional by a lower court.

MARKETS AT A GLANCE

NEW YORK, April 13.—(AP)—Stocks, firm; utilities and metals lead advance. Bonds, steady; power issues improve. Curb, higher; list up moderately. Foreign exchanges, irregular; gold currencies ease. Cotton, higher; more favorable European political news. Sugar, higher; firm spot market. Coffee, quiet; commission house buying.

CHICAGO.—Wheat, higher; dust storms renewed. Corn, firm; sympathy with wheat. Cattle, nominally steady. Hogs, nominally steady; top quotable $9.20.

Chicago Grain

CHICAGO, April 13.—(AP)—All future deliveries of wheat started today touching $1.00 a bushel or above, and soon mounted further. A new top price record for the season was quickly established for July and September contracts. Opening 1-8 off to 5-8 up, May $1.00 1-4 to 58, Chicago wheat afterward showed all around gains before reacting somewhat. Corn opened at 1-4 decline to 1-4 advance, May 88 1-2 to 5-8, and subsequently altered little.

Wheat closed nervous, 1-8 to 3-4 above yesterday's finish, May 100 3-4 to 7-8, corn unchanged to 1-2 higher, May 88 5-8 to 3-4, oats also unchanged to 1-2 up, and provisions unchanged to a rise of 5 cents.

Sugar

NEW YORK, April 13.—(AP)—Raw sugar was firm and unchanged early today. Local refiners were interested at last paid prices of 3.15 for spot while outport refineries paid slightly higher.

The only sale confirmed today was 1,400 bags of Puerto Rican, balance of a cargo for April clearance, to a local refiner at 3.15. Late yesterday there were sales of 40,000 bags of Puerto Rican for April shipment at 3.18 and 18,800 bags of Cuban for second half May shipment at 3.24 to outport refiners.

Futures were inactive but the tone was firm on further trade covering and speculative buying. Final prices were unchanged to 1 point net higher. Sales 7,600 tons in the No. 3 contracts and 2,600 in the No. 1.

Refined was unchanged at 4.90 for fine granulated with a good withdrawal demand reported.

Sugar futures No. 3 closed steady, unchanged to 1 higher; sales 7,600 tons. May 2.26b; July 2.34b; September 2.39b; December 2.45b; January 2.33b; March 2.33b.

PAVING WORK TO START THIS WEEK

Project Between Paper Mill And West Monroe To Be Begun

The Central Construction company announced yesterday that early this week paving work is to be initiated on the highway between West Monroe and the Brown paper mill.

This contract was awardd some time ago but construction was held up pending the obtaining of certain rights-of-way essential to make some changes in the route and remove the hazards of several sharp curves. Now all but one piece of land has been secured and this will not be permitted to halt the progress of construction, Harry Waugh, of the Central Construction company, said.

Instead of a strip of paving 18 feet wide, plans now contemplate paving that will be 20 or 22 feet wide, and will extend from the southern end of the ball park to the present paving on Natchitoches street, it was stated.

Seventy working days are required for the completion of the project, which is regarded of much importance to West Monroe due to the unusually heavy traffic between the paper mill and that city.

◆

The government of Argentina is now financing most of the grain shipments of the country through its grain board.

All Children To Get Fair Chance In Hunt For Eggs On Easter

All prizes for the Easter egg hunt will be assembled at the Masonic temple and sorted out so as to give boys, girls and smaller children a fair show at the prizes, Bill Perhamus, general manager of the hunt which is to be staged Easter Sunday at Forsythe park sponsored by Teflis Grotto, said yesterday.

Fully 5,000 eggs have been secured by Monarch Henry C. Ray, Jr., of Teflis Grotto. Mr. Ray also has been active in securing prizes from merchants engaged in the grocery business.

Eggs will be dyed by members of the Eastern Star lodges, Mr. Perhamus said.

In order that there be no confusion or congestion, parking of cars will be restricted to the space near the old ball park.

Cooperation in the Easter hunt has been assured by all civic clubs, state highway officers and the police and fire departments.

Fruhman Optimistic Over Business Prospects Here

On the occasion of a visit to Monroe, Sidney Fruhman, owner of the Rhealee millinery stores, expressed great optimism over business conditions in this city. Mr. Fruhman owns and operates a chain of twenty-two stores in principal cities of the south and stated that his Monroe store, established here only nine months ago, is more than fulfilling his expectations of it.

Miss Mildred Gonsoulin, the new manager of the local store, having been recently transferred here from New Orleans, shares Mr. Fruhman's enthusiasm.

"Since joining the Rhealee organization I have been located in their stores at Atlanta, Ga., Jackson, Miss., Baton Rouge and New Orelans, but never have I been so well pleased with a place or the people with whom I have to deal as in Monroe. I find business conditions here above the average and am anticipating a record month for April," stated Miss Gonsoulin.

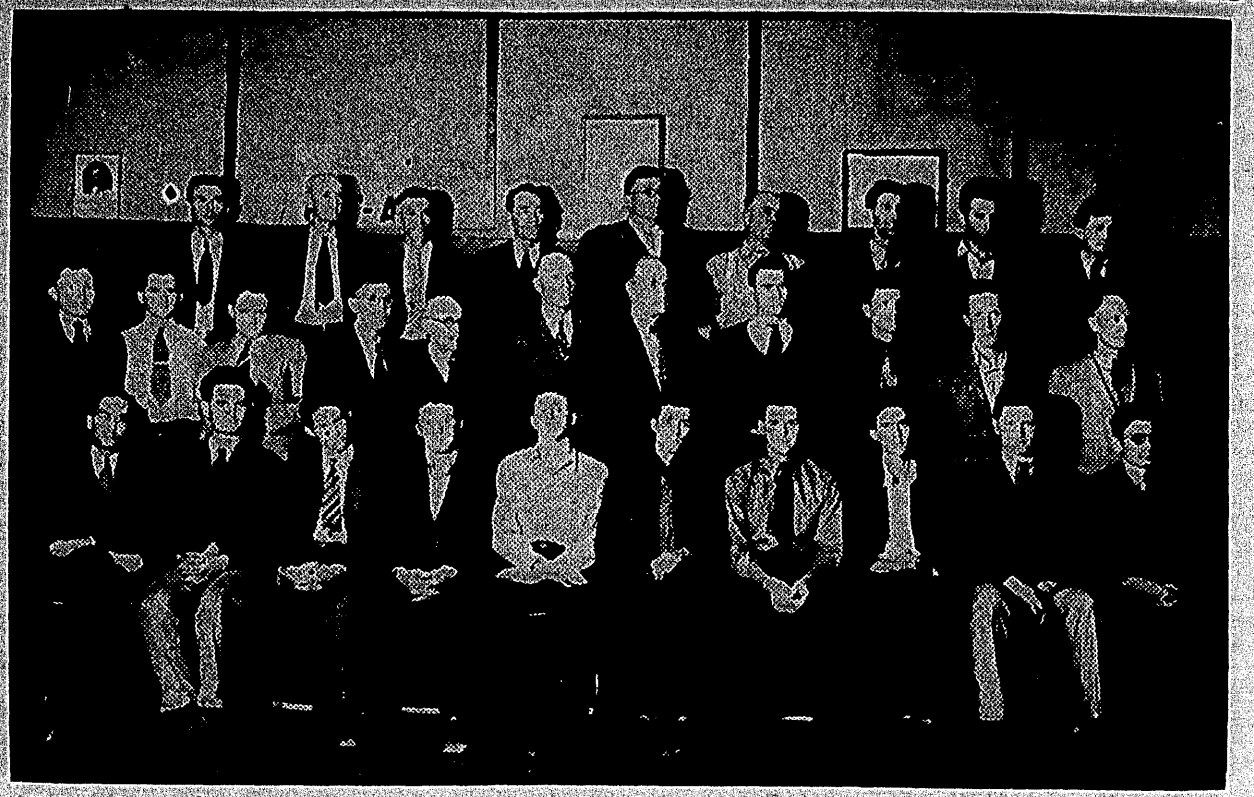
Miss Gonsoulin replaces Mrs. Ann Hansen, former manager of the Rhealee store, who was transferred to Shreveport.

◆

3,672 VOTERS SIGN

MARION, La., April 13.—(Special)—Thirty-six hundred seventy-two voters in Union parish have signed the 1934 poll books and the 1935 poll books have been signed by thirty-six hundred thirteen voters, according to a statement of Sheriff F. W. Murphy. Sheriff Murphy estimates that about 60 per cent of the voters of the parish have signed the books.

PART-TIME SCHOOL WITH 'OUT-OF-SCHOOL' YOUTHS



The agricultural department of the Linville high school under the management of S. D. Reech, vocational agricultural teacher, has been giving instruction to out-of-school youths and adult farmers, in night sessions for the past four years. The instruction given includes all phases of the new development in agricultural matters as they are related to the national recovery act. This work has been so successful and outstanding in the state that State Superintendent T. H. Harris made a special visit to the school to observe its method of instruction and interest taken in it. Seated in the front row at extreme left are A. Larrievire, state assistant supervisor of agriculture, and nine out-of-school youths being instructed in the school. Second row and standing at extreme right are Mr. Reech, three out-of-school youths, Superintendent Harris, P. L. Read, Union parish superintendent of education, J. G. Taylor, president of the Union parish school board, J. D. Crow, merchant of Linville, Mr. Beard, secretary to Superintendent Harris, Mr. Hollis, R. O. Sutton, and in the back row reading from left to right are C. M. Crow, P. M. Turner, W. E. Love and F. Crow, who have been attending the adult classes at night, E. T. Powell, banker of Marion, W. B. McKenney, J. A. Green, H. A. Green, and W. E. Cammack, also adults attending these night classes.

L. T. MOORE DIES SATURDAY AFTER LENGTHY ILLNESS

L. T. Moore, 59, for 35 years associated with the Southern Bell Telephone company, died Saturday afternoon at his residence at 504 North Fifth street. He had been in failing health for more than a year.

The funeral services will be held at the Davis-Lawhead funeral home this afternoon at 3:30 o'clock with Rev. W. C. Scott, pastor of the First Methodist church, officiating. Interment will be made in Riverview burial park.

Mr. Moore began working for the Bell Telephone company as a young man in Mississippi and later was transferred to Tallulah. Five years ago he was assigned to duty in Monroe in the mechanical department of the local company.

Surviving are the widow and three sons, A. A. and Jack Moore of Detroit, Mich., and C. C. Moore of Lake Charles.

◆

TWO MEN ENTER PLEAS OF GUILTY

Pleas of guilty were entered and penalties were imposed in the misdemeanor cases of two defendants yesterday in district court here, and two other persons accused of misdemeanors were arraigned and the date of their trials was set.

Carl Dansberg pleaded guilty to a charge of allowing a dice game to be operated on leased premises, and was fined $25 and costs.

Joe Woodard, negro, pleaded guilty to a charge of being an accessory after the fact in the theft of a shotgun, and was sentenced to serve 60 days in the parish jail, subject to road duty.

Ed Golson and Pruitt Caldwell, negroes, pleaded not guilty to charges of allowing a dice game to be operated on leased premises, and the trials of their cases were set for April 25.

◆

SETTLEMENT FILED

Final compensation of $11.18 for an injury he received last November 17 when he lifted the end of a log while clearing a right-of-way, was awarded W. P. Perkins in a compromise settlement filed in the parish district court here yesterday by Perkins, the Arkansas-Louisiana Pipe Line company and the company insurers.

ROBELINE BANK SUSPECT NABBED

Rodney McDonald Was Once Arrested Here On Mann Act Charges

BATON ROUGE, La., April 13.—(AP)—Two Louisiana sheriffs tonight had bids in for custody of a prisoner booked as Rodney Dhue McDonald arrested by Dallas, Texas, police in connection with an attempted bank robbery in one parish and an automobile theft in another.

Sheriff W. M. Payne of Natchitoches parish asked Dallas officers to hold the prisoner whom he said he had charged with participation in the recent frustrated attempt to rob the bank of Robeline, La.

Sheriff Henry Reid of Calcasieu at the same time wired the Dallas police that he would seek extradition of the prisoner for allegedly having taken an automobile away from a Beaumont, Texas, traveling salesman near Lake Charles, La., April 3, two days before the same car was used in the Robeline frustrated bank robbery attempt.

It was expected that the Calcasieu sheriff would defer to the claim of the Natchitoches officer owing to bank robbery being a graver offense than car theft.

The Louisiana identification bureau asked the Dallas police to make the arrest, saying the man was also wanted in Monroe, La., where the bureau said he was known as J. R. Corbett, on a Mann act violation charge.

The bank of Robeline was entered April 5 by three men who lost their nerve after trying to stick up the cashier.

The bandits ran when the cashier stepped on a burglar alarm and then chased them with a pistol.

They abandoned their car when the cashier shot a hole in one of the tires.

M'DONALD ARRESTED HERE LAST JULY 26

Rodney Dhue McDonald was one of five persons arrested last July 26 by Sheriff Milton Coverdale and Chief of Police J. C. Cobb, of West Monroe, at a tourist camp west of Monroe and at a local hotel. McDonald and two of the other arrested persons, Estelle Davis and Dorothy Davis, sisters, were turned over to federal authorities and transferred to Shreveport on Mann act charges. The two women were later involved in a Mississippi bank robbery staged by Raymond Hamilton.

The two other persons arrested here as members of the party of five persons were Beryl Ione Kerns, sister of the Davis women, and E. M. Warner. The Kerns woman was convicted in the city court on a charge of anti-vice, but Warner after an investigation, was released.

At this time Warner and the Kerns woman are serving a sentence in the Louisiana state penitentiary at Angola for robbery of a bank at Campti, La., after their departure from Monroe.

◆

Scarborough Planning State Speaking Tour

RUSTON, La., April 13.—(Special)—Truett L. Scarborough, Ruston candidate for governor, Thursday evening told a group of more than 650 persons of Lincoln parish, that he planned to start a tour of the state immediately and speak in every parish seat in Louisiana before May 31, urging every citizen to sign the 1934 poll book before the specified deadline and thereby qualify to vote in the 1936 election.

Speaking from the rostrum of the Ruston high school auditorium, Scarborough reached the middle of his talk and was momentarily interrupted when someone among the group crowding the windows outside the auditorium threw a rock toward the stage. It landed at his feet.

This was the second interruption he has had in his campaign speeches. Firing his opening gun at Natchitoches two weeks ago, he was interrupted by a telegram and as soon as possible he hurried to his home in Ruston to welcome his new seven-pound baby daughter.

EASTER CANTATA PLANNED TONIGHT

◆

HURT IN CAR WRECK

JENA, La., April 13.—(Special)—Mrs. Philip Girlinghouse received a fracture of the pelvis bone when the car in which she and her husband were riding from Jena to Olla became unmanageable in loose gravel and overturned. She was removed to the Olla clinic. The car was badly damaged.

◆

MINISTER TO SPEAK

Rev. J. G. Collins, pastor of Martin temple, C. M. E. church, corner of Nineteenth and Adams streets, will deliver an address to married people at 3 p.m. Sunday, April 14. Adult young people 15 years of age and upward are invited to attend.

3 TECH CLASSES ELECT OFFICERS

RUSTON, La., April 13.—(Special)—Officers of next year's sophomore, junior and senior classes at Louisiana Tech were recently elected by students at the college. The new leaders are as follows:

Senior Class—Jack Thigpen, of Ruston, president; Carroll Thomas, Little Ark., vice-president; Jane Goyne, Ruston, secretary, and Clare Clark, Mer Rouge, treasurer. Thigpen was president of his freshman, sophomore and junior class, and will head the seniors beginning with the opening of the fall semester in September.

Junior Class—Billy Mitchell, Ruston, president; Sara Ellen Cooper, Mansfield, vice president; Nan Morgan, of Ruston, secretary; J. D. Lindsey, Bernice, treasurer, and Ben Phillips, of Glenmora, historian. Mitchell, as well as Thigpen, was re-elected president of his class.

Sophomore Class—Fort Zachary, Vivian, president, and Herman B Hewitt, Ruston, vice-president.

Officers of the 1935-36 freshman class at Tech will be elected early in the fall.

PAVING WORK TO START THIS WEEK

Project Between Paper Mill And West Monroe To Be Begun

The Central Construction company announced yesterday that early this week paving work is to be initiated on the highway between West Monroe and the Brown paper mill.

This contract was awardd some time ago but construction was held up pending the obtaining of certain rights-of-way essential to make some changes in the route and remove the hazards of several sharp curves. Now all but one piece of land has been secured and this will not be permitted to halt the progress of construction, Harry Waugh, of the Central Construction company, said.

Instead of a strip of paving 18 feet wide, plans now contemplate paving that will be 20 or 22 feet wide, and will extend from the southern end of the ball park to the present paving on Natchitoches street, it was stated.

Seventy working days are required for the completion of the project, which is regarded of much importance to West Monroe due to the unusually heavy traffic between the paper mill and that city.

All Children To Get Fair Chance In Hunt For Eggs On Easter

All prizes for the Easter egg hunt will be assembled at the Masonic temple and sorted out so as to give boys, girls and smaller children a fair show at the prizes, Bill Perhamus, general manager of the hunt which is to be staged Easter Sunday at Forsythe park sponsored by Teflis Grotto, said yesterday.

Fully 5,000 eggs have been secured by Monarch Henry C. Ray, Jr., of Teflis Grotto. Mr. Ray also has been active in securing prizes from merchants engaged in the grocery business.

Eggs will be dyed by members of the Eastern Star lodges, Mr. Perhamus said.

In order that there be no confusion or congestion, parking of cars will be restricted to the space near the old ball park.

Cooperation in the Easter hunt has been assured by all civic clubs, state highway officers and the police and fire departments.

Fruhman Optimistic Over Business Prospects Here

On the occasion of a visit to Monroe, Sidney Fruhman, owner of the Rhealee millinery stores, expressed great optimism over business conditions in this city. Mr. Fruhman owns and operates a chain of twenty-two stores in principal cities of the south and stated that his Monroe store, established here only nine months ago, is more than fulfilling his expectations of it.

Miss Mildred Gonsoulin, the new manager of the local store, having been recently transferred here from New Orleans, shares Mr. Fruhman's enthusiasm.

"Since joining the Rhealee organization I have been located in their stores at Atlanta, Ga., Jackson, Miss., Baton Rouge and New Orelans, but never have I been so well pleased with a place or the people with whom I have to deal as in Monroe. I find business conditions here above the average and am anticipating a record month for April," stated Miss Gonsoulin.

Miss Gonsoulin replaces Mrs. Ann Hansen, former manager of the Rhealee store, who was transferred to Shreveport.

3,672 VOTERS SIGN

MARION, La., April 13.—(Special)—Thirty-six hundred seventy-two voters in Union parish have signed the 1934 poll books and the 1935 poll books have been signed by thirty-six hundred thirteen voters, according to a statement of Sheriff F. W. Murphy. Sheriff Murphy estimates that about 60 per cent of the voters of the parish have signed the books.

PART-TIME SCHOOL WITH 'OUT-OF-SCHOOL' YOUTHS

The agricultural department of the Linville high school under the management of S. D. Reech, vocational agricultural teacher, has been giving instruction to out-of-school youths and adult farmers, in night sessions for the past four years. The instruction given includes all phases of the new development in agricultural matters as they are related to the national recovery act. This work has been so successful and outstanding in the state that State Superintendent T. H. Harris made a special visit to the school to observe its method of instruction and interest taken in it. Seated in the front row at extreme left are A. Larrievire, state assistant supervisor of agriculture, and nine out-of-school youths being instructed in the school. Second row and standing at extreme right are Mr. Reech, three out-of-school youths, Superintendent Harris, P. L. Read, Union parish superintendent of education, J. G. Taylor, president of the Union parish school board, J. D. Crow, merchant of Linville, Mr. Beard, secretary to Superintendent Harris, Mr. Hollis, R. O. Sutton, and in the back row reading from left to right are C. M. Crow, P. M. Turner, W. E. Love and F. Crow, who have been attending the adult classes at night, E. T. Powell, banker of Marion, W. B. McKenney, J. A. Green, H. A. Green, and W. E. Cammack, also adults attending these night classes.

L. T. MOORE DIES SATURDAY AFTER LENGTHY ILLNESS

L. T. Moore, 59, for 35 years associated with the Southern Bell Telephone company, died Saturday afternoon at his residence at 504 North Fifth street. He had been in failing health for more than a year.

The funeral services will be held at the Davis-Lawhead funeral home this afternoon at 3:30 o'clock with Rev. W. C. Scott, pastor of the First Methodist church, officiating. Interment will be made in Riverview burial park.

Mr. Moore began working for the Bell Telephone company as a young man in Mississippi and later was transferred to Tallulah. Five years ago he was assigned to duty in Monroe in the mechanical department of the local company.

Surviving are the widow and three sons, A. A. and Jack Moore of Detroit, Mich., and C. C. Moore of Lake Charles.

TWO MEN ENTER PLEAS OF GUILTY

Pleas of guilty were entered and penalties were imposed in the misdemeanor cases of two defendants yesterday in district court here, and two other persons accused of misdemeanors were arraigned and the date of their trials was set.

Carl Dansberg pleaded guilty to a charge of allowing a dice game to be operated on leased premises, and was fined $25 and costs.

Joe Woodard, negro, pleaded guilty to a charge of being an accessory after the fact in the theft of a shotgun, and was sentenced to serve 60 days in the parish jail, subject to road duty.

Ed Golson and Pruitt Caldwell, negroes, pleaded not guilty to charges of allowing a dice game to be operated on leased premises, and the trials of their cases were set for April 25.

◆

SETTLEMENT FILED

Final compensation of $11.18 for an injury he received last November 17 when he lifted the end of a log while clearing a right-of-way, was awarded W. P. Perkins in a compromise settlement filed in the parish district court here yesterday by Perkins, the Arkansas-Louisiana Pipe Line company and the company insurers.

ROBELINE BANK SUSPECT NABBED

Rodney McDonald Was Once Arrested Here On Mann Act Charges

BATON ROUGE, La., April 13.—(AP)—Two Louisiana sheriffs tonight had bids in for custody of a prisoner booked as Rodney Dhue McDonald arrested by Dallas, Texas, police in connection with an attempted bank robbery in one parish and an automobile theft in another.

Sheriff W. M. Payne of Natchitoches parish asked Dallas officers to hold the prisoner whom he said he had charged with participation in the recent frustrated attempt to rob the bank of Robeline, La.

Sheriff Henry Reid of Calcasieu at the same time wired the Dallas police that he would seek extradition of the prisoner for allegedly having taken an automobile away from a Beaumont, Texas, traveling salesman near Lake Charles, La., April 3, two days before the same car was used in the Robeline frustrated bank robbery attempt.

It was expected that the Calcasieu sheriff would defer to the claim of the Natchitoches officer owing to bank robbery being a graver offense than car theft.

The Louisiana identification bureau asked the Dallas police to make the arrest, saying the man was also wanted in Monroe, La., where the bureau said he was known as J. R. Corbett, on a Mann act violation charge.

The bank of Robeline was entered April 5 by three men who lost their nerve after trying to stick up the cashier.

The bandits ran when the cashier stepped on a burglar alarm and then chased them with a pistol.

They abandoned their car when the cashier shot a hole in one of the tires.

M'DONALD ARRESTED HERE LAST JULY 26

Rodney Dhue McDonald was one of five persons arrested last July 26 by Sheriff Milton Coverdale and Chief of Police J. C. Cobb, of West Monroe, at a tourist camp west of Monroe and at a local hotel. McDonald and two of the other arrested persons, Estelle Davis and Dorothy Davis, sisters, were turned over to federal authorities and transferred to Shreveport on Mann act charges. The two women were later involved in a Mississippi bank robbery staged by Raymond Hamilton.

The two other persons arrested here as members of the party of five persons were Beryl Ione Kerns, sister of the Davis women, and E. M. Warner. The Kerns woman was convicted in the city court on a charge of antivice, but Warner after an investigation, was released.

At this time Warner and the Kerns woman are serving a sentence in the Louisiana state penitentiary at Angola for robbery of a bank at Campti, La., after their departure from Monroe.

Scarborough Planning State Speaking Tour

RUSTON, La., April 13.—(Special)—Truett L. Scarborough, Ruston candidate for governor, Thursday evening told a group of more than 650 persons of Lincoln parish, that he planned to start a tour of the state immediately and speak in every parish seat in Louisiana before May 31, urging every citizen to sign the 1934 poll book before the specified deadline and thereby qualify to vote in the 1936 election.

Speaking from the rostrum of the Ruston high school auditorium, Scarborough reached the middle of his talk and was momentarily interrupted when someone among the group crowding the windows outside the auditorium threw a rock toward the stage. It landed at his feet.

This was the second interruption he has had in his campaign speeches. Firing his opening gun at Natchitoches two weeks ago, he was interrupted by a telegram and as soon as possible he hurried to his home in Ruston to welcome his new seven-pound baby daughter.

EASTER CANTATA PLANNED TONIGHT

HURT IN CAR WRECK

JENA, La., April 13.—(Special)—Mrs. Philip Girlinghouse received a fracture of the pelvis bone when the car in which she and her husband were riding from Jena to Olla became unmanageable in loose gravel and overturned. She was removed to the Olla clinic. The car was badly damaged.

◆

MINISTER TO SPEAK

Rev. J. G. Collins, pastor of Martin temple, C. M. E. church, corner of Nineteenth and Adams streets, will deliver an address to married people at 3 p.m. Sunday, April 14. Adult young people 15 years of age and upward are invited to attend.

3 TECH CLASSES ELECT OFFICERS

RUSTON, La., April 13.—(Special)—Officers of next year's sophomore, junior and senior classes at Louisiana Tech were recently elected by students at the college. The new leaders are as follows:

Senior Class—Jack Thigpen, of Ruston, president; Carroll Thomas, Little Ark., vice-president; Jane Goyne, Ruston, secretary, and Clare Clark, Mer Rouge, treasurer. Thigpen was president of his freshman, sophomore and junior class, and will head the seniors beginning with the opening of the fall semester in September.

Junior Class—Billy Mitchell, Ruston, president; Sara Ellen Cooper, Mansfield, vice president; Nan Morgan, of Ruston, secretary; J. D. Lindsey, Bernice, treasurer, and Ben Phillips, of Glenmora, historian. Mitchell, as well as Thigpen, was re-elected president of his class.

Sophomore Class—Fort Zachary, Vivian, president, and Herman B. Hewitt, Ruston, vice-president.

Officers of the 1935-36 freshman class at Tech will be elected early in the fall.

When Weird Passions Spun the Web of a "Perfect Crime"

Recent Re-Opening of the Grace Budd Case Revives the Unsolved Mystery of the Germond Family

BECAME A SHAMBLES
The Peaceful Farm Home of the Germonds in Upper New York State, Where an Unknown Killer Ran Amok With a Butcher's Knife and Wiped Out the Family of Four.

THE WEAPON
This Knife Was Found a Short Distance From the Scene of the Murders. Police Say It Was Used by the Slayer. Above the Blade Is Pictured Bernice Germond, Ten-Year-Old Victim of the Slasher.

Mrs. James Germond (Left) Mother of the Murdered Family and Her Son, Raymond (Above) Who Was Killed Trying to Save Them.

James H. Germond, the Father

VICTIM OF A SIMILAR ATTACK
Little Grace Budd Vanished From Her New York City Home Eight Years Ago. Until Recently Her Slaying Was a "Perfect Crime"—Then the Incredible Truth Came Out.

MOST writers of detective fiction are inclined, at some time or another, to describe the sinister workings of a suave, crafty and cold-blooded criminal—always sure, always methodical—who plans and executes the "perfect murder"—"perfect" in that it completely baffles police and defies detection.

This formula may look convincing on paper, but experience has proven that in real life it is not the premeditated "perfect crime" of the self-possessed criminal that goes unsolved. It is the weird "passion" crime of a distorted mind, whose workings defy logical solution.

Such was the case in the brutal murder of ten-year-old Grace Budd, of New York City. It took eight long years of constant searching on the part of detectives, led by William F. King, of the New York Missing Persons Bureau, to apprehend Albert Fish, the depraved slayer of the child.

Had the murderer in this case not taken sadistic delight in writing fiendish letters to the frantic mother of the little girl, the aged Louis Fish would probably never have been arrested; for it was through the stationery on which the letters were written that the accusation against Fish was initially based.

An even more gruesome "perfect crime," resembling in many ways the Budd murder, is today still puzzling the police in Dutchess County, upper New York State.

Four years ago, on Thanksgiving Eve, James Husted Germond, his wife and two children were slashed and stabbed to death by an unknown killer. No motive for the crime has ever been discovered, and police are convinced it was the work of a motiveless madman.

A blood-stained kitchen knife, with a sharp eleven-inch blade, was the only clue the assailant left behind.

For two days after the maniac ran amok on the farm in Stanfordville, N. Y., the bodies of Germond, his wife, their 18-year-old daughter Bernice and their 10-year-old son Raymond lay frozen in their own blood.

The bodies were found the morning after Thanksgiving Day by Willard Coons, a dairy employee who came to inquire why Germond had failed to deliver his daily load of milk.

Receiving no answer to his knocks, Coons stepped into the kitchen and made his gruesome discovery.

Mrs. Germond and her daughter Bernice lay dead, their bodies and faces frightfully slashed. The mother had dropped to the floor just inside the door, her head partly under the kitchen stove. Bernice, with a look of wild terror in her wide-open eyes, was huddled under the sink, where she had presumably crawled to escape the wrath of the slasher. The women's fingers had been cut to the bone, evidently when they had grabbed the knife in an effort to stay the murderous thrusts.

As the appalled dairyman surveyed this scene, the radio, still playing, blared out a jazz tune.

Rallying from the shock, Coons ran quickly to the barn, where he found the bodies of Germond and Raymond, his son. Both their faces and bodies had been cut to shreds.

A milking machine attached to a cow was still running and the animal was nearly dead from exhaustion. The other cattle were restless, for they had not been fed or watered for two days. The load on the truck was just as Germond had left it after driving home from his last visit to the village.

After an intensive search for clues, and the discovery of the butcher knife, police reconstructed the crime in this way:

Raymond was in the house when his mother and sister were attacked. He ran to call his father. This was indicated by a single heelmark of blood just outside the door, made either by a boy's or a woman's shoe.

The boy probably managed to call to his father and get him out of the cow barn, for the man was slain about 100 feet from the kitchen door, where a bloodstain was found. A screwdriver and partly-smoked pipe were found near the stain.

Raymond, after making futile attempts to aid his father, police surmised, tried to run away, but was overtaken and cut down about 125 feet from where his father died, for another stain was found near a hay wagon and the wagon wheel was blood-spattered. Near the bloodstain was a burdock bush, with burrs similar to those found on the legs of the boy's overalls.

Police believe that the slayer then dragged the body of Germond to the barn, 24 feet away. Marks showing how the body was dragged by the feet were plainly visible, and the back of the head was scratched by gravel. Then the killer picked up the body, carried it the rest of the way, placed it beside the father and closed the barn door.

Nothing in the house, with the exception of the kitchen, had been disturbed. The pantry was filled with delicacies for the Thanksgiving feast.

Although $100 was missing from Germond's wallet, authorities were not inclined to accept robbery as the motive for the crime. Bernice had been very well-liked by the young men of the community and it was thought at first that a rejected suitor might have been involved. But this theory led nowhere.

Police and neighbors scoured the surrounding countryside for clues, especially bloodstained clothing which the murderer might have discarded. Two days elapsed before the knife was found near the Germond farm. It was a new knife, with an eleven-inch blade and a handle four inches long. It was covered with congealed blood and there was an indistinct fingerprint on the handle.

Then began the four-year hunt for the mysterious assailant. A hundred or more "leads" were followed up. Suspicion fell upon an escaped inmate of the Matteawan State Hospital for the criminally insane. Also a "swarthy stranger" had been seen in the neighborhood shortly before the crime.

A Poughkeepsie hardware store owner remembered selling the murder knife on the morning of the crime and declared he could identify the purchaser if he were apprehended.

But every effort on the part of police proved futile. There was no apparent motive—always the first consideration in the solution of any crime. Suddenly, from nowhere, a fiendish murderer had appeared at the Germond farm for one horrible moment of slaughter, and then disappeared into thin air without leaving one tell-tale clue.

Perhaps the slasher will betray himself some day just as did the murderer of little Grace Budd—only he will not do so by writing letters of gloating and harassment, for there is no one left of the Germonds to receive them.

THESE COUPLES UPHELD THE FAMILY TRADITION WITH A TRIPLE WEDDING

Grandparents and Parents Renew Vows on Golden and Silver Anniversaries as Third Generation Goes to Altar

PURELY A FAMILY AFFAIR
While His Parents Celebrated Their Golden Wedding Anniversary, Mr. and Mrs. J. Henry Doulong, at the Left, Observed Their Twenty-Fifth Year of Wedded Bliss by Re-Marrying Each Other in the Three-Generation Family Wedding Ceremony. The Triple Ceremony Was a Four-Way Wedding Celebration for Mr. and Mrs. Henry Doulong, Shown at the Right. It Was Their Own Fiftieth Anniversary, Their Son's Twenty-Fifth, Their Grandson's Wedding—and Their Own Re-Marriage.

HIS FIRST TIME
Henry Morrison Didn't Let the Family Down—for He Married Florence Faust Exactly 50 Years After His Grandfather's Wedding.

"WITH this ring I thee wed . . ." Those six little words might well be inscribed at regular 25-year intervals upon the domestic log-book of an old southern family from Baltimore, Maryland.

For having a marriage each quarter-century, to the day, is a tradition with the Doulongs, and recently it was observed promptly on schedule and in time-honored style.

Now a golden anniversary is not a rare thing—and a silver anniversary is fairly commonplace—but seldom has there been a combination of both with a brand-new wedding of a third generation, as well, plus a formal reiteration of old vows!

Fifty years ago, when Henry Doulong placed the nuptial gold band around the finger of his bride, the conversation went something like this:

"Honey, this is a big, big day in our lives—and we are going to commemorate it with a family wedding every twenty-five years."

Sure enough, twenty-five years later to the day, J. Henry Doulong, one of their seven children, stepped up to the altar and married a charming young Baltimore girl. He also vowed he would keep the tradition going, while the elder Doulongs beamed their blessing upon the happy couple.

Then, again, twenty-five years later, which was just the other day, another member of the Doulong line took his place at the altar. To Henry Morrison, son of Mrs. Harry Morrison, a daughter of the senior Doulongs, fell the honor this time. Strictly on schedule time, he'd won the heart and hand of Miss Florence Faust.

But it was going to be more than simply a third-generation wedding. Yes, sir—both Grandma and Grandpa and Mama and Papa were going to have their knots tied all over again at the same time. So Henry had the privilege of being married with his elders in a triple ceremony.

It was a rather gay and unique wedding which took place in the home of the grandparents, as the three generations stood before the minister and responded to the vows.

Officiating was the Rev. E. C. Moellman, of the St. Luke's Lutheran Church, where the Doulongs have been worshiping for years. Only a few close relatives and friends were present.

Grandpa and Grandma were seventy-one and sixty-eight years old, respectively, at the time of the third wedding. Mrs. Doulong was born almost on the same spot where she lived to celebrate her golden anniversary and renew her marriage vows. Her present home is located on the original farm of her father.

The grandfather, in the mellow ripeness of his married life, was none the less happier than a half a century ago, when he first assumed the pledge to be a dutiful husband. As he participated in the triple wedding, he said, smiling happily:

"Mary and I have always been extremely happy and the same thing applies to my son, J. Henry. They were married on our silver anniversary.

"I havu always hoped that one of my grandsons or granddaughters would marry on the same day, particularly on our golden and silver anniversaries. Mary and I wanted to keep the traditional date alive in the family.

"Naturally, when our grandson told us he and Miss Faust had agreed to be married on that day, we were extremely pleased."

After the ceremony, the young couple said that, to the best of their ability, they would continue to keep the date alive.

So far, the eventful dates in the Doulong family have recurred in the years 1885, 1910 and 1935. The next will advance the senior Doulongs to their diamond anniversary, and the juniors and newly-weds to their golden and silver ones, respectively.

Diamond anniversaries are unusoal, but the old saying about the first fifty years being the hardest still holds good, so there is no reason why there should not be a fourth generation wedding twenty-five years from now—with the elder Doulongs attending.

The case of the Doulongs brings to mind the life philosophy of Mrs. Susan Winter Demarest, of Wyckoff, N. J., who after seventy-five years of married life with her husband, summed things up this way!

"What keeps married folks happy is pulling at the same end of the rope together. Don't do any good for one to pull at one end and t'other and t'other. Pa and I, we always pulled together, worked together and played together. And that's why we've been happy together all the time."

"Marriages are made in heaven," the old proverb says, but it seems that the Doulongs are particularly well suited for married life, whether their life-partners are chosen for them well in advance—or they do their own picking right on the spot.

Perhaps they all have the same outlook on marital affairs as Mrs. Demarest, "pulling at the same end of the rope together."

After the latest ceremony was performed, the newly-weds told friends that they believed there was no reason why every couple should not be as happy as Grandma and Grandpa, as long as they followed their example and "met each other half way."

Diamond anniversaries are unusual, but the old saying about the first fifty years being the hardest still holds good, so there is no reason why there should not be a fourth generation wedding twenty-five years from now—with the elder Doulongs attending.

The case of the Doulongs brings to mind the life philosophy of Mrs. Susan Winter Demarest, of Wyckoff, N. J., who after seventy-five years of married life with her husband, summed things up this way!

"What keeps married folks happy is pulling at the same end of the rope together. Don't do any good for one to pull at one end and t'other and t'other. Pa and I, we always pulled together, worked together and played together. And that's why we've been happy together all the time."

"Marriages are made in heaven," the old proverb says, but it seems that the Doulongs are particularly well suited for married life, whether their life-partners are chosen for them well in advance—or they do their own picking right on the spot.

Perhaps they all have the same outlook on marital affairs as Mrs. Demarest, "pulling at the same end of the rope together."

After the latest ceremony was performed, the newly-weds told friends that they believed there was no reason why every couple should not be as happy as Grandma and Grandpa, as long as they followed their example and "met each other half way."

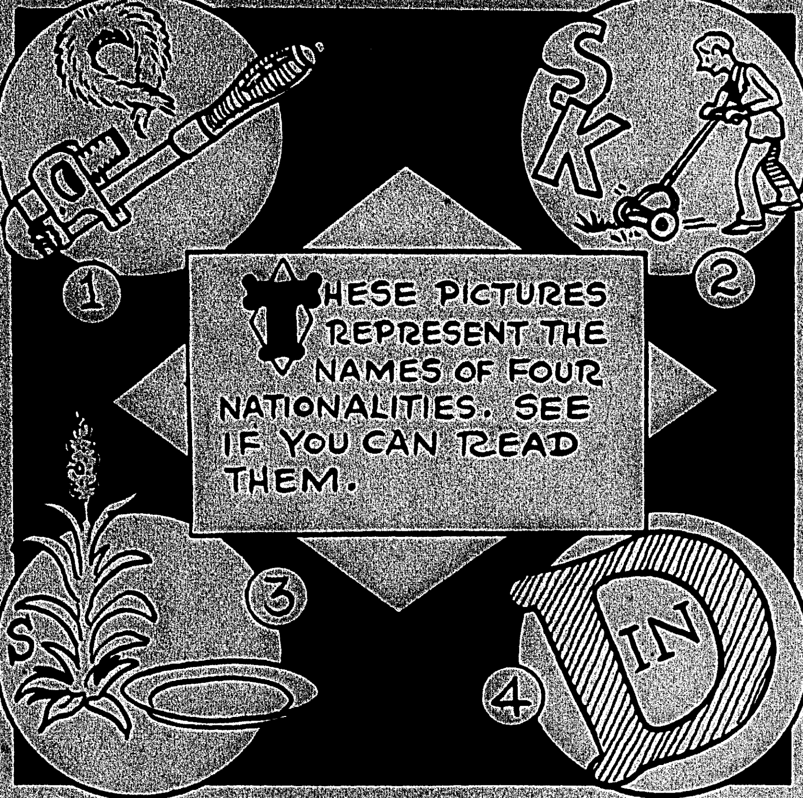
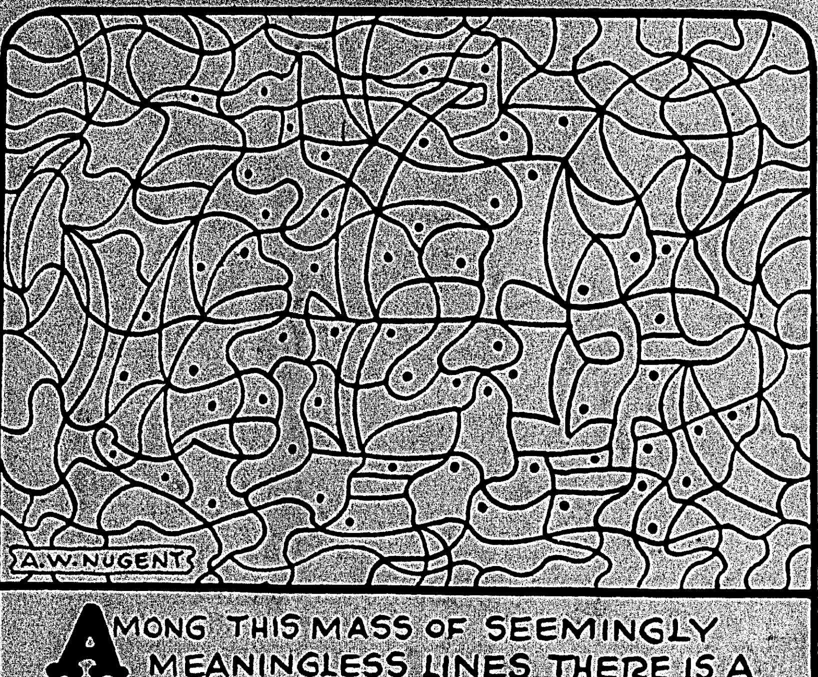
PUZZLEMAKER

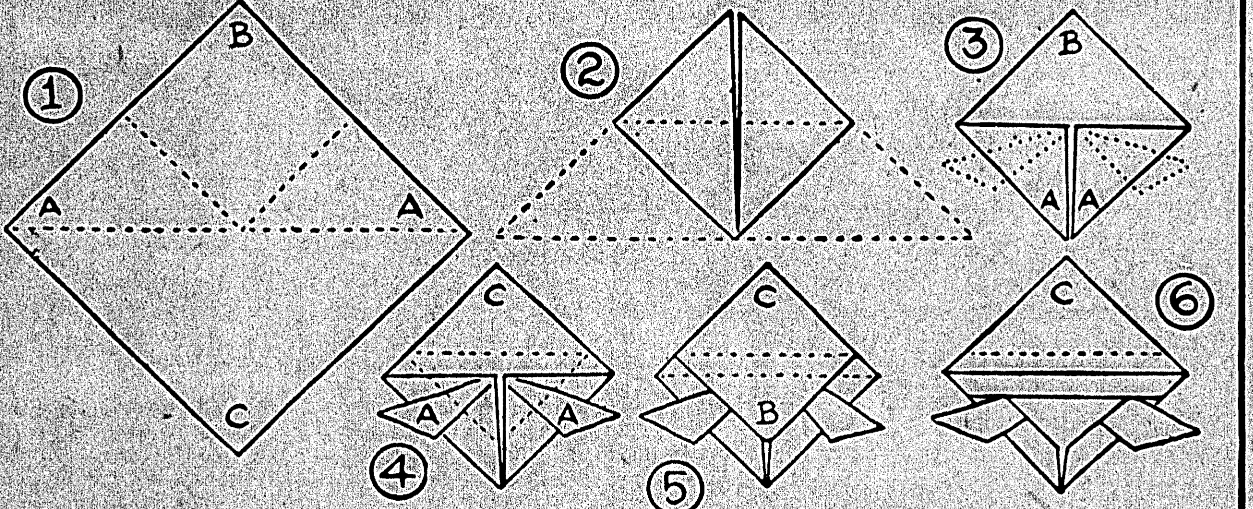


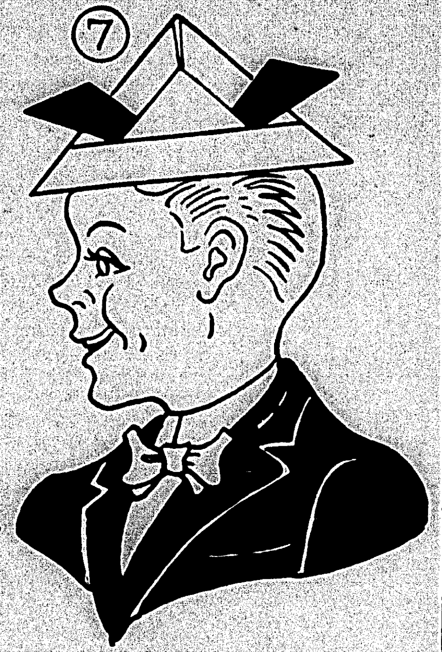
THESE PICTURES REPRESENT THE NAMES OF FOUR NATIONALITIES. SEE IF YOU CAN READ THEM.



AMONG THIS MASS OF SEEMINGLY MEANINGLESS LINES THERE IS A CERTAIN SILHOUETTE PICTURE. SHADE IN ALL THE LITTLE DOTTED SECTIONS WITH A SOFT PENCIL TO COMPLETE IT.

How to make a Soldier Cap.





HERE IS A METHOD OF MAKING A PAPER HAT, WHICH IS A GREAT IMPROVEMENT ON THE OLD-STYLE WAY, AS IT PRODUCES TWO NEAT LITTLE PLUMES ON THE SIDE OF THE HAT. TAKE A PIECE OF PAPER ABOUT 18 IN. SQUARE AND FOLD IT ON THE DIAGONAL A-A IN FIG. 1, BRINGING THE CORNER C UP TO CORNER B. THEN FOLD THE POINTS A-A UP TO THE TOP, ALONG THE SHORT DOTTED LINES, SO THAT THE RESULT IS LIKE FIG. 2. FOLD THESE POINTS DOWN ON THE HORIZONTAL DOTTED LINES IN FIG. 2, PRODUCING FIG. 3. (THE DOTTED LINES IN EACH FIGURE ARE THE FOLDS TO BE MADE TO PRODUCE THE NEXT FIGURE.) FOLD THE POINTS A-A OUT TO MAKE THE COCKADES AS IN FIG. 4. NOW FOLD POINT C DOWN ON THE DOTTED LINE AS IN FIG. 4. TO GET FIG. 5 AND ALSO CREASE IT SHARPLY ALONG THE FOLD TO MAKE FIG. 6 AS A RESULT. THIS COMPLETES ONE SIDE OF THE HAT LEAVING ONE SINGLE TRIANGLE OF PAPER STICKING UP. FOLD THIS DOWN ON THE OTHER SIDE OF THE HAT ON THE DOTTED LINE IN FIG. 6. THIS GIVES FIG. 7 AND WHEN THE BRIM IS TURNED UPWARD THE HAT WILL BE COMPLETED. COLOR THE COCKADES.

4-14

HOW MANY FOUR-LETTER ENGLISH WORDS CAN YOU FORM BY JUGGLING THE LETTERS "E-A-T" WITH OTHER SINGLE LETTERS?

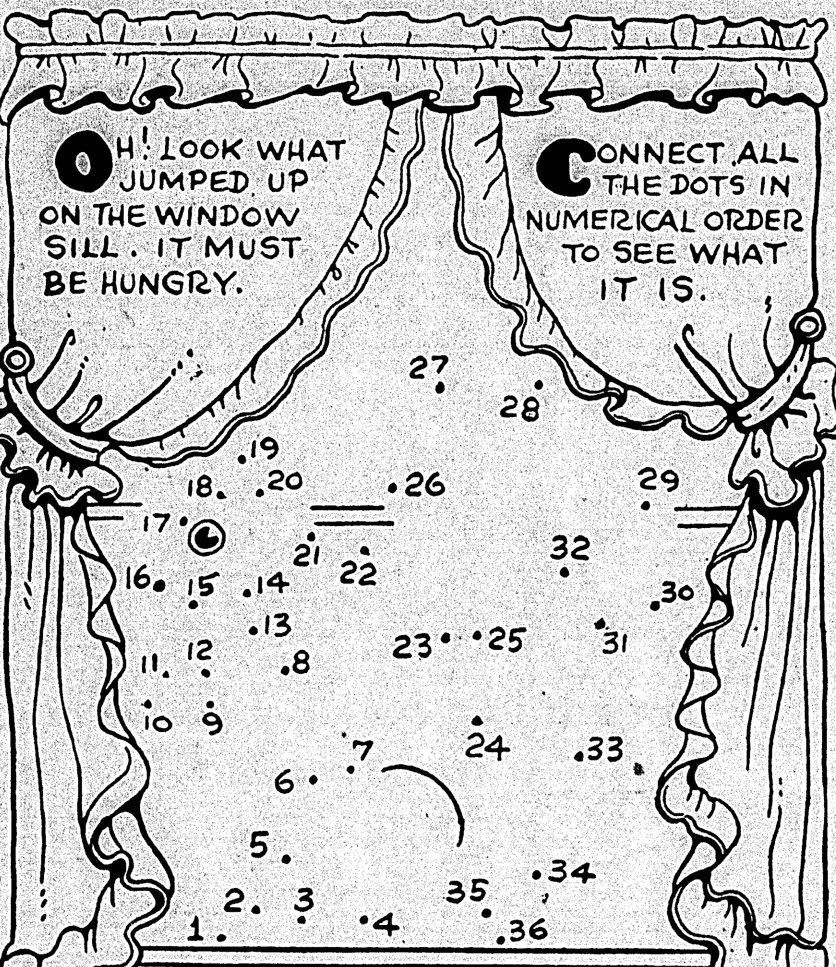
IF YOU CAN SPELL TWENTY-FIVE OR MORE WORDS WE WILL GIVE YOU A RATING OF 100%.

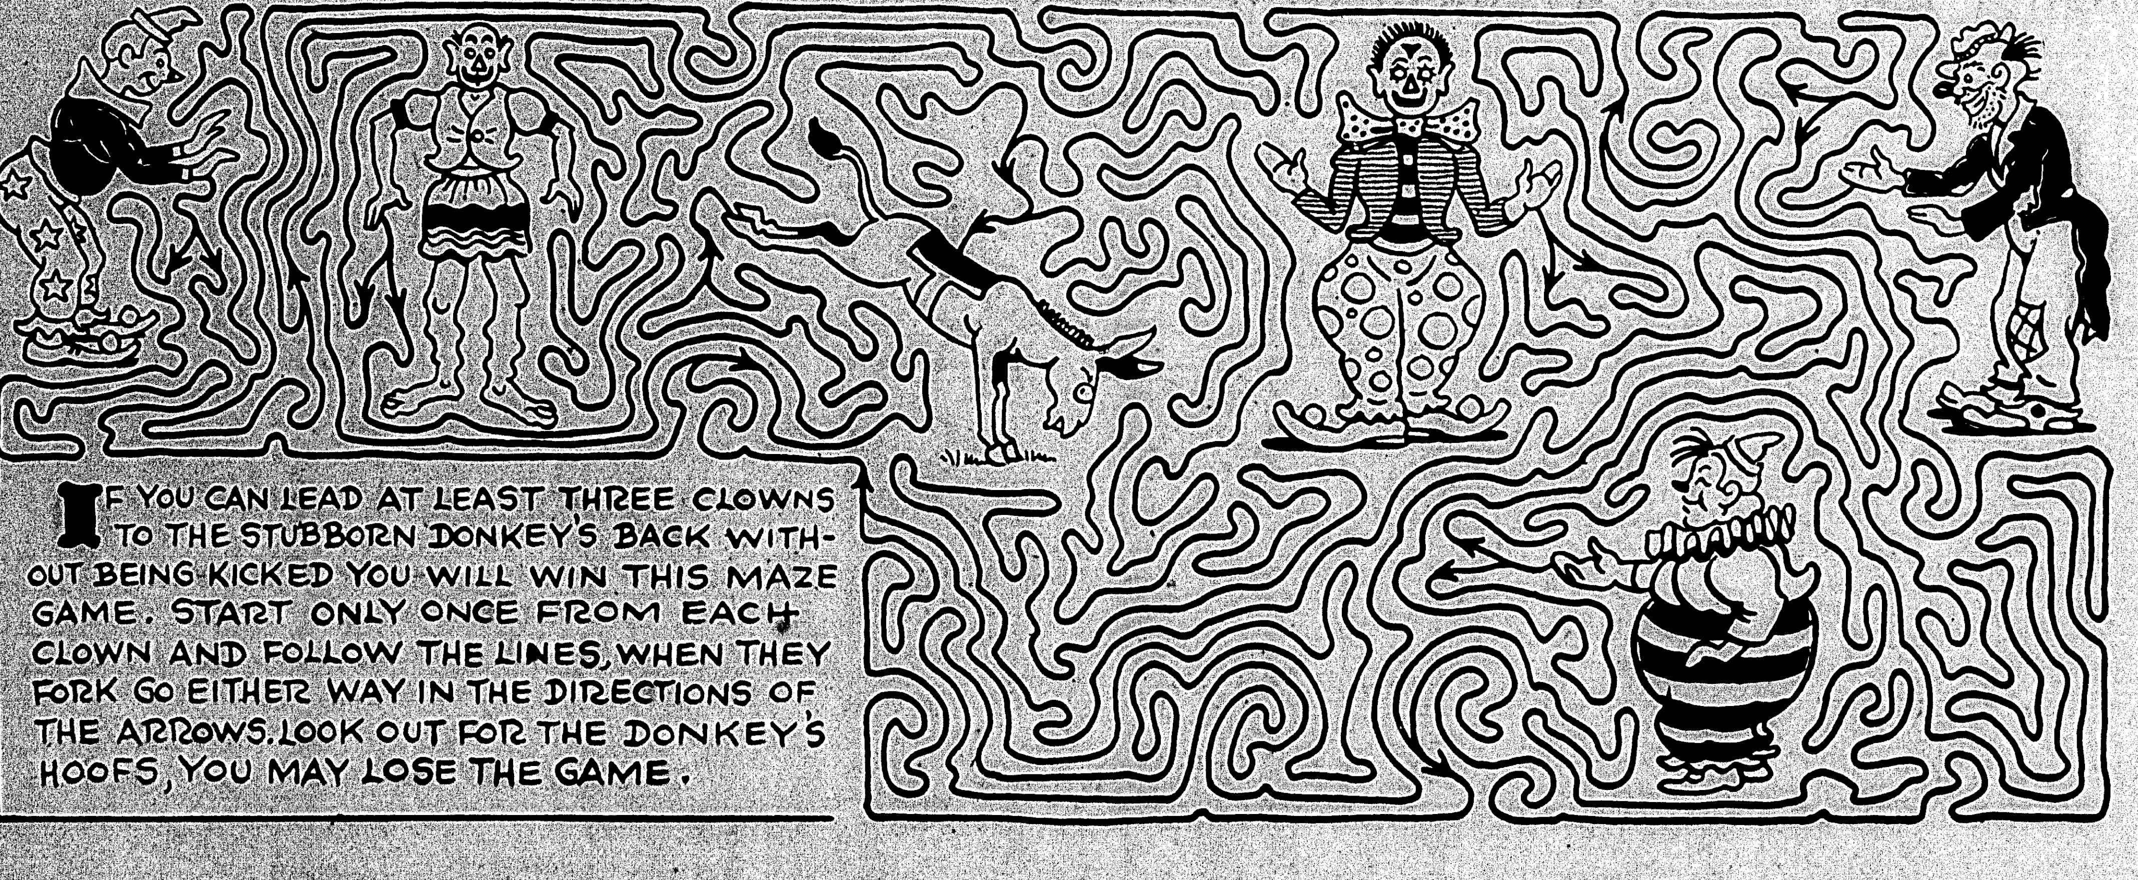
FOR EXAMPLE HERE ARE THREE WORDS: DATE, TEAR AND SEAT.

E
A
T
A.W.NUGENT

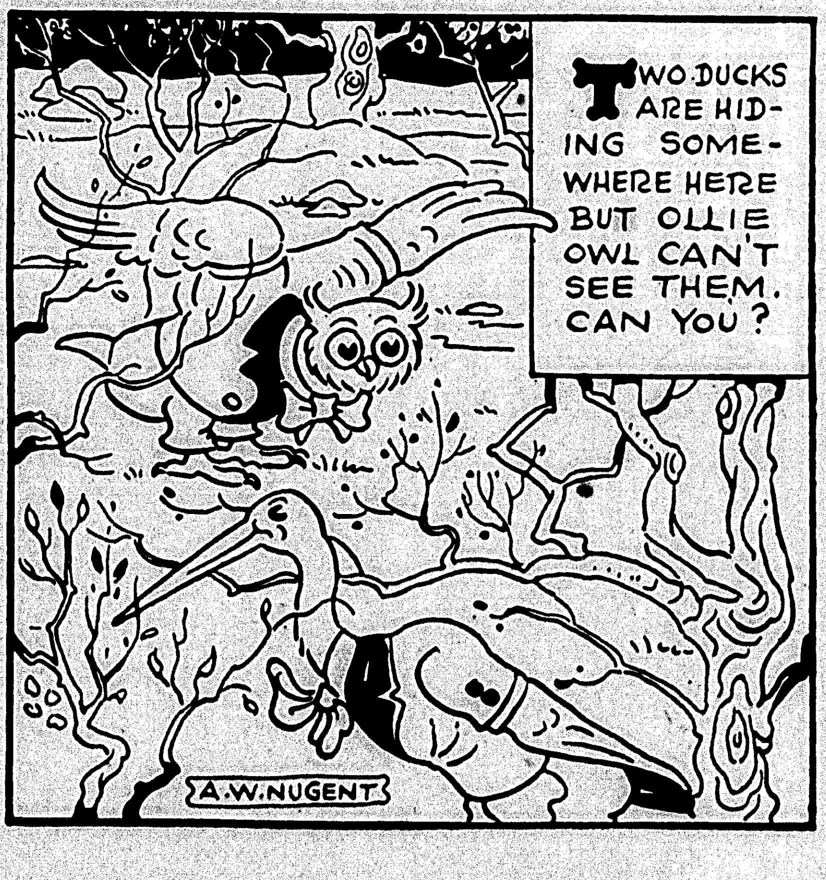
OH! LOOK WHAT JUMPED UP ON THE WINDOW SILL. IT MUST BE HUNGRY.

CONNECT ALL THE DOTS IN NUMERICAL ORDER TO SEE WHAT IT IS.

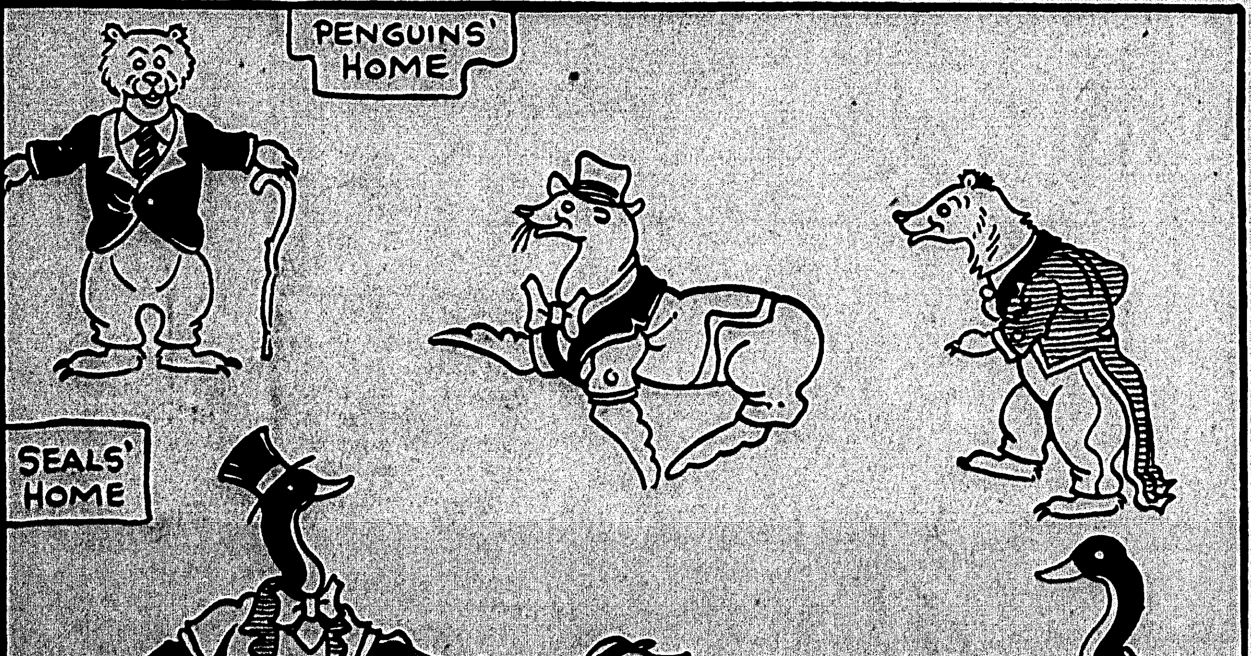




IF YOU CAN LEAD AT LEAST THREE CLOWNS TO THE STUBBORN DONKEY'S BACK WITHOUT BEING KICKED YOU WILL WIN THIS MAZE GAME. START ONLY ONCE FROM EACH CLOWN AND FOLLOW THE LINES, WHEN THEY FORK GO EITHER WAY IN THE DIRECTIONS OF THE ARROWS. LOOK OUT FOR THE DONKEY'S HOOFS, YOU MAY LOSE THE GAME.



TWO DUCKS ARE HIDING SOMEWHERE HERE BUT OLLIE OWL CAN'T SEE THEM. CAN YOU?



THE BEARS, THE SEALS AND THE PENGUINS ALL WANT TO GET HOME, BUT THEY DON'T WANT TO MEET. CAN YOU DRAW A LINE FROM EACH CREATURE TO ITS HOME WITHOUT HAVING ANY OF THE LINES CROSS OR TOUCH? OF COURSE YOU MUST NOT TOUCH THE BORDER OR ANYTHING ELSE IN THE PICTURE.

■				■	L	
M				M	■	
■					■	
S		P	■	P	E	
T		T	S	■	D	■
O		■	E	■	■	H
P	■				B	E

THERE ARE NO DEFINITIONS FOR THIS PARTIALLY COMPLETED CROSS-WORD PUZZLE.

PRINT SIX CERTAIN GIRLS' FIRST NAMES IN THE SQUARES READING ACROSS OR DOWN TO COMPLETE IT.

SOLUTIONS TO LAST WEEK'S PUZZLES.

ONE HIDDEN RABBIT IS IN THE UPPER LEFT CORNER OF THE PICTURE AND ANOTHER RABBIT CAN BE SEEN IN THE UPPER RIGHT CORNER. THE SQUIRREL IS UPSIDE DOWN JUST ABOVE THE CENTER OF THE DRAWING. THE CONCEALED HEN IS UPSIDE DOWN IN FRONT OF THE ROOSTER. THE ELEPHANT'S HEAD IS ALSO UPSIDE DOWN AND IS IN BACK OF THE ROOSTER.

CIRCULAR WORD PROBLEM SOLUTION: LO, ON, LONG, SHORE, ORE, RE, ME, MEN. LONGSHOREMEN.

THE MISSING WORDS THAT ARE ALL SPELLED WITH THE SAME FOUR LETTERS ARE AS FOLLOWS: PEAL, PALE, PLEA AND LEAP.

THE CARPENTER'S TOOLS ARE: HAMMER, CHISEL, PLANE AND WRENCH.

DICK TRACY
JUST AS THE FAKE MARRIAGE BETWEEN YELLOWPONY'S DAUGHTER, SUNSET, AND BORIS ARSON WAS GETTING UNDER WAY, YELLOWPONY, BECOMING SUSPICIOUS, SUDDENLY JERKED THE HAT AND WIG FROM THE PARSON'S HEAD, EXPOSING ZORA ARSON. A BRIEF STRUGGLE ENSUED AND ARSON DREW A .38. . . . . .
TODAY'S SCENE: ON THREAT OF DEATH IF THEY DISOBEY, ARSON ORDERS YELLOWPONY AND HIS FAMILY INTO THE INDIAN'S AUTO, WHILE ZORA ARSON, DISGUISED WITH AN INDIAN BLANKET TAKES THE WHEEL, AND THE PARTY HEADS FOR THE OPEN COUNTRY AND THE SOUTHWEST. . .
BUT WHY DID YOU FOOL YELLOWPONY? WHY DID YOU SAY TO BRING DAUGHTER UP HERE, YOU WANT TO MARRY HER?
I NEVER INTENDED TO MARRY YOUR DAUGHTER AT ANY TIME. THAT WAS JUST A GAG. I ONLY WANTED YOU UP HERE SO MY SISTER AND I WOULD HAVE A MEANS OF SMUGGLING OURSELVES DOWN IN THE OZARK REGION WHERE WE CAN HIDE FROM THE COPS.
FROM THE COPS, HUH!
YEAH. . THE COPS - UNDERSTAND?
AT THE MENTION OF THE WORD, "COPS" - YELLOWPONY IMMEDIATELY RECALLS THE UNIFORMED POLICEMAN WHO HELPED HIM OUT OF THE JAM WHEN HE RAMMED ANOTHER CAR ON HIS WAY INTO THE CITY ABOUT TWO WEEKS AGO. . .
THIS WRONG ROAD TO MY COUNTRY. HAVE TO GO BACK AND GET ON BIG TRAIL 66.
YEAH? YOU'RE NOT KIDDING?
YELLOWPONY NEVER FORGET TRAILS - INDIAN INSTINCT ALWAYS TELLS HIM RIGHT ROAD.
SL-410
CLEVERLY REROUTING THE PARTY - YELLOWPONY DIRECTS THE BIG CAR TO THE DISTRICT WHERE DICK TRACY IS POUNDING HIS BEAT. . .
I'M GLAD YOU DROPPED OUT, PAT. THIS PLACE DOES GET A LITTLE LONELY - BUT THEN -
HEY - WHO'S THE SPEEDER COMING DOWN THE ROAD?
BORIS! LOOK! COPS! THE SQUAD CAR - THIS IS A TRAP!
HEY - COPS. . POLICE! ME YELLOWPONY! HELP!
WHY YOU DOUBLE-CROSSIN' RED SKIN. . . ! YOU DIRTY — ! THERE! STEP ON IT, ZORA!
KNOCKED UNCONSCIOUS, YELLOWPONY SLUMPS FORWARD. . . . .
HIS SHOULDER STRIKES THE HANDLE OF THE CAR DOOR. . . THE DOOR UNLOCKS AND IS HURLED OPEN BY THE PRESSURE OF THE WIND. . . .
AND THEN BEFORE ANYTHING CAN BE DONE TO PREVENT IT - THE LIMP FORM OF THE INDIAN ROLLS OUT ONTO THE HIGHWAY!
TRACY! DID YOU SEE THAT? A RIDE VICTIM - I SAW THE BODY THROWN OUT OF THE CAR.
COME ON, PAT!
